ALFRED CHATTERTON,
Director of Industries and Commerce.

Proceedings of the Government of His Highness the Maharaja of Mysore.

READ AGAIN—

Government Order No. G. 4450-89—G. M. 235-06-1, dated the 18th January 1907, prescribing rules to regulate the discussion of subjects in the Representative Assembly.

No. G. 160-207—S. R. 17-13-2, DATED BANGALORE, 7TH JULY 1914.

ORDER THEREON.—With a view to concentrate the discussion in the Representative Assembly on important subjects, Government are pleased to issue the following rule. It will be inserted as Rule 5 A after Rule 5 in the G. O. read above :—

5 A. "The maximum number of subjects (both general and local) to be selected for discussion in the Representative Assembly in any year will be fixed at 75 for each of the Districts of Bangalore and Mysore and 50 for each of the remaining districts. The selection of the specified number of subjects will be made on the basis of the number of votes secured for each of them at the preliminary meeting of the Representatives held by the Deputy Commissioners.

As a rule, questions of general importance will be preferred to purely local subjects which may be attended to by the district officers themselves."

D. M. NARASINGA RAO,
Officiating Secretary to Government.

To—The Deputy Commissioners of Districts.
The Heads of Departments.
The Compiler, *Mysore Gazette.*

DISTRICT REPORTS.

8. Markets how supplied.
9. Progress of agricultural operations, state of standing crops, prospects and probable outturn of harvests, serious damage done to crops by insects or other natural calamities.
10. Prospects of season, tracts in which the rainfall has been insufficient, areas affected by scarcity, number of people under relief, and state of food stocks.
11. Public health.
12. Remarks as to the condition of agricultural stock; failure of pasturage, of fodder, etc.

BANGALORE CIVIL AND MILITARY STATION.

	Average for the past five years of the corresponding week.	*Current.*	
Prices of food grains—Boiled rice (2nd sort)	7·35	6·90	Quantity per rupee by the standard seer of 80 tolas.
Ragi ...	13·66	11·34	
Rangoon rice (2nd sort) ...		7·47	

Agricultural operations.—Ragi, avare and cholum are being sown. Rain is urgently wanted.

Cattle are in good condition. Water and fodder are sufficient.

BANGALORE CITY AND TALUKS.

8. Market is fairly supplied.

9. *Progress of agricultural operations.*—Ploughing operations are going on in parts of all the taluks of the district. Sowing of ragi and punaji paddy in parts of Bangalore, Hoskote and Dodballapur, of ragi in parts of Nelamangala and in all parts of the Kankanhalli Taluk, except Harohalli; of ragi, avare, togari, castor and paddy in certain parts of Magadi Taluk, of ragi and paddy in parts of kasaba and Virupakshipur hoblis of Channapatna Taluk and of ragi in parts of Devanhalli and Anekal Taluks is reported.

State of standing crops.—Sugar cane in parts of Bangalore, natiragi, gingelly and jola in parts of Hoskote; paddy and sugar cane in parts of Dodballapur and Anekal are in need of rain. Sugar cane in parts of Nelamangala, gingelly and sugar cane in parts of Kankanhalli; paddy, sugar cane and gingelly in parts of Magadi; haraka, potatoes, bili jola and punaji paddy are reported to be fair.

Harvest and outturn.—The harvesting of maize is reported in parts of Devanhalli.

Damages to crops.—Nil.

10. The prospect of the season is causing anxiety. Rain is being anxiously awaited throughout the district for sowing. The food stocks are available for the present. The Amildars of Kankanhalli and Hoskote Taluks report that much labour is not available for the poorer classes in the Harohalli hobli of Kankanhalli and for Holiyars in Nandgudi, Hindgnal and Sulibele hoblis of Hoskote Taluk, where arrangements are being made for starting works.

11. Except for small-pox in Hoskote, public health is generally good.

12. Water for cattle is being supplied from draw-wells in certain parts. Difficulty for fodder is being experienced all over and in parts of Hoskote, Harohalli of Kankanhalli, Channapatna, Devanhalli and Closepet it is keenly felt. The Amildar of Kankanhalli Taluk reports that there has been mortality among cattle for want of fodder in the Harohalli hobli.

KOLAR.

8. Market well supplied.

9. *Agricultural operations.*—Raiyats are ploughing and manuring their fields in parts of Chintamani, Goribidnur and Bowringpet Taluks and Gudibanda Sub-Taluk.

Crops sown.—Ragi, avare and samè in parts of Chintamani Taluk and ragi, avare and togari in parts of Chikballapur Taluk and Gudibanda Sub-Taluk.

Crops harvested and their probable outturn.—Nil.

Standing crops.—Sugar cane in parts of Kolar, Chintamani, Sidlaghatta, Chikballapur, Goribidnur, Malur and Srinivaspur Taluks, and Gudibanda Sub-Taluk; togari in Kolar, mulberry in Sidlaghatta; paddy in Goribidnur and Malur; ragi in Malur and Gudibanda Sub-Taluk; avare, togari and groundnuts in Gudibanda Sub-Taluk are in fair condition.

10. Prospects of the season are not encouraging. Prices of food stuffs continue to be high. Labour is available to the cooly classes.

11. A few cases of small-pox have been reported from Kolar Taluk and a few plague cases from Sidlaghatta Town, otherwise public health is good.

12. Cattle are reported to be healthy. Fodder and water are getting scarce.

TUMKUR.

8. Market well supplied.

9. *Crops sown.*—Paddy in parts of Tumkur, Maddagiri and Kunigal Taluks; ragi, avare and togari in parts of Tumkur, Chiknayakanhalli, Gubbi, Tiptur and Kunigal Taluks; ragi in parts of Maddagiri Taluk and Turuvekere Sub-Taluk; castor in parts of Tumkur and Chiknayakanhalli Taluks; and groundnuts in parts of Maddagiri Taluk.

Crops harvested.—Paddy in parts of Tumkur, Maddagiri, Gubbi and Kunigal Taluks, yield 6 to 8 annas; sugar cane in parts of Tumkur, Gubbi and Kunigal Taluks.

Standing crops.—Paddy, ragi, avare, togari, jola, groundnut and sugar cane in parts of the district are reported to be generally in fair condition.

Agricultural operations.—Raiyats are ploughing and sowing their fields in parts of the district.

10. Prospects of the season are fair. Food stuffs are available. More rain is urgently wanted throughout the district.

11. Except for small-pox in a few villages of the Maddagiri and Gubbi Taluks and plague in Tiptur town, public health is generally good.

12. Cattle are reported to be generally healthy, except for "foot and mouth disease" in parts of Tumkur, Gubbi and Kunigal Taluks and "Dodda roga" in parts of Pavagada Taluk. Water and fodder are generally available, except in parts of Maddagiri, Sira and Pavagada Taluks where fodder is said to be insufficient.

MYSORE.

8. Market is fairly well supplied.

9. *Agricultural operations.*—Lands are being ploughed in parts of the Krishnarajpete, Yedatore, Malvalli and Heggaddevankote Taluks.

Crops sown.—Ragi in parts of all the taluks, except T.-Narsipur, Mandya and Nagamangala; avare in parts of Mysore, Nanjangud and Malvalli Taluks; paddy in parts of Seringapatam and T.-Narsipur Taluks; jola in parts of Yedatore and Krishnarajpete Taluks; ramtil in parts of Yedatore, Nanjangud and Malvalli Taluks; horse gram in parts of the Gundlupet Taluk and togari and tadagani in parts of the Malvalli Taluk.

Standing crops.—Ragi, jola, til, togari and castor in parts of Mysore, Seringapatam, Yedatore and Gundlupet Taluks; jola, togari and til in parts of Chamrajnagar, Hunsur, T.-Narsipur and Nagamagala Taluks; avare in parts of the Mysore and Gundlupet Taluks; ragi in parts of Hunsur, Nanjangud, Mandya and Krishnarajpete Taluks; sugar cane in parts of Seringapatam, Nanjangud, T.-Narsipur, Malvalli, Mandya, Krishnarajpete and Nagamangala Taluks; jola in parts of Nanjangud, Malvalli, Mandya, Krishnarajpete and Nagamangala Taluks; cotton in parts of the Nanjangud Taluk; mulberry in parts of Nanjangud, T.-Narsipur and Mandya Taluks; groundnut in parts of the T.-Narsipur Taluk and paddy in parts of the Krishnarajpete Taluk are reported to be in fair condition, but they are said to be withering for want of rain in parts of the Mandya Taluk.

Crops harvested.—Jola and til in parts of the Malvalli Taluk.

10. Prospects of the season are generally fair. Food stuffs are available. The rainfall during the week was general throughout the district, except in the Nagamangala Taluk; but it is reported to be insufficient everywhere.

11. Public health is generally good, except for small-pox in parts of the Malvalli Taluk, and stray cases of plague in the villages of Hadinaru and Sindhuvalli of the Nanjangud Taluk and in the villages of Maduvanahalli, Cheernahalli and Margowdanhalli of the Yedatore Taluk.

12. Cattle are reported to be healthy, except for "foot and mouth disease" in parts of the Chamrajnagar and Nanjangud Taluks. Water and fodder are generally available, except in parts of Krishnarajpete, Yedatore, Nanjangud, Gundlupet and Heggaddevankote Taluks, where fodder scarcity is felt. Green grass is reported to be just coming up in all the places where there was rainfall. Permission has been granted to cut date leaves for fodder in the taluks of Mysore, Krishnarajpete, Grundlupet and Nanjangud Taluks.

HASSAN.

8 Market well supplied.

9. *Standing crops.*—Ragi, paddy and sugar cane in Hassan Taluk and in the Alur Sub-Taluk: baravadi paddy in Manjarabad Taluk; gid ragi, til, castor, tadagani, avare and togari, in Arkalgud Taluk; paddy, sugar cane and togari in Belur Taluk; paddy gid ragi, sugar cane, til, cholum, black and green grams in Channarayapatna Taluk; paddy, sugar cane, til, cholum, chillies and groundnut in Arsikere Taluk; and sugar cane, gid ragi and cholum in Hole-Narsipur Taluk are reported to be in fair condition.

Crops sown.—Paddy and dod ragi in Hassan Taluk: ragi in Arsikere and Hole-Narsipur Taluks are being sown.

Crops harvested.—Paddy is being harvested in parts of Arsikere Taluk. Raiyats are engaged in their agricultural operations.

10. Prospects of the season are generally good. More rain is reported to be required in parts of Channarayapatna and Arsikere Taluks.

11. Public health is generally good, except for small-pox in parts of Manjarabad and Belur Taluks.

12 Cattle are generally healthy. Water and fodder are generally available, except in parts of Madihalli and Halebid hoblis of the Belur Taluk, where owing to recent rains green grass is sprouting.

SHIMOGA.

8. Market well supplied.

9. *Agricultural operations.*—Fields are being ploughed in parts of the Shimoga Taluk. Paddy in parts of the Shimoga Taluk and paddy and ragi in the Shikarpur Taluk have been sown. Paddy, cotton, ragi, cholum, sesamum in the Channagiri Taluk. Paddy, ragi, cholum, green gram, sesamum, menthya, avare, thogari, and cotton in the Honnali Taluk have been sown.

Sowing of paddy is reported to be finished in the Sagar Taluk. Lands are being prepared for transplanting of paddy and paddy is being sown in the Sagar Taluk. Transplanting of paddy is going on in parts of Sagar, Nagar and Tirthahalli Taluks.

Sowing operations are somewhat retorded in parts of the Shikarpur Taluk and in the Sorab Taluk owing to continuous rainfall.

Standing crops.—Paddy in Sorab, Sagar, Nagar and Tirthahalli Taluks and in the Kumsi Sub-Taluk and sugar cane in all the taluks and in the Kumsi Sub-Taluk are reported to be in good condition.

10. Prospects of the season are good. Food stuffs are available.

11. Except for a very few cases of plague in the Channagiri and Shikarpur Taluks and fever and ague in the Sagar Taluk, public health is generally good.

12. Fodder and water are generally available, except in parts of Channagiri Taluk, where some difficulty is felt. Cattle are generally healthy but for "foot and mouth disease" in parts of the Shikarpur Taluk, "murrain" in parts of the Sorab Taluk and "murrain and throat disease" in parts of the Nagar Taluk.

KADUR.

8. Market well supplied.

9. *Agricultural operations.*—Lands are being prepared for sowing purposes in parts of Kadur, Tarikere, Koppa and Mudgere Taluks and in parts of Yedahalli and Sringeri.

Crops sown.—Dod ragi, paddy, black and green grams, garlic, thingalavare are being sown in parts of Chikmagalur Taluk. Paddy, jola, castor, togari, kulthi, avare are being sown in parts of Tarikere Taluk. Transplanting of paddy is going on in parts of Koppa and Mudgere Taluks and also in parts of Yedahalli and Sringeri.

Standing crops.—Chikmagalur—Paddy, sugar cane, green gram, coffee, gingelly, ragi and jola; Kadur—Jola, black and green grams, gingelly and sugar cane; Tarikere—Paddy, jola, sugar cane, areca and coffee; Koppa—Paddy, areca, sugar cane and cardamum; Mudgere—Kode paddy and sugar cane; Yedahalli—Sugar cane and areca; Sringeri—Paddy. All these crops are reported to be in a fair condition.

Crops harvested.—Mudgere—Kode paddy.

10. Prospects of the season are not bad. Good rains have not fallen in the maidan parts though slight showers continue. Tanks are not filling. No area is affected by scarcity.

11. Except for plague in Kundalur village of Tarikere Taluk, public health is generally good.

12. "Foot and mouth disease" is reported to be prevailing among cattle in some villages of Chikmagalur Taluk. Water and fodder are generally available, but in maidan parts of the district the want of the usual supply of green grass is felt owing to insufficient rainfall.

CHITALDRUG.

8. Market well supplied.

9. *Standing crops.*—Sugar cane in the Chitaldrug and Hiriyur Taluks; gid ragi and jola in the Challakere Taluk; jola and til in the Holalkere Taluk and til, jola, castor and togari in the Hosdurga Taluk are reported to be in fair condition; jola, ragi, til and cotton in the Hiriyur Taluk; togari, jola, castor and horse gram in the Molakalmuru Taluk; bili jola, sal-bhatta and til in the Jagalur Taluk and jola and ragi in some parts of the Hosdurga Taluk are reported to be withering for want of rain.

Crops harvested.—Nil.

Seeds sown.—Cotton and paddy in the Chitaldrug and Davangere Taluks; ragi and jola in the Davangere and Holalkere Taluks; togari in the Chitaldrug, Challakere and Holalkere Taluks; castor in the Chitaldrug and Challakere Taluks; gid ragi and sajje in the Challakere Taluk and nat ragi and sugar cane in the Hiriyur Taluk and jola in the Chitaldrug Taluk.

General remarks.—The recent showers in some parts of the district have somewhat improved the situation. More rain is wanted badly all over.

10. Prospects of the season are fair. Food stocks are available.

11. Public health is generally good.

12. Cattle are generally healthy. Water and fodder are available to a limited extent.

REVENUE COMMISSIONER'S OFFICE,
Dated Bangalore, 15th July 1914.

K. DORASWAMI IYER,

K. RAMASWAMI IYER.

Proceedings of the Government of His Highness the Maharaja of Mysore.

READ—

The report on cattle show held at Kabbal, Kankanhalli Taluk, on the 23rd and 24th February 1914, received from the Deputy Commissioner, Bangalore District, through the Revenue Commissioner in Mysore.

No. 464-7—L. B. 34-13-22, DATED BANGALORE, 10TH JUNE 1914.

ORDER THEREON.—Recorded.

2. Government are glad to note that the show, which is the first of its kind in the Kankanhalli Taluk, proved a great success and desire to express their appreciation of the services rendered by the local officers and non-official gentlemen in this connection.

D. M. NARASINGA RAO,
Officiating Secretary to Government,
General and Revenue Departments.

To—The Revenue Commissioner, with reference to his letter No. 14573, dated the 6th June 1914.
The Deputy Commissioner, Bangalore District.
The Comptroller, Mysore Government.
The Compiler, *Mysore Gazette.*

I beg to submit the following report regarding the cattle show that was held for the first time in this taluk at Kabbal on the 23rd and 24th February last. I regret very much that this report is somewhat belated.

2. *Brief history of the origin of the show.*—Shortly after I assumed charge of this taluk in November last, I happened to pass through the broad street of Uyyambelli, where I came across a very large number of fine cattles which was a sight in itself.

Having heard previously of the fine breed of cattle in the taluk and seen some of them, I thought it would be very desirable to organize a cattle show. Thereupon the leading raiyats were consulted in the matter and they were all very enthusiastic about having it at Kabbal.

The subject was discussed and resolved upon in the meeting of the Taluk Board held on the 31st December 1913. The Sub-Division Officer (Mr. Ananda Rao Sirsi) to whom I spoke having cordially supported my proposal, it was decided in a meeting of the representative landholders and patels, etc., held on the 8th January 1914, to have the show at Kabbal during the Kabbalamman jatra there in view of the fact that the place though somewhat insignificant and unattractive was favourably situated in other respects namely (1) that the jatra at the place is a big one and lasts for three days, (2) that the place is near to Malvalli and Channapatna which are also cattle breeding centres. Shortly after, that is on the 14th January 1914, the Deputy Commissioner kindly visited the place and approved of the idea and the place selected. A strong Committee was formed and details of prizes to be awarded, etc., were discussed. The call for subscriptions was readily and liberally responded to and it became possible to make the show a success. Notwithstanding the shortness of time at the disposal of the Committee.

3. *Committee of management.*—The following constituted the Sub-Committee for the management of the show with the Sub-Division Officer, Closepet, as the President :—

(1) Mr. S. Chakrapani Iyengar, B.A., B.L., Amildar, Vice-President.
(2) ,, Krishnappa, Landholder, Kabbal.
(3) ,, Ibrahim Sab, Contractor, Sathanur.
(4) ,, Sowcar Syed Sab, Landholder, Achal.
(5) ,, Mallikarjania, Patel, Nalhalli.
(6) ,, Venkatadasappa, Shanbhog, Mullahalli.
(7) ,, Khandedaya, Patel, Mullahalli.
(8) ,, Mallaraje Urs, Patel, Kunur.

For the purpose of judging in prizes the Sub-Committee secured the help of six well known raiyats besides the Assistant Veterinary Inspector Mr. Srinivasiengar.

4. *Number of cattle exhibited.*—Applications were received exhibiting as many as 155 bulls, 227 bullocks, 9 cows, 11 he-calves, 8 she-calves, 2 buffaloes, 3 rams, 1 he-goat and 1 sheep and all these were approved by the Committee and let into the show enclosure.

In quality, they certainly surprised the several visitors both in the taluk and from outside.

Besides the above as many as 3,000 cattle had been brought for sale and picketted outside in convenient rows.

The Deputy Commissioner in declaring the cattle show open on the 23rd February 1914, congratulated the Committee on the get-up of the show in so short a time and expressed his pleasure at seeing such a large number of fine specimens which surpassed all his expectations. He finally suggested the forming of a cattle breeding Association in the taluk as a possible check against the gradual depletion of the good breed which is considered as a draw back in annual cattle shows of this kind.

The idea no doubt was understood by the people but a great deal depends upon the spirit of co-operation and business-like habits of those concerned, which is certainly our aim to foster and cultivate however slow this work might be for sometime. It may perhaps be mentioned that in actual practice the raiyats of this taluk, which is mainly agricultural have been taking particular care in the matter of maintaining the excellence of the cattle breed.

5. *Classification of exhibits, etc.*—The subjoined table gives the classification of exhibits according to breed, size, age, etc., as far as it was possible to ascertain at the time.

Descriptions	Total No.	Breed	No.	Age	No.	Height	No.	Remarks
Bulls	155	Hallikar	60	2 teeth ...	20	4½ feet... ...	10	
		Bettadana ...	30	4 teeth ...	60	4 feet	40	
		Mixed	50	6 teeth ...	75	3¾ feet... ...	48	
		Hagalavadi ...	15			3½ feet... ...	20	
						3 feet	37	
Bullocks ...	227	Hallikar	80	4 teeth ...	80	4¾ feet... ...	20	
		Bettadana ...	55	6 teeth ...	97	4½ feet... ...	50

		Bettadana ...	7	2 teeth ...	9	2½ feet	3	
She-calves ...	8	Hallikar	3	Milk teeth ...	3	2½ feet... ...	5	
		Bettadana ...	5	2 teeth ...	5	3 feet	3	
Buffaloes ...	2	Bettadana ...	2	Milk teeth ...	2	4½ feet... ...	2	
Ram	3	Valagra ...	3	6 teeth ...	1	2½ feet... ...	1	
				2 teeth ...	2	2 feet	2	
Sheep	1	Valagra	1	6 teeth ...	1	2 feet	1	
He-goat... ...	1	Valagra	1	6 teeth ...	1	3 feet	1	

6. *Number of prizes awarded.*—Particulars regarding this are given below:—

No.	Descriptions	No. of prizes	Amount	Names of prize winners
			Rs.	
1	Bulls	1st prize ...	5	Huchinahalli Mallugowda, Channapatna Taluk.
		2nd do ...	4	Do Appugowda, do
		3rd do ...	3	Settikeredoddi Motogowda, Kankanhalli Taluk.
		Consolation prize	2	Halagayya, Sivanhalli, Kankanhalli Taluk.
2	Bullocks	1st prize ...	10	Sunnaghatta Borigowda.
		2nd do ...	8	Do Patel Cheluvigowda.
		3rd do ...	6	Kallimalidoddi Boregowda, Malvalli Taluk.
		4th do ...	5	Borigowda, Marigowdandoddi, Kankanhalli Taluk.
		5th do ...	4	Javarayigowda, Kachunahalli, Kankanhalli Taluk.
		6th do ...	3	Lingegowda, do do
		Consolation prize	2	Doddigowda, Malavalli Taluk.
		Do ...	2	Chowdigowda, Dodsadenhalli, Kankanhalli Taluk.
		Do ...	2	Lingegowda, Thokasandra, Kankanhalli Taluk.
3	Cows	1st prize ...	8	Mantedaya, Sathanoor Hobli, Kankanhalli Taluk.
		2nd do ...	6	Alahalli Ralaya, Kankanhalli Taluk.
		3rd do ...	5	Kabbal Hombaya, Kankanhalii Taluk.
4	He-calves	1st do ..	4	Thigalarhalli Muddegowda, Kankanhalli Taluk.
5	He-buffalo ...	1st do ...	4	Therubidi Kalappa, Kankanhalli Taluk.
6	Ram	1st do ...	2	Sunnaghatta Dasegowda, Channapatna Taluk.
		2nd do ...	1	Kunoor Venkategowda, Kankanhalli Taluk.
		Consolation prize	1	Dyavapatna Basavegowda, Channapatna Taluk.
	Total No. of prizes ..	21	87	

Certificates of merits were also awarded to each prize winner along with the prizes in the shape of money.

The distribution of prizes and certificates was kindly undertaken by the Sub-Division Officer, Closepet, in the presence of the Judges and others assembled in large numbers in the octogonal pavilion erected in the centre of the show enclosure.

This was a very pleasing ceremony indeed. It was followed as the last item in the programme by the delivery of lectures in Kanarese (1) on the improvement of cattle breed and prevention of cattle diseases by the Assistant Veterinary Inspector Mr. Srinivasiengar, (2) on Co-operative Societies by Mr. D. Krishniengar, Inspector of Co-operative Societies, (3) on the necessity of pure water-supply precautions against epidemic and infectious diseases and on first aid, by Mr. V. Muthusami Dass, L.M.S., District Medical and Sanitary Officer. It has to be stated that the assembled raiyats listened to the lectures with rapt attention.

Unfortunately the necessity to take up photos of the cattle that were the winners of the prizes escaped the notice of the Committee an omission which will not be allowed to recur.

7. *Suitability of the place for cattle show.*—Kabbal was selected not merely on the ground of its proximity to the cattle breeding centres referred to already, but also because, it has advantages as regards water-supply. There are two kattes at a distance of about ½ and 1 furlong from the show enclosure which contained a pretty supply of water one of which containing a spring. There are three other ponds not far away containing good springs. All these were made use of for watering cattle. There is a minor restored tank close at hand but as the sluice is leaky it became dry at the close of January. With some earthwork to the tank bund and the repairs of the sluice it is quite easy to retain sufficient quantity of water even in summer. This work will be taken in hand as early as possible.

About ½ a dozen wells were sunk in the tank bed by some charitably disposed men and these were hankanized and used for drinking purposes by people. Two other draw-wells at a distance of ½ a furlong from the place and another newly executed pond were also largely resorted to after they were hankanized. The water sources were duly guarded and boards put up to indicate their position.

Although the village of Kabbal is insignificant and by no means attractive the sanitary and other arrangements made, left nothing to be desired. This will be obvious from the circumstance that not one case of disease was brought to notice in such a large congregation of about 15,000 people.

8. *Total receipts and expenses.*—The whole expense of the cattle show was met by private subscriptions only. This being the first show, no fee was charged. Subscriptions were collected with the double object of meeting (1) the minimum deposit required for the formation of the Taluk Progress Committee (2) the expenses of the cattle show. The total receipts from subscriptions and including the sale proceeds of pendal, etc., were Rs. 645-4-6, of which Rs. 100 was deposited towards Taluk Progress Committee, Rs. 370-10-6 was spent in connection with the cattle show, the balance of Rs. 174 being held in the Savings Bank and 10 annas in hand in accordance with the resolution carried at the General Meeting of the subscribers as a nucleus for the construction of a Reading Room and Library by the side of the Taluk Office.

The expenses in connection with the cattle show are classified as under :—

Items.	*Cost.*		
	Rs.	a.	p.
1. Pandal decoration charges, cart hire, etc. ...	... 49	10	9
2. Tent charges	... 10	4	0
3. Fruits and flowers	... 29	12	0
4. Lighting charges (Washington)	... 32	0	0
5. Feeding of guests and visitors	...125	4	3
6. Printing and advertisement charges	... 30	7	6
7. Cost of preparing silk money bags	... 6	4	0
8. Money prizes	... 87	0	0
Total	...370	10	6

It may be mentioned that arrangements made for the accommodation of guests and visitors were satisfactory.

9. *Concluding remarks.*—In concluding I beg to state that the cattle show amply justified the object with which it was started. As the show was over, more people and cattle were pouring in and the brisker were the sales of cattle. The raiyats were jubilant. It was learnt that the sale realizations amounted to more than Rs. 10,000 and among the purchases were people from Nellore, Salem and Coimbatore Districts. It was expressed by every villager who attended the jatra and the show and who so well appreciated the function that never in the memory of a living person in that part was there a congregation of this description and a function of this kind.

It is intended to make the cattle show at Kabbal an annual function as a part of the work of the agricultural association which I have an idea of starting ere long and it is to be hoped that in the fullness of time, this initial attempt will expand, and grow into a mighty organization bringing wealth and prosperity to the raiyats of this taluk in which agriculture and cattle breeding are the chief pursuit of the bulk of the people.

DEPARTMENT OF EDUCATION AND AGRICULTURE.

Proceedings of the Government of His Highness the Maharaja of Mysore.

READ—

Official Memorandum No. G. 1-54—G. M. 55-12-208, dated 14th June 1913, directing among other things the constitution and working of District Committees and Taluk and Town Progress Committees.

No. G. 9909-56—G. M. 69-13-154, DATED BANGALORE, 6TH JUNE 1914.

ORDER THEREON.—With a view to facilitate the working of District Committees and Taluk and Town Progress Committees and to afford a wider scope for the representation of all interests in taluks and towns, Government are pleased to amend paras 17 and 25 and sub-para 3 of para 24 of the Official Memorandum read above.

The following addition will be made to para 17 :—

"Any member absent from three consecutive ordinary meetings of the Committee, without giving previous intimation to the President of the District Committee, is liable to forfeit his seat on the Committee."

Sub-para 3 of para 24 and para 25 as amended will read respectively as follows :—

Sub-para 3 of para 24.

"The whole of the amount collected will be available for expenditure by the Committees on local objects approved by the President of the District Committee."

Para 25.

"The Committee should consist of at least 5 and not more than 7 leading men, including the Amildar and Sub-Registrar, trusted by the people and, if possible, elected by them. The Amildar will be the Chairman of the Taluk Committee. The Chairman of a Town Committee will be chosen from among the members and need not necessarily be the Amildar. The members may be selected from among the leading raiyats, merchants, schoolmasters and others who may take an active interest in, and be willing to work earnestly for, the improvement of the economic condition of the people and for the regular study and dissemination of useful information.

The Committee should ordinarily meet once a month.

Any member absent from three consecutive ordinary meetings of the Committee, without giving previous intimation to the Chairman of the Committee, is liable to forfeit his seat on the Committee."

C. S. BALASUNDARAM IYER,
Secy. to Govt., Education and Agriculture.

DISTRICT REPORTS.

8. Markets how supplied.
9. Progress of agricultural operations, state of standing crops, prospects and probable outturn of harvests, serious damage done to crops by insects or other natural calamities.
10. Prospects of season, tracts in which the rainfall has been insufficient, areas affected by scarcity, number of people under relief, and state of food stocks.
11. Public health.
12. Remarks as to the condition of agricultural stock; failure of pasturage, of fodder, etc.

BANGALORE CIVIL AND MILITARY STATION.

	Average for the past five years of the corresponding week.	*Current.*	
Prices of food grains—Boiled rice (2nd sort)	7·35	6·90	Quantity per rupee by the standard seer of 80 tolas.
Ragi ...	13·56	11·34	
Rangoon rice (2nd sort) ...		7·47	

Agricultural operations.—Ragi, avare and cholum are being sown. Want of rain is keenly felt.

Cattle are in good condition. Water and fodder are sufficient.

BANGALORE CITY AND TALUKS.

8. Market is fairly supplied.

9. *Agricultural operations.*—Ploughing is reported to be going on in parts of Bangalore, Hoskote, Anekal and Devanhalli Taluks and Closepet Sub-Taluk. Sowing of dry crops in parts of Bangalore, Hoskote, Dodballapur, Magadi, Channapatna, Anekal and Nelamangala Taluks and Closepet Sub-Taluk is reported. The sowing of paddy is reported in parts of Bangalore, Magadi and Channapatna Taluks. In Satnur, Maralvadi, Uyamballi and Kasaba hoblis of Kankanhalli Taluk, dry crops have been sown. In some parts of Kodihalli and Harohalli hoblis, rainfall has been insufficient for sowing.

State of standing crops.—Sugar cane in parts of Bangalore and Nelamangala Taluks; sugar cane and paddy in parts of Magadi and potatoes, Bili jola and Kaki jola in parts of Devanhalli are in moderate condition. Punaji paddy and gingelly in parts of Hoskote; sugar cane and punaji paddy in parts of Dodballapur; sugar cane in parts of Channapatna and Anekal and ragi and punaji paddy in parts of Devanhalli Taluk are in need of rain. In Kankanhalli Taluk, sugar cane and gingelly crop are in good condition.

Crops harvested.—The harvesting of maize is reported in parts of Devanhalli Taluk.

Damages to crops.—Nil.

10. The prospect of the season is causing anxiety. In certain parts where the lands are got ready for sowing, the raiyats are anxiously awaiting rains.

11. Except for small-pox in Hoskote, Nelamangala and Kankanhalli Taluks, an imported case of plague in Vadigenahalli of Devanhalli Taluk and cholera in Arlamallige village of Dodballapur Taluk, public health is generally good.

12. Except for chappe roga among cattle in Banawar Valagerehalli of Channapatna Taluk, cattle are reported to be healthy. In parts of Hoskote, Dodballapur, Nelamangala and Devanhalli Taluks, drinking water for cattle is being supplied from draw-wells. Besides importing fodder from outside in parts of Hoskote and Channapatna and Devanhalli Taluks, green leaves are used as fodder in Hoskote and Devanhalli Taluks. The Amildar of Hoskote Taluk reports that there has been mortality among cattle in some parts of Nandgudi hobli. In Kodihalli and Harohalli hoblis of Kankanhalli Taluk, mortality among cattle is reported for want of fodder. Some of the kavals and forests have been ordered to be thrown open for free grazing.

KOLAR.

8. Market well supplied.

9. *Agricultural operations.*—Ploughing and manuring of fields are going on in parts of Kolar, Bowringpet, Mulbagal, Sidlaghatta, Chikballapur, Bagepalli, Goribidnur and Srinivaspur Taluks and Gudibanda Sub-Taluk.

Crops sown.—Ragi and avare in parts of Kolar, Mulbagal, Sidlaghatta, Chikballapur, Bagepalli and Malur Taluks and Gudibanda Sub-Taluk; togari in Mulbagal and Chikballapur Taluks and Gudibanda Sub-Taluk; ground nuts and paddy in Gudibanda Sub-Taluk.

Crops harvested and their probable outturn.—Til in parts of Kolar Taluk, yield 4 annas.

Standing crops.—Sugar cane in parts of Kolar, Chintamani, Sidlaghatta, Chikballapur, Goribidnur and Srinivaspur Taluks, and Gudibanda Sub-Taluk. Mulberry in Sidlaghatta Taluk; paddy in Goribidnur Taluk; and til in Kolar Taluk are in fair condition.

10. Prospects of the season are not encouraging, though the situation has been somewhat improved in parts of Kolar, Chikballapur and Gudibanda by some rainfall recently. Prices of food stuffs continue to be high. Labour is available to the cooly classes.

11. Public health is generally good in all the taluks.

12. Cattle are reported to be healthy except in parts of the Kolar Taluk, where "sappe roga" is prevailing. Fodder and water are getting scarce.

TUMKUR.

8. Market well supplied.

9. *Crops sown.*—Ragi, avare and togari in parts of Tumkur, Maddagiri, Chiknayakanhalli, Gubbi and Kunigal Taluks and Koratagere Sub-Taluk; castor in parts of Chiknayakanhalli Taluk and Koratagere Sub-Taluk; and paddy in parts of Kunigal Taluk.

Crops harvested.—Paddy in parts of Tumkur, Gubbi and Kunigal Taluks, yield 6 annas; and sugar cane in parts of Kunigal Taluk.

Standing crops.—Paddy, ragi, avare, togari, sugar cane, jola, til and groundnut in parts of the district are reported to be generally in fair condition. The standing crops in parts of Chiknayakanhalli, Maddagiri and Tiptur require rains urgently.

Agricultural operations.—Raiyats are busy in ploughing and sowing their fields in parts of the district.

10. Prospects of the season are fair. Food stuffs are available. More rain is urgently wanted throughout the district.

11. Except for small-pox in a few villages of the Chiknayakanhalli Taluk, public health is generally good.

12. Cattle are reported to be healthy, except for "foot and mouth disease" and "Dodda roga" in parts of Gubbi and Kunigal Taluks. Water and fodder are generally available, except in parts of Chiknayakanhalli, Sira and Pavagada Taluks where fodder is said to be insufficient.

MYSORE.

8. Market is fairly well supplied.

9. *Agricultural operations.*—Lands are being ploughed in parts of the Yedatore, Nanjangud, T.-Narsipur, Malvalli and Krishnarajpete Taluks.

Crops sown.—Ragi in parts of Mysore, Chamrajnagar and Seringapatam Taluks.

State of standing crops.—Ragi, jola, til, togari and castor in parts of the Mysore, Chamrajnagar, Seringapatam, Hunsur, Yedatore, Gundlupet, Malvalli and Nagamagala Taluks; avare in parts of Gundlupet Taluks; ragi in parts of Nanjangud, Mandya. Malvalli and Krishnarajpete Taluk; jola in parts of Nanjangud, Malvalli and Nagamangala Taluks; sugar cane in parts of Nanjangud, T.-Narsipur, Malvalli, Mandya, Krishnarajpete and Nagamanala Taluks; cotton in parts of the Nanjangud Taluk; mulberry in parts of the Nanjangud, T.-Narsipur and Mandya Taluks; groundnut in parts of T.-Narsipur Taluk; and paddy in parts of the Heggaddevankote and Krishnarajpete Taluks are reported to be in fair condition, but they are said to be in need of more rain throughout the district and withering for want of rain in parts of Mandya and T.-Narsipur Taluks.

10. Prospects of the season are fair. Food stuffs are available. The rainfall was comparatively scanty during the week in the district.

11. Except for plague in parts of Yedatore and Nanjangud Taluks, public health is generally good.

12. Except for "foot and mouth disease" in parts of Nanjangud Taluk, cattle are reported to be healthy. Water and fodder are available, except in parts of Chamrajnagar, Yedatore, T.-Narsipur, Malvalli and Krishnarajpete Taluks, where scarcity for fodder is felt.

HASSAN.

8. Market well supplied.

9. *Standing crops.*—Ragi, paddy, sugar cane in Hassan and Belur Taluks; baravadi paddy in Manjarabad Taluk; paddy, gid ragi, til, castor, cholum, tadagani, avare and togari in Arkalgud Taluk; paddy, gid ragi, sugar cane, til, cholum, black and green grams in Channarayapatna Taluk; til, sugar cane, cholum, chillies and groundnut in Arsikere Taluk; gid ragi, cholum, sugar cane, avare, togari and til in Hole-Narsipur Taluk; and paddy and ragi in the Alur Sub-Taluk are reported to be in fair condition.

Crops sown.—Dod ragi and sugar cane in Hassan Taluk; dod ragi in Belur, Arsikere and Hole-Narsipur Taluks are being sown. Paddy is being transplanted in parts of Manjarabad and Arkalgud Taluks.

Crops harvested.—Paddy in Arsikere Taluk is being harvested.

10. Prospects of the season are generally good. More rain is reported to be required in parts of Channarayapatna, Arsikere and Hole-Narsipur Taluks.

11. Public health is generally good, except for small-pox in parts of Manjarabad Taluk and in the Alur Sub-Taluk.

12. Cattle are generally healthy. Water and fodder are generally available, but in parts of Doddakadanur hobli in Hole-Narsipur Taluk and in parts of Halebid and Madihalli hoblis in Belur Taluk, where fodder is not sufficiently available, permission has been granted to cut date leaves for fodder until green grass grows high enough.

SHIMOGA.

8. Market well supplied except in Nagar where, owing to the heavy rainfall during the week, it was not well supplied.

9. *Agricultural operations.*—Sowing of paddy has been nearly completed in the Shimoga Taluk. Seeds that were sown in the Channagiri Taluk are springing up and sowing operations continue in the taluk. Paddy, ragi, sesamum, green gram, togari, menthya, avare, uddu, kottambari have sprung up to a height of two inches in the Honnali Taluk and sowing operations are still going on in this taluk too. Sowing of paddy and ragi in the Shikarpur Taluk is almost finished. Lands are being prepared in the Sagar Taluk, for transplanting paddy. Transplanting of paddy is in progress in Tirthahalli and some parts of Sagar and Nagar. The preliminary agricultural operations are over in the Sorab Taluk and in the Kumsi Sub-Taluk.

Standing crops.—Paddy in the Sorab, Sagar and Tirthahalli Taluks and in the Kumsi Sub-Taluk and sugar cane throughout the district are reported to be in good condition. Garden crops are reported to be in good condition in the Thirthahalli Taluk. Koleroga is reported to prevail in parts of the Thirthahalli Taluk.

10. Prospects of the season are good. Food stuffs are available.

11. Except for a few cases of plague in the Channagiri and Shikarpur Taluks and fever and ague in the Sagar Taluk, public health is generally good.

12. Fodder and water are generally available, except in parts of the Channagiri Taluk, where fodder has to be brought from long distance. Cattle are generally healthy but for "foot and mouth disease" in parts of the Shikarpur Taluk.

KADUR.

8. Market well supplied.

9. *Agricultural operations.*—Lands are being prepared for sowing purposes in parts of Kadur, Koppa and Mudgere Taluks and Sringeri Sub-Taluk.

Crops sown.—Ragi, paddy, thingalavare, potatoes, garlic, onions and sugar cane in Chikmagalur; ragi, jola and avare in Kadur; paddy, castor, ragi, avare, jola, kurasani, togari, green and black grams in Tarikere Taluk; paddy in Mudgere Taluk. Transplanting of paddy is going on in parts of Chikmagalur, Koppa and Mudgere Taluks and Yedahalli and Sringeri.

Standing crops.—Chikmagalur—thingalavare, ragi, potatoes, garlic, onions and sugar cane;—Kadur—jola, black and green grams, gingelly and sugar cane; Tarikere—Sugar cane, paddy, castor, coffee and areca; Koppa—paddy, areca, sugar cane and cardamom; Mudgere—paddy and sugar cane; Yedahalli—sugar cane and areca; and Sringeri—paddy. All these crops are reported to be in a fair condition but onions and potatoes have been reported to be affected by Kundli insects in Mirle village of Chikmagalur Taluk.

Crops harvested.—Kode paddy and chillies in Mudgere Taluk, yield 4 to 12 annas.

10. Prospects of the season are encouraging. Good rains have not yet fallen in the maidan parts though slight showers continue. Tanks are not filling.

11. Except for plague prevailing in a mild form in Kudalur village of Tarikere Taluk and in the town of Tarikere, public health is generally good.

12. Cattle are reported to be suffering from "foot and mouth disease" in some villages of Chikmagalur Taluk. Water and fodder are generally available, but in maidan parts the want of the usual supply of green grass is yet being felt. It is hoped the present rains will improve the supply in a couple of weeks.

CHITALDRUG.

8. Market well supplied.

9. *Standing crops.*—Sugar cane in the Chitaldrug and Hiriyur Taluks and Harihar Sub-Taluk; jola and gid ragi under kapile wells in the Challakere Taluk; nataragi in the Hiriyur Taluk, under channels; til and jola in the Holalkere Taluk are reported to be in fair condition; but til, jola and ragi in the Hiriyur Taluk are reported to be withering for want of rain.

Seeds sown.—Jola, togari, castor, and groundnut in the Chitaldrug Taluk; ragi, togari, beans (avare), jola and paddy in the Holalkere Taluk; ragi, jola, togari and beans in the Davangere Taluk; jola, and castor in the Jagalur Taluk; chillies, cotton (big), jola, horse gram, togari, green gram, pundi (hemp) and halasande in the Harihar Sub-Taluk.

Crops harvested.—Nil.

General.—More rains are badly wanted all over the district.

10. Prospects of the season are fair. Food stocks are available.

11. Public health is generally good.

12. Cattle are healthy. Water and fodder are available to a limited extent.

Proceedings of the Government of His Highness the Maharaja of Mysore.

READ—

Circular No. G. 3320-8—G. M. 159-09-3, dated 17th December 1909, directing that all applications addressed to District Magistrates by Authors for the registration of their books under the provisions of Act XXV of 1867 should be transmitted to the Registrar of Authorized Publications without delay.

2. Letter dated 14th January 1914, from Mr. M. A. Narasimhachar, Manager of the *Karnataka Kavya Kalanidhi* Office, Mysore, pointing out that the monthly journal *Karnataka Kavya Kalanidhi* (started in 1892) is not being noticed since 1901 in the quarterly Catalogues of Books registered in the State under Act XXV of 1867, and requesting that the mistake may be rectified.

3. Unofficial note dated 24th January 1914 by the Registrar of Authorized Publications in Mysore, furnishing his views in the matter.

No. G. 10635-44—G. M. 98-13-15, DATED BANGALORE, 25TH JUNE 1914.

ORDER THEREON.—Under the rules framed under Section 20 of Act XXV of 1867, a copy of every publication other than a newspaper which contains public news or comments thereon must be sent to the District Magistrate of the District within whose local jurisdiction it is published and the District Magistrate should transmit the same to the Registrar of Authorized Publications for being noticed in the quarterly catalogue. The publications referred to are not restricted to books.

2. The Deputy Commissioners are accordingly requested to arrange that every issue of periodical, not containing public news or comments on public news is sent to the Registrar of Authorized Publications soon after its delivery to them, so that the publication may be noticed in the catalogue of the quarter during which it is published.

3. The case of the *Karnataka Kavya Kalanidhi* will be dealt with according to the foregoing instructions.

D. M. NARASINGA RAO,
Officiating Secretary to Government,
General and Revenue Departments.

To—The District Magistrates and Deputy Commissioners of Districts.
The Registrar of Authorized Publications.
The Manager, *Karnataka Kavya Kalanidhi* Office, Mysore.

DISTRICT REPORTS.

8. Markets how supplied.
9. Progress of agricultural operations, state of standing crops, prospects and probable outturn of harvests, serious damage done to crops by insects or other natural calamities.
10. Prospects of season, tracts in which the rainfall has been insufficient, areas affected by scarcity, number of people under relief, and state of food stocks.
11. Public health.
12. Remarks as to the condition of agricultural stock; failure of pasturage, of fodder, etc.

BANGALORE CIVIL AND MILITARY STATION.

		Average for the past five years of the corresponding week.	*Current.*	
Prices of food grains—	Boiled rice (2nd sort)	7·30	6·90	Quantity per rupee by the standard seer of 80 tolas.
	Ragi ...	13·50	11·34	
	Rangoon rice (2nd sort) ...		7·47	

Agricultural operations.—Ragi, avare and cholum are being sown. Want of rain is keenly felt.

Cattle are in good condition. Water and fodder are sufficient.

BANGALORE CITY AND TALUKS.

8. Market is fairly well supplied.

9. *Agricultural operations.*—Ploughing operations are reported to be going on in some parts of Bangalore, Hoskote, Dodballapur, Nelamangala, Channapatna, Anekal and Devanhalli Taluks. The sowing of paddy, ragi and other dry crops are also reported during the week in some parts of all the taluks of the district.

State of standing crops.—Ragi and other dry crops in parts of Dodballapur; sugar cane in parts of Nelamangala; sugar cane, ragi and paddy in parts of Kankanhalli; paddy and sugar cane in parts of Magadi and Channapatna and potatoes, jola, kaki jola, punaji paddy and ragi in parts of Devanhalli Taluk are reported to be fair. Gingelly in parts of Anugondahalli of Hoskote; paddy and sugar cane in parts of Dodballapur and Anekal require rain.

Outturn and harvest.—Nil.

Damages to crops.—Nil.

10. The prospect of the season is causing anxiety. The drizzling rain that all the taluks had during the week has tended to a certain extent to revive the crops in some parts. Further rains are urgently wanted. Food stocks are available. Labour is available to cooly classes.

11. Except for small-pox and plague in parts of Hoskote and cholera and plague in Arlamallige and Gundasandra villages of Dodballapur Taluk, public health is generally good. Small-pox prevails in some villages of Bangalore Taluk also.

12. Cattle are healthy. Fodder is purchased in some villages of Hoskote, Dodballapur, Magadi and Devanhalli Taluks. Green leaves are also used as fodder in parts of Hoskote, Kankanhalli and Devanhalli Taluks. In parts of Harohalli and Kodihalli of Kankanhalli Taluk, it is reported that there has been mortality among cattle for want of fodder. Some of the plantations and forests in the district have been thrown open for free grazing. Takavi loans are also granted, wherever required, for purchasing fodder.

KOLAR.

8. Market is well supplied.

9. *Agricultural operations.*—Lands are being ploughed in almost all the taluks. Sowing operation have also commenced in a few places.

Crops sown.—Ragi and avare in almost all the taluks, togari in Bowringpet and groundnut in Chintamani.

Crops harvested.—Nil.

Standing crops.—Sugar cane in parts of Chintamani, Sidlaghatta, Goribidnur; mulberry in Sidlaghatta and paddy in Goribidnur are in a fair condition.

10. Prospects of the season are not encouraging. Prices of food stuffs continue to be high. Labour is available for the cooly classes

11. Public health is generally good.

12. Except for a few cases of "Neradi roga" in Kolar Taluk, cattle are healthy. Fodder and water are getting scarce.

TUMKUR.

8. Market is well supplied.

9. *Crops sown.*—Ragi, avare and togari in parts of Tumkur, Maddagiri, Chiknayakanhalli, Sira, Gubbi, Tiptur and Kunigal Taluks and Koratagere and Turuvekere Sub-Taluks; castor in parts of Maddagiri, Chiknayakanhalli and Gubbi Taluks and Turuvekere Sub-Taluk; horse gram in parts of Tumkur Taluk; navane in parts of Maddagiri and Chiknayakanhalli Taluks; groundnuts in parts of Koratagere Sub-Taluk; and gingelly in parts of Gubbi and Tiptur Taluks.

Crops harvested.—Paddy in parts of Tumkur, Gubbi and Kunigal Taluks, yield from 6 to 8 annas and sugar cane in parts of Tumkur, Gubbi and Kunigal Taluks.

Standing crops.—Paddy, ragi, avare, togari, sugar cane, jola, til, groundnuts, haraka, black and green grams are reported to be generally in a fair condition. Raiyats are busy in ploughing and sowing their fields in parts of the district.

10. Prospects of the season are fair. Food stuffs are available. Rain is wanted in Maddagiri and Sira Taluks and in parts of Pavagada Taluk.

11. Public health is generally good.

12. Cattle are reported to be healthy, except for "foot and mouth disease" in parts of Kunigal Taluk and "chappe roga" in parts of Gubbi Taluk and "Dodda roga" in Palavalli village of Pavagada Taluk. Water and fodder are available, except in parts of Chiknayakanhalli, Sira and Pavagada Taluks where fodder is said to be insufficient.

MYSORE.

8. Market is fairly well supplied.

9. *Agricultural operations.*—Lands are being ploughed and rendered ready for sowing purposes in parts of the Krishnarajpete Taluk.

Crops sown.—Ragi in parts of Mysore, Chamrajnagar, Seringapatam, Nanjangud, T.-Narsipur, Malvalli and Nagamangala Taluks; ram til in parts of Malvalli and Nagamangala Taluks and togari and tadagani in parts of Malvalli Taluk. Paddy is being transplanted in parts of Seringapatam, Hunsur and Yedatore Taluks and sown in Krishnarajpete Taluk. Avare is being sown in parts of Mysore, Malvalli and Nagamangala Taluks.

Standing crops.—Ragi, jola, togari, til, castor, avare, horse gram, cotton, groundnut and sugar cane are in a fair condition throughout the district except in parts of Chamrajnagar, Malvalli and Mandya Taluks where they are reported to be withering for want of rain.

Crops harvested.—Paddy in parts of Krishnarajpete Taluk.

10. Prospects of the season are generally fair. Food stuffs are available. The tanks and gokattes have not yet received any supply of water. The rainfall during the week has improved prospects in all the taluks.

11. Public health is generally good, except for stray cases of plague in parts of the taluks of Yedatore and Nanjangud.

12. Cattle are reported to be healthy except for "foot and mouth disease" in parts of Chamrajnagar and Nanjangud Taluks. Water and fodder are generally available, except in parts of the taluks of Chamrajnagar, Malvalli, Krishnarajpete and Nagamangala, where fodder scarcity is still felt. Water scarcity for cattle still exists to a certain extent in the taluks of Mysore, Chamrajnagar, Krishnarajpete and Nagamangala Taluks.

HASSAN.

8 Market is well supplied.

9. *Standing crops.*—Ragi, paddy and sugar cane in Hassan and Belur Taluks; baravadi paddy in Manjarabad Taluk; paddy, ragi, til, castor, cholum, tadagani, avare and togari in

Arkalgud Taluk; sugar cane, paddy, gid ragi, cholum, til, black and green grams in Channarayapatna Taluk; cholum, til, groundnut, samè, paddy and sugar cane in Arsikere Taluk; gid ragi, togari and cholum in Hole-Narsipur Taluk and ragi and paddy in the Alur Sub-Taluk are reported to be in a fair condition.

Crops sown.—Ragi, avare, togari and castor in Channarayapatna Taluk; ragi in Arsikere Taluk; dod ragi, avare, castor, samè and chillies in Hole-Narsipur Taluk are being sown. Dod ragi and paddy are being transplanted in parts of Hassan Taluk. It is reported by the Amildar of Arkalgud Taluk that owing to the excess of rain the ragi crop has been attacked with "Kembatte" disease.

10. Prospects of the season are generally good.

11. Public health is generally good, except for small-pox in parts of Manjarabad Taluk.

12. Cattle are generally healthy. Water and fodder are available.

SHIMOGA.

8. Market is well supplied.

9. *Agricultural operations.*—Sowing operations are still continuing in parts of Shimoga, Channagiri and Honnali Taluks. Sowing has been delayed in parts of Shikarpur Taluk owing to continuous rain. Transplanting of chillies in Honnali Taluk is commenced. Transplanting of paddy in Sagar and Tirthahalli Taluks is in progress. Transplanting of paddy still continues in Nagar Taluk.

Crops sown.—Paddy in the Shimoga Taluk has sprouted up. In the Channagiri Taluk, paddy has not yet sprung up well. Ragi, jola, avare, togari, sesamum, menthya and kottambari that were sown in Honnali Taluk are in good condition.

Standing crops.—Paddy in Sagar and Tirthahalli Taluks and Kumsi Sub-Taluk and sugar cane throughout the district are reported to be in good condition. "Koleroga" prevails in parts of Tirthahalli Taluk. Heavy rain during the week has somewhat injured the standing paddy crops in both Sorab and Nagar Taluks.

10. Prospects of the season are good. Food stuffs are available.

11. Public health is generally good, except for a few cases of plague in parts of Channagiri, Sorab and Shikarpur Taluks and fever and small-pox in parts of Sagar Taluk and a few cases of suspected cholera in the Sagar Town.

12. Fodder and water are available everywhere. Cattle are generally healthy, except for "foot and mouth disease" in parts of Shikarpur Taluk and "murrain" in parts of Sorab Taluk.

KADUR.

8. Market is well supplied.

9. *Agricultural operations.*—Lands are being prepared for sowing purposes in Kadur, Koppa and Mudgere Taluks and Sringeri Jahghir.

Crops sown.—Ragi, joja, avare, paddy, same, navane and togari are sown in Kadur; paddy, castor, ragi, avare, jola, kurasani, togari, green and black grams are sown in Tarikere Taluk; paddy is sown in Mudgere Taluk. Transplanting of paddy is going on in Chikmagalur, Koppa, and Mudgere Taluks and Yedahalli and Sringeri.

Standing crops.—Chikmagalur—paddy, ragi, thingalavare, potatoes, garlic, onions and sugar cane; Kadur—jola, black and green grams, sugar cane and gingelly; Tarikere—sugar cane, paddy, castor, coffee and areca; Koppa—paddy, areca, sugar cane and cardamom; Mudgere—paddy and sugar cane; Yedahalli—sugar cane and areca; Sringeri—paddy. All these crops are reported to be in good condition but potato crop is reported to have been affected by "Kundli" insects in Marle village of Chikmagalur Taluk.

Crops harvested.—Kode paddy and chillies in Mudgere Taluk, yield 4 to 12 annas.

10. Prospects of the season are improving. The rainfall in Kadur has increased. The malnad portion has had rain in abundance.

11. Except for plague prevailing in a mild form in Kudlur village of Tarikere Taluk and in the town of Tarikere, public health is generally good.

12. Cattle are reported to be suffering from "foot and mouth disease" in some villages of Chikmagalur Taluk. Water and fodder are generally available, but in maidan parts the want of the usual supply of green grass is yet being felt. It is hoped the present rains will improve the supply in a couple of weeks.

CHITALDRUG.

8. Market is well supplied.

9. *Standing crops.*—Sugar cane, paddy, ragi, til, castor, dhal, same and jola are reported to be in a fair condition. The rainfall during this week all over the district except Challakere have somewhat improved the seasonal conditions.

Crops harvested.—Nil.

Seeds sown.—Ragi, jola, avare, dhal, cotton, navane, castor and salbhatta in Chitaldrug Taluk; avare, haraka, sajje, navane, dhal, lentil (halasandi), black and green grams, paddy and sugar cane in lands under channels in Hiriyur Taluk; as also the planting of natragi, ragi, avare and togari in Holalkere Taluk; ragi, jola, horse gram and green gram, dhal, cotton and paddy in Davangere Taluk; ragi, avare, dhal and chillies in Hosdurga Taluk; and jola, horse gram, green gram, dhal, hemp, lentil and gingelly in Harihar Sub-Taluk.

10. Prospects of the season are fair. Food stocks are available.

11. Public health is generally good.

12. Cattle are healthy. Water and fodder are available.

DISTRICT REPORTS.

8. Markets how supplied.
9. Progress of agricultural operation, state of standing crops, prospects and probable outturn of harvests, serious damage done to crops by insects or other natural calamities.
10. Prospects of season, tracts in which the rainfall has been insufficient, areas affected by scarcity, number of people under relief, and state of food stocks.
11. Public health.
12. Remarks as to the condition of agricultural stock; failure of pasturage, of fodder, etc.

BANGALORE CIVIL AND MILITARY STATION.

		Average for the past five years of the corresponding week.	*Current.*	
Prices of food grains—	Boiled rice (2nd sort)	7·30	6·90	Quantity per rupee by the standard seer of 80 tolas.
	Ragi ...	13·61	11·34	
	Rangoon rice (2nd sort) ...		7·47	

Agricultural operations.—Ragi, avare and cholum are being sown. Want of rain is keenly felt.

Cattle are in good condition. Water and fodder are sufficient but the price of fodder has risen high.

BANGALORE CITY AND TALUKS.

8. Market is well supplied.

9. *Progress of Agricultural operations.*—Ploughing operations are reported to be going on in parts of Hoskote, Dodballapur, Nelamangala, Kankanhalli and Anekal Taluks. Sowing of dry crops in parts of all the taluks of the district, and of punaji paddy in some parts of Bangalore, Nelamangala and Magadi Taluks is reported. Early sown ragi is being harrowed in parts of Magadi, Anekal and Devanhalli Taluks.

State of standing crops.—Sugar cane in parts of Bangalore, Nelamangala and Kankanhalli Taluks; sugar cane and paddy in parts of Dodballapur; ragi, avare, paddy, sugar cane, togari and castor in parts of Magadi; potatoes, bilijola, kakijola, ragi and paddy in parts of Devanhalli are in a fair condition. Standing crops in Channapatna and Anekal Taluks are in need of rain.

Harvest and outturn.—Maize in Devanhalli Taluk.

Damages to crops.—Nil.

10. The prospect of the season is fair. More rains are urgently needed. Food stocks are available. Labour is available to cooly classes.

11. Except for small-pox in some villages of Bangalore Taluk, plague in a few villages of Hoskote and plague and cholera in a few villages of Dodballapur Taluk, public health is generally good.

12. Drinking water for cattle is available. It is supplied from draw wells in parts of Hoskote, Dodballapur and Nelamangala Taluks. Fodder is being purchased and supplied to cattle in parts of Hoskote, Devanhalli, Kankanhalli and Channapatna Taluks and Closepet Sub-Taluk. Recent rains have helped the coming up of green pasture in several parts. Green leaves are used as fodder in parts of Magadi Taluk and Closepet Sub-Taluk. The Amildars of Hoskote and Kankanhalli Taluks and the Deputy Amildar of Closepet Sub-Taluk report that there has been mortality among cattle in certain villages of the above taluks for want of fodder. Some of the plantations and forests in the district have been thrown open for free grazing. Takavi loans are also being granted wherever required for purchasing fodder.

KOLAR.

8. Market is well supplied.

9. *Agricultural operations.*—Lands are being ploughed and harrowed in almost all the taluks. Sowing operations are also commenced in a few places.

Crops sown.—Ragi and avare in almost all the taluks; and togari in Mulbagal, Bagepalli and Goribidnur; same and groundnuts in Chintamani; paddy in Gudibanda.

Crops harvested.—Nil.

Standing crops.—Sugar cane in parts of Chintamani, Sidlaghatta, Goribidnur and mulberry in Sidlaghatta under wells are in a fair condition.

10. Prospects of the season are not encouraging. Prices of food stuffs continue to be high. Labour is available to the cooly classes.

11. Except for a few cases of plague in Sidlaghatta Town, public health is generally good.

12. Cattle are reported to be generally healthy, though in poor condition. Fodder and water are getting scarce day by day.

TUMKUR.

8. Market is well supplied.

9. *Crops sown.*—Ragi, avare, togari in parts of Tumkur, Maddagiri, Chiknayakanhalli, Sira, Gubbi, Tiptur and Kunigal Taluks and Koratagere and Turuvekere Sub-Taluks; castor in parts of Tumkur, Maddagiri, Chiknayakanhalli, Pavagada and Gubbi Taluks and Koratagere Sub-Taluk; jola in parts of Tumkur and Kunigal Taluks and Koratagere Sub-Taluk; navanè in parts of Maddagiri, Sira and Pavagada Taluks and Koratagere Sub-Taluk; groundnut in parts of Maddagiri and Pavagada Taluks and Koratagere Sub-Taluk; gingelly in parts of Maddagiri, Chiknayakanhalli and Gubbi Taluks and paddy in parts of Gubbi Taluk.

Crops harvested.—Paddy and sugar cane in parts of Tumkur, Gubbi and Kunigal Taluks, yield 6 annas; sosiragi and jola in parts of Sira Taluk, yield 8 to 12 annas.

Standing crops.—Paddy, ragi, avare, togari, sugar cane, jola, til, groundnut, haraka, navane and castor in parts of the district are reported to be generally in fair condition.

Agricultural operations.—Raiyats are busy sowing their lands in parts of the district.

10. Prospects of the season are fair. Food stuffs are available. Rain is urgently wanted in parts of Pavagada, Sira and Tiptur Taluks.

11. Public health is generally good.

12. Except for "foot and mouth disease" in parts of Gubbi Taluk, cattle are reported to be generally healthy. Water and fodder are available, except in parts of Maddagiri, Chiknayakanhalli, Sira and Pavagada Taluks where fodder is said to be insufficient.

MYSORE.

8. Market is fairly well supplied.

9. *Crops sown.*—Ragi in parts of Mysore, Chamrajnagar, Seringapatam, Nanjangud, Malvalli, Mandya and Nagamangala Taluks; avare in parts of Mysore Taluk. Paddy is being transplanted in the taluks of Seringapatam, Hunsur, Yedatore and Nanjangud.

Standing crops.—Ragi, jola, togari, castor, horse gram, avare, navane, paddy, sugar cane, cotton and til are reported to be in fair condition, but require more rain.

Crops harvested.—Jola and til in parts of the Malvalli Taluk.

10. Prospects of the season are generally fair. Food stuffs are available. Want of rain is felt in the taluks of Chamrajnagar, Mandya, Krishnarajpete and Nagamangala.

11. Public health is generally good, except for stray cases of plague in parts of the taluks of Yedatore and Nanjangud.

12. Cattle are reported to be healthy except for "foot and mouth disease" in parts of Nanjangud and Chamrajnagar Taluks. Water and fodder are generally available, except in the taluks of Chamrajnagar, Yedatore, Krishnarajpete and Nagamangala, where fodder scarcity is felt. Water scarcity for cattle is reported to be felt in parts of the Krishnarajpete Taluk.

HASSAN.

8. Market is well supplied.

9. *Standing crops.*—Ragi, paddy and togari in Hassan Taluk; barawadi paddy in Manjarabad Taluk; ragi, til, castor, cholum, tadagani, green gram and avare in Arkalgud Taluk; ragi, paddy and sugar cane in Belur Taluk; paddy, ragi, sugar cane, avare, til and cholum in Channarayapatna Taluk; ragi, castor, til, cholum, chillies and samè in Arsikere Taluk; gidragi, togari and cholum in Hole-Narsipur Taluk; ragi and paddy in the Alur Sub-Taluk are reported to be in fair condition.

Crops sown.—Doddaragi in Hassan Taluk; gidragi in Belur Taluk; and ragi, avare and togari in Channarayapatna Taluk are being sown. Paddy is being transplanted in parts of Hassan and Hole-Narsipur Taluks.

Crops harvested.—Black and green grams are being harvested in parts of Channarayapatna Taluk.

10. Prospects of the season are generally good. More rain is reported to be required in parts of Arsikere Taulk.

11. Public health is generally good, except for small-pox in parts of Manjarabad Taluk.

12. Cattle are generally healthy. Water and fodder are available.

SHIMOGA.

8. Market is well supplied.

9. *Agricultural operations.*—Sowing operations continue in the taluks of Shimoga, and Channagiri. Transplanting of paddy is still going on in the Sagar, Nagar and Tirthahalli Taluks.

Standing crops.—Paddy and sugar cane are reported to be in good condition in all the taluks. Ragi, jolum, cotton in the Channagiri Taluk and sesamum green gram, ragi, jolum, avare, togari, menthya and kottambari in the Honnali Taluk are reported to be in good condition except in some parts of the Honnali Taluk where it is reported that catterpillars (Kumblihula) are destroying the crops. "Koleroga" prevails in parts of the Sagar and Tirthahalli Taluks.

Crops harvested.—Nil.

10. Prospects of the season are good. Food stuffs are available.

11. Public health is generally good except for plague in parts of the Channagiri, Shikarpur and Sorab Taluks and small-pox and ague in the Sagar Taluk.

12. Fodder and water are available. Cattle are generally healthy, except for "foot and mouth disease" in parts of the Shikarpur Taluk and "murrain" in parts of the Sorab Taluk.

KADUR.

8. Market is well supplied.

9. *Agricultural operations.*—Lands are being prepared for sowing purposes in parts of Kadur and in Sringeri.

Crops sown.—Giddaragi, doddaragi, gingelly and joja in Chikmagalur; ragi, jola, paddy, avare, same, navane, togari, castor and chillies in Kadur; paddy, jola, castor, ragi and avare in Tarikere. Transplanting of paddy is going on in Chikmagalur, Koppa and Mudgere Taluks and in Yedahalli and Sringeri.

Standing crops.—Chikmagalur— ragi, gingelly, jola, paddy, black gram, garlic, thingalavare and sugar cane; Kadur—jola black gram, green gram, sugar cane, gingelly, chillies, ragi, avare and togari; Tarikere—sugar cane, ragi, paddy, avare, castor, kuresani, areca and coffee; Koppa—paddy, sugar cane, areca and coffee; Mudgere—paddy, sugar cane, coffee and cardamom; Yedahalli—sugar cane and areca; Sringeri—paddy. All these crops are reported to be in good condition but potato and coffee crops are reported to have been affected by insects in Marle and Malagar villages respectively of Chikmagalur Taluk and areca crop by "koleroga" in Koppa Taluk.

Crops harvested.—Nil.

10. Prospects of the season are improving. Further timely rains are necessary in the maidan parts of the district for the growth of crops now sown there.

11. Except for plague prevailing in a mild form in parts of Tarikere Taluk and in the town of Tarikere, public health is generally good.

12. "Foot and mouth disease" is prevailing among cattle in some villages of Chikmagalur Taluk. Water and fodder are generally available.

CHITALDRUG.

8. Market is well supplied.

9. *Standing crops.*—Sugar cane, paddy, ragi, til, castor, dhal and jolum are reported to be in fair condition.

Crops harvested.—Gidragi in the Challakere Taluk, 8 to 10 annas in lands commanded by kapile wells and rivers.

Seeds sown.—Jola, ragi, cotton, sajje, navane, beans, dhal and castor in the Chitaldrug Taluk; castor, ragi, horsegram, navane, same, sajje, cotton, groundnut and nataragi in lands under kapile wells in the Challakere Taluk; nataragi and small paddy (in lands under channels), navane, sajje, haraka, black gram, green gram, lentil (halasande), beans and dhal in the Hiriyur Taluk; ragi, cholum, horse gram, dhal, and cotton in the Davangere Taluk; Broach cotton, paddy, dhal, cholum, horse gram and green gram in the Harihar Sub-Taluk. Rains are still wanted throughout the district. The recent rainfall, though small, has somewhat improved the season prospects.

10. Prospects of the season are fair. Food stocks are available.

11. Public health is generally good.

12. Cattle are healthy. Water and fodder are available.

DISTRICT REPORTS.

8. Markets how supplied.
9. Progress of agricultural operations, state of standing crops, prospects and probable outturn of harvests, serious damage done to crops by insects or other natural calamities.
10. Prospects of season, tracts in which the rainfall has been insufficient, areas affected by scarcity, number of people under relief, and state of food stocks.
11. Public health.
12. Remarks as to the condition of agricultural stock; failure of pasturage, of fodder, etc.

BANGALORE CIVIL AND MILITARY STATION.

		Average for the past five years of the corresponding week.	*Current.*	
Prices of food grains—	Boiled rice (2nd sort)	7·30	6·90	Quantity per rupee by the standard seer of 80 tolas.
	Ragi ...	13·71	11·34	
	Rangoon rice (2nd sort) ...		7·47	

Agricultural operations.—Ragi, avare and cholum are being sown. Want of rain is keenly felt.

Cattle are in good condition. Water and fodder are sufficient. But the price of fodder has risen high.

BANGALORE CITY AND TALUKS.

8. Market is well supplied.

9. *Progress of agricultural operations.*—Ploughing operations are reported during the week in some parts of Hoskote and Anekal Taluks. Sowing of ragi, avare and other dry crops are reported in parts of Bangalore and Anekal Taluks and Closepet Sub-Taluk. Harrowing and weeding in fields in parts of Dodballapur and harrowing operations in parts of Anekal Taluk are also reported during the week.

State of standing crops.—Paddy, ragi, avare and sugar cane in parts of Bangalore, Dodballapur, Magadi, Hoskote and Anekal Taluks; bilijola, kakijola, punaji paddy and ragi in parts of Devanhalli are reported to be in need of rain. Sugar cane and potatoes cultivated by lift irrigation in parts of Devanhalli are reported to be in good condition.

Harvest and outturn.—Nil.

Damages to crops.—Nil.

10. The prospect of the season is fair. The Amildars of Hoskote, Dodballapur, Nelamangala, Magadi, Anekal and Devanhalli Taluks have reported that rains are urgently wanted. Food stocks are available. Labour is available to cooly classes.

11. Except for small-pox in Dodtogur and other villages of Bangalore Taluk and plague in some parts of Hoskote and Dodballapur Taluks, public health is generally good.

12. Cattle are healthy but their condition is not satisfactory owing to want of sufficient fodder. It is reported that there was some mortality among cattle in Bidadi and Kailancha hoblies of Closepet Sub-Taluk. The mortality among cattle in parts of Kankanhalli Taluk is reported to be subsiding. Water is available though in some parts of Hoskote, Dodballapur, Nelamangala and Magadi Taluks. Drinking water for cattle is being supplied from draw wells. Fodder is purchased from outside in parts of Bangalore, Hoskote, Dodballapur, Kankanhalli, Magadi, Channapatna and Devanhalli Taluks and Closepet Sub-Taluk. Green leaves are used as fodder in parts of Magadi and Devanhalli Taluks and Closepet Sub-Taluk. Some of the forests, plantations and kavals are thrown open for free grazing. Takavi loans are also being granted, wherever required, for purchasing fodder.

KOLAR.

8. Market is well supplied.

9. *Agricultural operations.*—Fields are being ploughed and harrowed in almost all the taluks. Sowing operation is suspended for want of rain in certain parts of the district.

Crops sown.—Ragi and avare in almost all the taluks and togari in Bowringpet and Srinivaspur Taluks.

Crops harvested and their probable outturn.—Nil.

Standing crops.—Sugar cane in parts of Chintamani, Sidlaghatta and Goribidnur and paddy in Sidlaghatta and Goribidnur Taluks, under kapile wells, are in fair condition. In almost all the taluks dry crops such as ragi and avare are withering for want of rain.

10. Prospects of the season are not encouraging. Prices of food stuffs continue to be high. Labour is available to the cooly classes.

11. Except for a few cases of plague in Sidlaghatta Town, public health is generally good.

12. But for a few cases of "Foot and mouth disease" in a portion of the Bowringpet Taluk, cattle are reported to be healthy, though in poor condition. Fodder and water are getting scarce day by day.

TUMKUR.

8. Market is well supplied.

9. *Crops sown.*—Ragi, avare and togari in parts of Maddagiri, Chiknayakanhalli and Gubbi Taluks and Koratagere Sub-Taluk; castor and jola in parts of Chiknayakanhalli and Koratagere; paddy in parts of Tumkur Taluk and Koratagere Sub-Taluk; ragi in parts of Tumkur Taluk and Turuvekere Sub-Taluk; groundnut in parts of Maddagiri and Pavagada Taluks; horse gram in parts of Gubbi Taluk and Turuvekere Sub-Taluk; castor in parts of Tumkur Taluk and kadale in parts of Turuvekere Sub-Taluk.

Crops harvested.—Paddy in parts of Tumkur, Gubbi and Kunigal Taluks; sugar cane in parts of Tumkur, Chiknayakanhalli and Gubbi Taluks; sosiragi in parts of Sira Taluk, yield 6 to 10 annas and til in parts of Turuvekere Sub-Taluk, yield 8 annas.

Standing crops.—Ragi, avare, togari, castor, jola, til, groundnut, sugar cane, navane, haraka and paddy in parts of the district are reported to be generally in fair condition. The dry crops in parts of Tiptur and Pavagada Taluks are said to be withering owing to want of rains.

Agricultural operations.—Raiyats are busy sowing their lands in parts of the district.

10. Prospects of the season are generally fair. Food stuffs are available. More rain is urgently wanted throughout the district.

11. Except for small-pox in a few villages of Maddagiri and Chiknayakanhalli Taluks and for plague at Bidare in the Gubbi Taluk and for cholera at Nirakallu in the Maddagiri Taluk, public health is reported to be generally good.

12. Except for "Foot and mouth disease" in parts of the Kunigal Taluk, cattle are reported to be generally healthy. Water and fodder are available, except in parts of Maddagiri, Chiknayakanhalli, Sira and Pavagada Taluks where fodder scarcity is said to continue.

MYSORE.

8. Market is fairly well supplied.

9. *Crops sown.*—Ragi in parts of Chamrajnagar, Nanjangud, Mandya, Krishnarajpete and Nagamangala Taluks and French Rocks Sub-Taluk and black gram in parts of the Nanjangud Taluk. Transplantation of paddy is being carried on in taluks of Seringapatam, Yedatore, Nanjangud and T.-Narsipur Taluks.

Standing crops.—Ragi, jola, togari, til, castor, paddy, sugar cane, navane, avare, horse gram, groundnut and cotton are reported to be in fair condition, but they are said to be in need of rain in the taluks of Chamrajnagar, Mandya, Krishnarajpete and Nagamangala and French Rocks Sub-Taluk.

Crops harvested.—Nil.

10. Prospects of the season are generally fair. Food stuffs are available.

11. Public health is generally good, except for plague in one or two villages of Yedatore and Nanjangud Taluks.

12. Cattle are reported to be healthy. Water and fodder are generally available, except in the taluks of Chamrajnagar, Krishnarajpete and Nagamangala and in the Muguru ohbli of the T.-Narsipur Taluk.

HASSAN.

8. Market is well supplied.

9. *Standing crops.*—Ragi, paddy and togari in Hassan Taluk; barawadi paddy in Manjarabad Taluk; paddy, ragi, til, cholum, castor, tadagani, green gram and avare in Arkalgud Taluk; ragi, paddy and sugar cane in Belur Taluk; sugar cane, ragi, paddy, avare, togari, castor, til, cholum, chillies, black and green grams in Channarayapatna Taluk; ragi, castor, chillies, cholum, gingelly and avare in Arsikere Taluk; gid ragi, togari and cholum in Hole-Narsipur Taluk; ragi, paddy and sugar cane in the Alur Sub-Taluk are reported to be in fair condition.

Crops sown.—Doddaragi and paddy in Hassan Taluk; paddy in Manjarabad, Belur, Arkalgud and Hole-Narsipur Taluks; and ragi and chillies in Channarayapatna Taluk are being transplanted.

10. Prospects of the season are generally good. More rain is reported to be required in parts of Arsikere Taluk.

11. Public health is generally good, except for small-pox in parts of Manjarabad and Arkalgud Taluks.

12. Cattle are generally healthy. Water and fodder are available.

SHIMOGA.

8. Market is well supplied.

9. *Agricultural operations.*—Sowing of paddy is nearing completion in the Shimoga Taluk. Sowing is in progress in Shimoga and Channagiri Taluks and in the Kumsi Sub-Taluk. Transplanting of paddy is in progress in the taluks of Sagar, Nagar and Tirthahalli.

Standing crops.—Paddy and sugar cane are reported to be good throughout the district.

Crops sown.—Insects and catter pillars are reported to be attacking the standing dry crop in parts of the Channagiri and Honnali Taluks.

10. Prospects of the season are good. Food stuffs are available.

11. Public health is generally good except for plague in parts of the Shimoga, Channagiri and Shikarpur Taluks and the Shimoga Town and for ague and small-pox in parts of the Sagar Taluk.

12. Fodder and water are available. Cattle are generally healthy, except for throat disease in parts of the Channagiri Taluk, murrain in parts of the Honnali and Sorab Taluks and "foot and mouth disease" in parts of the Shikarpur Taluk. A case of rinderpest has been reported in the Shimoga Town.

KADUR.

8. Market is well supplied.

9. *Agricultural operations.*—Lands are being prepared for sowing kulthi in Tarikere Taluk. Weeding of plants is going on in parts of Chikmagalur Taluk.

Crops sown.—Paddy and ragi in Chikmagalur; ragi, jola, paddy, avare, same, navane, togari, castor and chillies in parts of Kadur; ragi, avare, kuresani, jola, castor, navane, same, hutchellu and halasande in Tarikere. Transplanting of paddy is going on in Koppa and Mudgere Taluks and Yedahalli and Sringeri Sub-Taluks.

Standing crops.—Chikmagalur—dodda ragi, gidda ragi, paddy, black gram, green gram, and coffee; Kadur—jola, black gram, green gram, gingelly, sugar cane, ragi, avare, paddy, togari, chillies, castor, same and navane; Tarikere—coffee, areca, paddy, castor, jola, black gram and same; Koppa—paddy, areca, sugar cane, coffee and cardamum; Mudgere—paddy, sugar cane, coffee and cardamum; Yedahalli—sugar cane and areca; Sringeri—paddy and areca. All these crops are reported to be in good condition except areca crop which is reported to have been affected by kole roga in parts of Koppa Taluk.

Crops harvested.—Nil.

10. Prospects of the season are fair, though there has not been enough rain in the maidan parts to fill tanks. Crops are in good condition generally and there is a sufficient stock of food grains.

11. Except for plague prevailing in a mild form in parts of Tarikere Taluk and in the town of Tarikere, public health is generally good.

12. Cattle are healthy. Water and fodder are generally available.

CHITALDRUG.

8. Market is well supplied.

9. *Standing crops.*—Sugar cane, paddy, nataragi, groundnut, beans, ragi, jola, til, castor, sajje and chillies and dal are reported to be in good condition. The recent rains have improved the condition of crops.

Crops harvested.—Giddaragi in the Challakere Taluk, 8 to 10 annas.

Seeds sown.—Ragi in all the taluks, except Hiriyur, Molakalmuru and Jagalur; jola in the taluks of Chitaldrug, Challakere, Davangere, Jagalur and the Harihar Sub-Taluk; beans in the Chitaldrug, Hiriyur and Holalkere Taluks; dal in the Chitaldrug, Holalkere and Davangere Taluks and Harihar Sub-Taluk; castor in the Chitaldrug and Challakere Taluks; sajje in the Chitaldrug and Hiriyur Taluks; navane in the Chitaldrug, Challakere, Hiriyur and Hosdurga Taluks and Harihar Sub-Taluk; cotton in the Chitaldrug, Challakere, Davangere and Broach cotton in the Harihar Sub-Taluk; horse gram in the Challakere, Davangere and Hosdurga Taluks and the Harihar Sub-Taluk; green gram in the Hiriyur Taluk and Harihar Sub-Taluk; chillies in the Challakere and Hosdurga Taluks, (under wells); groundnut, same and paddy in the Challakere, Hosdurga and the Harihar Sub-Taluk, respectively.

10. Prospects of the season are fair. Food stocks are available.

11. Public health is generally good, except for prevalence of plague in Davangere Town.

12. Cattle are generally healthy. Water and fodder are available to a limited extent.

REVENUE COMMISSIONER'S OFFICE,
Dated Bangalore, 12th August 1914.

K. DORASWÀMI IYER,
Revenue Commissioner.

DISTRICT REPORTS.

8. Markets how supplied.
9. Progress of agricultural operations, state of standing crops, prospects and probable outturn of harvests, serious damage done to crops by insects or other natural calamities.
10. Prospects of season, tracts in which the rainfall has been insufficient, areas affected by scarcity, number of people under relief, and state of food stocks.
11. Public health.
12. Remarks as to the condition of agricultural stock; failure of pasturage, of fodder, etc.

BANGALORE CIVIL AND MILITARY STATION.

		Average for the past five years of the corresponding week.	*Current.*	
Prices of food grains—	Boiled rice (2nd sort)	7·30	6·90	Quantity per rupee by the standard seer of 80 tolas.
	Ragi ...	13·50	11·34	
	Rangoon rice (2nd sort) ...		7·47	

Agricultural operations.—Ragi, avare and cholum are being sown. More rain is wanted.

Cattle are in good condition. Water and fodder are sufficient. The price of fodder has risen high.

BANGALORE CITY AND TALUKS.

8. Market is well supplied.

9. *Progress of agricultural operations.*—In some parts of Bangalore, Magadi, Channapatna, Anekal and Devanhalli Taluks, ploughing was in progress during the week. Paddy, ragi and other crops were sown during the week in certain parts of Bangalore, Hoskote, Nelamangala, Magadi, Channapatna, Anekal and Devanhalli Taluks and Closepet Sub-Taluk. Harrowing operations are reported in some parts of Dodballapur, Magadi, Anekal and Devanhalli Taluks.

State of standing crops.—Sugar cane, paddy and early sown ragi is reported to be in a fair condition except in parts of Hoskote and Anekal Taluks; where sugar cane and paddy are in need of rain.

Outturn of the harvested crops.—Nil.

10. The prospect of the season is improving. In parts of Hoskote Taluk, where the rainfall during the week was poor, rain is wanted. Food stocks are available. Labour is available to cooly classes.

11. Except for small-pox in a few villages of Bangalore Taluk and plague in parts of Hoskote Taluk, public health is generally good. An imported case of plague is reported from Channapatna Taluk.

12. Cattle are healthy, but their condition has not improved owing to want of sufficient fodder. On parts of Bangalore, Hoskote, Magadi and Devanhalli Taluks, fodder is being purchased from outside. Green leaves are also being used as fodder in parts of Hoskote, Magadi and Devanhalli Taluks. Difficulty for fodder is being felt in Anekal Taluk and Closepet Sub-Taluk. But the anxiety on this account will be relieved shortly as green grass will come up. Some of the forests and plantations have been thrown open for free grazing. Takavi loans are also being granted wherever required for purchase of fodder.

KOLAR.

8. Market is well supplied.

9. *Agricultural operations.*—Raiyats are engaged in sowing dry crops such as ragi, avare and togari.

Crops sown.—Ragi, avare and togari in almost all the taluks and horse gram in Chintamani and Goribidnur Taluks.

Crops harvested and their probable outturn.—Nat ragi in parts of Goribidnur Taluk, yield 8 to 12 annas.

Standing crops.—Ragi, avare, togari and sugar cane are fair in all the taluks, except Kolar and Srinivaspur, where they are reported to be fading for want of rain.

10. Prospects of the season are not encouraging. Rainfall is insufficient in all the taluks. Prices of food stuffs continue to be high. Labour is available to the cooly classes.

11. There have been a few cases of plague in Kolar Taluk, Sidlaghatta Town and Kolar Gold Fields. Otherwise public health is generally good.

12. Except for a few cases of "Nerdi roga" cattle are healthy. Fodder is getting scarce, but pasture is available in limited quantities in some places.

TUMKUR.

8. Market is well supplied.

9. *Crops sown.*—Ragi, avare and togari in parts of Tumkur, Maddagiri, Chiknayakanhalli, Gubbi, Tiptur and Kunigal Taluks and Koratagere and Turuvekere Sub-Taluks; paddy in parts of Tumkur and Pavagada Taluks and Koratagere Sub-Taluk; castor in parts of Chiknayakanhalli Taluk and Turuvekere Sub-Taluk; jola in parts of Maddagiri and Tiptur Taluks; navane in parts of Maddagiri and Pavagada Taluks and Koratagere Sub-Taluk; and haraka in parts of Gubbi Taluk and Koratagere Sub-Taluk.

Crops harvested.—Paddy in parts of Tumkur and Gubbi Taluks; sugar cane in parts of Gubbi, Tumkur and Kunigal Taluks; ragi in parts of Maddagiri, Sira and Pavagada Taluks and til in parts of Turuvekere Sub-Taluk.

Standing crops.—Paddy, ragi, avare, togari, castor, haraka, navane, til, jola, sugar cane, gingelly and groundnut in parts of the district are reported to be generally in fair condition. The dry crops in parts of Pavagada Taluk are in need of urgent rains.

Agricultural operations.—Raiyats are busy sowing their lands in parts of the district.

10. Prospects of the season are fair. Food stuffs are available. Rain is urgently wanted in parts of Chiknayakanhalli, Tiptur and Pavagada Taluks.

11. Except for small-pox in parts of Pavagada Taluk and for plague at Tiptur town and Bidare village in the Gubbi Taluk and for cholera at Nirakallu in the Maddagiri Taluk, public health is reported to be generally good.

12. Except for "Chappe roga" in a few villages of the Tumkur and Kunigal Taluks, cattle are reported to be generally healthy. Water and fodder are available, except in parts of Maddagiri, Pavagada and Sira Taluks where fodder is said to be insufficient.

MYSORE.

8. Market is fairly well supplied.

9. *Crops sown.*—Ragi in parts of the Mysore, Heggaddevankote, Mandya and Nagamangala Taluks and the French Rocks Sub-Taluk; avare in parts of Mysore and Mandya Taluks and ramtil and tadagani in parts of the Mandya Taluk. Transplanting of paddy is being carried on in parts of Seringapatam, Hunsur, Yedatore, Gundlupet, Nanjangud and T.-Narsipur Taluks.

State of standing crops.—Ragi, jola, togari, avare, castor, horse gram, groundnut, sugar cane, til, paddy and navane are reported to be in fair condition and they are reported to be in need of rain in parts of the Chamrajnagar and Krishnarajpete Taluks and in the French Rocks Sub-Taluk.

Crops harvested.—Til and jolum in parts of the Malvalli Taluk and til in parts of the Nagamangala Taluk.

10. Prospects of the season are generally fair. Food stuffs are available.

11. Public health is generally good, except for plague in parts of the Yedatore and Nanjangud Taluks and in the Mysore City.

12. Cattle are reported to be healthy, except for "Chappe roga" in parts of the Malvalli Taluk and "Foot and mouth disease" in parts of the Krishnarajpete Taluk. Water and fodder are generally available, except in the taluks of Chamrajnagar and Krishnarajpete and in the French Rocks Sub-Taluk, where fodder scarcity is still felt. Scarcity for drinking water is reported to be felt in parts of the Krishnarajpete Taluk.

HASSAN.

8. Market is well supplied.

9. *Standing crops.*—Ragi, paddy, togari, etc., in Hassan Taluk; barawadi paddy in Manjarabad Taluk; paddy, ragi, jolum, til, castor, tadagani, green gram and avare in Arkalgud Taluk; paddy, sugar cane and ragi in Belur Taluk and the Alur Sub-Taluk; paddy, avare, togari, castor, cholum, til, chillies and sugar cane in Channarayapatna Taluk; ragi, castor, cholum, chillies, haraka, togari and sugar cane in Arsikere Taluk; and ragi, togari, til, castor, avare, cholum and sugar cane in Hole-Narsipur Taluk; are reported to be in fair condition.

Crops sown.—Dodragi and paddy in Hassan Taluk; paddy in Manjarabad, Belur, Arkalgud and Hole-Narsipur Taluks; ragi and chillies in Channarayapatna Taluk; and dodragi in Arsikere Taluk; are being transplanted.

10. Prospects of the season are generally good. More rain is reported to be required in parts of Arsikere Taluk.

11. Public health is generally good, except for small-pox in parts of Manjarabad Taluk; and fever and small-pox in parts of Arkalgud Taluk.

12. Cattle are generally healthy. Water and fodder are generally available.

SHIMOGA.

8. Market is well supplied.

9. *Agricultural operations.*—Sowing of ragi and jola in Shimoga and sowing in Channagiri Taluk and transplanting of paddy in Sagar, Nagar and Tirthahalli Taluks; are reported to be in progress.

Standing crops.—Paddy and sugar cane in all the taluks and dry crops in Channagiri and Honnali Taluks; are reported to be in good condition. In parts of the Channagiri and Honnali Taluks; catter pillars (kambali hula) are reported to be attacking the dry crops. Kole roga prevails in parts of Sagar and Tirthahalli Taluks.

10. Prospects of season are good. Food stuffs are available.

11. Public health is generally good except for plague in parts of Shimoga, Shikarpur and Sorab Taluks; and for small-pox and ague in parts of the Sagar Taluk.

12. Fodder and water are available. Cattle are generally healthy, except for throat disease in parts of the Channagiri Taluk, and "Foot and mouth disease" in parts of the Shikarpur Taluk and rinder pest in one village of the Sagar Taluk and in parts of the Honnali Taluk.

KADUR.

8. Market is well supplied.

9. *Agricultural operations.*—Weeding in fields is going on in Kadur Taluk.

Crops sown.—Dodragi and paddy in Chikmagalur; ragi, avare and cotton in Tarikere. Transplanting of paddy is going on in Chikmagalur, Koppa and Mudgere Taluks and in Yedahalli and Sringeri Sub-Taluks.

Standing crops.—Chikmagalur—Dodragi, gidragi, paddy, gingelly, coriander and jola; Kadur—Ragi, jola, paddy, avare, samé, navane, togari, black gram, green gram, gingelly, chillies and castor; Tarikere—Jola, avare, ragi, kulthi, togari, navane, samé, paddy, castor, green gram, black gram, hutchellu, coffee and areca; Koppa—Paddy, sugar cane, areca, coffee and cardamum; Mudgere—Paddy and sugar cane; Yedahalli—Sugar cane and areca; Sringeri—Paddy, areca and sugar cane. All these crops are reported to be in a fair condition but coriander in parts of Chikmagalur, jola and gingelly in parts of Kadur are reported to have been affected by insects. Areca is affected by kole roga in Koppa Taluk.

Crops harvested.—Nil.

10. Prospects of the season are fair, though there has not been enough rain in the maidan parts to fill tanks. Crops are in fair condition generally and there is a sufficient stock of food grains.

11. Except for small-pox in parts of Chikmagalur Taluk and in parts of Yedahalli, plague in parts of Kadur and Tarikere Taluks and cholera in Muthinkoppa of Yedahalli Sub-Taluk, public health is generally good.

12. Cattle are healthy. Water and fodder are generally available.

CHITALDRUG.

8. Market is well supplied.

9. *Standing crops.*—Sugar cane, paddy, ragi, navane, sajje, haraka, castor, til, jola, dal, beans, chillies and salbhatta are reported to be in good condition. Except in the taluk of Molakalmuru where it is reported that such of the crops as are dependent on rain are withering for want of rains.

Crops harvested.—Nil.

Seeds sown.—Cotton in the taluks of Chitaldrug and Challakere and the Harihar Sub-Taluk; navane in the Chitaldrug, Challakere, Hiriyur and Hosdurga Taluks; and in the Harihar Sub-Taluk; ragi in the Jagalur and Hosdurga Taluks and the Harihar Sub-Taluk; samé in the Challakere and Hosdurga Taluks; sajje in the Challakere, Hiriyur and Jagalur Taluks; groundnut in the Challakere Taluk and the Harihar Sub-Taluk; horse gram in the Challakere and Hosdurga Taluks; natragi and chillies in the Challakere Taluk in lands under kapile wells; chillies in some parts of the Hosdurga Taluk; beans, black and green grams and lentil in the Hiriyur Taluk; jola, dal and castor in the Jagalur Taluk and Broach cotton in the Harihar Sub-Taluk.

10. Prospects of the season are fair. Food stocks are available.

11. Public health is generally good, except for the prevalence of plague in Davangere Town.

12. Cattle are generally healthy. Water and fodder are available to a limited extent.

REVENUE COMMISSIONER'S OFFICE,

DISTRICT REPORTS.

8. Markets how supplied.
9. Progress of agricultural operations, state of standing crops, prospects and probable outturn of harvests, serious damage done to crops by insects or other natural calamities.
10. Prospects of season, tracts in which the rainfall has been insufficient, areas affected by scarcity, number of people under relief, and state of food stocks.
11. Public health.
12. Remarks as to the condition of agricultural stock; failure of pasturage, of fodder, etc.

BANGALORE CIVIL AND MILITARY STATION.

	Average for the past five years of the corresponding week.	*Current.*	
Prices of food grains—Boiled rice (2nd sort)	7·30	6·90	Quantity per rupee by the standard seer of 80 tolas.
Ragi ...	13·71	11·34	
Rangoon rice (2nd sort) ...		7·47	

Agricultural operations.—Ragi, avare and cholum are being sown.

Cattle are in good condition. Water and fodder are sufficient. The price of fodder has risen high.

BANGALORE CITY AND TALUKS.

8. Market is well supplied.

9. *Progress of agricultural operations.*—Sowing of horse gram in parts of Dodballapur, of paddy in parts of Nelamangala, of ragi, avare, togari and horse gram in parts of Magadi, transplanting of ragi in parts of Channapatna is reported during the week. Ploughing is reported in parts of Anekal and Devanhalli Taluks. Harrowing and weeding operations are going on in parts of Hoskote, Dodballapur, Magadi, Channapatna, Anekal and Devanhalli Taluks.

State of standing crops.—Punaji paddy, ragi, avare, togari, sugar cane, castor and gingelly are reported to be in a good condition. But paddy in parts of Hoskote and paddy and sugar cane in parts of Anekal Taluks are reported to be in need of more rains.

Outturn and harvest.—In Kankanhalli the yield is estimated at 8 to 12 annas.

Damages to crops.—Nil.

10. The prospect of the season is fair. The condition of the standing crops has greatly improved owing to the general rainfall during the week. Food stocks are available. Labour is available to the cooly classes.

11. Except for plague in Hoskote and Kadgodi, public health is generally good.

12. Cattle are healthy, but their condition is not satisfactory. Green grass is sprouting up all over and in a week or two the fodder difficulty will be greatly relieved. Water is available. Some of the forests, plantations and kavals in the district have been thrown open for free grazing. Takavi loans are also granted wherever required for purchasing fodder.

KOLAR.

8. Market is well supplied.

9. *Agricultural operations.*—Sowing of dry crops is carried on in all the taluks.

Crops sown.—Ragi, avare and togari in almost all the taluks and punaji paddy in Kolar and Mulbagal Taluks and Gudibanda Sub-Taluk.

Crops harvested and their probable outturn.—Thuragi in Mulbagal Taluk, yield 8 to 12 annas.

Standing crops.—Ragi, avare, togari and sugar cane are fair.

10. Prospects of the season have become a little encouraging on account of the rains of the last week. More rain is required, however, in all the taluks. Prices of food stuffs continue to be high. Labour is available to the cooly classes.

11. Except for a few cases of plague in Sidlaghatta Town, public health is generally good.

12. But for a few cases of "Nerdi roga" in parts of Kolar Taluk, cattle are healthy. Fodder is getting scarce, but green grass is available in limited quantities.

TUMKUR.

8. Market is well supplied.

9. *Crops sown.*—Ragi, avare and togari in parts of Tumkur, Maddagiri, Chiknayakanhalli, Tiptur and Kunigal Taluks and Koratagere and Turuvekere Sub-Taluks; paddy in parts of Tumkur and Kunigal Taluks; groundnuts in parts of Maddagiri and Pavagada Taluks; navane and samê in parts of Maddagiri and Pavagada Taluks; castor in parts of Chiknayakanhalli Taluk and Koratagere Sub-Taluk; horse gram in parts of Tumkur Taluk and ragi in parts of Sira Taluk.

Crops harvested.—Paddy and sugar cane in parts of Tumkur, Gubbi and Kunigal Taluks; and ragi in parts of Maddagiri and Pavagada Taluks.

Standing crops.—Paddy, ragi, avare, togari, sugar cane, groundnuts, jola, castor, gingelly, haraka, samé and navane in parts of the district are reported to be in fair condition.

Agricultural operations.—Sowing and weeding operations are in progress in parts of the district.

10. Prospects of the season are fair. Food stuffs are available. More rain is urgently wanted in parts of Sira and Pavagada Taluks.

11. Except for plague at Tiptur town and Bidare village in the Gubbi Taluk, and for cholera at Nirakallu in the Maddagiri Taluk, public health is reported to be generally good.

12. Except for "Chappe roga" in a few villages of the Pavagada Taluk, cattle are reported to be generally healthy. Water and fodder are available, except in parts of Maddagiri, Pavagada and Sira Taluks where fodder is said to be insufficient.

MYSORE.

8. Market is fairly well supplied.

9. *Crops sown.*—Ragi in parts of the Mysore and Nagamangala Taluks; avare in parts of the Mysore Taluk and horse gram in parts of the Hunsur and Seringapatam Taluks. Paddy crops are being transplanted in the taluks of Seringapatam and Yedatore Taluks.

Standing crops.—Ragi, jola, avare, togari, til, castor, groundnut, paddy, sugar cane, navane, horse gram and cotton are reported to be in fair condition and they are in need of rain in the taluks of Mysore, Chamrajnagar, Gundlupet, Krishnarajpete and Nagamangala.

Crops harvested.—Til and jola in parts of the Chamrajnagar and Malvalli Taluks.

10. Prospects of the season are generally fair. Food stuffs are available.

11. Public health is generally good, except for plague in parts of the Mysore and Yedatore Taluks.

12. Cattle are reported to be healthy. Water and fodder are generally available, except in the taluks of Chamrajnagar, Krishnarajpete and Nagamangala and French Rocks Sub-Taluk, where fodder scarcity still exists. Scarcity of water is to a certain extent felt in parts of the taluks of Chamrajnagar and Krishnarajpete.

HASSAN.

8. Market is well supplied.

9. *Standing crops.*—Ragi, paddy, togari, etc., in the Hassan Taluk; barawadi paddy in the Manjarabad Taluk; paddy, ragi, avare, til, castor, jolum, tadagani, black and green grams and chillies in the Arkalgud Taluk; sugar cane, ragi, paddy, etc., in the Belur Taluk; ragi, paddy, sugar cane, avare, togari, castor, til, cholum and chillies in Channarayapatna Taluk; castor, ragi, cholum, chillies, haraka, togari, til and sugar cane in Arsikere Taluk; ragi, togari, til, castor, avare and cholum in Hole-Narsipur Taluk; and paddy, ragi and sugar cane in the Alur Sub-Taluk, are reported to be in fair condition.

Crops sown.—Kulthi and black gram in Hassan Taluk; paddy, ragi and sugar cane in Channarayapatna Taluk are being sown. Paddy in Manjarabad, Belur and Channarayapatna Taluks, and ragi in Arsikere Taluk, are being transplanted.

Crops harvested.—Til in Arkalgud Taluk and kar paddy and sugar cane in Channarayapatna Taluk are being harvested.

10. Prospects of the season are generally good. More rain is eagerly expected in parts of Arsikere Taluk.

11. Public health is generally good, except for small-pox in parts of Manjarabad Taluk; and fever and small-pox in parts of Arkalgud Taluk.

12. Cattle are generally healthy. Water and fodder are generally available. The Amildar of Manjarabad Taluk reports that the disease "Metrikattu" is prevailing among cattle in parts of Hanbalu hobli and that the Assistant Veterinary Inspector, Hassan, has been addressed in the matter. The Assistant Veterinary Inspector has been directed to proceed to Manjarabad Taluk for doing the needful.

SHIMOGA.

8. Market is well supplied.

9. *Agricultural operations.*—Sowing of ragi in Shimoga and sowing in Channagiri Taluk and transplanting of paddy in Sagar, Nagar and Tirthahalli Taluks are still going on.

Standing crops.—Paddy and sugar cane in all the taluks and dry crops in Channagiri and Honnali Taluks are reported to be in good condition. The "Kambali hula" pest continues to affect dry crops in parts of the Honnali Taluk. Kole roga prevails in parts of the Sagar and Tirthahalli Taluks.

10. Prospects of the season are good. Food stuffs are available.

11. Public health is generally good except for plague in parts of Shimoga and Sorab Taluks; and for small-pox and ague in parts of the Sagar Taluk.

12. Fodder and water are available. Cattle are generally healthy, except for Rinderpest in parts of the Sorab Taluk, and in one village of the Sagar Taluk.

KADUR.

8. Market is well supplied.

9. *Agricultural operations.*—Lands are being prepared to sow kulthi in maidan parts of Chikmagalur Taluk and kulthi, Bengal gram, paddy and coriander in Tarikere Taluk.

Crops sown.—Ragi, avare, kuresani and cotton in Tarikere Taluk and transplanting of paddy is going on in Chikmagalur, Koppa and Mudgere Taluks and in Yedahalli Sub-Taluk.

Standing crops.—Paddy, coffee, garlic, sugar cane, coriander, black gram and tadagani in Chikmagalur Taluk; ragi, jola, paddy, avare, samé, navane, togari, black gram, green gram, gingelly and chillies in Kadur Taluk; sugar cane, paddy, ragi, navane, samé, jola, avare, castor, black gram, togari, green gram, coffee and areca in Tarikere Taluk; paddy, sugar cane, areca, coffee and cardamum in Koppa Taluk; paddy and sugar cane in Mudgere Taluk; areca and sugar cane in Yedahalli Sub-Taluk are in good condition. But jola and gingelly are reported to have been attacked by insects (Kambalihula) in Yagati hobli of the Kadur Taluk and areca by kole roga in parts of Koppa Taluk.

Crops harvested.—Nil.

10. Prospects of the season are good. Supply of food stuffs is sufficient.

11. Malarial fever is reported to prevail in a few villages of the malnad parts of the Chikmagalur Taluk and plague in parts of Kadur and Tarikere Taluks. Cholera prevails in Muthinkoppa village of the Yedahalli Sub-Taluk and small-pox in Yedahalli Town. Public health is generally good in other parts.

12. Cattle are healthy. In one village of Khandya hobli of Chikmagalur Taluk "Foot and mouth disease" is said to prevail. Water and fodder are generally available.

CHITALDRUG.

8. Market is well supplied.

9. *Standing crops.*—Paddy, sugar cane, ragi, jola, beans, dal, sajje, same, black gram, horse gram, til, castor, haraka, chillies and lentil are reported to be in good condition.

Crops harvested.—Gidragi in the Challakere Taluk, yied 8 annas.

Seeds sown.—Paddy in the Hiriyur Taluk, cotton in the Chitaldrug, Holalkere and Hosdurga Taluks and Harihar Sub-Taluk; horse gram in the Challakere, Holalkere and Hosdurga Taluks; haraka in the Holalkere Taluk; ragi in the Jagalur and Hosdurga Taluks; jola and other dry crops in the Jagalur Taluk; chillies in the Hosdurga Taluk and sanna hathi in the Harihar Sub-Taluk; navane in the Chitaldrug, Challakere and Hosdurga Taluks and Harihar Sub-Taluk.

10. Prospects of the season are fair. Food stocks are available.

11. Public health is generally good, except for the prevalance of plague in the town of Davangere.

12. Cattle are generally healthy. Water and fodder are available.

REVENUE COMMISSIONER'S OFFICE,
Dated Bangalore, 26th August 1914.

K. DORASWAMI IYER,
Revenue Commissioner.

Statement showing the prices-current (retail) of rice (2nd sort), ragi and horse gram at the several taluk headquarters for the week ending Saturday the 22nd August 1914.

REVENUE COMMISSIONER'S OFFICE,
Dated Bangalore, 26th August 1914.

K. DORASWAMI IYER,
Revenue Commissioner.

DEPARTMENTS OF EDUCATION AND AGRICULTURE.

Proceedings of the Government of His Highness the Maharaja of Mysore.

READ—

Official Memorandum No. G. 1-54—G. M. 55-12-208, dated 14th June 1913, laying down among other things instructions for the formation and work of Taluk and Town Progress Committees.

2. Letter No. 217, dated 20th July 1914, from the Secretary, Mysore Economic Conference, stating that the leading residents of the Yedatore Taluk are reported to have expressed a desire to form a Progress Committee for the improvement of the economic conditions of that taluk and to have collected a sum of Rs. 109 by voluntary subscriptions, and requesting the sanction of Government for the formation of the said Committee and for making a grant of Rs. 100 in accordance with paragraph 24 of the memorandum read above.

No. G. 1934-7—G. M. 91-14, DATED BANGALORE, 22ND AUGUST 1914.

ORDER THEREON.—Government are pleased to approve of the formation of a Progress Committee for the Yedatore Taluk with the gentlemen mentioned in the margin as members and the Amildar of the Taluk as Chairman thereof and to sanction the grant of a contribution of Rs. 100 to the Committee from State Funds.

Progress Committee, Yedatore Taluk.

Amildar to be *Ex-officio* Chairman.

Members.

1. Mr. H. Venkatachala Iyengar.
2. ,, T. Subba Rao.
3. ,, S. Boregowda.
4. ,, Y. Badni Rangasetti.
5. ,, S. Sangappa.
6. ,, Devoji Rao.

2. The Secretary to the Economic Conference is requested to draw the attention of the Committee to the instructions contained in paragraphs 26 and 27 of the Official Memorandum of the 14th June 1913, regarding the work expected of it.

C. S. BALASUNDARAM IYER,
Secretary to Government.

To—The Secretary, Mysore Economic Conference (returning the vernacular correspondence).
The Comptroller, Mysore Government.
The Deputy Commissioner, Mysore District.

Proceedings of the Government of His Highness the Maharaja of Mysore.

READ—

Official Memorandum No. G. 1-54—G. M. 55-12-208, dated 14th June 1913, laying down among other things instructions for the formation and work of Taluk and Town Progress Committees.

(2) Letter No. 219, dated 20th July 1914, from the Secretary, Mysore Economic Conference, stating that the leading residents of the Nagamangala Taluk are reported to have expressed a desire to form a Progress Committee for the improvement of the economic conditions of that taluk and to have collected a sum of Rs. 132 by voluntary subscriptions, and requesting the sanction of Government for the formation of the said Committee and for making a grant of Rs. 100 in accordance with paragraph 24 of the memorandum read above.

No. G. 1938-41—G. M. 91-14, DATED BANGALORE, 22ND AUGUST 1914.

ORDER THEREON.—Government are pleased to approve of the formation of a Progress Committee for the Nagamangala Taluk with the gentlemen mentioned in the margin as members and the Amildar of the Taluk as Chairman thereof and to sanction the grant of a contribution of Rs. 100 to the Committee from State Funds.

NOTE.—Rice (husked)—Oryza Sativa. Ragi—Eleusine Corocana. Kulthi—(Horse gram) Dolichos Biflorus. Cholum—Sorghum Vulgare. Kadale—(Bengal gram) Ciser Arietinum.

DISTRICT REPORTS.

8. Markets how supplied.
9. Progress of agricultural operations, state of standing crops, prospects and probable outturn of harvests, serious damage done to crops by insects or other natural calamities.
10. Prospects of season, tracts in which the rainfall has been insufficient, areas affected by scarcity, number of people under relief, and state of food stocks.
11. Public health.
12. Remarks as to the condition of agricultural stock; failure of pasturage, of fodder, etc.

BANGALORE CIVIL AND MILITARY STATION.

		Average for the past five years of the corresponding week.	*Current.*	
Prices of food grains—	Boiled rice (2nd sort)	7·30	6·90	Quantity per rupee by the standard seer of 80 tolas.
	Ragi ...	13·76	11·34	
	Rangoon rice (2nd sort) ...		7·47	

Agricultural operations.—Weeding in ragi fields.

Cattle are in good condition. Water and fodder are sufficient.

BANGALORE CITY AND TALUKS.

8. Market is well supplied.

9. *Progress of agricultural operations.*—Sowing of ragi in parts of Hoskote and of horse gram in parts of Bangalore; korthi paddy in parts of Nelamangala, of ragi, haraka and horse gram in parts of Magadi, Anekal and Devanhalli Taluks are reported during the week.

Ploughing is reported to be still in progress in certain parts of Dodballapur, Anekal and Devanhalli Taluks.

Harrowing and weeding operations are reported to be going on in parts of the district.

State of standing crops.—Ragi, avare, togari, jola, castor, punaji paddy and sugar cane are reported to be in a fair condition. But in parts of Hoskote, Dodballapur, Channapatna and Anekal Taluks, they are reported to be in need of rains.

Outturn and harvest.—Gingelly in Magadi Taluk—6 annas.

Damages to crops.—Nil.

10. The prospect of the season is fair. The Amildars of Hoskote, Dodballapur, Channapatna and Anekal Taluks report that rains are needed. Food stocks are available. Labour is available to the cooly classes.

11. Except for small-pox in Begur, Parapana Agrahar and Settipalya of Bangalore, plague in Kadugodi of Hoskote and Vanakanahalli of Anekal Taluk, public health is generally good.

12. Cattle are healthy and their condition is improving. Neradi roga is reported among cattle in Nelamangala Taluk. Fodder is available to a certain extent. But some difficulty is still being experienced on that account in Hoskote and Closepet Taluks. Takavi loans are being granted wherever required for purchasing fodder.

KOLAR.

8. Market is well supplied.

9. *Agricultural operations.*—Raiyats are engaged in sowing horse gram in almost all the taluks.

Crops sown.—Ragi, avare and togari in Malur and Srinivaspur Taluks; punaji paddy in Kolar, Chintamani and Sidlaghatta Taluks and Gudibanda Sub-Taluk and horse gram in Chintamani, Sidlaghatta, Chikballapur, Bagepalli and Goribidnur Taluks.

Crops harvested and their probable outturn.—Nil.

Standing crops.—Ragi, avare, togari and sugar cane are fair.

10. Prospects of the season are only fair, as rain is again holding off. Prices of food stuffs continue to be high. Labour is available to the cooly classes.

11. Except for a few cases of plague in Sidlaghatta town and for cholera in Bowringpet Taluk, public health is generally good.

12. Cattle are healthy. Pasture is available, but green leaves are still being used for cattle in Goribidnur and Srinivaspur Taluks, in lieu of fodder. In Kasaba and Holur hoblis of the Kolar Taluk, it is reported that some cattle are dying from eating a surfeit of young grass.

TUMKUR.

8. Market is well supplied.

9. *Crops sown.*—Horse gram in parts of Tumkur, Chiknayakanhalli, Sira, Pavagada and Kunigal Taluks and Koratagere Sub-Taluk; ragi in parts of Maddagiri, Chiknayakanhalli, Sira and Kunigal Taluks, and Koratagere and Turuvekere Sub-Taluks; samè in parts of Tumkur, Chiknayakanhalli, Gubbi and Pavagada Taluks and Koratagere Sub-Taluk; groundnuts in parts of Maddagiri, Gubbi and Pavagada Taluks; paddy in parts of Kunigal Taluk; haraka and navane in parts of Gubbi Taluk.

Crops harvested.—Paddy and sugar cane in parts of Tumkur, Gubbi and Kunigal Taluks; yield 6 annas. Til in parts of Chiknayakanhalli Taluk and Turuvekere Sub-Taluk; yield 8 annas. Sosiragi in parts of Maddagiri, Sira and Pavagada Taluks, yield from 4 to 8 annas; and black and green grams in parts of Chiknayakanhalli Taluk; yield 4 annas.

Conditions of standing crops.—Paddy, ragi, avare, togari, sugar cane, groundnuts, jola, navane, castor, samé, til, black and green grams are reported to be in fair condition.

Agricultural operations.—Sowing and weeding operations are in progress in parts of the district.

10. Prospects of the season are fair. Food stuffs are available. Rain is wanted in Tumkur, Maddagiri, Sira and Pavagada Taluks.

11. Except for plague in Chelur village in Gubbi Taluk, and cholera at Nirakal village in Maddagiri Taluk, public health is reported to be good.

12. Except for "Chappe roga and Dodda roga" in a few villages of the Pavagada Taluk, cattle are reported to be generally healthy. Water and fodder are available, except in parts of Maddagiri, Pavagada and Sira Taluks, where fodder is said to be insufficient.

MYSORE.

8. Market is fairly well supplied.

9. *Crops sown.*—Ragi in parts of the Mandya and Nagamangala Taluks and horse gram in parts of the Hunsur and Nagamangala Taluks. Paddy is being transplanted in parts of the Yedatore and Seringapatam Taluks.

Standing crops.—Ragi, jola, horse gram, avare, togari, til, groundnut, sugar cane, paddy, navane, samé, haraka, castor and cotton are reported to be in fair condition and they are in need of rain in the taluks of Mysore, Seringapatam, Hunsur, Yedatore, Gundlupet, Mandya, Krishnarajpete and Nagamangala.

Crops harvested.—Til in parts of T.-Narsipur, Gundlupet and Malvalli Taluks with an yield of 2 to 8 annas, and jola in parts of the T.-Narsipur Taluk with an yield of 4 to 8 annas.

The catter-pillar pest is reported to prevail in the Somanahalli hobli of the Krishnarajpete Taluk.

10. Prospects of season are generally fair. Food stuffs are available.

11. Public health is generally good, except for stray cases of plague in parts of the Mysore, Yedatore and Nanjangud Taluks. An imported case of plague is reported to have occurred at Ganjam in the Seringapatam Taluk.

12. Except for "Foot and mouth" disease in parts of the Krishnarajpete Taluk, cattle are reported to be healthy. Water and fodder are generally available in fair quantities, except in parts of the Krishnarajpete Taluk, cattle are reported to be healthy. Water and fodder are generally available in fair quantities except in parts of the Krishnarajpete Taluk and French Rocks Sub-Taluk, where fodder scarcity is still felt. The cattle taken out of the Nagamangala Taluk for want of pasturage there, are still kept in tracts to which they were taken for grazing.

HASSAN.

8. Market is well supplied.

9. *Standing crops.*—Ragi, paddy, togari, etc., in the Hassan Taluk; barawadi paddy in the Manjarabad Taluk; paddy, ragi, avare, til, castor, cholum, tadagani, kulthi and chillies in the Arkalgud Taluk; ragi, paddy, sugar cane, avare, togari, haraka, samè, cholum, kulthi, hutchellu and chillies in the Channarayapatna Taluk; ragi, castor, chillies, groundnuts, avare and coriander in the Arsikere Taluk; ragi, togari, til, castor, avare cholum, etc., in the Hole-Narsipur Taluk; paddy, ragi and sugar cane in the Alur Sub-Taluk, are reported to be in fair condition.

Crops sown.—Black gram and kulthi in the Hassan Taluk; hutchellu and kulthi in the Channarayapatna Taluk; kulthi in the Arsikere Taluk, are being sown; paddy in parts of Manjarabad Taluk; and ragi in Arsikere Taluk are being transplanted.

Crops harvested.—Til in the Arkalgud Taluk; sugar cane, kar paddy and til in the Channarayapatna Taluk are being harvested.

10. Prospects of the season are generally good.

11. Public health is generally good, except for small-pox in parts of Belur and Manjarabad Taluks.

12. Cattle are generally healthy. Water and fodder are generally available. It is reported by the Amildar of the Belur Taluk that disease called "Metrikattu" is prevailing in parts of Arehalli hobli, Belur Taluk. The Assistant Veterinary Inspector has been directed to issue written instructions in the matter for the needful being done.

SHIMOGA.

8. Market is well supplied.

9. *Agricultural operations.*—Ragi in the Shimoga Taluk, and cotton, navane, samé and horse gram in the Honnali Taluk are being sown. Sowing is in progress in the Channagiri Taluk also. Transplanting of paddy still continues in Sagar, Nagar and Tirthahalli Taluks.

Standing crops.—Paddy and sugar cane throughout the district, dry crops in the Channagiri and Honnali Taluks and sesamum in the Shimoga Taluk are reported to be in good condition. Kole roga prevails in parts of Sorab, Sagar and Tirthahalli Taluks.

Crops harvested.—Nil.

10. Prospects of the season are good. Food stuffs are available.

11. Public health is generally good, except for plague in parts of Shimoga and Sorab Taluks; and for small-pox and ague in parts of the Sagar Taluk. Two cases of cholera are reported to have been imported into the Tirthahalli Taluk by pilgrims who returned from Tirupati.

12. Fodder and water are available. Cattle are generally healthy, except for rinderpest in parts of the Sorab Taluk, and in one village of the Sagar Taluk and for throat disease in parts of the Tirthahalli Taluk.

KADUR.

8. Market is well supplied.

9. *Agricultural operations.*—Lands are being prepared for sowing kulthi in maidan parts of Chikmagalur and in parts of Kadur, also lands are being prepared for sowing purposes. Weeding in fields is going on in Chikmagalur and Kadur Taluks.

Crops sown.—Ragi and kulthi are being sown in Tarikere Taluk and ragi in Mudgere Taluk. Transplanting of paddy is going on in parts of Chikmagalur, Koppa and Mudgere Taluks and in Yedahalli Sub-Taluk.

Standing crops.—Chikmagalur—Paddy, coffee, ragi, garlic, sugar cane, coriander, black gram, tadagani and gidda ragi; Kadur—ragi, jola, paddy, avare, samé, navane, togari, black gram, green gram, gingelly, chillies and castor; Tarikere—paddy, ragi, avare, togari, sugar cane, black gram, jola, areca and coffee; Koppa—paddy, sugar cane, areca, cardamom and coffee; Mudgere—paddy and sugar cane; Yedahalli—areca, sugar cane and coffee; Sringeri—paddy and areca. All these crops are reported to be in a good condition. But gingelly and jola crops are reported to have been affected by Kambli insects in parts of Kadur Taluk and areca by Kole roga in Koppa Taluk, and also in parts of Sringeri.

Crops harvested.—Areca is being harvested in parts of Tarikere Taluk.

10. Prospects of the season are good. Sufficient rains have fallen. Crops are in good condition. Tanks are full in Tarikere. Markets are well supplied, but the prices of food stuffs show tendency to rise.

11. Except for Malarial fever in parts of Chikmagalur Taluk, plague in parts of Kadur and Tarikere Taluks and small-pox in parts of Koppa Taluk and Yedahalli Sub-Taluk, public health is generally good.

12. Cattle are healthy, but in some villages of Chikmagalur Taluk Foot and mouth disease is reported to be prevailing. Water and fodder are generally available.

CHITALDRUG.

8. Market well supplied.

9. *Agriculture operations.*—Harrowing and weeding operations are going on in parts of Hiriyur, Molakalmuru and Davangere Taluks.

Standing crops.—Crops such as sugar cane, paddy, ragi, cholum, avare, navane, haraka, til, castor, black gram and chillies are reported to be in good condition.

Crops harvested.—Nil.

Seeds sown.—Cotton in the Taluks of Chitaldrug, Hiriyur and Harihar Sub-Taluk; navane in the Chitaldrug, Challakere Taluks and Harihar Sub-Taluk. Sannahatti (cotton) in the Challakere Taluk and Harihar Sub-Taluk; and paddy in Hiriyur Taluk.

10. Prospects of the season are good and food stocks available.

11. Public health is good, except for the prevalence of plague in the town of Davangere.

12. Cattle is generally healthy and water and fodder are available.

REVENUE COMMISSIONER'S OFFICE,
Dated Bangalore, 2nd September 1914.

DISTRICT REPORTS.

8. Markets how supplied.
9. Progress of agricultural operations, state of standing crops, prospects and probable outturn of harvests, serious damage done to crops by insects or other natural calamities.
10. Prospects of season, tracts in which the rainfall has been insufficient, areas affected by scarcity, number of people under relief, and state of food stocks.
11. Public health.
12. Remarks as to the condition of agricultural stock; failure of pasturage, of fodder, etc.

BANGALORE CIVIL AND MILITARY STATION.

	Average for the past five years of the corresponding week.	*Current.*	
Prices of food grains—Boiled rice (2nd sort)	7·30	6·90	Quantity per rupee by the standard seer of 80 tolas.
Ragi ...	13·50	11·34	
Rangoon rice (2nd sort) ...		7·47	

Agricultural operations.—Weeding in ragi fields.

Standing crops.—More rain is needed.

Cattle are in good condition. Water and fodder are sufficient.

BANGALORE CITY AND TALUKS.

8. Market is well supplied.

9. *Agricultural operations.*—Sowing of ragi, avare and horse gram in parts of Bangalore; of paddy in parts of Nelamangala and Channapatna Taluks and of horse gram in parts of Kankanhalli, Magadi, Dodballapur, Anekal and Devanhalli Taluks is reported during the week.

Harrowing and weeding operations are going on in some parts of the district.

Ploughing is reported to be still in progress in some parts of Anekal and Devanhalli Taluks.

Standing crops.—The outstanding crops such as ragi, avare, togari, punaji paddy, sugar cane, etc., are in a fair condition.

Outturn of harvested crops.—

Bangalore—Potatoes.
Hoskote—Potatoes, 2 to 8 annas.
Kankanhalli—Gingelly, 4 annas.

Damages to crops.—Nil.

10. The prospects of the season are fair. The Amildars of Hoskote, Dodballapur, Channapatna and Anekal Taluks report that rains are wanted. Food stocks are available. Labour is available to the cooly classes.

11. Except for plague in Hoskote, Chik Togur and Panatur villages of Bangalore Taluk, public health is generally good.

12. Except for Neradi roga among cattle in parts of Bangalore and Nelamangala Taluks, cattle are healthy and their condition is improving as green grass is coming up. The Amildars of Devanhalli and Hoskote Taluks report that fodder difficulty is felt in some parts and that reports have been received stating that a few cattle died and that Takavi advances are being granted.

KOLAR.

8. Market is well supplied.

9. *Agricultural operations.*—Raiyats are engaged in sowing horse gram in all the taluks.

Crops sown.—Paddy in Bowringpet, Chintamani and Sidlaghatta Taluks and Gudibanda Sub-Taluk; ragi, avare, togari in Bowringpet Taluk.

Crops harvested and their yield.—Togari in Bowringpet, Chintamani, Goribidnur Taluks, yield 8 annas; til in Malur Taluk, yield 4 annas.

Standing crops.—Ragi, avare, togari and sugar cane are fair in all the taluks, except in Bowringpet and Goribidnur Taluks, where they are reported to be withering for want of rain.

10. As rain is again holding off, prospects of the season are not encouraging. Rain is urgently required in all the taluks. Prices of food stuffs continue to be high. Labour is available to the cooly classes.

11. Except for a few cases of plague in Sidlaghatta town and for cholera in Srinivaspur Taluk, public health is generally good.

12. Cattle are healthy. Pasture is available in limited quantities.

TUMKUR.

8. Market is well supplied.

9. *Crops sown.*—Ragi, avare and togari in parts of Chiknayakanhalli and Kunigal Taluks; horse gram in parts of Tumkur, Chiknayakanhalli, Sira, Gubbi, Pavagada and Kunigal Taluks and Koratagere and Turuvekere Sub-Taluks; paddy in parts of Kunigal Taluk and Turuvekere Sub-Taluk; gingelly in parts of Chiknayakanhalli and Gubbi Taluks; groundnut in parts of Maddagiri Taluk; ragi in parts of Maddagiri Taluk and navane in parts of Koratagere Sub-Taluk.

Crops harvested.—Nat ragi in parts Maddagiri, Sira and Pavagada Taluks; sugar cane in parts of Gubbi and Kunigal Taluks; til in parts of Chiknayakanhalli and Gubbi Taluks and Turuvekere Sub-Taluk; jola in parts of Sira Taluk; and black and green grams in parts of Chiknayakanhalli Taluk.

Standing crops.—Paddy, ragi, avare, togari, sugar cane, groundnut, jola, navane, castor, samé, til, black and green grams in parts of the district are reported to be generally in fair condition.

Agricultural operations.—Sowing and weeding operations are in progress in parts of the district.

10. Prospects of the season are fair. Food stuffs are available. Rain is wanted throughout the district.

11. Except for plague in Tiptur town and Bidare village in Gubbi Taluk, public health is reported to be good.

12. Except for "Chappe roga" in parts of Sira Taluk and for "Chappe roga" and "Dodda roga" in a few villages of Pavagada Taluk, the cattle are reported to be generally healthy. Water and fodder are available, except in parts of Maddagiri, Pavagada and Sira Taluks, where fodder is said to be insufficient.

MYSORE.

8. Market is fairly well supplied.

9. *Crops sown.*—Ragi in parts of Nagamangala Taluk, horse gram in parts of Hunsur, Heggaddevankote and Nagamangala Taluks. Transplantation of paddy is stil being carried on in parts of Seringapatam, Yedatore and Nanjangud Taluks.

Standing crops.—Paddy, sugar cane, jola, ragi, castor, til, avare, togari, navane, samé, haraka, groundnut, mulberry, cotton, green and block grams and horse gram are reported to be in fair condition and they are reported to be withering for want of rain in parts of Chamrajnagar, Mysore, Yedatore, and Gundlupet Taluks. In other taluks, they are reported to be in need of rain.

Crops harvested.—Til in parts of the taluks of Chamrajnagar, Gundlupet, T.-Narsipur, with an yield of 2 to 8 annas; jola in parts of Mysore, Chamrajnagar, Seringapatam, Gundlupet, T.-Narsipur and Malvalli Taluks with an yield of 2 to 8 annas and sugar cane in parts of Nagamangala Taluk with an yield of 8 annas.

10. Prospects of the season are fair. Food stuffs are available.

11. Except for plague in parts of Mysore, Seringapatam and Yedatore Taluks, public health is generally good.

12. Except for "Foot and mouth disease" in parts of Nanjangud Taluk, cattle are reported to be healthy. Fodder scarcity is reported to exist in parts of Chamrajnagar, Yedatore, Gundlupet, Krishnarajpete and T.-Narsipur Taluks, and water scarcity is felt in parts of Yedatore, Gundlupet and Krishnarajpete Taluks.

HASSAN.

8 Market is well supplied.

9. *Standing crops.*—Ragi, paddy, togari, avare, etc., in the Hassan Taluk; ragi, paddy, avare, togari, til, green gram, tadagani, kulthi and chillies in Arkalgud Taluk; ragi, paddy, sugar cane, etc., in Belur Taluk; ragi, paddy, sugar cane, avare, togari, haraka, jola, chillies and kulthi in Channarayapatna Taluk; ragi, castor, avare, togari, jola, til, groundnut, chillies and haraka in Arsikere Taluk; ragi, jola, togari, avare, etc., in Hole-Narsipur Taluk; paddy, ragi and sugar cane in Alur Sub-Taluk, and all crops in Manjarabad Taluk are in fair condition.

Crops sown.—Kulthi in Belur and Arsikere Taluk and Alur Sub-Taluk; kulthi and hutchellu in Channarayapatna Taluk are being sown.

Crops harvested.—Til in Arkalgud Taluk; til, kar paddy and sugar cane in Channarayapatna Taluk; and til in parts of Arsikere Taluk are being harvested.

10. Prospects of the season are generally good. Standing crops are generally in need of rain.

11. Public health is generally good, except for plague in two villages of the Hassan Taluk and for small-pox in parts of Belur Taluk. Cholera which made its appearance in a mild form in the Channarayapatna Town and in one adjoining village has subsided.

12 Cattle are generally good. Water and fodder are generally available. Cattle disease known as "Metrikattu" exists in parts of Belur Taluk and the Assistant Veterinary Inspector has been directed to issue written instructions to the Amildar in the matter of segregation and treatment of affected cattle.

SHIMOGA.

8. Market is well supplied.

9. *Agricultural operations.*—Ragi in Shimoga Taluk; horse gram, navane, and castor in Channagiri Taluk and cotton, navane, samé and horse gram in Honnali Taluk are being sown. Transplanting of paddy continues in Sagar and Nagar Taluks and it is nearing completion in Tirthahalli Taluk.

Standing crops.—Paddy and sugar cane in all the taluks and dry crops in Channagiri and Honnali Taluks are reported to be in good condition. "Kole roga" prevails in parts of Sagar and Tirthahalli Taluks.

Crops harvested.—Nil.

10. Prospects of the season are good. Food stuffs are available.

11. Public health is generally good, except for plague and cholera in parts of Shimoga Taluk and for plague in parts of Channagiri and Sorab Taluks and for ague and small-pox in parts of the Sagar Taluk.

12. Fodder and water are available. Cattle are generally healthy, except for "Rinderpest" in parts of the Sorab Taluk, and in one village in the Sagar Taluk and for "throat disease" in parts of the Tirthahalli Taluk, and for "Helava roga" in parts of Nagar Taluk.

KADUR.

8. Market is well supplied.

9. *Agricultural operations.*—Lands are being prepared for sowing kulthi in maidan parts of Chikmagalur Taluk. Weeding in fields is going on in parts of Kadur Taluk.

Crops sown.—Ragi, kulthi, samé are being sown in Tarikere Taluk. Transplanting of paddy is going on in Koppa and Mudgere Taluks and in Yedahalli Sub-Taluk. Ragi is transplanted in Mudgere Taluk.

Standing crops.—Chikmagalur—paddy, coffee, ragi, garlic, sugar cane, coriander, black gram and tadagani. Kadur—ragi, jola, paddy, avare, samé, navane, togari, black gram, green gram, gingelly, chillies and castor. Tarikere—ragi, jola, castor, avare, navane, togari, tadagani, green gram, cotton, sugar cane, paddy, and areca. Koppa—paddy, sugar cane, areca, coffee and cardamom. Mudgere—sugar cane, paddy, coffee and cardamom. Yedahalli—areca, coffee and sugar cane. Sringeri—paddy and areca. All these crops are reported to be in good condition, but gingelly and jola crops are reported to have been affected by Kambli insects in Pura and Garji villages of Kadur Taluk, and areca by Kolè roga in Koppa Taluk. It is reported that ragi crops have been damaged to some extent owing to excess of rain in parts of Tarikere Taluk.

Crops harvested.—Areca is being harvested in parts of Tarikere Taluk.

10. Prospects of the season are fair. Rainfall is sufficient; but in the maidan, seasonal rains are needed for harvesting a good crop. Prices of food stuffs still rule high.

11. Except for plague in some villages of Kadur and Tarikere Taluks and small-pox in parts of Koppa Taluk and Yedahalli Sub-Taluk, public health is generally good.

12. "Foot and mouth disease" is reported to be prevailing among cattle in some villages of Chikmagalur Taluk. Water and fodder are generally available throughout the district.

CHITALDRUG.

8. Market is well supplied.

9. *Agricultural operations.*—Harrowing and weeding operations are going on in parts of Chitaldrug, Davangere and Molakalmuru Taluks.

Standing crops.—Sugar cane, paddy, ragi, jola, togari, avare, cotton, castor, horse gram, chillies, gingelly, navane and samè are reported to be in good condition. In parts of Hiriyur, Molakalmuru and Hosdurga Taluks, the dry crops are reported to be withering for want of rain.

Crops harvested.—Nil.

Seeds sown.—Ragi and chillies in Challakere Taluk; paddy in Hiriyur Taluk under channel lands and cotton in Harihar Sub-Taluk.

10. Prospects of the season are good. Food stuffs are available.

11. Except for the prevalence of plague in Davangere Town, public health is good.

12. Cattle are generally healthy. In two or three villages of Davangere Taluk, cattle are said to be suffering from "throat disease." Water and fodder are available.

REVENUE COMMISSIONER'S OFFICE,

K. DORASWAMI IYER.

DEPARTMENTS OF EDUCATION AND AGRICULTURE.

Proceedings of the Government of His Highness the Maharaja of Mysore,

No. G. 1751-61—G. M. 152-14-1, DATED BANGALORE, THE 18TH AUGUST 1914.

ORDER.—The experience of the past three years has shown that, in order to attain the objects of the Economic Conference more fully, it is desirable to appoint a full time officer in each district to study and investigate local conditions and organize economic activities in the district. The work of the District Committees will in this way be brought into closer touch with the activities of the Central Committees. The proposal was considered at a meeting of Heads of Departments and Deputy Commissioners, held at Mysore in June last, and elicited a considerable amount of opinion in its favour. The Government of His Highness the Maharaja are therefore pleased to sanction, as a tentative measure, for a period of two years for the present, the appointment of eight officers, one for each district, to assist the Deputy Commissioners in stimulating and systematizing Conference work. These officers will be designated District Superintendents, A. E. & I. (*i.e.*, Agriculture, Education and Industries and Commerce).

2. The officers will work directly under the Deputy Commissioners of the districts, and will serve as their personal assistants for Economic Conference work. They will have no authority over the Amildars who will, however, be expected to co-operate with, and render them every assistance in the discharge of their duties. The District Superintendent will be an additional *ex-officio* member of the District Committee and his principal duties will include the following:—

(1) He should study the economic condition and needs of the district, collect information and correct statistics.

The compilation of correct statistics with the help of the departments concerned will be one of his principal duties during the current official year.

(2) He should attend meetings of the District Committee and help that Committee with information collected from various sources.

(3) He should keep close touch with the Secretaries of the Central Committees of the Economic Conference and the progress of Conference work generally in the whole State.

(4) He should explain the aims and objects of the Economic Conference and of the corresponding departments of Government to the people and help them to get a clear idea of their more important wants under Education, Agriculture and Industries and Trade, and in devising measures to meet such wants with the help of the Committees and the Departments concerned.

(5) He should travel in the district frequently, come into contact with all people likely to take an active part in the progress of education, agriculture, industries and trade, and organise developments in all these directions.

(6) He should endeavour to rouse the enthusiasm of the people, prepare them for the initiation of measures and schemes by the departments of Education, Agriculture and Industries and obtain the help of experts through the departments concerned, wherever the local people may want them.

(7) He should guide the work of Village Committees and Taluk Progress Committees on right lines by attending the Committee meetings whenever convenient and by suggestions in other ways.

3. Four of these Superintendents will be selected from among qualified non-official gentlemen and the other four from the list of Amildars. The pay of these officers will be fixed at Rs. 200 or Rs. 250 per mensem as the case may be. They will draw halting and mileage allowances at the following rates :—

Daily allowance Rs. 3.
Mileage annas 6.
Railway fare double second class.

An establishment consisting of one clerk on Rs. 25 and two peons on Rs. 8 and Rs. 7, respectively, will be allowed to each of them.

4. These officers will be required to visit the Bangalore City for a week once in two months, to meet the Secretary to the Conference and the Secretaries to the Central Committees and receive instructions from them as to the manner in which they should employ themselves most usefully in advancing the work of the Conference in their respective districts. At these meetings the experience of the different districts may be compared, local wants and difficulties may be brought to notice, the aims and work of the Central and District Committees in regard to each important subject made clear and suggestions discussed for the development of economic work. In this way both the local and central organizations will be able to work in complete harmony and with a full knowledge of the objects and correct methods to be followed.

5. From the date of this order, one of the two Secretaries appointed under the Government Order dated 29th August 1913, will cease to hold that office and the work of the District Committees will be attended to by one Secretary, official or non-official, as the Deputy Commissioner and President of the District Committee may determine. He will continue to draw the carriage allowance sanctioned in Government Order No. G. 1958-67—G. M. 55-12-237, dated 29th August 1913. It will, however be open to the District Committee to appoint, in addition, one or more persons, whether, official or non-official, who may be willing to undertake the duties of Secretary in an honorary capacity, to attend to the work of Sub-Committees or any specified portion of the work of the District Committee.

C. S. BALASUNDARAM IYER,
Secy. to Govt., Depts. of Education and Agriculture.

To—The Revenue Commissioner in Mysore.
The Secretary to the Economic Conference.
The Deputy Commissioners of Districts.
The Comptroller to Government.

DISTRICT REPORTS.

8. Markets how supplied.

9. Progress of agricultural operations, state of standing crops, prospects and probable outturn of harvests, serious damage done to crops by insects or other natural calamities.

10. Prospects of season, tracts in which the rainfall has been insufficient, areas affected by scarcity, number of people under relief, and state of food stocks.

11. Public health.

12. Remarks as to the condition of agricultural stock; failure of pasturage, of fodder, etc.

BANGALORE CIVIL AND MILITARY STATION.

		Average for the past five years of the corresponding week.	*Current.*	
Prices of food grains—	Boiled rice (2nd sort)	7·30	6·90	Quantity per rupee by the standard seer of 80 tolas.
	Ragi ...	13·35	11·34	
	Rangoon rice (2nd sort)		7·47	

Agricultural operations.—Weeding in ragi fields.

Standing crops.—More rain is needed.

Cattle are in good condition. Water and fodder are sufficient.

BANGALORE CITY AND TALUKS.

8. Market is well supplied.

9. *Agricultural operations.*—Horse gram is reported to be sown in parts of Bangalore, Kankanhalli, Magadi, Channapatna and Devanhalli Taluks and Closepet Sub-Taluk. In some parts of Nelamangala Taluk, paddy is sown. Harrowing and weeding operations are reported to be going on in certain parts of the district.

Standing crops.—Ragi, avare, togari, punaji paddy, sugar cane, castor, haraka and horse gram are in fair condition.

Harvest and outturn.—Nat ragi and potato crops are being harvested in parts of Hoskote Taluk.

Damages to crops.—Nil.

10. The prospects of the season is fair. The Amildars of Hoskote, Dodballapur, Magadi, Channapatna and Anekal Taluks report that the standing crops require rain. Food stocks are available. Labour is available to the cooly classes.

11. Except for plague in Chiktogur of Bangalore Taluk and in Kadgudi, Hoskote and Vanakanhalli of Anekal Taluk, public health is generally good.

12. Except for Neradi roga among cattle in some parts of Nelamangala and Bangalore Taluks, cattle are healthy. Water is available. Fodder also is available to a certain extent.

KOLAR.

8. Market is well supplied.

9. *Agricultural operations.*—Raiyats are engaged in removing weeds in ragi fields, in Sidlaghatta, Chikballapur and Goribidnur Taluk and Gudibanda Sub-Taluk.

Crops sown.—Horse gram in almost all the taluks and paddy in Bowringpet, Chintamani and Srinivaspur Taluks.

Crops harvested and their return.—Ragi in Mulbagal Taluk, yield 8 to 10 annas.

Standing crops.—Ragi, avare, togari and sugar cane are fair in Chintamani, Chikballapur, Bagepalli, Goribidnur and Srinivaspur Taluks and Gudibanda Sub-Taluk; and they are reported to be fading for want of rain in Kolar, Bowringpet, Sidlaghatta and Malur Taluks.

10. The prospects of the season have improved as far as dry crops are concerned, but tank-filling rains are required in all the taluks. Prices of food stuffs are high. Labour is available to the cooly classes.

11. Except for a few cases of plague in Sidlaghatta and Kolar Gold Fields and for cholera in parts of Bowringpet and Srinivaspur Taluks, public health is generally good.

12. Cattle are healthy. Pasture is available in limited quantities.

TUMKUR.

8. Market is well supplied.

9. *Crops sown.*—Horse gram in parts of Tumkur, Chiknayakanhalli, Gubbi, Pavagada and Kunigal Taluks and Koratagere and Turuvekere Sub-Taluks; paddy in parts of Tumkur and Kunigal Taluks and Koratagere Sub-Taluk; gingelly in parts of Gubbi Taluk; samé in parts of Kunigal Taluk; and navane in parts of Koratagere Sub-Taluk.

Crops harvested.—Paddy and sugar cane in parts of Tumkur and Gubbi Taluks; nat ragi in parts of Maddagiri, Sira Pavagada Taluks; til in parts of Chiknayakanhalli and Sira Taluks; jola in parts of Sira Taluk and Turuvekere Sub-Taluk; and green gram in parts of Chiknayakanhalli Taluk.

Standing crops.—Paddy, sugar cane, avare, ragi, togari, groundnuts, jola, navane, castor, samé, til, horse gram, black and green grams in parts of the district are reported to be generally in a fair condition.

Agricultural operations.—Sowing and weeding operations are in progress in parts of the district.

10. Prospects of the season are fair. Food stuffs are available. More rain is wanted in parts of Sira, Pavagada, Chiknayakanhalli and Tiptur Taluks.

11. Except for plague in Tiptur town and Bidare village in Gubbi Taluk, public health is good.

12. Except for "Dodda roga" in Palavalli village of the Pavagada Taluk, cattle are generally healthy. Water and fodder are available, except in parts of Maddagiri, Sira and Pavagada Taluks, where fodder is said to be insufficient.

MYSORE.

8. Market is fairly well supplied.

9. *Agricultural operations.*—Horse gram is being sown in parts of Seringapatam, and Heggaddevankote Taluks, and paddy is being transplanted in parts of the Chamrajnagar and Yedatore Taluks.

Standing crops.—Ragi, jola, til, avare, togari, paddy, castor, sugar cane, samé, haraka, groundnut, mulberry, horse gram and navane are reported to be in fair condition and they are reported to be withering in parts of Chamrajnagar, Yedatore, Heggadadevankote, Gundlupet, Malvalli and Krishnarajpete Taluks. In other taluks, they are reported to be in need of rain.

Crops harvested.—Jola in parts of Mysore, Chamrajnagar, Seringapatam, Gundlupet, Malvalli and T.-Narsipur Taluks with an yield of 2 to 8 annas; til in the taluks of Chamrajnagar, Gundlupet, and T.-Narsipur, yield 2 to 8 annas; sugar cane in Seringapatam and Nagamangala, yield 8 to 12 annas and kar-paddy in T.-Narsipur Taluk, yield 8 to 12 annas.

10. The prospects of the season are generally fair. Food stuffs are available.

11. Except for plague in parts of Mysore, Yedatore and Nanjangud Taluks and for stray cases of cholera in parts of Krishnarajpete Taluk, public health is generally good.

12. Except for foot and mouth disease in parts of Nanjangud Taluk, cattle are reported to be healthy. Scarcity of fodder is reported to exist in Chamrajnagar, Yedatore, Gundlupet, Krishnarajpete Taluks, and in French Rocks Sub-Taluk; water scarcity is felt in parts of Yedatore, Gundlupet and Krishnarajpete Taluks.

HASSAN.

8. Market is well supplied.

9. *Standing crops.*—Ragi, paddy, togari, avare, etc., in the Hassan, Manjarabad and Arkalgud Taluks; paddy, sugar cane, togari, ragi in Belur Taluk; ragi, paddy, avare, togari, castor, kulthi, huchellu, chillies, haraka, jola and sugar cane in Channarayapatna Taluk;

ragi, castor, avare, togari, jola, til, chillies, groundnut, haraka and paddy in Arsikere Taluk; paddy, ragi and sugar cane in Alur Sub-Taluk, are in fair condition.

Crops sown.—Kulthi in Hassan, Belur and Arsikere Taluks and hutchellu in Channarayapatna Taluk are being sown. Paddy is being transplanted in the Manjarabad Taluk.

Crops harvested.—Giddaragi in parts of Hassan Taluk and of Alur Sub-Taluk; giddaragi, til black gram in Arkalgud Taluk; sugar cane, paddy and til in Channarayapatna Taluk; and til in Arsikere Taluk are being harvested. It is reported that the transplanted paddy in some parts of the Manjarabad Taluk; is being affected by the disease known as "Katte roga."

10. Prospects of the season are generally good. More rain is needed in all parts of the district.

11. Public health is generally good, except for plague in two villages of Hassan Taluk and small-pox in a few villages of Arehalli hobli in Belur Taluk. It is also reported that small-pox still exists to some extent in parts of Manjarabad Taluk.

12. Cattle are generally healthy. Water and fodder are available. The cattle disease called "Metrikattu" still exists in a few villages of Arehalli hobli in Belur Taluk. The Assistant Veterinary Inspector has been already directed to issue written instructions to the Amildar regarding the treatment of the diseased cattle.

SHIMOGA.

8. Market is well supplied.

9. *Agricultural operations.*—Horse gram in the Shimoga Taluk; horse gram and navane in Channagiri Taluk; navane, samé, cotton and horse gram in Honnali Taluk and castor and horse gram in Shikarpur Taluk are being sown. Transplanting of paddy continues in Sagar and Nagar Taluks.

Standing crops.—Paddy and sugar cane in all the taluks and dry crops in Channagiri and Honnali Taluks are reported to be in good condition. Kole roga prevails in parts of Sagar and Tirthahalli Taluks.

Crops harvested.—Nil.

10. Prospects of the season are good. Food stuffs are available.

11. Public health is generally good, except for plague and cholera in parts of the Shimoga Taluk, for small-pox in parts of the Shikarpur and Nagar Taluks, for ague and small-pox in parts of Sagar Taluk and for plague in one village of Sorab Taluk.

12. Fodder and water are available. Cattle are generally healthy, except for "Rinderpest in parts of Sorab Taluk, and in one village of the Sagar Taluk and for Helava roga in parts of the Nagar Taluk.

KADUR.

8. Market is well supplied.

9. *Agricultural operations.*—Lands are being prepared to sow coriander and Bengal gram in Tarikere Taluk.

Crops sown.—Kulthi in Chikmagalur and Tarikere Taluks and transplanting of paddy in Koppa Taluk.

Standing crops.—Chikmagalur Taluk—paddy, dodragi, garlic, sugar cane, coriander, and tadagani; Kadur Taluk—ragi, jola, paddy, avare, samé, togari, black gram, green gram, gingelly, chillies and castor; Tarikere Taluk—green gram, black gram, navane, samé, paddy, ragi, avare, castor, sugar cane, coffee and areca; Koppa Taluk—paddy, sugar cane, areca, cardamom and coffee; Mudgere Taluk—sugar cane, paddy, coffee and cardamom; Yedahalli Sub-Taluk—paddy, areca and coffee; Sringeri—paddy, sugar cane and areca. All these are reported to be in good condition, but jola and gingelly are reported to have been attacked by insects in Pura and Garji villages of Kadur Taluk and areca by Kolè roga in parts of Koppa Taluk.

Crops harvested.—Gidda ragi in Chikmagalur Taluk, yield 6 to 12 annas; areca in Tarikere Taluk.

10. Prospects of the season are good. Supply of food stuffs is sufficient.

11. Public health is generally good. Malarial fever is reported to prevail in a few villages of Chikmagalur Taluk, plague in a few villages of Kadur and Tarikere Taluks and small-pox in a few villages of Yedahalli Sub-Taluk.

12. "Foot and mouth disease" is reported to be prevailing in Khandya hobli of the Chikmagalur Taluk. Water and fodder are generally available,

CHITALDRUG.

8. Market is well supplied.

9. *Agricultural operations.*—Harrowing and weeding operations are reported to be going on in parts of the Davangere Taluk and Harihar Sub-Taluk.

Standing crops.—Paddy, sugar cane, ragi, jola, togari, avare, cotton, castor, horse gram, chillies, til, navane, samè, haraka, sajje, black and green grams are reported to be in good condition. Except in the Budihal hobli of the Hosdurga Taluk, where the dry crops are reported to be withering for want of rain.

Crops harvested.—Nil.

Seeds sown.—Ragi and chillies in Challakere Taluk; cotton in Holalkere and Jagalur Taluks and Harihar Sub-Taluk and navane and castor in the Jagalur Taluk.

10. Prospects of the season are good. Food stuffs are available.

11. But for the prevalence of plague in the town of Davangere and a few surrounding villages, public health is generally good.

12. Cattle are generally healthy. Water and fodder are available.

	Ragi ...	13·35	11·34	
	Rangoon rice (2nd sort) ...		7·47	

Agricultural operations.—Weeding in ragi fields. Nat ragi is under harvest.

Standing crops.—More rain is needed.

Cattle are in good condition. Water and fodder are sufficient.

BANGALORE CITY AND TALUKS.

8. Market is well supplied.

9. *Agricultural operations.*—Sowing of horse gram is reported to be going on in parts of Bangalore, Kankanhalli, Magadi, Channapatna and Devanhalli Taluks. Sowing of paddy is also reported to be going on in parts of Nelamangala Taluk.

Harrowing and weeding operations are in progress in all the taluks.

Standing crops.—Ragi, avare, togari, punaji paddy, sugar cane, castor are in a fair condition. But in parts of Hoskote, Devanhalli, Dodballapur and Channapatna Taluks, they are reported to be in need of more rain.

Harvest and outturn.—Nat ragi in Hoskote Taluk; yield 8 annas. Potatoes in Hoskote and Devanhalli Taluks; yield 2 to 8 annas.

Damages to crops.—Nil.

10. The prospect of the season is fair. It is reported that the standing crops in parts of Hoskote, Dodballapur, Devanhalli and Channapatna Taluks are in need of more rain. Food stocks are available. Labour is available to cooly classes.

11. Except for plague in Geddahalli village of Bangalore Taluk, Kadgudi and Hoskote in Hoskote Taluk and Vanakanahalli in Anekal Taluk, public health is generally good.

12. Except for "Neradi roga" among cattle in some parts of Nelamangala Taluk, they are healthy and their condition is improving. Water is available. Fodder is also available to a certain extent.

KOLAR.

8. Market is well supplied.

9. *Agricultural operations.*—Raiyats are engaged in sowing horse gram.

Crops sown.—Horse gram in almost all the taluks; paddy in Bowringpet, Chintamani and Srinivaspur Taluks; ragi in Kolar and Bowringpet Taluks; same and sajje in Bagepalli Taluk.

Crops harvested and outturn.—Nat ragi in Goribidnur Taluk; yield 8 annas.

Standing crops.—Ragi, avare, togari and sugar cane are in good condition, except in Bowringpet and Sidlaghatta Taluks, where they are reported to be fading for want of rain.

10. The prospects of the season have improved as far as dry crops are concerned; but tank-filling showers are required in all the taluks. Prices of food stuffs continue to be high. Labour is available to the cooly classes.

11. Except for a few cases of plague in Kolar and Sidlaghatta Taluks and Kolar Gold Fields and for cholera in Mulbagal and Srinivaspur Taluks, public health is generally good.

12. Cattle are healthy. Pasture is available in limited quantities.

TUMKUR.

8. Market is well supplied.

9. *Crops sown.*—Horse gram in parts of Tumkur, Chiknayakanhalli, Gubbi, and Kunigal Taluks and Koratagere and Turuvekere Sub-Taluks; and paddy in parts of Tumkur Taluk and Koratagere Sub-Taluk.

Crops harvested.—Til in parts of Tumkur, Chiknayakanhalli, Sira and Tiptur Taluks; jola in parts of Tumkur Taluk and Turuvekere Sub-Taluk; nat ragi in parts of Sira Taluk; and sugar cane in parts of Kunigal Taluk.

Standing crops.—Paddy, sugar cane, avare, ragi, togari, groundnuts, jola, navane, castor, samé, til, horse gram, black and green grams in parts of the district are reported to be generally in a fair condition.

Agricultural operations.—Sowing and weeding operations are in progress in parts of the district.

10. Prospects of the season are fair. Food stuffs are available. More rain is urgently wanted throughout the district.

11. Except for plague in Tiptur town and Bidare village in Gubbi Taluk, public health is good.

12. Except for "Dodda roga" in Palanahalli of Pavagada Taluk, cattle are generally healthy. Water and fodder are available, except in parts of Maddagiri, Sira and Pavagada Taluks, where fodder is said to be insufficient.

MYSORE.

8. Market is fairly well supplied.

9. *Agricultural operations.*—Ragi is being sown in parts of the Nagamangala Taluk.

Standing crops.—Ragi, jola, til, togari, tadaguni, sugar cane, paddy, avare, navane, samé, haraka, groundnut, mulberry, horse gram and ramtil, are reported to be in fair condition and they are reported to be withering for want of rain in parts of the taluks of Chamrajnagar, Gundlupet, Heggaddevankote and Krishnarajpete and in the French Rocks Sub-Taluk. In the other taluks, they are reported to be in need of rain.

Crops harvested.—Mysore—jola, 2 to 6 annas; kar-ragi, 2 to 8 annas; Seringapatam—sugar cane, 12 annas; Hunsur—kar-ragi, til, samé and tadaguni, 8 annas; Gundlupet—jola and til, 2 to 8 annas; coriander, 2 to 6 annas; Nanjangud—jola, 8 annas; T.-Narsipur—jola, 4 to 8 annas; kar-paddy, 8 to 12 annas; Nagamangala—jola, 8 annas.

10. Prospects of the season are generally fair. Food stuffs are available.

11. Public health is generally good, except for stray cases of plague in parts of the Mysore, Gundlupet and Nanjangud Taluks.

12. Except for "foot and mouth disease" in parts of the Nanjangud Taluk, cattle are reported to be healthy. Water and fodder are generally available. Fodder scarcity is reported to exist in parts of Chamrajnagar, Yedatore, Gundlupet, T.-Narsipur and Krishnarajpete Taluks.

HASSAN.

8. Market is well supplied.

9. *Standing crops.*—Ragi, togari, paddy, avare in Hassan Taluk; all the crops in Manjarabad Taluk; giddaragi, paddy, avare, castor, kulthi and chillies in Arkalgud Taluk; ragi, paddy, sugar cane, togari in Belur Taluk; ragi, paddy, sugar cane, togari, avare, castor, kulthi, save, haraka, chillies, jola and huchellu in Channarayapatna Taluk; ragi, avare, castor, togari, jola, til, chillies, groundnut, haraka, paddy in Arsikere Taluk; ragi, jola, togari,

paddy, avare in Hole-Narsipur Taluk; paddy, ragi and sugar cane in Alur Sub-Taluk; all these are in fair condition. The transplanted paddy crops in parts of the Manjarabad Taluk is being affected by "Katte roga."

Crops sown.—Kulthi in Hassan Taluk is being sown; paddy in Manjarabad Taluk; and kar-paddy in Channarayapatna Taluk are being transplanted.

Crops harvested.—Giddaragi in parts of Hassan, Arkalgud, Belur, Channarayapatna Taluks and in Alur Sub-Taluk; sugar cane in Channarayapatna Taluk; and til in Arsikere Taluk are being harvested.

10. Prospects of the season are generally good. More rain is generally needed for the standing crops.

11. Public health is good, except for small-pox in parts of Manjarabad Taluk and plague in two villages of Hassan Taluk; small-pox which was prevailing in parts of Belur Taluk, is reported to have subsided.

12 Cattle are generally healthy. Water and fodder are generally available. The disease "Metrikattu" that existed in parts of Belur Taluk is reported to have subsided.

SHIMOGA.

8. Market is well supplied.

9. *Agricultural operations.*—Horse gram in Shimoga Taluk; and horse gram and navane in Channagiri Taluk are being sown. Transplanting of paddy continues in Sagar Taluk and it is nearing completion in Nagar Taluk.

Standing crops.—Paddy and sugar cane throughout the district; dry crops in Channagiri and Honnali Taluks; ragi and jola in Shimoga Taluk; and ragi and horse gram in Shikarpur Taluk are reported to be in good condition. It is reported that heavy rainfall has somewhat damaged the til crops in parts of the Honnali Taluk. Garden crop is reported to be fair in Sorab Taluk. "Kole-roga" prevails in parts of Sagar, Nagar and Tirthahalli Taluks.

Crops harvested.—Nil.

10. Prospects of the season are good. Food stuffs are available.

11. Public health is generally good, except for cases of cholera at Holalur and Dummalli in Shimoga Taluk; plague and small-pox in parts of Shikarpur Taluk; plague in some villages of Sorab Taluk; ague and small-pox in parts of Sorab Taluk and small-pox in some villages of the Nagar Taluk.

12. Fodder and water are available. Cattle are generally healthy, except for "Rinderpest" in parts of Sorab Taluk, and in the villages of Harigi and Avinahalli in Shikarpur and Sagar Taluks respectively.

KADUR.

Market is well supplied.

9. *Agricultural operations.*—Nil.

Crops sown.—Kulthi in Chikmagalur Taluk; and kulthi and cotton in Tarikere Taluk.

Standing crops.—Chikmagalur—paddy, coffee, ragi, sugar cane, jola, coriander, avare, gingelly; Kadur—ragi, jola, avare, sugar cane, gingelly, samé, navane, black and green grams, castor, paddy and togari; Tarikere—ragi, jola, castor, kulthi, navane, samé, cotton, green gram, togari and paddy; Koppa—coffee, sugar cane, areca, paddy and cardamom; Mudgere—sugar cane, paddy, coffee and cardamom; Yedahalli—paddy, coffee and areca; Sringeri—paddy, areca and sugar cane; all these are reported to be in good condition, but jola and gingelly are reported to have been affected by kambli insects in Pura and Garji villages of Kadur Taluk; and areca by "Kolè roga" in parts of Koppa Taluk and Yedahalli Sub-Taluk.

Crops harvested.—Gingelly in Chikmagalur Taluk and areca in Tarikere Taluk.

10. Prospects of the season are good. Supply of food stuff is sufficient. It is reported that more rain is needed in the maidan parts of Kadur Taluk.

11. Malarial fever is reported to prevail in a few villages of Kandya hobli of Chikmagalur Taluk and plague in a few villages of Kadur and Tarikere Taluks. Otherwise, public health is generally good.

12. "Foot and mouth disease" is reported to be prevailing in Khandya hobli of Chikmagalur Taluk. Water and fodder are generally available.

CHITALDRUG.

8. Market is well supplied.

9. *Agricultural operations.*—Harrowing and weeding operations are reported to be going on in parts of the Davangere Taluk and Harihar Sub-Taluk.

Standing crops.—Paddy, ragi, sugar cane, cotton, castor, horse gram, navane, same, sajje, chillies, groundnut, dhal, beans, til, jola, halasandi, black and green grams are reported to be in good condition; but in some parts of Challakere, Hiriyur and Molakalmuru Taluks, some of the dry crops are reported to be withering for want of rain.

Crops harvested.—Til in Hosdurga Taluk, yield 4 annas.

Seeds sown.—Nat ragi and chillies in lands under kapile wells in Challakere Taluk; cotton in Harihar Sub-Taluk and Jagalur Taluk; horse gram in Jagalur and Molakalmuru Taluks; and navane in Jagalur Taluk.

10. Prospects of the season are good. Food stocks are available.

11. Public health is generally good, except for plague in the town of Davangere and its surrounding villages.

12. Cattle are generally healthy. Water and fodder are available.

REVENUE COMMISSIONER'S OFFICE,
Dated Bangalore, 23rd September 1914.

K. DORASWAMI IYER,
Revenue Commissioner.

DEPARTMENTS OF EDUCATION AND AGRICULTURE.

Rules regarding the Constitution, Powers and Duties of the new Committees of Girls' Schools, sanctioned in G. O. No. 735-44—*Edn.* 456-12-2, *dated* 18*th July* 1914.

1. Every Girls' School maintained from Public Funds, except the Maharani's College and Schools at District Headquarters, shall be placed under the general supervision of a Committee appointed by the Inspector-General of Education who will notify the names of the members in the official Gazette. The Committee of the Maharani's College and Schools at District Headquarters will be appointed by Government.

2. The Committee will be composed partly of Government Officers appointed *ex-officio* and partly of non-official gentlemen and, when possible, also of English and Indian ladies taking interest in female education.

3. The number of members on each Committee shall not be less than six nor more than eighteen.

4. One-third of the members shall form the quorum.

5. The Government in the case of the Maharani's College and of Girls' Schools at Headquarters of Districts and the Inspector-General of Education in all other cases, will appoint the President of the Committee. A Vice-President may also be appointed for the Committee of the Maharani's College, Mysore. The President or in his absence the Vice-President, if any, or any Chairman selected by the members present shall preside at each meeting.

6. The appointment of members of the Committee shall be made for a term not exceeding three years.

7. All questions on which there is a division shall be decided by a majority of votes, the presiding authority having a casting vote.

8. Ordinary meetings of the Committee will be called by the President once a month or whenever he thinks it necessary to call them. The Head Master or Head Mistress, or Superintendent may attend each meeting of the Committee to give any information required, but shall not vote unless he or she is a member of the Committee.

9. Extraordinary meetings of the Committee shall be called by a written notice signed by any three members of the Committee.

10. The Committee may appoint from among their members an Honorary Secretary whose duty it shall be to keep a full account of the business transacted at each meeting. Such account shall be read at the next meeting, and if approved, signed by the President or Chairman before the business of that meeting is proceeded with.

11. The Committee will exercise general supervision over the management of the school and inspect the school occasionally and secure as far as possible the sympathy, confidence and support of the people by affording on all occasions their help and co-operation in maintaining discipline and a high moral tone.

12. The Committee shall have power, without assigning any reason, either to refuse admission to any girl or to discharge one already admitted in the interests of the general well being of the school.

13. The Committee shall have power to make recommendations to the Inspector-General of Education regarding :—

(1) Such general rules for the management of the school as in their opinion are calculated to promote its efficiency and popularity.

(2) Any other matters affecting the progress, efficiency or popularity of their school.

(3) The appointment, promotion, punishment, suspension or dismissal of any member of the school establishment as well as the grant of leave to the same.

14. In the case of the Maharani's College, the Lady Superintendent will, in all matters of importance, send all official communications to the Inspector-General of Education through the Honorary Secretary of the Committee. At the same time the Inspector-General will

keep the Honorary Secretary informed of the action taken on the Lady Superintendent's communication.

15. In the case of Girls' Schools at District Headquarters, the Honorary Secretaries of Committees will communicate with the Inspector-General. In the case of all other schools, Honorary Secretaries of Committees will communicate with the Inspectors of Schools.

16. The Inspector-General may delegate to the Lady Superintendent of the Maharani's College or to the Presidents of Girls' Schools at District Headquarters all or any of the powers exercised by Inspectors in regard to the imposition of fines or the grant of leave, provided that in both cases a timely report of the same is sent to him, and provided further that in the latter case no appointment of a temporary successor at an additional cost to Government is involved.

C. S. BALASUNDARAM IYER,
Secretary to Government.

Proceedings of the Government of His Highness the Maharaja of Mysore.

READ—

Letter No. 470, dated 27th August 1914, from the Secretary, Economic Conference, forwarding for orders of Government copy of a letter, dated the 22nd idem, from Mr. H. K. Veerabasaviah tendering his resignation as a member of the Conference.

No. 302 A-311 A.—E. & A. 4-14-2, DATED BANGALORE, 16TH SEPTEMBER 1914.

ORDER THEREON.—The resignation of Mr. H. K. Veerabasaviah is accepted.

2. Government direct that an election be held during the ensuing Dasara to fill up this vacancy by choosing a person from among the Representative Assembly members. The necessary notification will be published in the Gazette.

C. S. BALASUNDARAM IYER,
Secretary to Government.

To—The Secretary, Economic Conference.
The Deputy Commissioners of Districts.

DISTRICT REPORTS.

8. Markets how supplied.
9. Progress of agricultural operations, state of standing crops, prospects and probable outturn of harvests, serious damage done to crops by insects or other natural calamities.
10. Prospects of season, tracts in which the rainfall has been insufficient, areas affected by scarcity, number of people under relief, and state of food stocks.
11. Public health.
12. Remarks as to the condition of agricultural stock; failure of pasturage, of fodder, etc.

BANGALORE CIVIL AND MILITARY STATION.

		Average for the past five years of the corresponding week.	*Current.*	
Prices of food grains—	Boiled rice (2nd sort)	7·24	6·90	Quantity per rupee by the standard seer of 80 tolas.
	Ragi ...	12·93	11·34	
	Rangoon rice (2nd sort) ...		7·47	

Agricultural operations.—Weeding in ragi fields. Nat ragi is under harvest.

Standing crops.—More rain is needed.

Cattle are in good condition. Water and fodder are sufficient.

BANGALORE CITY AND TALUKS.

8. Market is well supplied.

9. *Agricultural operations.*—Weeding in fields was in progress in parts of Bangalore, Hoskote, Dodballapur, Magadi, Anekal and Devanhalli Taluks. Kulthi was shown in parts of Bangalore, Nelamangala and Channapatna Taluks. Sowing and transplanting of paddy were also in progress in parts of Nelamangala and Magadi Taluks.

Standing crops, such as, ragi, avare, togari, jola, punaji paddy, sugar cane, haraka, etc., are in fair condition; but in parts of Magadi, Hoskote and Anekal Taluks, they require more rain.

Harvest and outturn.—Hoskote—Nat ragi, 8 annas; Devanhalli—Potatoes and white jola.

Damages to crops.—Nil.

10. The prospect of the season are fair. The rainfall during the week has greatly improved the standing crops. Food stocks are available. Labour is available to cooly classes.

11. Except for plague in Hoskote, the villages of Vanakanahalli and Attibele of Anekal Taluk, the villages of Doddatogur, Chiktogur of Bangalore Taluk, public health is generally good.

12. Except for "Neradi roga" among cattle in parts of Nelamangala Taluk, they are healthy. Water is available and fodder to a certain extent.

KOLAR.

8. Market is well supplied.

9. *Agricultural operations.*—Raiyats are engaged in removing weeds from ragi fields in Kolar, Mulbagal, Chikballapur and Goribidnur Taluks and Gudibanda Sub-Taluk.

Crops sown.—Horse gram in parts of Kolar, Mulbagal, Sidlaghatta, Chikballapur, Bagepalli, Srinivaspur and Gudibanda Taluks; ragi in Bowringpet; paddy in Bowringpet and Srinivaspur Taluks.

Standing crops.—Ragi, avare, togari and sugar cane are in good condition, in all the taluks, except Sidlaghatta, where they require more rain.

10. The prospects of the season have appreciably improved by the recent rains; but the tanks have not filled. Prices of the food stuffs continue to be high. Labour is available to the cooly classes

11. Except for a few cases of plague in Sidlaghatta Town and Chikballpur Taluk, public health is generally good.

12. Cattle are healthy. Pasture is available.

TUMKUR.

8. Market is well supplied.

9. *Crops sown.*—Horse gram in parts of Tumkur, Maddagiri, Chiknayakanhalli, Sira, Pavagada, Kunigal, Koratagere and Turuvekere Taluks; jola in Maddagiri Taluk and paddy in Koratagere Sub-Taluk.

Crops harvested.—Sugar cane in parts of Tumkur, Kunigal and Turuvekere Taluks; jola in Chiknayakanhalli, Sira and Turuvekere Taluks; nat ragi in Sira and Pavagada Taluks; til in Tumkur and Sira Taluks and paddy and groundnuts in Tumkur Taluks.

Standing crops.—Paddy, sugar cane, avare, ragi, togari, groundnuts, jola, navane, castor, samé, til, horse gram, black and green grams are in good condition.

Agricultural operations.—Sowing and weeding operations are in progress in parts of the district.

10. The prospects of the season are fair. Food stuffs are available. Rain is urgently wanted in parts of Gubbi, Chiknayakanhalli and Turuvekere Taluks.

11. Except for plague in Tiptur town and Bidare village of Gubbi Taluk, public health is good.

12. Except for "Dodda roga" in Palavahalli village of the Pavagada Taluk, cattle are generally healthy. Water and fodder are available.

MYSORE.

8. Market is well supplied.

9. *Agricultural operations.*—Horse gram is being sown in parts of Seringapatam and Gundlupet Taluks and green and black grams in parts of Gundlupet Taluk.

Standing crops.—Paddy, ram til, navane, tadagani, horse gram, haraka, castor, til, togari, avare, sugar cane, groundnut, tobacco and jola are in fair condition; but they are reported to be withering for want of rain in Yedatore, Gundlupet, and Krishnarajpete Taluks.

Crops harvested.—Mysore—jola, 2 to 6 annas; ragi, 4 to 8 annas; and til, 2 to 4 annas;. Seringapatam—sugar cane, 12 annas. Hunsur—til, 8 annas. Gundlupet—jola 2 to 8 annas. Nagamangala—jola, 8 annas.

10. The prospects of the season are fair. Food stuffs are available.

11. Plague is reported to prevail in parts of Mysore, Seringapatam, Gundlupet, Chamrajnagar, Heggaddevankote and Nanjangud Taluks.

12. Cattle are healthy. Fodder scarcity is reported to exist in parts of Yedatore, T.-Narsipur, Nanjangud, Gundlupet, Chamrajnagar and Krishnarajpete Taluks.

HASSAN.

8. Market is well supplied.

9. *Standing crops.*—Ragi, paddy, togari, avare, etc., in Hassan Taluk; paddy in Manjarabad Taluk; giddaragi, paddy, avare, castor, kulthi, chillies in Arkalgud Taluk; ragi, paddy, togari, sugar cane, kulthi in Belur Taluk; ragi, paddy, sugar cane, avare, togari, castor, kulthi, chillies, savè, haraka, huchellu in Channarayapatna Taluk; ragi, avare, sugar cane, castor, paddy, jola, togari, coriander in Arsikere Taluk; ragi, jola, togari, avare, paddy in Hole-Narsipur Taluk and paddy and ragi in Alur Sub-Taluk, are in fair condition.

Crops sown.—Kulthi in Hassan Taluk is being sown. Paddy is being transplanted in Manjarabad Taluk.

Crops harvested.—Giddaragi in parts of Hassan, Arkalgud and Belur Taluks and in Alur Sub-Taluk; jola in Arsikere Taluk and sugar cane in Channarayapatna Taluk.

10. The prospects of the season are fairly good. Standing crops of the maidan parts required rain.

11. Public health is generally good. The plague that prevailed in two villages of Hassan Taluk is subsided.

12. Cattle are generally healthy. Water and fodder are available.

SHIMOGA.

8. Market is well supplied.

9. *Agricultural operations.*—Horse gram and navane are being sown in Channagiri Taluk.

Standing crops.—Paddy and sugar cane throughout the district; dry crops in Honnali and Channagiri Taluks; horse gram, navane and cotton in Shimoga Taluk; and ragi, jola and til in Channagiri Taluk are in good condition. Dry crops of Channagiri Taluk require rain. Koleroga prevails in parts of Sagar, Nagar and Tirthahalli Taluks.

Crops harvested.—Green gram in Shimoga Taluk and areca in Sorab Taluk.

10. The prospects of the season are good. Food stuffs are available.

11. Public health is generally good, except for plague and cholera in Shimoga Taluk; plague in Shikarpur and Kumsi Taluks, ague and small-pox in Sagar Taluk and small-pox in Nagar Taluk.

12. Cattle are generally healthy, except for rinderpest in parts of Sagar, Sorab and Shikarpur Taluks and for Helavaroga in Nagar Taluk. Fodder and water are available.

KADUR.

8. Market is well supplied.

9. *Crops sown.*—Kulthi and cotton in Tarikere Taluk.

Standing crops.—Gidda ragi, coriander, garlic, dodda ragi, sugar cane, jola, paddy, coffee, avare, samé, navane, black and green grams, castor, togari, and cardamom are in good condition; but areca is affected by Kolè roga in parts of Koppa Taluk and Yedahalli Sub-Taluk.

Crops harvested.—Areca in Tarikere Taluk; gingelly and sugar cane in Kadur Taluk.

10. The prospects of the season are good. Supply of food stuffs is sufficient. More rain is needed in the maidan parts of Chikmagalur and Kadur Taluks.

11. Public health is good except for malarial fever in a few villages of Chikmagalur Taluk and for plague in a few villages of Kadur and Tarikere Taluks.

12. "Foot and mouth disease" prevails in two villages of Chikmagalur Taluk. Water and fodder are generally available.

CHITALDRUG.

8. Market is well supplied.

9. *Agricultural operations.*—Harrowing and weeding operations are going on in Davangere Taluk.

Standing crops.—Paddy, sugar cane, ragi, jola, beans, navane, samé, sajje, chillies, dhal, groundnut, til, haraka, halasandi, horse gram, black and green grams are in fair condition; but in parts of Hosdurga Taluk, the dry crops are withering for want of rain.

Crops harvested.—Til in Hosdurga Taluk, 2 to 4 annas.

Seeds sown.—Cotton in Jagalur Taluk; horse gram, Bengal gram and white jola in Molakalmuru Taluk.

10. The prospects of the season are good. Food stocks are available.

11. Public health is generally good, except for plague in Davangere town and its surrounding villages.

12. Cattle are generally healthy. Water and fodder are available.

REVENUE COMMISSIONER'S OFFICE,
Dated Bangalore, 6th October 1914.

K. DORASWAMI IYER,
Revenue Commissioner.

The Mysore Gazette.

DISTRICT REPORTS.

8. Markets how supplied.

9. Progress of agricultural operations, state of standing crops, prospects and probable outturn of harvests, serious damage done to crops by insects or other natural calamities.

10. Prospects of season, tracts in which the rainfall has been insufficient, areas affected by scarcity, number of people under relief, and state of food stocks.

11. Public health.

12. Remarks as to the condition of agricultural stock; failure of pasturage, of fodder, etc.

BANGALORE CIVIL AND MILITARY STATION.

		Average for the past five years of the corresponding week.	*Current.*	
Prices of food grains—	Boiled rice (2nd sort)	7·24	6·90	Quantity per rupee by the standard seer of 80 tolas.
	Ragi ...	13·35	11·34	
	Rangoon rice (2nd sort) ...		6·90	

Agricultural operations.—Weeding is going on in ragi fields. Nat ragi is under harvest.

Cattle are in good condition. Water and fodder are sufficient.

BANGALORE CITY AND TALUKS.

8. Market is well supplied.

9. *Agricultural operations.*—Horse gram is sown in parts of Hoskote, Dodballapur and Anekal Taluks. Weeding operations are in progress in some parts of the district and transplanting of paddy in parts of Magadi Taluks.

Standing crops.—Ragi, avare, togari, castor, sugar cane, punaji paddy, jola, etc. are in fair condition. These crops were greatly helped by the rainfall of the week.

Harvest and outturn.—Hoskote—Nat ragi, 8 annas; Devanhalli—Nat ragi, bili-jola and potatoes.

10. The prospect of the season is fair. There was rainfall in all the taluks during the week though poor in Dodballapur Taluk. Food stocks are available. Labour is available to the cooly classes.

11. Except for plague in Hoskote Kasaba Ampalli and Pattanahalli villages of Hoskote Taluk; Vanakanahalli and Attibele villages of Anekal Taluk and Begur and Geddalhalli villages of Bangalore Taluk and cholera in Gundur village of Hoskote Taluk, public health is generally good.

12. Cattle are healthy. Water and fodder are available.

KOLAR.

8. Market is well supplied.

9. *Agricultural operations.*—Raiyats are engaged in removing weeds from ragi fields in Kolar, Chikballapur and Goribidnur Taluks.

Crops sown.—Horse gram in Kolar, Sidlaghatta, Mulbagal, Bowringpet and Srinivaspur Taluks.

Crops harvested and outturn.—Same in Gudibanda Sub-Taluk, yield 8 annas.

Standing crops.—Ragi, paddy, sugar cane, avare and togari are in good condition.

10. The prospects of the season have much improved by this weeks rainfall. Prices of food stuffs continue to be high. Labour is available to the cooly classes.

11. Public health is generally good, except for a few cases of plague in Chintamani, Sidlaghatta and Chikballpur Taluks and Kolar Gold Fields and for cholera in Chintamani Taluk.

12. Cattle are healthy. Pasture is sufficiently available.

TUMKUR.

8. Market is well supplied.

9. *Crops sown.*—Horse gram in Tumkur, Maddagiri, Chiknayakanhalli, Sira, Gubbi, Pavagada, Kunigal and Turuvekere Taluks; jola in parts of Sira Taluk.

Crops harvested.—Sugar cane in Tumkur, Kunigal and Turuvekere Taluks; groundnuts in Tumkur and Gubbi Taluks; til in Tumkur and Gubbi Taluks; jola in Chiknayakanhalli and Turuvekere Taluks; nat ragi in Pavagada Taluk and paddy in Tumkur Taluk.

Standing crops.—Paddy, ragi, avare, togari, sugar cane, jola, groundnuts, navane, castor, samé, til, horse gram, black and green grams are in fair condition.

Agricultural operations.—Sowing and weeding are in progress in parts of the district.

10. The prospects of the season are fair and food stuffs are available.

11. Except for plague in Tiptur town and Muddanahalli of Turuvekere Sub-Taluk, public health is generally good.

12. Except for doddaroga and chapperoga in few villages of the Pavagada Taluk, cattle are generally healthy. Water and fodder are available.

MYSORE.

8. Market fairly well supplied.

9. *Crops sown*—Horse gram in parts of the Chamrajnagar, Seringapatam, Nanjangud and Krishnarajpete Taluks; ragi in parts of the Nagamangala Taluk; hain jola in parts of the Chamrajnagar and T.-Narsipur Taluks and kadale in parts of the T.-Narsipur Taluk.

Standing crops.—Paddy, sugar cane, ragi, jola, avare, togari, til, tadagani, alsandi, green and black grams, groundnut, castor, horse gram, ramtil, navane, samé and haraka, are reported to be fair.

Crops harvested.—Mysore—jola, 2 to 6 annas; ragi, 4 to 8 annas; til, 2 to 4 annas; Seringapatam—sugar cane, 12 annas; Hunsur—ragi, coriander, samé and tobacco, 8 annas; Gundlupet—jola 2 to 8 annas; Nanjangud—jola and til, 2 to 8 annas; T.-Narsipur—groundnut, 12 annas; Nagamangala—jola 8 annas.

10. The prospects of the season are fair. Food stuffs are available.

11. Plague is reported to prevail in parts of the taluks of Mysore, Chamrajnagar, Seringapatam, Hunsur, Yedatore, Gundlupet and Nanjangud.

12. Cattle are reported to be healthy. Water and fodder are generally available. As green grass is just sprouting up, fodder scarcity seems to have subsided to a certain extent.

HASSAN.

8. Market is well supplied.

9. *Standing crops.*—Ragi, paddy, avare, togari, etc., in the Hassan Taluk; crops in the Manjarabad Taluk; giddaragi, paddy, avare, castor and chillies in the Arkalgud Taluk; paddy, sugar cane, ragi, togari, kulthi, etc., in the Belur Taluk; ragi, paddy, sugar cane, avare, togari, kulthi, huchellu, haraka, samè, chillies, castor and cholum in the Channarayapatna Taluk; ragi, paddy, sugar cane, avare, cholum, togari, chillies, cotton, etc., in the Arsikere Taluk; ragi, cholum, togari, avare, paddy, etc., in the Hole-Narsipur Taluk; paddy and sugar cane in the Alur Sub-Taluk are in fair condition.

Crops sown.—Paddy in Manjarabad Taluk and kar paddy in the Channarayapatna Taluk are being transplanted and kadle in parts of Arkalgud Taluk is being sown.

Crops harvested.—Giddaragi in parts of Hassan, Arkalgud and Arsikere Taluks and in Alur Sub-Taluk; sugar cane in the Channarayapatna Taluk and til and cholum in the Arsikere Taluk are being harvested.

10. Generally good. More rain is needed for the standing crops especially in the maidan parts of the district.

11. Generally good, except for small-pox here and there in parts of Manjarabad Taluk.

12. Cattle are generally healthy. Water and fodder are available.

SHIMOGA.

8. Market is well supplied.

9. *Agricultural operations.*—Sowing of horse gram and navane continues in parts of the Channagiri Taluk.

Standing crops.—Paddy and sugar cane in all the taluks; dry crops in the Honnali and the Channagiri Taluks; ragi and horse gram, in the Shimoga and Shikarpur Taluks, are reported to be in good condition. Dry crops in parts of the Honnali Taluk and paddy in high level lands in the Nagar Taluk are reported to be in need of rain.

Crops harvested.—Green gram in the Honnali Taluk and arecanut in the Nagar and Tirthahalli Taluks are being harvested.

10. Prospects of the season are good. Food stuffs are available.

11. Public health is generally good, except for plague in parts of the Shimoga, Channagiri, Honnali and Sorab and the Kumsi Sub-Taluk and for plague, small-pox and dysentery in parts of the Shikarpur Taluk and for ague and small-pox in the Sagar Taluk; and for small-pox in the Nagar Taluk.

12. Cattle are generally healthy, except for rinderpest at Avinahalli in the Sagar Taluk and for "Helavaroga" in parts of the Nagar Taluk.

KADUR.

8. Market is well supplied.

9. *Agricultural operations.*—Kulti and samé in Tarikere Taluk; ragi in Koppa Taluk are being sown; and transplanting of ragi is going on in Mudgere Taluk.

Standing crops.—Chikmagalur Taluk—Paddy, ragi, coffee, sugar cane, jola; Kadur Taluk—Jola, avare, sugar cane, samé, navane, black and green grams, chillies, castor, paddy; Tarikere Taluk—Paddy, ragi, jola, castor, kulti, navane, samé, cotton, togari; Koppa Taluk—Paddy, sugar cane, areca, coffee and cardamom; Mudgere Taluk—Paddy, sugar cane, ragi, coffee and cardamom; Yedahalli Sub-Taluk—Paddy, areca and coffee; Sringeri—Paddy and areca. All these are reported to be in good condition; but areca has been affected by Kolè roga in parts of Koppa Taluk and Yedahalli Sub-Taluk.

Crops harvested.—Chikmagalur Taluk—Gidda ragi, garlic, gingelly and coriander; Kadur Taluk—Gingelly and sugar cane; Tarikere Taluk—Areca; Koppa Taluk—Areca and cardamom; Mudgere Taluk—Cardamom; and areca in Sringeri.

10. The prospects of the season are good. Supply of food stuffs is sufficient.

11. Malarial fever prevails in a few villages of Chikmagalur Taluk and plague in a few villages of Kadur and Tarikere Taluks; otherwise, public health is generally good.

12. "Foot and mouth disease" prevails in a few villages of Chikmagalur Taluk and Mettre roga in a few villages of Mudgere Taluk. Water and fodder are generally available.

CHITALDRUG.

8. Market is well supplied.

9. *Agricultural operations.*—Harrowing and weeding operations are reported to be going on in parts of the Hiriyur and Davangere Taluks.

Standing crops, such as paddy, ragi, sugar cane, tobacco, jola, beans, navane, (Italian millet), samé, (little millet), sajje, (spiked millet), chillies, dhal, groundnut, til, haraka, halasandi, (lentil), horse gram, black gram and green gram are reported to be in fair condition, except in some parts of the Chitaldrug, Davangere and Hosdurga Taluks and also in the Naikanahatti hobli of the Challakere Taluk, where the dry crops are reported to be withering for want of rains; in parts of the Davangere Taluk and in the Kasaba hobli of the Harihar Sub-Taluk, the jola plants are attacked by worms. More rains are wanted all over.

Crops harvested.—Til and jola in the Hosdurga Taluk; yield—til 2 to 4 annas, jola 4 to 8 annas.

Seeds sown.—Cotton in the Holalkere Taluk and the Harihar Sub-Taluk; bili jola and Bengal gram in the Chitaldrug and Molakalmuru Taluks; horse gram, in the Challakere, Molakalmuru, Holalkere and Jagalur Taluks, and bilijola in the Holalkere Taluk.

10. The prospects of the season are good. Food stocks are available.

11. Public health is generally good, except for plague in the Davangere town and a few villages surrounding it and at Bannikodu village of Harihar Sub-Taluk and for cholera in a few villages of Challakere, Davangere, Molakalmuru Taluks and Harihar Sub-Taluk.

12. Cattle are generally healthy, except for "Doddaroga" in parts of Challakere Taluk and for "throat disease" in a village of the Davangere Taluk. Water and fodder are available to a limited extent.

ADDRESS

OF THE

DEWAN OF MYSORE

TO THE

DASARA REPRESENTATIVE ASSEMBLY

30th SEPTEMBER 1914.

1.—Preliminary.

GENTLEMEN,

I rise, in obedience to the command laid upon me by His Highness the Maharaja, to welcome you to this, the thirty-first session of the Dasara Representative Assembly, and to place before you an account of the past year's administration of the State and of the measures projected or in operation to promote the well-being of His Highness' subjects.

2. On account of the increasing bulk and variety of the subjects to be dealt with, the Address will be presented, as was done last year, in two parts. The first part deals with the more important events and measures requiring notice, and the second with matters which are either of limited importance at the present time, or are connected only with the routine work of the administration.

War.

3. The thought which is uppermost in our minds at the present moment is the great war which is convulsing Europe from end to end and the effects of which, on account of the growth of communications, are felt over the entire habited portion of the world. India, as forming part of the British Empire, is intimately concerned in the war. That we are able to go on with our ordinary routine duties at such a time without undue anxiety or excitement, we owe to the great sea power of the Empire and the normal orderliness of British methods of administration. The war has brought the subjects of His Majesty in the Indian Empire nearer to the Throne, and at no time were the harmony of feeling and the solidarity of

interests between the rulers and the ruled, between the Paramount Power and the Feudatory States, felt to be closer than they are at the present time.

4. As a Feudatory State, we have endeavoured to do our part. His Highness the Maharaja has placed his troops and the entire resources of the State unreservedly at the disposal of the Imperial Government. His Highness has also contributed a sum of Rupees fifty lakhs towards the cost of the Indian Expeditionary Force which is now fighting the Empire's battle on the Continent.

5. In conveying this offer in a letter dated 20th August 1914 to His Excellency the Viceroy, His Highness said:—

> "This is a time at which the Feudatory States "and all the subjects of the British Empire should "stand shoulder to shoulder for her defence, and I "desire to assure Your Excellency, in all sincerity, of "the devotion and loyalty of my people and our "readiness to make every sacrifice to protect our "common interests."

His Excellency the Viceroy concluded a highly appreciative message in these words:—

> "For the moment, I will only add that the "thought that you, my friend, have shown such "splendid patriotism at a time like this fills my "heart with a warm glow of pleasure."

It would be superfluous to say before this Assembly that the action taken by His Highness has met with universal acclaim in every corner of the State.

Seasonal Prospects.

6. The subject which next claims our attention is the state of the season. The rainfall of last year was scanty and ill-distributed. It began late and ended early. In the five monsoon months of June to October, the total rainfall amounted to 19·38 inches in Bangalore against an average of 27·09 inches and to 29·25 inches for the whole State, or 10·32 inches short of the average. The heavy fall of the south-west monsoon did not commence till late in September and that of the north-east monsoon carried us only into the earlier part of October. The rainfall of these two months did much good but the effect was partly marred by the abrupt termination of the north-east monsoon in the first week of October.

The result was a shrinkage of area under the ragi crop and some increase in that under gram. The yield of neither crop was good. The tanks failed to get the usual supply of water and the outturn of paddy in the

maidan tract was adversely affected. In the important paddy-growing areas of the *malnad* and the Mysore District, however, the paddy crop was by no means unsatisfactory. A large number of cattle have died and many have lost condition for want of fodder.

7. The current monsoon also began badly. The usual *mungar* rains were not very abundant nor well-distributed. In the months of June and July, the rainfall amounted to 2·59 and 13·33 inches respectively, including the fall in the *malnad* parts, against an average of 4·51 and 10·25 inches; but in the *maidan* areas, the corresponding figures were 0·72 and 2·58 inches against an average of 2·22 and 3·61 inches respectively. The situation was partly relieved by the favourable rains of August, but the crops in many parts are yet young and the rainfall in the next few weeks must determine the character of our harvests at the end of the season.

Prices.

8. As a result of the rapid communications and the changing conditions of the outer world, prices have been going up in recent years and the precarious rainfall of the past two successive seasons has raised them to famine rates. This is causing much hardship to the poorer officials, artisans and labouring classes. The cultivators have been getting very good prices for their crops, which have enabled them to pay their revenue with ease; but in areas in which the crops suffered more than ordinary damage, the raiyats have had very little left to sell.

Preparations to meet distress.

9. Government have done all in their power to meet the situation. Tank beds have been ordered to be given out for cultivation; funds have been sanctioned for sinking drinking water wells; State forests have been thrown open to free grazing; arrangements have been made for procuring and supplying fodder; and a large amount of money—in fact, all that the Revenue Officers asked for—has been made available for granting loans and advances.

Steps have been taken to have the village programmes re-examined with a view to ascertaining whether the works included in them are sufficient and well-distributed. With many village works ready to hand and the unusually large number of public works and railways, some of great magnitude, in progress in different parts of the State, we are peculiarly well circumstanced in the matter of providing work to persons in need of employment.

2.—Important Events of the Year.

Visit of His Excellency the Viceroy.

10. During the year His Highness the Maharaja had the privilege of welcoming His Excellency the Viceroy in our midst. The tour lasted from the 3rd to the 21st November 1913, and it included Gersoppa Falls, Mysore, the Kheddas, Bangalore, and a visit to the Kolar Gold Fields. The visit cannot be referred to without recalling the memory of Her Excellency Lady Hardinge who accompanied the Viceroy and who to our great sorrow is now no more. I have no doubt I am voicing the sentiments of the entire Assembly, when I say that our respectful sympathies are with His Excellency Lord Hardinge in his great bereavement, and it is our earnest hope that His Excellency may have strength to continue the administration of this great Empire with the same conspicuous sympathy and success that has characterised it till now.

The Treaty.

11. Another event of outstanding importance was the generous act of the British Government in sanctioning the substitution, in place of the Instrument of Transfer of 1881, of a new Treaty for Mysore, indicating the high esteem in which His Highness the Maharaja is held by the British Government. The change was welcomed by all classes of people, and was regarded as a signal proof of the sympathy and generosity which has always marked the policy of the Supreme Government towards this State. In this connection, I cannot do better than quote the sentiments to which His Excellency the Viceroy gave expression on the 6th November 1913, when he made this historic announcement in the City of Mysore :—

"I have now the pleasant duty of making an announcement, which it is as gratifying to me to deliver, as I trust it will be to Your Highness to receive. Some four months ago Your Highness wrote me a letter in which you took exception to certain features in the Instrument of Transfer of 1881, under which the Government of Mysore was restored to Your Highness' father, and you urged that the document should be revised both in substance and in form, in such a manner as to indicate more appropriately the relation subsisting between the British Government and the State of Mysore. After a very careful consideration of the question I have decided with the

concurrence of His Majesty's Secretary of State for India, to substitute for the Instrument of Transfer a new Treaty which will place the relations between us on a footing more in consonance with Your Highness' actual position among the Feudatory Chiefs in India. His Majesty's Government, in accepting my proposal, have observed that Your Highness' views on this question were stated with much force and moderation and that they derive additional weight from the high character and reputation which Your Highness has always borne. With this observation I desire to associate myself in the very fullest degree, and I look on it as a particularly happy circumstance, that it should have fallen to my lot to convey to Your Highness on this auspicious occasion so striking a proof of the esteem and regard in which you are held by those responsible for the Government of this great Empire."

Reforms in the Legislative Council.

12. The reforms in the Legislative Council, which His Highness the Maharaja was pleased to sanction and which were announced to you last year, have been fully given effect to. They included the nomination of four elected members from this Assembly and four from the districts, and the grant of the privileges of interpellation and discussion of the budget.

The reformed Council met three times during the year and the State Budget of the current year was placed before them for discussion in June last with an explanatory statement by the Financial Secretary. The discussion took place on the 7th July and was participated in by nearly all the non-official members present.

The Executive Council and the appointment of His Highness the Yuvaraja as an Extraordinary Member.

13. The number of members on the Executive Council has been increased from two to three in consequence of the appointment of His Highness the Yuvaraja as an Extraordinary Member. The Yuvaraja, as you are aware, worked for some time as Military Secretary to His Highness the Maharaja, but the post offered too limited a field for his abilities and His Highness therefore decided, after the Yuvaraja's return from the European tour, that he should be appointed as an Extraordinary Member of the Council. The Yuvaraja has now held that high office for about eight months and though it is not for me to appraise his work, I cannot refrain from expressing the admiration of a colleague for the soundness of judgment and the breadth and freshness of view that he brings to bear on questions which come before him.

3.—Principal events of the Year's Administration.

14. I will now refer briefly to the operations of the Departments of Government, one by one, beginning with the Financial Department.

Financial Department.

15. As you are aware, the financial statement of His Highness' Government for the year 1914-15 was for the first time discussed in the Legislative Council in July last.

Revised estimates for 1913-14.

16. The revenue for the year 1913-14, according to the revised estimates, stood at Rs. 317·30 lakhs and the expenditure at Rs. 237·23 lakhs showing a net surplus of Rs. 80·07 lakhs. Omitting 30 lakhs received on account of surplus revenues of the Civil and Military Station, the year's transactions showed a surplus of Rs. 50·07 lakhs made up as under:—

Increase of revenue in excess of Budget figures		30·13 lakhs.
Savings in ordinary expenditure ...	...	11·22 ,,
Estimated surplus in the original Budget	...	8·72 ,,
Total	...	50·07 lakhs.

Special grants aggregating Rs. 65·10 lakhs had also been made for important Capital works, *viz.*, the Cauvery Reservoir Works, extension of the Cauvery Power Scheme, new Railways and Bangalore Tramways. Of these grants, the Departments were able to utilise to the extent of Rs. 37·68 lakhs. The principal reasons for the lapses are the postponement of the payment of compensation in connection with the Cauvery Reservoir Scheme and unavoidable delays in maturing schemes and ordering out materials for the other projected works.

Budget Estimates for 1914-15.

17. Turning now to the Budget estimates for the current official year (1914-15), which have been based on the expectation of a normal year, the gross revenue is estimated at Rs. 285·09 lakhs and the gross expenditure at Rs. 358·63 lakhs. Analysed into ordinary and extraordinary, the figures stand thus:—

RECEIPTS.		Lakhs.	EXPENDITURE.			Lakhs.
Gross Revenue		Rs. 285·09	Gross expenditure			Rs. 358·63
Deduct arrears of surplus revenues of Civil and Military Station		12·00	Deduct special grants for capital account works	Lakhs.		
			1. Cauvery Reservoir works	... 37·50		
			2 Cauvery Power Scheme extension	... 5·67		
			3 Electric Tramways	... 6·00		
			4 State Railways construction	... 36·00		
			5 Capital for subsidised Railways	10·00		95·17
Net ordinary receipts	...	273·09	Net ordinary expenditure			263·46
			Surplus in the ordinary account		...	9·63
		273·09				273·09

18. A statement of the assets and liabilities of the State as they stood on the 1st July 1914 is appended to this address which will show that notwithstanding the heavy outlay on capital account works, the financial position may be regarded as entirely satisfactory.

Surplus Revenues of the Bangalore Assigned Tract.

19. It was noticed last year that the claim of the Mysore Government for the surplus revenues of the Bangalore Assigned Tract had received the generous recognition of the Government of India. After a careful scrutiny, the amount payable to the State to the end of the year 1911-12 was fixed at a little over Rs. 39 lakhs of which a substantial instalment, *viz.*, Rs. 30 lakhs, was paid during the year.

Savings Banks.

20. The closing balance at the credit of the depositors in the Savings Banks on the last day of the year 1913-14 was Rs. 73,01,284 against Rs. 74,99,274 on the last day of the previous year, excluding interest in either case. The withdrawals in the year 1913-14 were in excess of deposits by nearly 2 lakhs, a result which is said to be partly due to depositors having transferred their funds from the Savings Banks to the Bank of Mysore.

Account Department.

21. The increase in the Gazetted and ministerial staff of the Account Department referred to last year, took effect during the year under review.

In view of the large public works and railway projects in progress and the consequent increase in accounts work, the appointments of a Deputy Comptroller and of a Chief Superintendent for the Public Works and Railway Branch of the Department, were sanctioned.

Revenue Department.

22. The Mysore Civil Service Examination was held in November and December last under the revised rules of January 1913, and three of the successful candidates were appointed Assistant Commissioners, on probation.

Orders were passed during the year revising the scale of the Revenue Establishment of the Deputy Commissioners' Offices.

The Village Improvement scheme came into operation about four months before the close of the year and the results achieved will be explained in a future section of this Address.

Excise.

23. I remarked last year that the receipts under excise revenue during the year 1912-13 had reached a record figure, but those of the year 1913-14 have proved even higher, being Rs. 55,28,281 or Rs. 4,33,971 in excess of the previous year. Nearly half of this was obtained from shop rental and the remainder from increased consumption. The increase occurred in respect of all dutiable articles except foreign liquor. The consumption of the cheaper kinds of this liquor is gradually on the decrease and liquors manufactured in the Central Distillery, Bangalore, are becoming more popular.

Forests.

24. The total forest revenue realised during the year was also a record figure. It amounted to Rs. 32,71,336 and about two-thirds of this were obtained from the sale of 2,158 tons of sandalwood. The expenditure under conservancy and the establishment of the department was Rs. 7,45,476.

Two Forest Officers have been placed on special duty to survey the Forest resources of the State and to investigate the possibility of utilising them for industrial purposes. These officers completed, by the close of the year, the exploration of the Ghaut Forests in the Shimoga District and of the forests near the head waters of the Tunga and in the Jager valley in the Kadur District. One of them also assisted the experts engaged by Government to investigate the possibility of starting the manufacture of pencils and matches in the State. These officers have submitted their detailed reports which are now under the consideration of Government.

The Khedda operations organized on the occasion of the visit of His Excellency the Viceroy to the State, in November last, were successfully conducted and in spite of heavy casualties among the captured elephants, resulted in a net gain of Rs. 52,585 to the State.

25. A gratifying reform was made during the year in the Stamp Department by the issue of stamps bearing the portrait of His Highness the Maharaja. *Stamps.*

The Stamp Manufactory which till now had been located in a part of the Public Office Buildings, was removed to the new premises contiguous to the Government Press, where the new machines purchased during the year have been installed.

Protection.

26. One notable event in connection with the judicial administration of the State was the Judicial Conference held at Mysore in June last for the purpose of discussing questions of importance relating to the administration of justice. The Conference which was presided over by Rajamantrapravina Mr. H. V. Nanjundayya, C. I. E., First Member of Council, was the first of its kind and included among its members, experienced Judicial Officers and Advocates, besides several prominent gentlemen representing the general public. The resolutions passed and the recommendations made will be duly considered by Government. *Judicial Department.*

The services of Sir Leslie C. Miller, till recently a Judge of the Madras High Court, have been secured to fill the office of Chief Judge of our Chief Court, rendered vacant by the death of Rao Bahadur Mr. P. S. Krishna Rao.

27. The proposals for improving the strength and prospects of the staff of the Police Department outlined in my Address last year have been given effect to and the total strength of the permanent force as improved was 862 officers and 5,161 men on the 30th June 1914. The jurisdiction over the Kolar Gold Fields Railway has been temporarily restored to the State and the necessary Police staff entertained for one year. *Police Department.*

28. The discipline and efficiency of the Military Department were maintained at the usual high level and the health of the troops was good. *Military Department.*

In my Address last year, I informed you that it was under contemplation to improve the pay and prospects of the Barr forces. A scheme involving an additional expenditure of Rs. 26,000 a year was recently sanctioned and is being given effect to.

29. I stated in my Address last year that a Committee had been appointed in July 1913 to enquire into certain complaints about the purity of the vaccine lymph used in the State. The Committee, after careful investigation, came to the conclusion that the Mysore lymph *Medical and Public Health Departments.*

was free from harmful impurities and that, in point of potency, it compared very favourably with lymph manufactured elsewhere in India. They however considered that it was desirable to further reduce the extraneous, though harmless, organisms contained in the lymph and have made certain recommendations which have met with the approval of Government.

The Maternity Hospital at Robertsonpet will be shortly opened. The quarters for the staff have not yet been built, but the hospital work will be carried on by securing temporary accommodation for the present.

30. The Malnad Improvement Scheme, undertaken during the year for the sanitary and economic improvement of the *malnad*, will be referred to at a later stage of this Address.

Development, Moral and Material.

Economic Conference.

31. The several Committees of the Economic Conference and the departments connected with them were strengthened during the past official year and special efforts were made to systematize the work of the Conference and make it more practical. At the commencement of the year the constitution of the Conference and its Committees was modified slightly and their functions defined more clearly. As announced in my Address last October, 16 seats on the Conference were thrown open for election, 8 by the Members of this Assembly and 8 by the district electorates, and these elected representatives took part in the session of the Conference in June last. As the Deputy Inspector-General of Education who was the *Ex-officio* Secretary to the Education Committee had heavy duties to discharge, a whole-time officer has been appointed to look after the work of the Education Committee. The Standing Committee, whose chief function is to co-ordinate the work of the three Central Committees, met on two occasions during the year to consider several important questions. The work of the District Committees has been placed on a more satisfactory basis by the formation of Sub-Committees corresponding to the three Central Committees.

The work of the Conference has developed to a material extent and the progress made will be referred to later on.

Education.

32. The number of public institutions increased from 2,725 to 3,001 or by 276 and their attendance from 131,539 to 158,334, or by 26,795. The number of private institutions also increased from 1,843 to 2,133 and their strength from 24,901 to 29,396. The increase in

the number and strength of public institutions was chiefly due to the large number of primary schools for boys and girls opened during the year. The number of industrial and other technical institutions rose from 28 to 35. The total number of public and private institutions was 5,134 with a strength of 187,730 pupils as against 4,568 institutions with a strength of 156,440 pupils in the previous year. The total number of institutions, public and private, thus increased by 566 and their strength by 31,290. Of the total number of pupils, 154,319 were boys and 33,411 were girls, as against 129,009 boys and 27,431 girls in the year 1912-13. The percentage of boys at school to the male population of school-age rose from 29·8 to 35 and that of girls at school to the female population of school-age from 6·4 to 7·7, the percentage of boys and girls under instruction to the total population of school-age being 21·4 as against 18·0 in the previous year.

33. The Central College at Bangalore was affiliated to the Madras University in the Chemistry Branch of the B. A. Pass course and in the Physics Branch of the Honours course, but the institution of the Honours course in Chemistry had to be postponed for want of an Assistant Professor with European training. An Honours course in History and Economics was opened in the Maharaja's College at Mysore. The institution of these courses rendered some outlay necessary upon equipment and additional staff.

34. Other improvements were also made in Collegiate education, but the energies of the department were chiefly devoted to the development of elementary education. A special grant of one lakh of rupees was made for the expansion of village schools and a lakh and a half for the construction of school buildings. Sanction was also given to the opening of 1,000 schools under the grant-in-aid rules. The principle is that the villagers should supplement the grant given by Government by contributions in money or kind so that no teacher may have to serve on less than Rs. 10 a month.

A scheme of compulsory education has been sanctioned and will for the present be tried in 15 selected centres. Rules have been framed, funds provided, and all the requisite preliminary arrangements completed.

35. The expansion of primary and secondary education has created a need for a larger supply of trained teachers and for a higher standard of training than has hitherto been available in the State. In order to provide

for this, a scheme for re-modelling the Training Schools and increasing their number has been approved. Its principal features are the conversion of the Normal School at Mysore into a Training College by the addition of a training class for graduate teachers, the re-modelling of the Training Schools at Shimoga and Kolar and the immediate opening of a new Training School at Tumkur. The result of these changes will be that 440 teachers will in future be trained every year as against 254 at present.

36. The various arrangements for providing technical and commercial education sketched in my Address last year have been given effect to. A Mechanical Engineering School and a Commercial School have been opened in Bangalore and the new Chamarajendra Technical Institute has been formed in Mysore by the amalgamation of two existing institutions. All these institutions are reported to have done excellent work during the year. Arrangements have been made for opening additional sections in the Mechanical Engineering School for training Industrial Teachers, Railway Permanent Way Inspectors, Engine Drivers and Telegraph Signallers.

A printing class will be held tentatively for a year in a part of the Government Press building, where instruction will be given in composing, proof reading and printing.

37. Female education has also continued to advance. The number of public institutions for girls increased to 397 during the year from 360, the number in the previous year. Orders have been passed for the reorganization of the Maharani's College at Mysore and the Girls' Schools in the District headquarters with a view to enlarge their usefulness. A hostel will be attached to the College, and the present Widows' Home in Mysore will be taken over under Government management and form an *annexe* to the College. The Government Girls' School, Bangalore, and the Empress Girls' School, Tumkur, will be raised to the High School standard by the opening of Kannada Upper Secondary classes. English Lower Secondary classes will be added to these schools as well as to the Aryabalika Patasala and the Chamarajpet Girls' School, Bangalore. Provision for English instruction will be made in the Malleswaram Girls' School, Bangalore, and the Girls' Schools at Kolar, Chikmagalur, Chitaldrug, Shimoga and Hassan. The reorganization provides for instruction in industrial and domestic arts in addition to education of a literary character. An

Inspectress of Hindustani Girls' Schools has also been temporarily engaged.

38. Among other important measures introduced may be mentioned the appointment of a Deputy Inspector-General of Education to be in direct charge of Vernacular education and the revision of the grades of Educational officers and Head Masters and teachers in High and Anglo-Vernacular Schools so as to fix the number of appointments in each grade, to prevent overlapping of scales, to facilitate selection on the ground of merit, to allow interchange between the tutorial and inspecting staff and to make the pay of the teachers in Anglo-Vernacular Schools attractive. The benefits of the State Life Insurance have been thrown open to the teachers of aided institutions on certain conditions.

39. An Educational Exhibition was held at Mysore during the last Dasara and was largely attended. A similar Exhibition held in the Government High School at Bangalore, in the latter part of December was also very popular.

Department of Agriculture.

40. It had been felt for some time past that if the Agricultural Department was to do any effective work in the way of improving the staple industry of the country, a considerable addition to its staff was necessary. The Department was accordingly re-organized during the year, and the results are beginning to be apparent. The new arrangements could be brought into effect only four months before the close of the year, but even in this short period, it was found possible to inaugurate a large amount of new work, demonstration in particular, which had hitherto of necessity, been confined to a comparatively few places and which has now been extended to every district in the State.

41. In my Address last year I mentioned that an Agricultural School had been opened at Bangalore for giving practical instruction in agriculture. The school has now completed the first year of its existence and has on its rolls 15 new students and 14 in the second year of their studies. A short course which lasted a week was held in connection with cultivating operations for the benefit of raiyats and land-holders, and was attended by about a hundred of them. In the present year it is hoped to have a regular series of such short courses and buildings are being erected for the accommodation of persons coming to attend them.

Department of Industries and Commerce.

42. The rules for regulating the grant of takavi loans for industrial purposes referred to in my Address last year, have been amplified so as to provide for the sale of machinery on a hire purchase system as an alternative to takavi loans. Takavi and other loans amounting to nearly one lakh of rupees were granted during the year.

Twenty-six installations involving an expenditure of Rs. 1,44,000 had been completed and 13 were in hand at the close of the year.

As a result of the successful working of the pumping stations at Harihar and Hansvadi, a number of pumping plants for irrigation are expected to be established shortly on the banks of the Tungabhadra and its two main branches.

43. Several bulletins were issued during the year embodying the results of departmental enquiries which related, among other subjects, to the sugar industry in Mysore, the use of oil engine and suction gas plants, and the cultivation of sisal-hemp. The statistics of rail-borne trade hitherto received not being quite satisfactory, arrangements have been made with the Madras and Southern Mahratta Railway Company to obtain quarterly statements in detail, of the imports and exports carried into and out of the Mysore State by rail.

Co-operative Societies.

44. The Co-operative movement made considerable progress during the year. It is satisfactory to note that the movement is now extending to the *Malnad* districts, where it had hitherto made little headway. While Credit Societies continue to maintain their popularity and usefulness, other forms of co-operation are coming to be gradually adopted. There are societies undertaking, for instance, the irrigation of land, the purchase of raw materials and the sale of commodities on the co-operative principle.

During the year under review the number of Societies rose from 343 to 530, the membership from 24,538 to 40,479, the working capital from Rs. 12,89,338 to Rs. 21,47,340, the total transactions from Rs. 59,52,081 to Rs. 96,28,523, the profits from Rs. 1,29,981 to Rs. 2,30,224 and the reserve fund from Rs. 30,600 to Rs. 56,240. The Central Bank of Bangalore is in a flourishing condition and has lent a sum of Rs. 2,65,000 to 57 societies. It continues to be the main source of capital to the rural societies. Three of the Unions have

supplied capital to the extent of about Rs. 25,000 and one is contemplating to finance its affiliated Societies to the extent of Rs. 20,000. As almost all the capital required was thus raised either locally or from the institutions mentioned above, it was not considered necessary to make any grants out of the funds placed at the disposal of the Registrar by the Government and from the Privy Purse of His Highness the Maharaja.

45. The third Provincial Conference was held at Mysore last October and was opened by His Highness the Yuvaraja and presided over by Dewan Bahadur Rajasabhabhushana Mr. K. P. Puttanna Chetty. Smaller and less formal but equally useful Conferences were held at ten other places and owed their initiative and success mostly to local effort and organization guided by the Registrar of Co-operative Societies.

Technical Departments.

Public Works Department.

46. The total expenditure on public works from all sources including Local Funds amounted to about Rs. 59¼ lakhs during the year against Rs. 51 lakhs in the preceding year. Of this amount, Rs. 29½ lakhs were spent on irrigation works and Rs. 29¾ lakhs on civil works and military buildings.

47. The construction of the Cauvery Reservoir at Kannambadi is progressing satisfactorily. The difficult portion of the work in the river-bed and the banks was completed during the year and the masonry rose to a height of 44 feet above the bed on the south bank and to 36 feet on the north bank. Water is now stored to a height of 8 feet at the gap in the centre of the dam. Arrangements are being made for the construction of turbine sluices in the dam with a view to install a power station at the reservoir itself, from which energy may be supplied to the Belagola Pumping Station, Mysore, and other places in that neighbourhood.

In order to provide the owners of submerged wet lands with lands in exchange, Government have, besides adopting other necessary measures, sanctioned the execution of four channel projects, two of which have already been put in hand and the remaining two will be started during the course of this year.

A scheme has also been devised for the expansion of irrigation generally under the reservoir and for affording facilities for growing high-rated crops like sugarcane, turmeric, mulberry, etc.

Irrigation Improvements.

48. With a view to develop irrigation on a scientific basis, the formation of a new Irrigation Division has been

sanctioned tentatively for three years, at an annual outlay of Rs. 30,000. The work assigned to the Division was explained in the last year's Address.

The Block System of Irrigation under the Marikanave Reservoir, which was brought into force from the 1st July 1913, is being carefully worked. The colonisation of the canal area and the improvement of sanitation and means of communication of the canal villages are receiving attention.

Panchayets have been constituted for 25 villages under the Tank Panchayet Regulation.

Electrical Department.

49. The fourth installation of the Cauvery Hydro-Electric Power Scheme had well advanced by the close of the year and is expected to be completed before July 1915. Reduced rates for electric power were introduced during the year with a view to encouraging its use for domestic and industrial purposes. The estimates framed for the scheme of Electric Tramways for Bangalore required revision, and the new works had to be held in abeyance. The work will be resumed as soon as an understanding is reached with the Civil and Military Station as regards their share of the estimate.

Railway Department.

50. Up to 1900, the total length of Railway lines open in the State was 410 miles and the capital outlay Rs. 223 lakhs. The length remained stationary till 1911.

The programme of Railway development sanctioned in Government Proceedings No. 224-30—Ry. F. 124-11-12, dated the 13th November 1911, provided for an addition of 259½ miles to the existing length at an aggregate outlay of Rs. 130 lakhs.

51. A State Railway Department was organised in 1912. Surveys and preliminary investigations in connection with the lines in the approved programme were vigorously prosecuted. The selection of the necessary staff, the investigation of the several alternative lines for some of the suggested projects and the necessity of submitting the final project estimates for the approval of the Railway Board naturally took up considerable time. Regular construction operations could not be started for a year or more from the date of organization of the department.

Estimates amounting to Rs. 110 lakhs for opening out 259 miles of different gauges have been brought on the sanctioned list. A project for a line from Bangalore to Hosur estimated to cost Rs. 12·72 lakhs for 30·69 miles is pending with the Railway Board. Projects

for another 146 miles estimated to cost Rs. 94 lakhs are ready and are awaiting the settlement of the question of ways and means and conditions of construction and working. Arrangements are in progress for undertaking surveys for the Shimoga Feeder Railways and Tramways to Hebbe and Kakankote.

52. Negotiations are in progress regarding three more lines intended to connect our system of Railways with important places in the surrounding districts of British India, *viz.*, a line from Nanjangud to Erode, another from Hassan to Mangalore and a third from Mysore to the Coorg frontier ending for the present at Virarajendrapet along the left bank of the Cauvery. His Highness' Government attach much importance to the early construction of all these lines and particularly of the first named link.

53. The work on the Mysore-Arsikere Railway was commenced during November 1913 and is being pushed on vigorously. The section of the Tarikere-Yedahalli Tramway between Tarikere and Lakvalli has been opened for traffic, but work on the section beyond Lakvalli is delayed owing to the prevalence of plague in that locality. The works required in connection with the Bangalore-Chikballapur Light Railway between Bangalore and Yelahanka, have to be carried out by the Madras and Southern Mahratta Railway Company and estimates are under preparation. The section between Yelahanka and Devanhalli has just been opened for goods traffic. The rest of the work may be completed by the end of December 1914. Sanction of the Government of India was received very recently to the Kolar-Chikballapur Railway project and arrangements are being made to start work on that line. The project for the Chikjajur-Chitaldrug Railway has also been sanctioned by the Government of India and the question of financing the same as well as the Kadur-Chikmagalur and Chikmagalur-Hassan lines is under consideration.

54. Arrangements are being made to have properly equipped Loco, Traffic, Ways and Works Departments for working the State lines.

55. Further capital outlay is being incurred on the State open lines worked by the Madras and Southern Mahratta Railway Company, the total outlay to the end of 1913-14 being Rs. 2,56,00,000. Till the year 1907-08, the net earnings to the State from these lines were insufficient to meet interest charges and the net result of working up to that year, was a deficit of about Rs. 65 lakhs.

Since 1907-08, however, the earnings have improved and the deficit has been reduced to about Rs. 50 lakhs.

Department of Geology and Mining.

56. The output of gold during 1913-14 was 559,640 ounces of an approximate value of Rs. 3,22,83,047 which shows a decrease of Rs. 95,897, compared with 561,270 ounces of the value of Rs. 3,23,78,944 in 1912-13. The total royalty realised was approximately Rs. 18,91,486 against Rs. 18,99,971 in 1912-13.

The shortage of water in the Cauvery during the months of May and June necessitated a serious reduction in the power supply to the Field, which retarded development work, but did not materially affect the output of gold. The outlook of the Field remains very much the same as during the previous year. The work undertaken last year at the Woolagiri Mine in the Mysore District was brought to a close in August 1913 as the developments were not promising. Work at the Siddarahalli Mine in the Kadur District has been suspended for want of funds.

57. In accordance with the decision of Government arrived at last year, steps have been taken for the preparation and publication of a Geological Map of Mysore showing the general results of survey work. Separate maps on a larger scale and with more detailed information will also be published for the more important areas likely to contain mineral deposits.

This is one of the important departments of Government which require reorganisation and proposals to that end are under consideration.

Local Self-Government.

Municipal Funds.

58. The receipts under Municipal Funds during the year amounted to about Rs. 10,97,000 and the expenditure to about Rs. 10,01,000 of which a sum of Rs. 2,87,000 was spent on Public Works, Rs. 2,31,000 on conservancy and the balance under other heads.

The question of financing the water-supply scheme of Davangere town, which is estimated to cost over 2 lakhs of rupees, was satisfactorily settled during the year and Government have sanctioned a contribution of Rs. 30,000 towards the project and undertaken to execute the work without making any charge on account of establishment or tools and plant. Government have also sanctioned the grant of one-half of the cost of installing Jewell Filters for the Chitaldrug water-supply, and of carrying out certain improvements urgently required for the Kolar and Shimoga water works. A scheme of water-supply for the town of Dodballapur is under consideration

and it is noteworthy that the townspeople of that place have come forward with offers of subscriptions to the extent of Rs. 18,000 towards the cost of the project, of which a sum of Rs. 11,000 has been actually paid.

Mysore City Improvement Trust Board.

59. The construction of the underground sewerage and outfall works was continued during the year. Sixty-nine properties were acquired at a cost of Rs. 50,677 and the total expenditure incurred by the Board amounted to Rs. 2,93,000.

City Improvement Committee, Bangalore.

60. In order to investigate the needs of the Bangalore City in the direction of improvements and future expansion, a Committee consisting of Engineer and other officers and leading non-official gentlemen has been appointed with Rajasabhabhushana Dewan Bahadur Mr. K. P. Puttanna Chetty as Chairman. The Committee met several times and have submitted a rough scheme of improvements to be carried out in the next three years. For preliminary operations in this connection, Government have placed a grant of Rs. 20,000 at the disposal of the Committee.

Local Funds General.

61. The receipts under this head amounted to Rs. 2,23,000, and including the opening balance of Rs. 2,56,901 the total income was Rs. 4,79,901. The expenditure amounted to Rs. 1,70,700 and the year thus closed with a balance of Rs. 3,09,201.

District Funds.

62. The income under all heads of District Funds during the year 1913-14 was approximately Rs. 9,28,387 which, together with the opening balance of Rs. 6,56,497, amounted to Rs. 15,84,884. The total expenditure was nearly Rs. 11,42,674 thus leaving a balance of Rs. 4,42,210 at the close of the year. A sum of Rs. 4,77,750 was spent on Public Works, Rs. 2,60,924 on Public Health, Safety and Convenience, and Rs. 3,02,603 on Railway construction. All the Local Boards in the Shimoga District were reconstituted during the year, and the Local Boards Regulation II of 1902 was amended so as to empower the District Boards to levy a Railway Cess with the approval of Government.

Miscellaneous Departments.

Muzrai Department.

63. A Committee consisting of Dewan Bahadur Mr. C. Srikantesvara Aiyar, Inspector-General of Police, and Mr. G. Aravamudu Iyengar, Muzrai Superintendent, was appointed to investigate the working of the Department and report upon the various reforms and improvements needed in the administration of the Muzrai institutions. The Committee have sent up a detailed report on the several points referred to them for investigation.

The report is now under the consideration of Government.

The new Muzrai Regulation came into operation from 1st January 1914.

Government Press.

64. The outturn of work in the Central Press was slightly less than in the previous year and the expenditure for the year amounted to Rs. 1,05,485 against Rs. 1,06,266 in the year previous. The reduction of output and expenditure was due to the transfer of a portion of the work to the Branch Press at Mysore and to the fact that on the whole a less quantity of printing was called for from the several departments and some printing was also done in private presses.

The question of further reducing if possible, the work done in the Government Press, is engaging attention.

65. The number of books and periodicals registered during the year was 117 as against 128 in the previous year.

Government Gardens.

66. The Government Gardens were satisfactorily maintained throughout the year and improvements effected to most of them. The details are given in Part II of this Address.

Archæological Department.

67. Arrangements have been made for revising the Mysore Gazetteer prepared by Mr. Rice with a view to bringing it up to date. Praktanavimarsa Vichakshana Mr. R. A. Narasimhachar has been entrusted with this work in addition to his other duties as Officer in charge of the Archæological Researches. A definite programme of work for this department for the next three years is under the consideration of Government.

4.—Development of Economic Resources.

68. Having dealt with the chief events of the administration during the year, it may not be out of place to

recapitulate some of the larger measures undertaken in the State for developing its economic resources.

Seven projects of this description seem to deserve notice all of which, save one, are making rapid progress. These are :—

(1) Construction and working of railways,
(2) Construction of a reservoir on the Cauvery river at Kannambadi,
(3) Further development of the Cauvery Power Scheme,
(4) Construction and repair of minor tanks,
(5) Malnad Improvement Scheme,
(6) Village Improvement Scheme, and
(7) Operations of the Economic Conference.

Construction and working of Railways.

69. You may be aware that, between 1900 and 1911, that is, for nearly 12 years, there was a complete stoppage of railway activity in the State and the railway mileage in Mysore, compared to the population, fell short of that in British India. Since 1911, a persistent effort has been made to develop railway construction and as a result we have work going on, at present, on about 130 miles of railway.

The Kolar-Bowringpet Railway, the first new line completed since railway construction was resumed, was opened by His Highness the Maharaja in December last.

It is gratifying to note that the people in the districts are beginning to invest money in railway enterprises.

We want a length of about 1,000 miles of railway for adequately opening out our districts and to give an impetus to the agricultural and commercial prosperity of the State. The Railway service, when the lines are in operation, is also intended to provide profitable employment to the people of the State. The outlay already incurred is Rs. 256 lakhs and the programme of 1,000 miles when completed will bring the total expenditure to about 500 lakhs.

The construction of the Cauvery Reservoir.

70. The question of utilizing the surplus waters of the Cauvery river within the Mysore State has formed the subject of a somewhat protracted controversy between this State and the neighbouring Presidency of Madras for the past three or four years, and last year the Government of India decided to refer the matter to a strong Committee of Arbitration for enquiry. The Committee conducted their investigations for nearly ten months and, in May

last, submitted their award to the Government of India. His Highness' Government and the very large population interested in the development of the Cauvery valley within our State are confident of the justice of their claims and they anxiously await the decision of the Government of India on this momentous issue.

The Kannambadi Reservoir Project has for its object the storage of the surplus waters of the Cauvery river,—surplus which normally runs to waste into the sea. The present supply of the river channels is precarious. With an assured supply from the reservoir, the way will be paved for the cultivation of high class perennial crops not hitherto grown in that valley. Arrangements are being made to cultivate, with the aid of the storage, about 10,000 acres of sugarcane under the existing and new channels.

A scheme for re-settling the population which will be drowned out by the new reservoir is being successfully dealt with by our officers.

Further development of the Cauvery Power Scheme.

71. The construction of the reservoir will enable Government to protect the power supply, which at present is somewhat precarious during the hot weather months, and to increase the same from about 11,000 H. P. to about 18,000 H. P. It is expected that the necessary works will be completed before July next, and if there is sufficient demand for additional power thereafter, further developments will follow.

It will be one of the duties of the Electrical Department to develop permanent markets for our power supply by extending its use for industrial purposes in the cities of Bangalore and Mysore.

Construction and repair of Minor Tanks.

72. The question of minor tanks has engaged our active attention during the year. Government have strengthened the Maramat establishment required in the districts at an additional cost of Rs. 42,312 and the grant for the restoration of minor tanks now stands at Rs. 2,00,000. Government are prepared to further increase the grant, if necessary.

A scheme is under consideration to encourage the people of the village or villages interested in a tank to carry out the work of restoration or repairs by their own efforts with aid from Government, in the shape of grants, remissions of assessment or other concessions. This is one of the measures in which the people's co-operation with Government in the years to come will be attended with the most beneficial results.

Malnad Improvement Scheme.

73. I stated last year that His Highness' Government intended to take active measures for the re-population, and the sanitary and economic improvement of the *malnad* portions of the three districts, namely, Shimoga, Kadur and Hassan. A scheme drawn up for the purpose was brought into operation in February last. To give an opportunity to the leading people of the districts to participate in the work, non-officials have been associated with the officials and local committees have been appointed one for each district, as well as a central committee to control the operations, and they are provided with funds and an adequate staff. The measures in progress during the few months in which the scheme was in operation during the year comprise—removing rank vegetation, improving the supply of drinking water, shifting insanitary villages, popularising the use of quinine, spreading the benefits of vaccination and imparting to the people a knowledge of the rules of personal and domestic hygiene. A malarial survey with laboratory investigation has been commenced in order to identify the species of mosquito responsible for the spread of the disease. An experienced officer of the Medical department was placed on special duty for a short time to formulate the lines of such a survey and investigation and to suggest improvements in the registration of vital statistics. Arrangements are in progress for increasing the number of vaccinators, midwives and compounders and the question of providing additional dispensaries both of the stationary and travelling types and the necessary maternity hospitals is under active consideration.

74. Attempts are also being made to attract settlers to the *malnad*. Government have recognised that the problem of the *malnad* is partly economic in character and in this view have sanctioned measures for encouraging education, for multiplying occupations by developing local industries chiefly connected with forest produce, for opening up the country by increasing communications and for promoting co-operative enterprise.

Numerous details have yet to be perfected. Until the people are awakened to a sense of their own responsibility, progress will largely depend on the activity and enthusiasm which the Government officers entrusted with the operations may bring to bear on this work.

Village Improvement Scheme.

75. This scheme which I foreshadowed in my Address last year was put in hand in the latter part of the year and it has made satisfactory progress in the few

months it has been in operation. The following figures taken from the most recent reports will indicate the results attained :—

Number of villages for which committees have been formed out of a total number of 16,740 in the State	11,923
Number of village committees started ...	7,440
Number of villages in which people have agreed to devote half a day's labour once a week for communal benefit...	6,126
Number of villages (in five districts) which have started libraries or subscribed for newspapers	55

Considering that the seasonal conditions last year were somewhat unfavourable and the outlook in the current year up to the present has not been very satisfactory, the extent of popular support given to the scheme is extremely gratifying.

76. Under the sanctioned scheme, the Government contribution towards the cost of works started by the Village Improvement Committees was fixed at one-third of the total cost; but in view of the attendant difficulties in carrying out the scheme in its initial stages, the Government contribution was increased to one-half for the year under review as well as for the current year.

The Village Improvement Committees undertook during the period, works of permanent utility involving an estimated outlay of Rs. 1,25,000 of which the Government share amounted to Rs. 59,000. The balance of Rs. 66,000 was contributed by the villagers concerned either in cash or labour.

77. The Revenue Commissioner states that signs are not wanting to indicate the popularity of the scheme. It owes its rapid introduction to the enthusiasm and interest taken by our District Revenue officers. If wisely directed, its operations should be the means of spreading enlightenment among the people and stimulating co-operative action for improving the prosperity and conveniences of our villages. Nature has so liberally endowed our country with beautiful scenery and natural facilities of every kind that, if only the people made the attempt, many a village might be transformed from a congregation of irregularly disposed huts—separated by ill-kept and insanitary spaces—into well-ordered, cleanly and attractive places of human abode.

Economic Conference.

78. The changes in the constitution and functions of the Economic Conference have been dealt with already.

The object of the Conference is, as you are aware, to improve education and develop agriculture and Industries and Commerce. On account of the low level of activity and achievement in this respect in the past, it is the prime duty of the State and the leaders of the people to help to guide the public to improve their economic condition. His Highness' Government spend about 2¼ lakhs a year at present, or less than 1 per cent of our revenues for the purpose of spreading sound ideas and preparing the people to participate in economic progress. Government are prepared to spend up to Rs. 3 lakhs per annum, if necessary, for a period of five years.

79. The work of the Conference is mainly carried on by the three Central Committees and the District Committees. These Committees have been investigating a large number of subjects of economic interest, which are in various stages of progress. Much spade work has been done in collecting useful information which is a necessary preliminary to the preparation of practical schemes. Some of the recommendations made by the Committees have been sanctioned by Government and several others are under their consideration.

80. Amidst much generous enthusiasm, there have not been wanting criticisms of some of the measures in progress. Government are doing what they consider to be demanded in the true interests of the country and likely to satisfy the best informed opinion on each subject. If, in respect of any of these measures, at least half a dozen members of this Assembly meet and formulate their difficulties and objections, and ask for information, every endeavour will be made to meet their wishes. If alternative proposals of a constructive character are put forward, Government will not be slow to give the suggestions their best consideration.

Education Committee.

81. Chief among the subjects dealt with by the Education Committee were the establishment of Public Libraries in Bangalore and Mysore, the improvement of Industrial Schools, the organization of physical education, the employment of itinerant teachers and lecturers, etc., the education of adults and the encouragement of literature in Kannada to make it a suitable vehicle for the spread of general and scientific knowledge among the masses of the population.

Agricultural Committee.

82. The Agricultural Committee took up during the year the question of the improvement of sericulture. This industry provides profitable occupation to people in

22 taluks of the State. The services of Signor Washington Mari, an experienced Italian expert, were secured for a year and a Central Sericultural Farm was opened at Channapatna, where he conducted several trials and experiments. In the first six months of this year 51,000 cocoons of several varieties were raised and about half the number were sold to the raiyats. The experiments carried out in rearing the Mysore, Bengal and Italian worms and cross breeds have yielded useful indications as to the directions in which the future development of the industry may be attempted.

A scheme is in preparation to build, in different localities, model rearing houses which will also serve as small seed stations for the present. A number of students have been trained in improved methods of sericulture and the staff of Assistant Inspectors has been increased in number and posted to several of the sericultural taluks. Steps have been taken to introduce sericulture into parts of the State where it was not in existence before.

83. A Silk Association has been formed at Channapatna consisting of people connected with all branches of the silk industry with a view to spread knowledge of the new methods among the rural population. The Association is yet young but I hope that it will soon become a useful medium for bringing the people under the influence of our expert agency.

Considerable attention has been paid to horticulture and a survey of fruit areas has been undertaken to ascertain the possibilities of fruit culture in the State.

The feasibility of dairy farming has been investigated and encouragement is being given for the development of the industry by private enterprise.

The Committee has issued a number of bulletins containing useful information, both in English and Kannada, and has tried to reach a large circle of readers interested in scientific methods of agriculture.

Industries and Commerce Committee.

84. The Industries and Commerce Committee considered the question of starting various industries, such as wood distillation, manufacture of cotton seed oil, pharmaceutical preparations, cultivation of sisal-hemp, cocoanut fibre, glass, matches, etc. Some of the enquiries have assumed a practical shape. The opening of a factory for the manufacture of pencils and the possibility of starting tile factories on a large scale in the Mysore District and the *malnad*, are under investigation by experts. An

Industrial Depot for the exhibition and sale of articles of local manufacture has been opened in Bangalore and is reported to be working satisfactorily.

85. The results of the investigation into the industrial condition of Mysore by Mr. V. S. Sambasiva Iyer, who was deputed for the purpose, have recently been published. His report brings together a large mass of information connected with the economic development of the country and also contains various useful suggestions for improving existing industries and starting new ones.

86. One of the important advances made in the direction of commercial development is the starting of the Bank of Mysore, which commenced work in October 1913. Through its instrumentality, a sum of about Rs. 30 lakhs is under circulation and very satisfactory banking facilities have been provided by the agencies established in various parts of the State.

87. The District Committees have also drawn up definite programmes of work and are engaged in investigating several questions of economic interest with special reference to the local areas concerned.

88. As the work connected with the Economic Conference has expanded, District Officers are finding it difficult to devote adequate attention to it without special assistance. Government have therefore recently sanctioned the appointment of a Superintendent or Organiser for each district whose duty it will be to help the Deputy Commissioner and the District Committee in spreading information, stimulating local enterprise and helping people in organizing practical schemes with the co-operation of experts employed in the several departments. The Superintendents will be in touch with the various authorities concerned and will serve as a medium for co-ordinating the activities of the Central and District Committees.

89. Forty-seven Taluk Progress Committees have been formed to develop economic work in the taluks and it is expected that in the course of the next few months, similar committees will be formed in all the remaining taluks.

90. It has been decided to issue at an early date a monthly journal in connection with the work of the Economic Conference, in English and Kannada, which will serve to bring into closer touch all persons interested and all agencies engaged in the work of the economic progress of the State.

91. In another place of this Address I have referred to the formation of Village Improvement Committees. It is the hope of Government that all these organisations beginning from the central body and spreading among a large number of towns and villages will work in unison and form the necessary agency for developing economic schemes, for ascertaining important local wants, for spreading information among a large portion of the people of the State and for organising and directing into profitable channels whatever intelligence, energy, capital or enterprise may be available in the country.

5.—Administrative Efficiency.

Efficiency Audit.

92. I will next say a few words about measures taken for improving the working of the administrative machinery.

In last year's address, I mentioned that the question of improving the efficiency of the several branches of the public service had been receiving the special attention of Government and that it was proposed to introduce a system of administrative scrutiny and check described as 'efficiency audit.'

The system has been in full working order for the past two or three months. The establishment employed is temporary and consists of a Gazetted officer and a few clerks who form a branch of the General and Revenue Secretariat.

93. The officer is engaged in examining the standing orders and office manuals with a view to promote system and regularity in the transaction of public business and co-ordination of work between the various departments. He will help in the reorganization of Government departments which may require attention, in the inspection of individual offices when necessary and in taking stock of progress made on the special programmes laid down from time to time.

94. The system of Local Self-Government in the State dealing with the functions and responsibilities of Local Boards and Municipalities is undergoing a thorough investigation. A committee of Government officers and non-official gentlemen, with Mr. M. Kantaraj Urs, C.S.I.,

Second Member of Council, as Chairman, which has been considering the subject for some time past has just concluded its deliberations.

Organization and Development questions.

95. In every department of Government and public work, a large number of new questions arise from time to time requiring study and investigation and the Departmental heads often find themselves unable to give continuous attention to them. A list of subjects connected with the organization and development of the department is maintained, and a few selected subjects are taken up from time to time for investigation and report, with the help of Government officers and when necessary, also of non-official gentlemen who may be interested in, or who may have made a special study of, the subjects. Several subjects have been dealt with in this way, and our sincere thanks are due to the gentlemen who have co-operated with Government and given their services for the work.

Recruitment and Promotions.

96. A stricter system of recruitment based mainly on merit and capacity should be introduced in all branches of the service after making reasonable allowance for the claims of special classes of tax-payers hitherto imperfectly represented in the public service. There is no reason why we should be content with men of ordinary calibre when we can get the pick of the talent available in the country for the same salaries.

The selection for promotion should be based on approved service and merit and for this purpose, correct records of conduct and qualifications should be maintained in greater detail than at present. If we are to encourage officers who are self-reliant and resourceful, it will be necessary to give special promotions to men of outstanding capacity and worth.

Government propose to issue shortly suitable rules to regulate the conduct and responsibility of officers of the various services of the State.

Inspections by Members of Government.

97. A new departure, during the year, was the tours of inspection undertaken by members of Government under a revised system, resulting in a considerable amount of inspection work done by them. Out of a total of 68 taluks and 9 sub-taluks in the State, the two members and myself have, between us, inspected 52 taluks and 5 sub-taluks. These inspections will be continued in the coming year also, and an endeavour will be made to see that they lead to permanent results, and that the more

important wants and grievances in each taluk are catalogued and constantly kept in view, both by the official and non-official classes, till the wants are supplied and the grievances redressed.

Statistical Atlas and District and Town Hand-books.

98. At present, there is a lack of information regarding essential facts pertaining to the administration in general and to the resources and needs of the people in particular, in each district, city and important town. A beginning has been made to supply these wants by the preparation of hand-books for districts and guide-books for the municipal towns. Mr. K. R. Srinivasiengar, M.A., till recently Secretary to Government in the General and Revenue Departments, has been entrusted with the preparation of a statistical atlas and abstract. He is also compiling the district hand-books with the aid of the Deputy Commissioners of the Districts concerned.

Mr. K. P. Puttanna Chetty, President of the Bangalore City Municipality, has issued a useful and neatly got-up hand-book for the Bangalore City, and the Municipal Councils of a few other towns have undertaken to publish smaller guide-books.

A hand-book for the Tumkur District has been published by Mr. B. J. Kumaraswamy Naik, Deputy Commissioner, and another for the Kolar District, prepared by Mr. B. Ramaswamayya, is in the press.

Taluk and Village Manuals.

99. The preparation of a Manual for regulating the work of the Taluk offices and defining the duties and responsibilities of the Taluk officials has been taken in hand. Mr. K. Srinivasa Rao, retired Deputy Commissioner, who has had considerable experience as a Revenue officer, has set an example of public spirit by undertaking to do the work in an honorary capacity. He has also completed the compilation of a Village Manual. A District Office Manual will be compiled for the guidance of officials as soon as the Taluk and Village Manuals are printed and issued.

6.—Conclusion.

100. I will now conclude with a few general observations on the present situation in Mysore and our hopes and fears, for the future, from the standpoint of the prosperity of His Highness' subjects.

I have referred to the short rainfall and scarcity of food and fodder both last year and now. Bad seasons are increasingly frequent in this State. The methods of cultivation are primitive in large areas of the country and the application of science to farming is little known. Even in good seasons, the ordinary agriculturist goes without sufficient occupation from four to six months in the year. Many artisan and professional classes have had to abandon their special avocations through stress of competition and fall back on agriculture. The village tanks are getting silted and shallow, and they usually dry up a few months after the monsoon is over, with the result that scarcity of water for men and cattle is of common occurrence in the rural areas.

Our agricultural population is very ignorant. The power of initiative, co-operation and organised activity for public or private enterprises, which is so sedulously fostered in other countries, is utterly lacking in this State.

Efficiency of the People.

101. In my Address of last year, I devoted a section to the subject of the efficiency of the people. I have already explained what Government have done or are doing in order to develop the economic resources of the State and to improve the machinery of the administration. As regards the improvement of the people, Government are doing all they can, by liberal expenditure on education and in other ways, to encourage industrial and commercial enterprise among the people.

In this connection, I believe it is permissible to ask—What are the people doing to help themselves? To what extent will they exert themselves for a more active participation in the civic and industrial life of the country? These questions will be repeated with growing persistency in the coming years and you must see to it that your response is hearty and increasingly unanimous.

102. The spirit of enquiry should be cultivated by our people and they should study what science has done for promoting human enterprise in foreign lands and practise the lessons deduced from such comparison.

Changes are going on unnoticed in the practical life of the people and many good and useful habits and practices of the past are disappearing. It behoves us to single out the more useful methods and practices, both our own and those of foreign countries at the present time, and familiarise the public with them, till they come to be accepted as standards in the daily life of our people.

Regulation of activities in city, town and village.

103. Proposals are being discussed with a view to encourage the people to keep under study and observation every important activity in the country, municipal, economic, social and moral, with a view to the constant improvement of the standards of work and living of the persons engaged in them.

The object aimed at is to appoint some person or persons to be responsible for every profession or activity as practised in each city, town and village; to collect funds and stimulate work with a view gradually to improve the material and moral condition of the people in every profession and grade of society.

A beginning in this direction is being made in Bangalore under the leadership of our esteemed countryman, Dewan Bahadur Rajasabhabhushana Mr. K. P. Puttanna Chetty and, if voluntary effort is forthcoming, there is no reason why the city of Mysore should not follow the example of Bangalore and why other smaller towns should not take up this good work in their turn.

Appeal for Co-operation.

104. Government recognise that it is a part of their duty to help the people to improve their condition and equip them for the struggle for existence. The time has gone by when Government officers could afford to be content with collecting taxes, maintaining order and dispensing justice.

I am told on the authority of competent observers that there is a distinct improvement in the civic life of the Bangalore City, and that Municipal Councillors and leading private gentlemen are giving their time and work ungrudgingly to municipal affairs and questions of public interest.

There are evidences of public spirit and increasing harmony between Government officers and the people in the districts and I can speak from personal knowledge that our village population are making large sacrifices for promoting education.

When I outlined the Village Improvement Scheme in my Address last year, some sixty members from your body offered help and co-operation to inaugurate that movement. I now see that that help has been given without stint. If in respect of all new undertakings, officials and non-officials are animated by the same ideals and work in unison, the beneficial results will be very marked. I earnestly hope that, in the coming year, our officers may look forward to increasing co-operation from you and from the general public whom you represent.

105. The recent growth of communications has been bringing us closer to the populations of the world. It is an advantage to come into closer contact with people more civilised than ourselves if we can profit by their example. But we must recognise that this close association has also brought us increased responsibilities. It has brought us into the vortex of the struggle for existence and the first warning we have received is a rise in prices. Where formerly the economic effects of local enterprises were determined by local conditions, we are now called upon, without adequate training or skill and with our primitive implements, to take our place in international competition. In the face of the increasing severity of the struggle, our spirit of content, our indifference to science and material progress, are a growing peril. Hard times will be coming if we are not more adaptive and it is our duty to see that the awakening did not come too late.

M. VISVESVARAYA,
Dewan of Mysore.

STATEMENT A.

BUDGET ESTIMATES FOR 1914-1915.

HEADS OF RECEIPTS	Accounts, 1912-1913.	Revised Estimate, 1913-1914.	Budget Estimate, 1914-1915.

ADDRESS

OF THE

DEWAN OF MYSORE

TO THE

DASARA REPRESENTATIVE ASSEMBLY

30th SEPTEMBER 1914.

PART II.

Introduction.

In Part I of the Address, I have described the working of the principal departments of Government and the more important administrative measures which received consideration during the past year, or which are receiving attention at the present time. The less important details under the same heads will be referred to in this, the second part of the Address.

Financial Department.

Changes in the form and scope of the budget.

2. The separate major heads "Profit or loss" in the budget both on the receipt and expenditure sides were done away with by amalgamation with the head "Interest" as the transactions recorded under both are essentially of a similar nature. Owing to the recent expansion and development of the Departments of Agriculture, Sanitation and Industries and Commerce, separate major heads were opened for these departments. The headings under Railway Accounts were also amplified. Another important change was the publication of the financial statement in two parts. The first part consisted of service heads from which transactions relating to grants under capital works were excluded and the surplus under service heads only was worked out. The second part showed the extraordinary capital outlay and the result of the debt and deposit transactions and worked up from the opening to the closing cash balance.

Account Department.

3. It is intended to train young men in Accountancy and Banking in order that the accounts of the commercial and semi-commercial departments of the State and of the joint-stock institutions in which the State is financially interested may be audited more satisfactorily than at present. A graduate has been selected for undergoing training in Actuarial Science, preparatory to going to England.

Municipal Account Manual.

4. The new Municipal Account Manual referred to in my last year's Address was printed and published; and the rules embodied therein came into force from 1st July 1914. A Kannada translation of certain simple Account Rules pertaining to the minor Municipalities has also been published.

Inspection of the Public Works Divisional Offices and other Civil Offices.

5. All the Public Works Divisional Offices and Maramat and other Civil Offices were inspected during the year. The offices of direction were inspected for the first time. The audit of accounts of Stores and of Tools and Plant not having been quite satisfactory, Government have sanctioned with effect from the beginning of 1914-15 certain arrangements calculated to make it more efficient. All the Railway Construction Divisions were inspected and detailed instructions for maintenance of accounts in Divisional Offices were drawn up.

Mysore Spinning and Manufacturing Company, Bangalore.

6. As a result of the financial arrangements arrived at during the previous year with this company, the mills have worked satisfactorily and during the year ended 28th February 1913, the company was able to declare for the first time for some years past a dividend of 6 per cent.

State Life Insurance.

7. During the year 1913-14, 933 proposals were accepted, 101 were rejected and 185 were left pending. Of the 933 policies issued, 2 were cancelled before completion and the remaining 931 policies assured a bonus of Rs. 5,58,317 for a monthly premium of Rs. 2,098-8-0.

Village Savings Banks and Extension of State Life Insurance to the General Public.

8. A scheme prepared by Dewan Bahadur Mr. J. S. Chakravarti, Comptroller, for the introduction of Village Savings Banks in the State and for the extension of the State Life Insurance to the public, was considered by the Industries and Commerce Committee and is now before Government.

Local Audit.

9. The accounts of all the District and Municipal Boards in the State up to the end of 1912-13 were locally audited. A few special audits were undertaken under the orders of Government resulting in the discovery of certain irregularities. A scheme for the extension of

Local Audit to the accounts of the major Muzrai institutions is under the consideration of Government.

Revenue Department.

10. Cattle shows were held during the year at 22 places and at four of these for the first time. Agricultural and Industrial Exhibitions were held at Nandi and Harihar and a weaving demonstration was arranged at Hassan in connection with the show in that town. It is gratifying to note that functions of this kind are gradually coming to be organised and financed by privatelocal agencies. The annual Dasara Exhibition was held at Mysore as usual. The lectures delivered on these occasions on agriculture, sanitation, cattle breeding, etc., by the officers of various departments were much appreciated by the public and people also took a keen interest in agricultural and industrial demonstrations. *Cattle Shows and Exhibitions.*

11. The number of fresh admissions into the veterinary hospitals rose from 17,831 during the previous year to 18,622 during the year under review and the total number of cases treated daily rose from 65,836 to 66,934. One thousand six hundred and fifty-six cattle were inoculated against black-quarter and 435 against anthrax. *Civil Veterinary Department.*

The work of the Civil Veterinary Department is becoming increasingly popular and there is a growing demand for veterinary hospitals in several parts of the State. The question of increasing the number of such hospitals is engaging the attention of Government. The possibility of increase will largely depend upon the extent to which local bodies are prepared to meet the cost.

12. The opening of separate shops at three places for the vend of bottled beer from the Bangalore Distillery, the extension of the provisions of the Excise Regulation so as to make them applicable to coca leaves, cocaine and allied drugs, the imposition of a duty on imported *bhang*, the reduction in the price of methylated spirits and the publication of the second volume of the Excise Manual, were among the chief events in the Excise administration of the year. The surcharge and registration fees from arrack shops in the cities of Bangalore and Mysore have been restored to the Municipalities of those cities. The Detective department which was tentatively organized for one year will be continued till the end of the calendar year 1914. *Excise.*

13. Twelve blocks with an aggregate area of 64 square miles were, during the year, notified under Section *Forests.*

17 of the Mysore Forest Regulation and eight blocks with an area of 18·5 square miles were notified as reserved lands under Section 4 of the Forest Regulation. The area settled during the year was 126 square miles and the total cost of settlement work and establishment was Rs. 8,468.

14. A saw mill has been established at Kumsi in the Shimoga District for the purpose of preparing railway sleepers and sawn timber. The outturn has not so far been quite up to expectations, but better results may be looked for hereafter as the management has been entrusted to a special officer.

About 448,000 cubic feet of timber was collected and sold departmentally, the quantity removed on licenses being 419,500 cubic feet. Thirty-seven thousand six hundred and seventy-five sleepers of all gauges were supplied for the Arsikere-Mysore and Bangalore-Chikballapur Railway lines. Demarcation, fire protection, sowing and planting and the construction and repair of forest roads and buildings received attention.

The office of a separate whole-time Forest Settlement Officer was abolished at the close of the year.

Stamps.

15. The revenue derived from the sale of stamps rose from Rs. 9,41,434 to Rs. 10,67,691 resulting in an increase of Rs. 1,26,257 due to the economic activity noticeable in recent years. The increase occurred under all kinds of stamps. The establishment and other charges amounted to Rs. 57,720 as against Rs. 70,590 in the year previous.

Registration.

16. The total number of documents registered during the year 1913-14 was 109,001 as against 96,924 in 1912-13, thus showing an increase of 12,077 or 12·45 per cent. The total income of the department rose from Rs. 1,82,033 in 1912-13, to Rs. 2,08,335 or by Rs. 26,302 and the expenditure from Rs. 85,152 to Rs. 87,781 or an increase of Rs. 2,629, due to the revision of establishment of the Registration Offices and to the allowance drawn by the Inspector General since 13th February 1914.

Joint Stock Companies.

17. Eleven new companies were registered during the year and one was wound up, the total number working at the close of the year being 83, or 6 more than the number at the end of the year previous. The number of documents filed and recorded was 198 and the amount of fees realised Rs. 2,004 as against 189 and Rs. 1,172 respectively, in the preceding year.

Revenue Survey and Inam.

18. Six Inam villages were surveyed in detail and original classification work was undertaken in respect of

698 fields comprising 2,588 acres. Besides this, a large quantity of work of a miscellaneous nature was turned out by the survey party deputed for the survey of lands in connection with the Cauvery Reservoir Works. Resurvey operations were completed in 227 villages in the taluks of Hassan, Chikmagalur, Tumkur (late Kadaba), Koppa, Tarikere, Shimoga, Hiriyur and Bangalore, comprising 281,593 acres or 439·99 square miles.

Revised rates were announced in the Nagar Taluk of the Shimoga District and the late Koratagere Taluk of the Tumkur District. In the case of the former, the average dry rate remained unaffected, while the wet rate was increased by 4·8 per cent and the garden rate was reduced by 3·3 per cent. The net result for the entire tract was an increase of 4 per cent. In the Koratagere Taluk the average dry rate was increased by 16·6 per cent and the wet rate by 4·8 per cent, while the garden rate was reduced by 19 per cent. The revision resulted in a moderate increase of revenue. The new rates in both the taluks are reported to have been well received.

19. Five land inams were confirmed and thirty-four land inams (including one whole village) were resumed and struck off. Five land inams were revised. The result of these operations was the reduction of the inam revenue by Rs. 576 and a corresponding increase of Rs. 1,505 under land assessment.

Protection.

Legislation.

20. The Legislative Council met four times during the year and considered fifteen bills including nine which were pending from the previous year. Twelve of these were passed and the following ten have received the assent of His Highness the Maharaja and become law :—

(1) The Mysore Motor Vehicles Bill.
(2) The Elementary Education Bill.
(3) The Mysore Muzrai Bill.
(4) The Mysore Village Courts Bill.
(5) The Mysore Excise Regulation Amendment Bill.
(6) A Bill to amend the Mysore Legislative Council Regulation, 1907.
(7) The Mysore Factories Bill.
(8) A Bill further to amend the Mysore Court Fees Regulation, 1900.
(9) A Bill further to amend the Mysore Local Boards Regulation, II of 1902.
(10) The Probate and Administration Bill.

A Bill further to amend the Mysore Military Regulation of 1899 was passed during the year by Government without reference to the Legislative Council, the subject being one excluded from the cognisance of the Council under the proviso to section 12 of the Regulation of 1907.

Rules and Notifications under enactments in force were issued on subjects connected with the Prisons Act, the Opium Act, the Yelandur Jahgir Regulation, the Land Revenue Code, the Mysore Arms Regulation, the Mysore Stamp Regulation, the Mysore Forest Regulation, the Mysore Excise Regulation, the Mysore Local Boards Regulation, the Mysore Registration Regulation, the Mysore Municipal Regulation, the Mysore Legislative Council Regulation, the Civil Procedure Code and several other Regulations.

Judicial.

21. The temporary Additional Sessions Court established at Mysore in March 1913 to try the case of riot committed in Kannegal, Chamarajnagar Taluk, closed its work on the 17th September of that year, on the termination of the trial.

22. The Judges of the Chief Court inspected 13 Civil and 10 Criminal Courts during the year. The District and Sessions Judges inspected 7 Civil Courts and 5 Criminal Courts, while the District Magistrates inspected 45 Criminal Courts subordinate to them.

Police.

23. The total cost of the Police administration including equipment and clothing, was about Rs. 9,83,620 against Rs. 9,27,670 in the previous year. A large number of cases reported in the previous years upon the B Form were cleared off during the year under notice.

The temporary staff stationed at Mugur in T. Narasipur Taluk, for maintaining order in that locality, was dispensed with during the year; the establishment at the Cauvery Reservoir Works has been strengthened and small establishments have been sanctioned for the tank works at Mavattur in Kankanhalli Taluk and Herige in Hunsur Taluk.

Amrut Mahal.

24. As the earlier rains were partial and the later rains completely failed, the supply of fodder, especially during the hot months of the year, was deficient. Consequently the season was not very favourable for cattle breeding. Anthrax and lung disease prevailed among some of the herds. The total collections for the year under all heads amounted to Rs. 76,612 of which Rs. 61,663 came from 'sale of cattle.' The expenditure on the department was about Rs. 29,000.

25. There were 154 medical institutions in the State at the beginning of the year including a Local Fund Dispensary at Melkote which was opened on 1st July 1913. New dispensaries have been recently established at Humchadakatte in the Shimoga District and at Bidare in the Chikmagalur Taluk, Kadur District. The total number of patients treated was 1,598,272 against 1,438,947 in the previous year. Of these, 18,073 were in-patients and the rest out-patients. *Medical.*

26. During the year under review Government sanctioned a scheme for the training of midwives and compounders, for service in the malnad, by offering suitable scholarships to the pupils during their training. The establishment of maternities in certain stations has also been sanctioned and plans and estimates for the same are under preparation. *Midwives and Compounders and Maternities for the Malnad.*

27. As compared with last year, there was a noticeable increase in mortality due to small-pox and a decrease in that due to cholera. The total number of vaccinations performed was 117,380 as against 93,039 in the preceding year. Of this number, 112,543 were primary and 4,837 re-vaccinations. *Public Health.*

Development, Moral and Material.

28. The demonstration work of the year was seriously affected by unfavourable weather conditions in many parts. Cambodia cotton and another variety of cotton obtained for trial from the Madras Agricultural Department, however, did remarkably well. Demonstration work was also undertaken in connection with green manuring for paddy, single seedling transplantation of paddy, manuring of sugarcane, etc. The use of threshing machine run by oil engine was demonstrated in five places and it was shown that the machine would thresh about two khandies of ragi per hour at a cost of less than 8 annas a khandy. It is proposed in the coming season to have about half a dozen such machines in stock to let out for hire. Improvements in the manufacture of jaggery were demonstrated in eight different localities, and at Kibbanhalli the work was extended to over three months. *Department of Agriculture.*

The sale of improved implements, specially ploughs, more than doubled during the year and the department had difficulty in meeting the demands. Ploughs and spare parts are now being stocked with a number of Co-operative Societies and Agricultural Associations and it is hoped to utilise these agencies to a constantly

increasing extent in spreading the use of improved implements.

Some interesting results were obtained from experiments made at the Hebbal Farm in connection with the cultivation of dry crops, such as ragi. In the distribution of manure and of groundnut and other seeds, the Farm has markedly increased its usefulness. A new feature in the working of the Farm was the loaning of farm implements to cultivators in the Hebbal village.

Mycology and Entomology.

29. The work in connection with *Koleroga* expanded very rapidly. Arrangements were made with a Bombay firm to supply chemicals in large quantities at reduced rates and depots have been established at Talaguppe, Sagar, Kallurkatte, Tirthahalli and Agumbe for the stocking of the sprayers and spare parts and chemicals. Spraying is becoming increasingly popular and it is believed that in another five years it will be generally practised throughout the infected area and that there will be a saving, to garden owners, of several lakhs of rupees annually. The spike disease of sandal and two serious diseases of coffee were also under investigation during the year.

30. The most important single item of work done in the Entomological Section was in connection with the green scale insect (*Lecanium viride*) on coffee. The whole infested area was gone over carefully with the object of finding all the centres of infestation and sprayers and spraying materials were provided with a staff to supervise the work. Extensive experiments on the life history of the pest and the best methods of combating it are under way. Efficient measures for the control of the *kamblihula* have been worked out and demonstrated in many villages. The investigation of insects attacking stored produce and of those attacking paddy is in progress.

Department of Industries and Commerce.

31. *Weaving.*—The Weaving Factory established in Bangalore has been doing experimental and educational work of a useful kind though the financial anticipations formed of it have not been realised. The most important part of the experimental work was the adaptation of Jacquard machines to native handlooms, in which considerable progress has been made resulting in a material reduction of the labour involved in the weaving of figured patterns [illegible] solid-bordered cloths. The pattern can be altered [illegible] simply changing the cards, which is a great conveni[illegible]e. The Jacquard harness has also been fitted to the fly-shuttle loom for the purpose of manufacturing flowered silk for which there is a large local

demand. The weaving of woollen shawls from imported yarn and of woollen *kamblies* from locally spun yarn has however so far led to no useful results.

Besides training advanced weavers to use Jacquard harness in the factory, demonstrations were arranged in the villages to train the country weavers in the use of the fly-shuttle slay. These demonstrations have been attended with a good deal of success and fly-shuttle slays have been introduced into 31 villages in the districts of Mysore, Bangalore, Kolar, Hassan and Tumkur. To help the weavers and encourage them to use the fly-shuttle slay, arrangements have been made to purchase suitable yarn on a large scale and advance it to them through the demonstrators.

Silk Reeling

32. Silk reeling was started in the filature at Channapatna in January last and 20 boys of a Mahomedan Orphanage at the place are learning the work. Up to the end of the year, the silk from 5,450 lbs. of cocoons had been reeled. Silk throwing and twisting have also been commenced and will be developed during the current year. For the first six months the filature worked at a loss, but now that the boys have acquired a certain amount of skill, better results may be expected. The importance of the industry to the State requires much bigger efforts being made to put it on a modern footing. Plans and estimates are accordingly under preparation for the establishment of a modern silk filature in Bangalore, equipped with 100 basins and with all the finishing machinery to put silk ready for looms in the market.

Sugar-cane.

33. The open pan system for boiling down the juice had to be abandoned as the expenditure on fuel was great. Experiments were commenced with specially constructed megasse-burning furnaces, with evaporating pans arranged in series, and gave fairly satisfactory results. But owing to the prolonged drought, the sugar-cane crop was a very poor one last year and the crushing-plants were not fully worked. Even so, the revenue derived from the manufacture of jaggery was sufficient to meet current working expenses.

Agricultural Banks.

34. There were four Agricultural banks in the State at the beginning of the year, *viz.*, at Palhalli, Hongenhalli, Nanjangud and Chamarajnagar. Of these, the Bank at Chamarajnagar has been ordered by Government to be wound up. The Nanjangud Bank has paid the loan due to Government in full and has stopped all further work. It will be formally wound up as soon as

its members agree, at a general meeting, upon its voluntary liquidation. The other two banks have not yet discharged their debts to Government, and as soon as this is done, they will probably reconstitute themselves as co-operative societies. The year's collection amounted to Rs. 38,782-12-2 towards principal and Rs. 2,986-14-6 towards interest, leaving a balance of Rs. 53,465-6-2 still to be recovered.

The policy pursued with respect to Agricultural Banks is to wind up such of them as are doing no active work and if conditions are favourable, to start co-operative societies in their place. In accordance with this policy, 30 co-operative societies were started altogether for the benefit of people likely to be inconvenienced by the winding up of Agricultural Banks of which they were members. Of these thirty, 5 were started during 1913-14.

Technical Departments.

Public Works.

35. Among the smaller irrigation works in progress during the year may be mentioned the construction of new tanks at Mavattur in the Kankanhalli Taluk and Herige in the Hunsur Taluk and of a feeder from the Nagamangala anikat to the tanks in the Tarikere valley in the Kadur District; the restoration of the Madhavamantri anikat, the Mellur tank and Manchipatna tank in the Mysore District and the Bolappanhalli tank in the Closepet Sub-Taluk; and the improvement of the Sriramdevar South Channel in the Hassan District.

Buildings.

36. The principal Civil buildings in progress during the year were the new Palace, the General Hospital and the Chamarajendra Technical Institute at Mysore, the Central College Chemical Laboratory, the new High School, the Mechanical Engineering School and the Minto Ophthalmic Hospital at Bangalore, the Agricultural School at Hebbal, the High School at Hassan, the Maternity at Robertsonpet, the new Taluk Cutcherries at Sidlaghatta and Honnali and the new Sandalkoti at Shimoga. The Public Offices, the Government Press and the Public Works Workshop at Bangalore are being extended.

The Military buildings in hand during the year were the construction of permanent structures for the Local Service Regiment at Mysore, sheds for Transport ponies and Government carriages and huts for Barr Sepoys at Bangalore and Barr Lines at Tumkur.

Communications.

37. The construction and improvement of certain

malnad and forest roads in the Shimoga and Mysore Districts were in progress as also the construction of large bridges across the river Tungabhadra at Honnali in the Shimoga District and across the Bhrigu on the Hunsur-Begur road in the Mysore District.

Miscellaneous Improvement.

38. Among the miscellaneous public improvements in progress may be mentioned the construction of roads and drains in the extensions of the Bangalore City and the installation of a Jewell Filter and a subsidiary pumping plant for improving the water supply to the Mysore City.

Minor Tanks.

39. Five hundred and sixty-six minor tanks were dealt with, of which 152 were restored before the close of the year. Out of a sum of Rs. 1,39,304 allotted for the purpose, a sum of Rs. 97,507 or 69·99 per cent was utilised. In the Tumkur and Kadur Districts almost the whole amount was worked out, while in the Kolar District, a large balance was left unspent.

Electrical.

40. The number of Power and Lighting Installations in the Cities of Mysore and Bangalore and in the Civil and Military Station increased during the year to 1,510 from 1,124 at the end of the previous year. This shows an increase of 34·34 per cent in the number of consumers.

The capital outlay during the year amounted to Rs. 83,064 and the total outlay to the end of June 1914 aggregated Rs. 83,94,531 excluding the cost of the Fourth Installation which is in progress. The gross earnings of the scheme amounted to Rs. 16,24,599 against Rs. 17,12,052 during the previous year, showing a decrease of 5·1 per cent which was due to shortage of water in the river during the summer months occasioned by the failure of the *mungar* rains. The working expenses of the scheme amounted to Rs. 6,73,093, including a sum of Rs. 2,91,800 set apart for depreciation and of Rs. 42,140 spent in connection with the special channels conservancy operations during the hot weather. The net profit after deducting Rs. 2,31,796 for interest charges, at 4 per cent on the total capital outlay, was Rs. 7,19,710, which represents 8·6 per cent on the total capital expenditure.

Geology and Mining.

41. The report of the Committee appointed to enquire into the causes of the accident at Edgar's Shaft, Mysore Mine, has been published. The conclusion arrived at was that the accident was not traceable to any negligence on the part of the employees of the Mine.

Hitherto the various Mining Companies have of their own accord introduced schemes for the benefit of

their employees, which present considerable variations in the terms and conditions imposed and in the benefits received. Government being of opinion that it would be desirable to have a uniform and well-defined system over all the Mines, invited the co-operation of the Mining Board who have sent up a comprehensive scheme for the purpose. It has been approved in its main features, and with the co-operation of the various Mines on the Field which the Board have been requested to secure, the scheme is expected to be brought into general operation shortly.

nganese.

42. Manganese mining was very slack during the year and operations were carried on only on 3 blocks as against 7 in the previous year. The total quantity of ore mined was 13,944 tons and the quantity exported 5,953 tons. The royalty paid was Rs. 1,461-8-0.

Chrome Ore.

There has been some renewed activity in connection with this mineral and 15 licenses were current at the close of the year as against 9 during the previous year.

agnesite.

Six licenses were current for magnesite (and chrome) against 5 in the previous year. On some of these blocks a good deal of work has been done by the Tata Iron and Steel Company, and 2,112 tons of magnesite are reported to have been excavated.

Iron Ore.

Six prospecting licenses and one exploring license in the Bababudan Hills were current up to the end of June 1914. A certain amount of exploratory and examination work has been done, but none of the deposits has been opened up. An extended inspection of the ground was made during the year and some large samples have been taken by the department for further practical investigation.

Clays.

43. A number of clay samples from deposits which had been located during the course of survey work were obtained and prepared for examination. Several which appeared to be suitable for the manufacture of bricks and tiles were tested at the City Brick and Tile Works. Some of them are reported to have given good results. Some large samples of altered granitic materials containing kaolin were obtained and washed for the purpose of separating the kaolin. The washed kaolin and a large number of samples of other clays were forwarded through the Industries and Commerce Committee of the Economic Conference to Bombay and Calcutta for expert opinion and test. A report on several of these has been received from Bombay and it appears to indicate that it may be possible to

use the kaolin for certain varieties of porcelain, provided the necessary skilled labour can be obtained. Further investigations are being made.

Water Supply.

44. Experimental boring operations were as usual continued during the year, and several bore holes were put down at the request of municipalities and private persons. At the close of the year, the boring operator who was till then working under the Geological Department, was, with the plant, transferred to the Public Works Department.

Local Self-Government.

Municipal.

45. During the year 1913-14, Municipal Councils were constituted for the first time in the towns of Birur and Yedahalli. Mr. C. B. Gopala Rao was appointed non-official Vice-President of the Kolar Municipality and Messrs. C. Vasudeva Rao, K. Venkataswamy Iyer and C. Narayanaswamy Chetty were appointed non-official Vice-Presidents of the Chikmagalur, Nanjangud and Chikballapur Municipalities, respectively.

The City Municipal Council of Bangalore aided financially and otherwise the formation of a Co-operative Society for relieving the indebtedness of the scavengers employed in its conservancy department. This is noted here as an example worthy of imitation of the growing solicitude on the part of local bodies for the welfare of their employees.

Mysore City Improvement Trust Board.

46. During the year under review, Mr. T. G. Lakshmana Rao, Chairman of the Board and President of the Mysore City Municipal Council, was deputed for a short period to study drainage and other municipal questions in Bombay, Baroda, Poona and Ahmedabad.

Miscellaneous Departments.

Muzrai.

47. A hundred and one buildings connected with the Muzrai institutions were repaired during the year at a cost of Rs. 50,979, of which Rs. 41,979 came from the surplus funds of the institutions concerned and contributions from the devotees interested, the balance of Rs. 9,000 being contributed by the State. A sum of Rs. 23,600 was invested during the year by private individuals at the favourable rate of 4 per cent allowed for such deposits, bringing the total amount of the deposits to Rs. 2,73,200.

Government Press.

48. The receipts from the sale of the Government Gazette during the year amounted to Rs. 2,839 against

Rs. 2,457, with 831 subscribers against 644 in the previous year. The expenditure on the establishment of the Branch Press was Rs. 6,049 as against Rs. 4,827 during the previous year.

Stationery.

49. The total cost of the stationery issued during the year including paper and binding materials used in the Press, amounted to Rs. 1,33,177 against Rs. 1,12,603 during the previous year.

Government Gardens

50. In addition to the regular summer and winter Flower Shows in the Lal-Bagh, a special Mango Show was held under the auspices of the Horticultural Society. The work in the extension of the Cubbon Park was pushed forward and the garden surrounding the Sheshadri Memorial Hall completed before the Viceregal visit. His Excellency the Viceroy unveiled the statue of Sir Sheshadri Iyer erected in this part of the garden. The laying out of the various Mysore Palace Gardens was vigorously pursued and considerable improvements to the public squares and roads in the Mysore city were designed and carried out with the assistance of the Improvement Trust Board.

A survey of the existing fruit cultivation in the State has been started including the cultivation of cocoanuts, and experiments are being conducted with a view to improve the outturn and quality of the crop and to increase *copra* manufacture.

Many plants of economic value including several species of oil palms, ivory palms, West Indian sandalwood, Australian Eucalyptus and East African timber trees were introduced during the year; and plants introduced in former years continued to receive attention.

Archæology.

51. A resurvey of parts of the Malur and Chikballapur taluks resulted in the discovery of nearly 200 new records. A few temples of archæological interest were inspected and photographed. The number of new records copied during the year was 243. Among the discoveries of the year, three copper plate inscriptions unearthed while sinking a well at Nandi, and another found in the possession of a Mahomedan woman at Chikballapur, are of considerable historic interest.

Ethnographic Survey.

52. Accounts of four castes of people, namely, Telugu Banajigas, Ganigas, Kunchigas and Devangas, were issued during the year, the total number of such issues up to date being 34. About a dozen more accounts are in various stages of progress.

53. The Observatories at Bangalore, Mysore, Hassan and Chitaldrug maintained correct records of observations. The number of rain gauge stations in the State on the 30th June 1914 was 223, and of these, 181 or 81 per cent were inspected during the official year as against 83 per cent in the year previous. *Meteorology.*

54. During the year, there were additions in all sections, both by purchase and presentation. These included a very valuable and interesting collection of mammals received from the Bombay Natural History Society, being part of the specimens obtained by the Survey of Indian mammals. A descriptive catalogue of the collections is being compiled. *Government Museum.*

The Art Sale Room that had been opened in the Museum in 1893 was abolished during the year and the articles were transferred to the newly opened Mysore Arts and Crafts Institute Sales Depot.

The Museum was visited by 477,309 persons.

DISTRICT REPORTS.

8. Markets how supplied.

9. Progress of agricultural operations, state of standing crops, prospects and probable outturn of harvests, serious damage done to crops by insects or other natural calamities.

10. Prospects of season, tracts in which the rainfall has been insufficient, areas affected by scarcity, number of people under relief, and state of food stocks.

11. Public health.

12. Remarks as to the condition of agricultural stock; failure of pasturage, of fodder, etc.

BANGALORE CIVIL AND MILITARY STATION.

		Average for the past five years of the corresponding week.	*Current.*	
Prices of food grains—	Boiled rice (2nd sort)	7·41	6·90	Quantity per rupee by the standard seer of 80 tolas.
	Ragi ...	13·66	11·34	
	Rangoon rice (2nd sort) ...		6·90	

Agricultural operations.—Weeding in ragi fields.

Standing crops.—Crops are better, but more rain is needed.

Cattle are in good condition. Water and fodder are sufficient.

BANGALORE CITY AND TALUKS.

8. Market is well supplied.

9. *Progress of agricultural operations.*—Horse gram was sown in parts of Hoskote, Dodballapur and Anekal Taluks. Weeding operations are going on in certain parts of the district. In certain parts of Magadi, the raiyats have begun ploughing paddy fields and preparing them for Vaisakhi crop.

State of standing crops.—The standing crops such as ragi, avare, togari, punaji paddy, sugar cane, castor, haraka and groundnuts are in a fair condition. The Amildars of Hoskote and Magadi Taluks report that more rain is required for them.

Outturn of the harvested crops.—The harvesting of nat ragi in parts of Hoskote and Devanhalli and of potatoes in the Devanhalli Taluk was in progress.

Nat ragi about 8 annas.
Damages to crops.—Nil.

10. The prospect of the season is fair. It is reported that the standing crops in parts of Hoskote and Magadi Taluks require more rain. Food stocks are available. Labour is available to all the cooly classes.

11. Except for plague in Hoskote, Pattanahalli and Kankanhalli villages of Hoskote Taluk; Attibele of Anekal Taluk, Geddalhalli and Dodtogur villages of Bangalore Taluk, public health is generally good.

12. Cattle are healthy. Water and fodder are available.

KOLAR.

8. Market is well supplied.

9. *Agricultural operations.*—Raiyats are engaged in removing weeds from ragi fields in Kolar, Chikballapur, Bowringpet and Goribidnur Taluks.

Crops sown.—Horse gram in Bowringpet and Mulbagal and hutchellu in Bowringpet.

Crops harvested and their probable outturn.—Samè and nat ragi in Gudibanda Sub-Taluk, yield about 12 annas, potatoes, onions and garlic in Chikballapur, yield about 8 annas.

Standing crops.—Ragi, paddy, sugar cane, avare and togari are in good condition.

10. The prospects of the season are good. Prices of food stuffs continue to be high Labour is available to the cooly classes.

11. There have been a few cases of plague in parts of Kolar, Sidlaghatta and Ko' Gold Fields. The public health is otherwise good.

12. Cattle are healthy. Pasture is sufficiently available.

TUMKUR.

8. Market is well supplied.

9. *Crops sown.*—Horse gram in parts of Chiknayakanhalli, Sira, Gubbi, Pavagada and Kunigal Taluks; jola in parts of Chiknayakanhalli and Sira Taluks; kadale in parts of Chiknayakanhalli Taluk; and paddy in parts of Koratagere Sub-Taluk.

Crops harvested.—Groundnut in parts of Sira and Gubbi Taluks; sugar cane in parts of Kunigal Taluk and Turuvekere Sub-Taluk; til in parts of Gubbi Taluk; nat ragi in parts Pavagada Taluk; and jola in parts of Koratagere Sub-Taluk.

Standing crops.—Paddy, ragi, avare, togari, til, horse gram, jola, navane, samé, groundnut, black and green grams, castor and sugar cane are reported to be generally in fair condition.

Agricultural operations.—Weeding operations are in progress in parts of the district.

10. The prospects of the season are fair. Food stuffs are available.

11. Except for plague at Tiptur and Tumkur towns, public health is generally good.

12. Except for 'Chapperoga' in a few villages of the Pavagada Taluk, cattle are reported to be generally healthy. Water and fodder are available.

MYSORE.

8. Market is fairly well supplied.

9. *Crops sown*—Horse gram in parts of the Seringapatam, Hunsur, and Gundlupet Taluks and green and black grams and kadale in parts of the T.-Narsipur Taluk.

Standing crops.—Paddy, ramtil, avare, ragi, jola, togari, castor, horse gram, navane, samé, haraka, groundnut, mulberry, sugar cane, and green and black grams are reported to be fair; and they are reported to be in need of rain, in parts of the taluks of Mysore and Hunsur and French Rocks Sub-Taluk.

Crops harvested.—Mysore—jola, 2 to 6 annas; ragi, 4 to 8 annas; and til, 2 to 4 annas; Hunsur—til 6 annas; Gundlupet—jola, 2 to 8 annas; T.-Narsipur—groundnut, 12 annas.

10. Prospects of season are reported to be fair. Food stuffs are available.

11. Plague is reported to be prevalent in parts of the taluks of Mysore, Chamrajnagar, Seringapatam and Gundlupet.

12. Except for foot and mouth disease in parts of the Chamrajnagar Taluk; cattle are reported to be healthy. Water and fodder are generally available.

HASSAN.

8. Market is well supplied.

9. *Standing crops.*—Ragi, paddy, avare, togari, etc., in the Hassan Taluk; paddy in the Manjarabad Taluk; ragi, paddy, avare, castor, kulthi and chillies in the Arkalgud Taluk; paddy, ragi, sugar cane, kulthi, etc., in the Belur Taluk; ragi, paddy, sugar cane, avare, togari, castor, kulthi, huchellu, chillies, cholum, haraka, and samè in the Channarayapatna Taluk; ragi, avare, castor, cotton, sugar cane, coriander, togari, groundnuts, huchellu and a chillies in the Arsikere Taluk; ragi, cholum, togari, avare, paddy and sugar cane, in the Hole-Narsipur Taluk; paddy in the Alur Sub-Taluk are in fair condition.

Crops sown.—Kar paddy in the Channarayapatna Taluk is being transplanted. Kulthi in the Arsikere Taluk is being sown. Raiyats in the Arkalgud Taluk are preparing the fields for sowing kadle.

Crops harvested.—Giddaragi in parts of Hassan and Arkalgud Taluks and in Alur Sub-Taluk and til in the Arsikere Taluk are being harvested.

10. Generally good. More rain is reported to be required in all parts especially in the maidan portions of the district.

11. Generally good, except for small-pox in parts of Manjarabad Taluk, and for plague in three villages of the Hassan Taluk.

12. Cattle are healthy. Water and fodder are generally available.

SHIMOGA.

8. Market is well supplied.

9. *Agricultural operations.*—Sowing of white cholum in parts of Channagiri Taluk and horse gram, castor oil seeds, sesamum in Anantapur hobli of Sagar Taluk is completed.

Standing crops.—Paddy and sugar cane in all the taluks; dry crops in the Channagiri and the Honnali Taluks; ragi and horse gram, in the Shimoga and Shikarpur Taluks, are reported to be in good condition. Dry crops in parts of the Honnali Taluk and paddy in high level lands in the Nagar Taluk are reported to be in need of rain.

Crops harvested.—Green gram and black gram in the Honnali Taluk and arecanut in the taluks of Nagar and Tirthahalli are being harvested.

10. Prospects of the season are good. Food stuffs are available.

11. Public health is generally good, except for plague in parts of the taluks of Shimoga, Channagiri, Honnali, Shikarpur and Sorab and the Sub-Taluk of Kumsi, small-pox in parts of Shikarpur, Sagar and Nagar Taluks, and cholera in parts of the Shimoga Taluk.

12. Cattle are generally healthy, except for rinderpest at Avinahalli in the Sagar Taluk and at Hosur in Shikarpur Taluk and for "Helavaroga" in parts of the Nagar Taluk.

KADUR.

8. Market is well supplied.

9. *Agricultural operations.*—Coriander and kulti in Kadur Taluk and ragi in Koppa Taluk are being sown; and weeding of jola in parts of Tarikere Taluk and transplanting of paddy in Mudgere Taluk are going on.

Standing crops.—Paddy, doddaragi, coffee, sugar cane, jola, avare, samé, navane, black and green grams, castor, areca and cardamom are in good condition. Areca has been affected by "Kole roga" in Koppa Taluk and Yedahalli Sub-Taluk.

Crops harvested.—Chikmagalur—Gidda ragi, potato, onions and garlic; Kadur—Gingelly, yield 12 annas; Tarikere—Areca, yield 8 annas; Koppa—Areca and cardamom, yield 8 annas; Mudgere—Cardamom; Sringeri—Areca,

10. The prospects of the season are good. Supply of food stuffs is sufficient.

11. Malarial fever prevails in a few villages of Khandya hobli of Chikmagalur Taluk; plague in a few villages of Kadur and Tarikere Taluks; otherwise, public health is generally good.

12. "Foot and mouth disease" prevails in a few villages of Khandya hobli of Chikmagalur Taluk and "Mettre roga" in a few villages of Mudgere Taluk. Water and fodder for cattle are generally available.

CHITALDRUG.

8. Market is well supplied.

9. *Agricultural operations.*—Harrowing and weeding operations are reported to be going on in the Hiriyur and Davangere Taluks.

Standing crops.—All the crops (both wet and dry) previously sown are reported to be in good condition except in parts of the Chitaldrug and Hosdurga Taluks, where dry crops are reported to be withering on account of deficient rainfall. In some villages of the Harihar hobli, jola, dhal and other dry crops are reported to have been attacked by worms.

Crops harvested.—Til in the Davangere Taluk; til and jola in the Hosdurga Taluk, yield 4 to 8 annas.

Seeds sown.—White jola in the Chitaldrug and Holalkere Taluks and the Harihar Sub-Taluk; horse gram in the Challakere Taluk; Bengal gram in the Chitaldrug Taluk and cotton (sanna-hatti) in the Harihar Sub-Taluk. Rains are wanted in the Chitaldrug and parts of Challakere and Hiriyur Taluks and the Hosdurga Taluk.

10. The prospects of the season are fair. Food stocks are available.

11. Public health is generally good, except for plague in Davangere town and Bethur village of the same taluk and also in some villages of Harihar Sub-Taluk; also for cholera in two villages of Davangere Taluk and a few villages of Harihar Sub-Taluk.

12. Cattle are healthy. Water and fodder are available.

Proceedings of the Government of His Highness the Maharaja of Mysore.

READ—

Official Memorandum No. G. 1-54—G. M. 55-12-208, dated 14th June 1913, laying down among other things instructions for the formation and work of Taluk and Town Progress Committees.

(2) Letter No. 347, dated 11—12th August 1914, from the Secretary, Mysore Economic Conference, stating that the leading residents of the Nagar Taluk are reported to have expressed a desire to form a Progress Committee for the improvement of the economic conditions of that taluk, and to have collected a sum of Rs. 100 by voluntary subscriptions, and requesting the sanction of Government for the formation of the said Committee and for making a grant of Rs. 100 in accordance with paragraph 24 of the memorandum read above.

No. 595-8—A. & I. 17-14, DATED 12TH OCTOBER 1914.

ORDER THEREON.—Government are pleased to approve of the formation of a Progress Committee for the Nagar Taluk with the gentlemen mentioned in the margin as members, and the Amildar of the taluk as Chairman thereof, and to sanction the grant of a contribution of Rs. 100 to the Committee from State Funds.

Progress Committee for the Nagar Taluk.

Amildar to be *Ex-officio* Chairman.

1. The Taluk Sub-Registrar.
2. Mr. Vamana Rao, sowcar, Nagar.
3. „ Nadig Subba Rao, Nagar.
4. „ Srinivasa Udappa, Nagar.
5. „ Kanakaiya, sowcar, Nagar.
6. „ Channabasappa Gowda, patel, Hosakote.

2. The Secretary to the Economic Conference is requested to draw the attention of the Committee to the instructions contained in paragraphs 26 and 27 of the Official Memorandum of the 14th June 1913, regarding the work expected of it.

C. S. BALASUNDARAM IYER,
Secretary to Government.

To—The Secretary, Mysore Economic Conference (returning Kanarese enclosures).
The Comptroller, Mysore Government.
The Deputy Commissioner, Shimoga District.

DISTRICT REPORTS.

8. Markets how supplied.
9. Progress of agricultural operations, state of standing crops, prospects and probable outturn of harvests, serious damage done to crops by insects or other natural calamities.
10. Prospects of season, tracts in which the rainfall has been insufficient, areas affected by scarcity, number of people under relief, and state of food stocks.
11. Public health.
12. Remarks as to the condition of agricultural stock; failure of pasturage, of fodder, etc.

BANGALORE CIVIL AND MILITARY STATION.

	Average for the past five years of the corresponding week.	*Current.*	
Prices of food grains—Boiled rice (2nd sort)	7·30	6·90	Quantity per rupee by the standard seer of 80 tolas.
Ragi ...	13·57	11·34	
Rangoon rice (2nd sort) ...		6·90	

Agricultural operations.—Weeding in ragi fields.

Standing crops.—Crops are better, but more rain is needed.

Cattle are in good condition. Water and fodder are sufficient.

BANGALORE CITY AND TALUKS.

8. Market is well supplied.

9. *Progress of agricultural operations.*—Horse gram was sown in a few villages of Channapatna Taluk. Ragi fields weeding was in progress in some parts of Hoskote, Dodballapur, Magadi and Anekal Taluks. Transplanting of paddy was also reported in parts of Magadi and Anekal Taluks. Paddy fields are being got ready for sowing Vaisakhi crop in parts of Magadi and garden lands are being prepared for sowing potatoes in parts of Devanhalli Taluk.

State of standing crops.—Ragi, avare, togari, punaji paddy, sugar cane, horse gram, haraka, castor, etc., are in a good condition. But in parts of Channapatna and Hoskote Taluks and Closepet Sub-Taluk, it is reported that more rain is needed.

Outturn and harvest.—Nil.

Damage to crops.—Nil.

10. Prospect of the season is good. The Amildars of Hoskote and Channapatna Taluks and Closepet Sub-Taluk report that standing crops require more rain. Food stocks are available. Sufficient labour is available to all the cooly classes.

11. Except for plague in Hoskote, Ampahalli, Bilesivale villages of Hoskote Taluk; Attibele village of Anekal Taluk, and Chikbanavara of Bangalore Taluk, public health is generally good.

12. Cattle are healthy. Water and fodder are available.

KOLAR.

8. Market is well supplied.

9. *Agricultural operations.*—Raiyats are engaged in removing weeds in Kolar, Chikballapur and Srinivaspur Taluks and in sowing horse gram in Srinivaspur Taluks.

Crops sown.—Horse gram in Bowringpet and Malur Taluks.

Crops harvested.—Nat ragi in Bagepalli, yield 8 to 10 annas; in Gudibanda about 12 annas; same in Mulbagal and Gudibanda, yield 8 to 12 annas; groundnuts, onions, yield 8 annas in Chikballapur Taluk.

Standing crops.—Ragi, paddy, sugar cane, avare and togari are in good condition.

10. Prospects of the season are good. Prices of food stuffs continue to be hig Labour is available. More rain is required.

11. There have been a few cases of plague in Kolar, Sidlaghatta and Chikballap Taluks and in Kolar Gold Fields; and of cholera in Mulbagal and Chintamani Talul Otherwise the public health is good.

12. Cattle are healthy. Pasture is available.

TUMKUR.

8. Market is well supplied.

9. *Crops sown.*—Horse gram in parts of Tumkur, Sira and Pavagada Taluks; kadale in parts of Chiknayakanhalli and Gubbi Taluks; and jola in parts of Chiknayakanhalli, Sira and Gubbi Taluks and Koratagere Sub-Taluk.

Crops harvested.—Sugar cane in parts of Gubbi and Kunigal Taluks; nat ragi in parts of Pavagada and Sira Taluks; and groundnut in parts of Gubbi Taluk.

Standing crops.—Paddy, ragi, avare, togari, samé, til, jola, groundnut, haraka, castor, sugar cane, horse gram, navane, kadale, black and green grams in parts of the district are reported to be generally in fair condition.

Agricultural operations.—Weeding is going on in parts of the district.

10. The prospects of the season are fair. Food stuffs are available.

11. Except for plague in Tumkur and Tiptur towns, public health is generally good.

12. Except for diseases to cattle in a few villages of the Pavagada Taluk, cattle are reported to be healthy. Water and fodder are generally available.

MYSORE.

8. Market is fairly well supplied.

9. *Crops sown*—Horse gram in parts of the Krishnarajpete Taluk.

Standing crops.—Paddy, sugar cane, ragi, jola, togari, avare, horse gram, tadaguni, alsandi, castor, navane, haraka, til, ramtil, and cotton are reported to be fair, and they are in need of rain, in the taluks of Mysore, T.-Narsipur, Mandya and Krishnarajpete.

Crops harvested.—Mysore—jola, 2 to 6 annas; ragi, 4 to 8 annas; til 2 to 4 annas; Heggaddevankote—til 4 to 8 annas; ragi, 8 to 10 annas; Gundlupet—jola, 2 to 8 annas; Nagamangala—jola 8 annas.

10. Prospects of season are reported to be fair.

11. Public health is generally good, except for plague in parts of the taluks of Mysore, Chamrajnagar, Seringapatam, Yedatore, Heggaddevankote, Gundlupet and Nanjangud.

12. Except for foot and mouth disease in parts of Chamrajnagar Taluk and Dodda Roga in parts of the Nanjangud Taluk, cattle are reported to be healthy. Water and fodder are generally available.

HASSAN.

8. Market is well supplied.

9. *Standing crops.*—Paddy, doddaragi, sugar cane, togari, kulthi and chillies in the Hassan Taluk; paddy in the Manjarabad Taluk; ragi, paddy, avare, castor, chillies, kulthi and kadale in the Arkalgud Taluk; doddaragi, paddy, avare, kulthi and sugar cane in the Belur Taluk; ragi, paddy, avare, sugar cane, togari, castor, kulthi, huchellu, chillies, cholum, haraka and samè in the Channarayapatna Taluk; ragi, avare, castor, kulthi coriander, chillies, cholum, sugar cane, togari, cotton, etc., in the Arsikere Taluk; doddaragi, cholum, togari, avare, sugar cane and paddy in the Hole-Narsipur Taluk; paddy and sugar cane in the Alur Sub-Taluk are in fair condition.

Crops sown.—Kadle, coriander and menthya in Channarayapatna Taluk; cholum in the Arsikere Taluk and Kadle in the Arkalgud Taluk are being sown.

Crops harvested.—Ragi in parts of Hassan and Arkalgud Taluks; sugar cane in the Channarayapatna Taluk and til and cholum in parts of Arsikere Taluk are being harvested.

10. Generally good. More rain is reported to be needed for standing crops especially in the maidan parts of the district.

11. Generally good, except for plague in one village in the Hassan Taluk. Small-pox which was prevailing in parts of Manjarabad is reported to be subsiding.

12. Cattle are generally healthy. Water and fodder are available.

SHIMOGA.

8. Market is well supplied.

9. *Agricultural operations.*—White cholum in the Channagiri Taluk and yannegar cholum and Bengal gram in the Honnali Taluk are being sown.

Standing crops.—Paddy and sugar cane throughout the district, dry crops in the taluks of Channagiri and Honnali; ragi and horse gram in the taluks of Shimoga and Shikarpur, are reported to be in good condition. Dry crops in parts of the Channagiri and the Honnali Taluks and paddy in the high level lands in the Nagar Taluk are reported to be in need of rain.

Crops harvested.—Arecanut in the taluks of Sagar, Nagar and Tirthahalli is being harvested.

10. Prospects of the season are good. Food stuffs are available.

11. Public health is generally good, except for plague in parts of the taluks of Shimoga, Honnali, Channagiri and Sorab and the Sub-Taluk of Kumsi and for small-pox in parts of the taluks of Shikarpur, Sagar and Nagar and for cholera in parts of the Shimoga Taluk and for ague in parts of the Sagar Taluk.

12. Fodder and water are available. Cattle are generally healthy, except for rinderpest at Thumminkatte and Avinahalli village in the Shikarpur and Sagar Taluks, respectively.

KADUR.

8. Market is well supplied.

9. *Agricultural operations.*—Lands are being prepared for sowing Bengal gram, menthya, garlic, jola, coriander, in Chikmagalur Taluk.

Crops sown.—Coriander and Bengal gram in Tarikere Taluk and transplanting of ragi is going on in Mudgere Taluk.

Standing crops.—Chikmagalur Taluk—Paddy, doddaragi, avare, togari, sugar cane, coffee, chillies and castor; Kadur Taluk—Ragi, jola, avare, sugar cane, samé, navane, black and green grams, chillies castor and paddy; Tarikere Taluk—coffee, areca, paddy, ragi, avare, castor, kulthi, chillies, samé, navane, wheat and Bengal gram; Koppa Taluk—Paddy, sugar cane, areca, coffee and cardamom; Mudgere Taluk—Paddy, ragi, sugar cane, coffee and cardamom; Yedahalli; Yedahalli Sub-Taluk—Paddy, areca and coffee; Sringeri—Paddy and areca. All these are reported to be in good condition but areca has been affected by kole roga in parts of Koppa Taluk and Yedahalli and Sringeri Sub-Taluks.

Crops harvested.—Chikmagalur Taluk—Jola, gidda ragi, garlic, potato, onions; Kadur Taluk—Gingelly, yield 12 annas; Tarikere Taluk—Areca, yield 8 annas; Koppa Taluk—Areca and cardamom; Mudgere Taluk—Cardamom; Yedahalli and Sringeri—Areca.

10. Prospects of the season are good. Supply of food stuffs is sufficient.

11. Except for malarial fever in Chikmagalur Taluk and for plague in Chikmagalur, Kadur and Tarikere Taluks, public health is good.

12. Except for foot and mouth disease in Chikmagalur Taluk and for Metre roga in Mudgere Taluk, cattle are healthy. Water and fodder are available.

CHITALDRUG.

8. Market is well supplied.

9. *Agricultural operations.*—Harrowing and weeding operations are reported to be in progress in the Hiriyur and Davangere Taluks.

Standing crops.—Both wet and dry crops are reported to be in fair condition, except in parts of Chitaldrug Taluk, the whole of Challakere Taluk and some villages of the Malebennur hobli of the Harihar Sub-Taluk, where the dry crops are reported to be withering for want of rains. In some villages of the Kasaba hobli of the Harihar Sub-Taluk, the dry crops are reported to have been attacked by worms.

Crops harvested.—Til in the Jagalur Taluk, til and jola in the Hosdurga Taluk, yield 4 to 8 annas.

Seeds sown.—Jola in the Chitaldrug, Holalkere and Davangere Taluks, Bengal gram in the Chitaldrug Taluk and horse gram on a small scale only in the Challakere Taluk.

General.—Recent rains in the Hiriyur and Hosdurga Taluks have greatly improved the condition of the dry crops. More rains are required in the Chitaldrug, Challakere, Davangere and Hosdurga Taluks and in some villages of the Jagalur Taluk.

10. Prospects of the season good. Food stocks are available.

11. Generally good, except for plague in Davangere town and the Bethur village of the same taluk and for cholera in Malagondanahalli and Chittanahalli villages of the Davangere Taluk as also in Talak, Banjgere, Hirehalli, Thimmanaikankote villages of the Challakere Taluk.

12. Cattle generally healthy. Water and fodder are available.

OFFICE OF THE REVENUE COMMISSIONER IN MYSORE,
Dated Bangalore, the 15th October 1914.

K. DORASWAMI IYER,
Revenue Commissioner.

DEPARTMENTS OF EDUCATION AND AGRICULTURE.

Proceedings of the Government of His Highness the Maharaja of Mysore.

READ—

Official Memorandum No. G. 1-54—G. M. 55-12-208, dated 14th June 1913, laying down among other things instructions for the formation and work of Taluk and Town Progress Committees.

(2) Letter No. 459, dated 22—26th August 1914, from the Secretary, Mysore Economic Conference, stating that the leading residents of the Honnali Taluk are reported to have expressed a desire to form a Progress Committee for the improvement of the economic conditions of that taluk, and to have collected a sum of Rs. 108 by voluntary subscriptions, and requesting the sanction of Government for the formation of the said Committee and for making a grant of Rs. 100 in accordance with paragraph 24 of the memorandum read above.

No. 708-11—A. & I. 17-14, DATED 16TH OCTOBER 1914.

ORDER THEREON.—Government are pleased to approve of the formation of a Progress Committee for the Honnali Taluk with the gentlemen mentioned in the margin as members, and the Amildar of the taluk as Chairman thereof, and to sanction the grant of a contribution of Rs. 100 to the Committee from State Funds.

Progress Committee for the Honnali Taluk.

Amildar to be *Ex-officio* Chairman.

Members.

1. Mr. Patel Halappa, Chinikate.
2. ,, Revani Siddayya, Nyamti.
3. ,, Nadig Siddappa, Sasvehalli.
4. ,, Sarathi Basappa, patel, Muktenahalli.
5. ,, Halappa, Sunkadakatte.

2. The Secretary to the Economic Conference is requested to draw the attention of the Committee to the instructions contained in paragraphs 26 and 27 of the Official Memorandum of the 14th June 1913, regarding the work expected of it.

C. S. BALASUNDARAM IYER,
Secretary to Government.

To—The Secretary, Mysore Economic Conference.
The Comptroller, Mysore Government.
The Deputy Commissioner, Shimoga District.

DISTRICT REPORTS.

8. Markets how supplied.

9. Progress of agricultural operations, state of standing crops, prospects and probable outturn of harvests, serious damage done to crops by insects or other natural calamities.

10. Prospects of season, tracts in which the rainfall has been insufficient, areas affected by scarcity, number of people under relief, and state of food stocks.

11. Public health.

12. Remarks as to the condition of agricultural stock; failure of pasturage, of fodder, etc.

BANGALORE CIVIL AND MILITARY STATION.

		Average for the past five years of the corresponding week.	*Current.*	
Prices of food grains—	Boiled rice (2nd sort)	7·30	6·90	Quantity per rupee by the standard seer of 80 tolas.
	Ragi ...	14·07	12·37	
	Rangoon rice (2nd sort) ...		6·90	

Agricultural operations.—Weeding in ragi and paddy fields is going on.

Standing crops are fair, but more rain is needed.

Cattle are in good condition. Water and fodder are sufficient.

BANGALORE CITY AND TALUKS.

8. Market is well supplied.

9. *Progress of agricultural operations.*—Weeding in paddy fields was in progress in parts of Hoskote, Dodballapur and Anekal Taluks. Potato was sown in parts of Devanhalli Taluk. And transplanting of paddy was going on in parts of Magadi, Channapatna and Anekal Taluks. In certain parts of Kankanhalli Taluk ragi fields are being harvested.

State of standing crops.—Ragi, punaji paddy, avare, gram, sugar cane, togari, castor, navane, haraka, groundnuts and gingelly are reported to be in a good condition.

Outturn and harvest.—Kankanhalli Taluk, ragi 12 to 16 annas; paddi 8 to 12 annas; sugar cane 12 annas; gram 12 annas.

Damage to crops.—Nil.

10. The prospect of the season is good. In parts of Hoskote Taluks and Closepet Sub-Taluk, it is still reported that some more showers are necessary for the standing crops. Food stocks are available. Sufficient labour is available to all the cooly classes.

11. Except for plague in a few villages of Hoskote, Bangalore, Anekal and Dodballapur Taluks and fever in Channapatna and Magadi, public health is generally good.

12. Cattle are healthy. Water and fodder are available.

KOLAR.

8. Market is well supplied.

9. *Agricultural operations.*—Raiyats are engaged in removing weeds in the dry fields in Srinivaspur Taluk.

Crops sown.—Jola, samè, menthya and groundnuts in Gudibanda Sub-Taluk; huchellu in Bowringpet and hurali in Bagepalli Taluks.

Crops harvested and their probable outturn.—Groundnuts and onions in Chikballapur and samè and nat ragi yield 8 to 10 annas.

Standing crops.—Ragi, avare, sugar cane, paddy, togari and horse gram are in good condition.

10. Prospects of the season are good. Prices of food stuffs continue to be high. Labour is available to the cooly classes. More rain is urgently required for dry crops.

11. There have been a few cases of plague in parts of Kolar, Mulbagal, Sidlaghatta, and Chikballapur Taluks and Kolar Gold Fields; and cholera in Chintamani Taluk. Otherwise, public health is generally good.

12. Cattle are healthy. Pasture and fodder are available.

TUMKUR.

8. Market is well supplied.

9. *Crops sown.*—Jola in parts of Tumkur, Chiknayakanhalli and Sira Taluks and Koratagere and Turuvekere Sub-Taluks; kadale in parts of Chiknayakanhalli and Gubbi Taluks and Turuvekere Sub-Taluk; horse gram in parts of Chiknayakanhalli Taluk; sugar cane in parts of Turuvekere Sub-Taluk; and paddy in parts of Tumkur Taluk.

Crops harvested.—Jola in parts of Tumkur and Pavagada Taluks and Koratagere Sub-Taluk; groundnuts in parts of Tumkur, Sira and Gubbi Taluks; ragi in parts of Sira and Pavagada Taluks; sugar-cane in parts of Sira and Kunigal Taluks and Turuvekere Sub-Taluk; til in parts of Tumkur Taluk; and navane in parts Koratagere Sub-Taluk.

Standing crops.—Paddy, ragi, avare, togari, samé, navane, til, groundnut jola, haraka, horse gram, kadale, castor, sugar-cane, black and green grams are reported to be generally in fair condition.

10. Prospects of the season are fair. Food stuffs are available. Rain is urgently wanted in parts of Sira Taluk.

11. Except for plague in Tumkur and Tiptur towns, public health is generally good.

12. Except for "chappe roga" and other diseases prevalent among cattle in a few villages of the Pavagada Taluk, cattle are reported to be generally healthy. Water and fodder are generally available.

MYSORE.

8. Market well supplied.

9. *Crops sown*—Coriander and Bengal gram in parts of the Nanjangud Taluk and horse gram in parts of the Krishnarajpete Taluk.

Standing crops.—Ragi, jola, togari, avare, castor, paddy, sugar cane, navane, same, haraka, horse gram, green and black gram, tadaguni, alsandi, cotton, groundnut, mulberry, chilly, coriander and kadale are reported to be in good condition.

Crops harvested.—Mysore—jola, 2 to 6 annas; til 2 to 4 annas; ragi, 4 to 8 annas; Seringapatam—jola 4 annas; Hunsur—til 8 annas; Gundlupet—jola, 2 to 8 annas.

10. Prospects of the season are reported to be fair. Food stuffs are available.

11. Plague is reported to be prevalent in parts of the taluks of Mysore, Chamrajnagar, Seringapatam, Hunsur, Yedatore, Heggaddevankote, Gundlupet and Nanjangud.

12. Cattle are reported to be healthy. Water and fodder are generally available.

HASSAN.

8. Market is well supplied.

9. *Standing crops.*—Paddy, dodda ragi, sugar-cane, kulthi, avare, togari in the Hassan Taluk; paddy in the Manjarabad Taluk; ragi, paddy, avare, castor, chillies, kulthi and kadale in the Arkalgud Taluk; ragi, paddy, kulthi, avare, and sugar-cane in the Belur Taluk; ragi, paddy, avare, sugar-cane, togari, castor, kulthi, huchellu, chillies, cholum, haraka and samè in the Channarayapatna Taluk; ragi, avare, castor, kulthi, cholum, sugar cane, togari, cotton, paddy in the Arsikere Taluk; paddy, dodda ragi, cholum, togari, avare, etc., in the Hole-Narsipur Taluk; paddy in the Alur Sub-Taluk are reported to be in good condition.

Crops sown.—Kadale, coriander and menthya in Channarayapatna Taluk are being sown. Raiyats in the Hassan and Channarayapatna Taluks are engaged in agricultural operations.

Crops harvested.—Sugar-cane in the Channarayapatna Taluk; and cholum in the Arsikere Taluk and gidda ragi in parts of Hole-Narsipur Taluk are being harvested.

10. The prospects of the season are generally good. Tank-filling rains are needed in all parts of the district.

11. Public health is generally good.

12. Cattle are generally healthy. Water and fodder are available.

SHIMOGA.

8. Market is well supplied.

9. *Agricultural operations.*—Sowing of white cholum continues in the taluk of Channagiri.

Standing crops.—Paddy and sugar cane in all the taluks; dry crops in the taluks of Channagiri and Honnali and ragi and horse gram in the taluks of Shimoga and Shikarpur and arecanut in the taluk of Sorab are reported to be in good condition. Dry crops in the taluks of Honnali and Channagiri and paddy in the high level lands in the taluk of Nagar and ragi and kulthi in the Sub-Taluk of Kumsi are reported to be in need of rain.

Crops harvested.—Ragi and sesamum in the taluks of Honnali and arecanut in the taluks of Sorab, Sagar and Nagar are being harvested.

10. Prospects of the season are good. Food stuffs are available.

11. Public health is generally good, plague in parts of the taluks of Shimoga, Channagiri, Honnali, Shikarpur and Sorab and in parts of the Sub-Taluk of Kumsi and small-pox in parts of the taluks of Shikarpur, Sagar and Nagar and cholera in parts of the taluks of Shimoga and Honnali and ague in parts of the taluk of Sagar are prevalent.

12. Fodder and water are available. Cattle are generally healthy, except for "Doddaroga" in parts of the taluks of Honnali, Shikarpur and Sagar and for "foot and mouth diseases" in parts of the taluk of Nagar.

KADUR.

8. Market is well supplied.

9. *Agricultural operations.*—Lands are being prepared for sowing Bengal gram, sugar-cane, menthya, garlic, jola and coriander, in Chikmagalur Taluk.

Crops sown.—Coriander, kulthi and wheat in Kadur Taluk and Bengal gram in Tarikere Taluk.

Standing crops.—Paddy, dodda ragi, avare, togari, samé, navane, black and green grams, sugar-cane, coffee, areca, pepper and cardamom are in good condition; but areca is affected by kole roga in parts of Koppa Taluk and Sringeri Sub-Taluk.

Crops harvested.—Chikmagalur Taluk—Jola, areca, cardamom sugar-cane; Kadur Taluk—gingelly, yield 12 annas; Tarikere Taluk—areca; Koppa Taluk—areca and cardamom; Mudgere Taluk—cardamom; Yedahalli and Sringeri—areca.

10. Prospects of the season are good. Supply of food stuffs is sufficient.

11. Malarial fever is still prevailing in Chikmagalur Taluk and plague in parts of Chikmagalur, Kadur and Tarikere Taluks; otherwise, public health is good.

12. Except for "Metre Roga" in Chikmagalur and Mudgere Taluks, cattle are healthy. Water and fodder are available.

CHITALDRUG.

8. Market is well supplied.

9. *Agricultural operations.*—Harrowing and weeding operations are in progress in Hiriyur and Davangere Taluks.

Standing crops.—Paddy, sugar-cane, ragi, horse gram, etc., are in good condition except in parts of Chitaldrug, Hiriyur, Challakere and Molakalmuru Taluks, where they are withering for want of rains.

Crops harvested.—Jagalur Taluk—til, yield 4 annas; Hosdurga Taluk—til and jola, yield 4 to 8 annas.

Seeds sown.—White jola in Chitaldrug and Jagalur Taluks, and Bengal gram in Jagalur Taluk.

10. Prospects of the season are fair. Food stocks are available.

11. The public health is good, except for plague in Davangere Taluk and for cholera in a few villages of the district.

12. Cattle are healthy. Water and fodder are available.

DISTRICT REPORTS.

8. Markets how supplied.
9. Progress of agricultural operations, state of standing crops, prospects and probable outturn of harvests, serious damage done to crops by insects or other natural calamities.
10. Prospects of season, tracts in which the rainfall has been insufficient, areas affected by scarcity, number of people under relief, and state of food stocks.
11. Public health.
12. Remarks as to the condition of agricultural stock; failure of pasturage, of fodder, etc.

BANGALORE CIVIL AND MILITARY STATION.

Average for the past five years of the corresponding week.		*Current.*	
Prices of food grains—Boiled rice (2nd sort)	7·35	6·90	Quantity per rupee by the standard seer of 80 tolas.
Ragi ...	14·12	12·37	
Rangoon rice (2nd sort) ...		6·90	

Agricultural operations.—Weeding in ragi and paddy fields is going on.

Standing crops.—Are fair.

Cattle are in good condition. Water and fodder are sufficient.

BANGALORE CITY AND TALUKS.

8. Market is well supplied.

9. *Progress of agricultural operations.*—Paddy fields are being got ready sowing Vaisakhi crops in parts of Anekal Taluk. Weeding in paddy fields is reported in parts of Dodballapur and Anekal Taluks. Early sown ragi is being harvested in certain parts of Bangalore, Dodballapur and Kankanhalli Taluks. The harvesting of potato is also reported in parts of Devanhalli Taluk.

State of standing crops.—Standing crops, such as ragi, avare, punaji paddy, sugar cane, togari, castor, haraka, etc., are in good condition.

Harvest and outturn.—Early sown ragi and potatoes are being harvested in some parts.

Damages to crops.—Nil.

10. The prospect of the season is good. It is reported that the standing crops are in need of rain in some parts of Hoskote Taluk and Closepet Sub-Taluk. Food stocks are available. Sufficient labour is available to all the cooly classes.

11. Except for plague in a few villages of Bangalore, Hoskote and Dodballapur Taluks, and fever in parts of Channapatna Taluk, public health is generally good.

12. Cattle are healthy. Water and fodder are available.

KOLAR.

8. Market is well supplied.

9. *Agricultural operations.*—Raiyats are engaged in removing weeds in their dry fields in Chikballapur and Srinivaspur Taluks.

Crops sown.—Nil.

Crops harvested and their probable outturn.—Nat ragi in Chintamani, Bagepalli Taluks and Gudibanda Sub-Taluk, yield 8 to 12 annas; samè and groundnuts in Bowringpet, Chintamani, Mulbagal, Goribidnur and Gudibanda Sub-Taluk, yield 8 to 10 annas.

Standing crops.—All the standing crops are in good condition.

10. Prospects of the season are good. Prices of food stuffs continue to be high. Labour is available to the cooly classes.

11. There have been a few cases of plague in Kolar, Sidlaghatta and Chikballapur Taluks and Kolar Gold Fields; and cholera in Mulbagal and Chintamani Taluks and Kolar Gold Fields. Otherwise, public health is generally good.

12. Cattle are healthy. Pasture and fodder are available.

TUMKUR.

8. Market is well supplied.

9. *Crops sown.*—Paddy in parts of Sira and Kunigal Taluks; jola and kadale in parts of Chiknayakanhalli and Gubbi Taluks and Koratagere and Turuvekere Sub-Taluks; and jola in parts of Sira Taluk.

Crops harvested.—Groundnut in parts of Tumkur, Sira and Gubbi Taluks; yield 4 to 14 annas; sugar cane in parts of Gubbi and Kunigal Taluks and Turuvekere Sub-Taluk, yield 8 to 12 annas; navane in parts of Chiknayakanhalli and Sira Taluks, yield 4 annas; nat ragi in parts of Sira and Pavagada Taluks, yield 4 to 6 annas; haraka in parts of Sira Taluk, yield 4 annas; and samè in parts of Pavagada Taluk, yield 4 to 6 annas.

Standing crops.—Paddy, ragi, avare, togari, samé, navane, til, haraka, horse gram, kadale, castor, sugar-cane, black and green grams are reported to be generally in fair condition. In some parts of the Pavagada and Sira Taluks, the dry crops are reported to be withering owing to want of rain.

10. Prospects of the season are fair. Food stuffs are available. Tank filling rains are needed in all parts of the district.

11. Except for plague in Tumkur and Tiptur towns, public health is generally good.

12. Except for "Dodda roga" and "Chappe roga" in a few villages of the Pavagada Taluk, cattle are reported to be generally healthy. Water and fodder are generally available.

MYSORE.

8. Market is well supplied.

9. *Crops sown.*—Horse gram in parts of the Seringapatam Taluk; kadale in parts of Hunsur, Krishnarajpete and Nagamangala Taluks.

Standing crops.—Ragi, jola, togari, castor, avare, tadaguni, alsandi, green and black grams, paddy, sugar cane, til, ramtil, navane, samé, haraka, groundnut, Bengal gram, mulberry, cotton and wheat are reported to be in a fairly good condition.

Crops harvested.—Mysore—ragi; Yedatore—jola; Gundlupet—ragi; T.-Narsipur—groundnut.

Insects are reported to be damaging castor crops in parts of the Mysore and Nanjangud Taluks.

10. Prospects of season are reported to be good. Food stuffs are available.

11. Plague is said to prevail in parts of Mysore, Chamrajnagar, Seringapatam, Hunsur, Yedatore, Heggaddevankote, Gundlupet, Nanjangud Taluks, and small-pox in parts of the Krishnarajpete Taluk.

12. Except for "Dodda roga" in parts of the Mysore Taluk, cattle are reported to be healthy. Water and fodder are available.

HASSAN.

8. Market is well supplied.

9. *Standing crops.*—Ragi, paddy, kulthi, avare, togari, sugar cane, etc., in the Hassan Taluk; paddy in the Manjarabad Taluk; paddy, avare, castor, chillies, kulthi and kadale in the Arkalgud Taluk; doddaragi, paddy, sugar cane, kulthi, etc., in the Belur Taluk; ragi, paddy, avare, sugar cane, togari, haraka, castor, huchellu, chillies, cholum, and savè in the Channarayapatna Taluk; castor, cotton, ragi, avare, togari, paddy, kulthi, cholum, etc., in the Arsikere Taluk; doddaragi, cholum, togari, avare, paddy, sugar cane in the Hole-Narsipur Taluk; paddy, sugar cane and kulthi in the Alur Sub-Taluk are in fair condition.

Crops sown.—Kadale, coriander, menthya in Channarayapatna Taluk are being sown. The raiyats in the Channarayapatna Taluk are reported to have been engaged in the agricultural operations.

Crops harvested.—Sugar cane in the Channarayapatna Taluk, giddaragi in the Hole-Narsipur Taluk are being harvested.

10. The prospects of the season are generally good. Tank-filling rains are needed in all parts of the district.

11. Public health is generally good.

12. Cattle are generally healthy. Water and fodder are available.

SHIMOGA.

8. Market is well supplied.

9. *Agricultural operations.*—Nil.

Standing crops.—Paddy and sugar cane throughout the district and dry crops in the taluks of Channagiri and Honnali are reported to be in good condition; but in some parts it is reported that crops are withering for want of rain. Ragi and horse gram in the taluks of Shimoga and Shikarpur and arecanut in the taluk of Sorab are also reported to be in good condition. Paddy in the taluk of Nagar and ragi and horse gram in the sub-taluk of Kumsi are reported to be in need of rain.

Crops harvested.—Ragi and navane in some parts of the taluk of Channagiri and ragi in the Honnali taluk and arecanut in the taluks of Sagar and Tirthahalli are being harvested.

10. Prospects of the season are good. Food stuffs are available.

11. Public health is generally good. Plague and cholera prevail in parts of the taluks of Shimoga and Honnali; plague and small-pox in parts of the taluk of Shikarpur; plague in parts of the taluk of Sorab and in the sub-taluk of Kumsi; small-pox and ague in parts of the Sagar Taluk; and small-pox in parts of the taluk of Nagar.

12. Fodder and water are available. Cattle are generally healthy, except for "Doddaroga" in parts of the taluk of Shikarpur and for "foot and mouth diseases" in parts of the taluk of Nagar.

KADUR.

8. Market is well supplied.

9. *Agricultural operations.*—Lands are being prepared for sowing sugar cane, menthya, garlic, coriander in Chikmagalur Taluk.

Crops sown.—Coriander, Bengal gram, jola in Kadur Taluk and Bengal gram in Tarikere Taluk.

Standing crops.—Paddy, dodda ragi, avare, togari, sugar cane, coffee, areca, kulthi, castor, navane, jola, chillies, coriander, cotton, wheat, samé and cardamom; all these crops are in good condition. Areca has been affected by koleroga in parts of Koppa and Sringeri.

Crops harvested.—Chikmagalur—jola, areca, cardamom, gidda ragi and sugar cane; Koppa—areca and cardamom; Mudgere—cardamom; Yedahalli and Sringeri—areca.

10. Prospects of the season are good. Supply of food stuffs is sufficient.

11. Malarial fever is still prevailing in parts of Chikmagalur Taluk and plague in parts of Chikmagalur, Kadur and Tarikere Taluks; otherwise, public health is good.

12. "Metre roga" is prevailing in parts of Chikmagalur Taluk. Water and fodder for cattle are generally sufficient.

CHITALDRUG.

8. Market is well supplied.

9. *Agricultural operations.*—Nil.

Standing crops.—Paddy, sugar cane and tobacco under channel lands in the Hiriyur Taluk; ragi, beans, etc., in the Holalkere Taluk are reported to be in fair condition. The standing crops, such as horse gram, cotton, etc., in other parts of the district are reported to be withering for want of rain.

Crops harvested.—Ragi in the Challakere (8 to 12 annas outturn) and Molakalmuru Taluks; jola in the Molakalmuru and Hosdurga Taluks, 4 to 8 annas; til in the Davangere and Hosdurga Taluks, 4 to 8 annas; navane (Italian millet) and paddy in the Davangere Taluk.

Seeds sown.—White jola in the Hiriyur Taluk.

10. Prospects of the season are fair. Food stocks are available.

11. The public health is generally good.

12. Cattle are generally healthy. Water and fodder are available.

OFFICE OF THE REVENUE COMMISSIONER IN MYSORE,
Dated Bangalore, the 29th October 1914.

K. DORASWAMI IYER,
Revenue Commissioner.

Proceedings of the Government of His Highness the Maharaja of Mysore.

No. 763-813—EDN. 400-13-1, DATED BANGALORE, 22ND OCTOBER 1914.

ORDER.—For sometime past the Government of His Highness the Maharaja of Mysore have had under their consideration the question of improving the Scheme under which scholarships tenable in foreign countries are being granted so as to meet the requirements of the present time and of the immediate future. The existing rules for the Damodar Das Scientific Research and Technical Education Scholarships framed in 1906 provide for the grant of only two such scholarships every year from the Damodar Das Fund. There are no rules regulating the grant of foreign scholarships from State Funds though several such scholarships have been granted on the merits of individual applications received from time to time.

2. Taking a retrospect of what has been done till now to afford foreign training to the young men of Mysore, it is seen that, from 1891 up to the present, 24 persons have been given State scholarships and since the inception of the Damodar Das Scholarship Scheme in 1904, 18 scholars have been trained.

Analysing the figures it is found that 15 scholars proceeded to Europe and America for advanced study in Medical and Sanitary Science, 6 in Geology, Mining and Metallurgy, 4 in Electrical and Mechanical Engineering and Architecture, 7 in Forestry and Agriculture, 2 to study the art of Printing, and the rest other subjects.

Of the scholars, 20 are now in the service of the State, 10 are still in Europe, 4 died and full particulars of 4 are not known. One is serving outside Mysore and 3 are not in service.

3. In the opinion of Government, the object of the scheme of foreign training in the present condition of the State should be to promote advanced scientific study, technical training and a spirit of research among the people, to train in European countries a number of young men who will follow industrial and commercial occupations which will conduce to the development of the country and also to secure for the service of the State in its several departments, young men trained in western Universities and Colleges, imbued with the progressive spirit of the West and equipped with a first-hand knowledge of modern methods. To attain these objects it is necessary to increase the number of foreign scholarships; to enlarge the range of subjects for training so as to comprise industrial and commercial subjects more largely; to improve the method of selecting candidates in order to ensure the securing of the best talent in a given time; and to make a suitable provision for facilitating deputation to countries where English is not the spoken language.

4. The Government of His Highness the Maharaja of Mysore have therefore decided to institute a certain number of State and Loan Scholarships and have also slightly revised the Damodar Das Scholarship Rules.

The detailed rules are printed as an annexure to this order. (Appendix A.)

5. The cost on account of the scholarships will amount to Rs. 1,12,000 per annum as per details given in Appendix B attached to these proceedings. The cost of the Damodar Das Scholarships, *viz.*, Rs. 18,000 per annum will be wholly met from the annual interest realised from the Damodar Das Charity Fund invested in the Government of India Securities.

The Loan Scholarships will cost Rs. 51,300 every year, which will be advanced by Government and will be finally recovered from the scholars.

The State Scholarships will involve an expenditure of Rs. 42,600 per annum, provision for which will be made in the State Budget.

C. S. BALASUNDARAM IYER,
Secy. to Govt., Depts. of Edn. & Agri.

To—The Inspector-General of Education in Mysore.
The Comptroller to Government, through Branch II.
The other Heads of Departments.
The Secretaries to Government.
The Secretary, Economic Conference.
The Deputy Commissioners of Districts.

ANNEXURES.

APPENDIX A.

Foreign Scholarship Rules.

I. With the object of promoting higher scientific study and research and technical education among the people of the State, in order to train in European countries young men who are desirous of following industrial and commercial occupations which will conduce to the development of the country and with a view to educating in European Universities and Colleges young men for recruitment to the service of the State in the Revenue, Educational, Forest, Medical, Engineering, Geological and other departments, the Government of His Highness the Maharaja of Mysore have been pleased to institute the following scholarships:

II. The scholarships will be known as the Mysore Government Foreign Scholarships and will be granted from the following sources:—

1. *Two* known as Damodar Das Scholarships from four-fifths of the annual proceeds of the Damodar Das Charities' fund;
2. *Four* known as Mysore Government Scholarships from the general revenues of the State;
3. *Five* known as Mysore Government Loan Scholarships from loans granted from the general revenues of the State.

III. Eight of the scholarships will be given for study in the countries of Europe and America. The other three will be given for study in Europe and America or in Japan and other eastern countries; in the latter case two scholarships will be awarded in lieu of every one scholarship tenable in Europe and America.

Of the eight scholarships tenable in Europe and America, 4 will be given for post-graduate scientific study and research and 4 will be given for technical, industrial or commercial training of a practical nature.

The other three scholarships tenable in Europe and America or in lieu thereof, 6 scholarships tenable in eastern countries will ordinarily be given for practical training in technical, industrial and commercial subjects, but may, in special cases, be given for post-graduate study and research.

IV. The scholarships will ordinarily be tenable for two years, but Government will be prepared to extend the term by one year in the case of half the number of scholarships, where such extension is necessary.

V. Candidates for the scholarships must not ordinarily be over 25 years of age. It will, however, be open to Government to relax the age limit in special cases, such as in the case of candidates who have specially distinguished themselves in their University career and who show very marked aptitude for the higher branches of scientific and technical study, and in the case of candidates who have been engaged in industries or commerce and who desire to pursue industrial or commercial training in foreign countries.

VI. The scholarships will be open to all natives of Mysore by birth or domicile. When well qualified candidates who are natives of Mysore are not available, the scholarships will be open to others who have graduated from a Mysore college. The scholarships for post-graduate scientific study and research shall be awarded only to candidates who have taken with credit a degree in Arts, Medicine or Engineering in an Indian or other recognised University. The subject of advanced study proposed should have an intimate connection with the course of study the candidate has already pursued.

In the case of scholarships for technical, industrial or commercial training, applicants need not necessarily be graduates of a University, but a candidate will be expected to have received sufficient general education to enable him to pursue his studies with advantage. Such candidates should have had practical experience of the industries, etc., which they desire to study, or in the absence of such previous experience should be prepared to undergo such preliminary practical training as Government may prescribe.

VII. Each candidate must forward with his application:—

1. A satisfactory certificate of birth or domicile;
2. A declaration that he has the consent of the head of his family to proceed to Europe or elsewhere for the purpose of the scholarship;
3. Certificates of good character from two persons (not relatives of the candidate) of respectability and good position, in addition to one from the Head of the College where he was educated for the degree in Arts, Medicine or Engineering;

4. A certificate of physical fitness to undergo the course of study, research or training which he will have to follow, signed by the Senior Surgeon of the Government of Mysore or a Medical Officer not below the rank of a District Surgeon;

5. A statement of the course of study or research which he desires to pursue, with testimonials as to his educational and other qualifications for such course.

VIII. (*a*) Applications for scholarships shall be made to the Inspector-General of Education in Mysore between the 1st June and the 31st July of each year. The selection of candidates will ordinarily be made by Government on the report of a Committee appointed to report on the merits of the candidate.

(*b*) The candidates shall be required by the Committee to give evidence of their fitness for practical work in any manner that the Committee may think desirable and to undergo any test which the Committee shall prescribe under the general or special orders of Government. In special cases the candidate may be required to undergo a period of probation and preliminary training in India. During such period he shall receive such subsistence and tuition allowances as Government may prescribe.

(*c*) Candidates for scholarships in Europe and America shall be expected to acquire a working knowledge of German or French and scholars going to the far East a knowledge of Japanese, during the period of probation, if facilities for such study can be secured.

IX. The scholarships for study in Europe and America will be of the value of £200 per annum and those for study in the East of the value of Rs. 1,500 or £100 per annum.

The scholarship will be paid in advance quarterly or in such other instalments as may be considered necessary by the Inspector-General of Education. The scholarship will be held to cover all college and examination fees, cost of books, instruments and boarding charges.

An advance not exceeding £25 in the case of scholars proceeding to Europe and America and not exceeding £15 in the case of scholars proceeding to the East, will be given for expenses of outfit when the scholar leaves Bangalore, and this will be recovered out of the scholarship in easy instalments spread over the whole term of the scholarship.

Besides the scholarship, each scholar will be given travelling allowance, *i.e.*, 2nd class rail and steamer fares from Bangalore to the capital or other town of the country selected for his training and a similar allowance for his journey back to Bangalore on the completion of his course of study or research.

Where any premium or other payment is required for securing admission to a factory or other place for practical training in industries or crafts, such charges will be paid if considered reasonable and provided that the previous approval of Government has been taken in each case. In the case of loan scholarships the amount will be treated as an advance and will be recovered in the same way as the scholarship.

X. The subjects which the scholar shall study will be one or more of the following:—

1. Physical Science.
2. Natural Science.
3. Application of Science to Agriculture, Arts, Industries and Manufactures.
4. Research work in applied Science.
5. Medicine, Public Health and Bacteriology.
6. Engineering—Civil, Mechanical, Electrical.
7. Metallurgy, including Electro-metallurgy.
8. Public Administration, Economics, Statistics, Banking, Commerce, Accountancy, Business Administration and Organisation, etc.
9. Arts, Industries, and processes of manufacture including Textile Industries, Tinctorial Chemistry and Dyeing, Leather Industries.

Provided that Government may, in special cases, grant scholarships for the encouragement of higher study in Sciences and Arts other than those specified above.

XI. Each candidate selected, shall, unless otherwise directed by Government, proceed, within such period as may be fixed by them, to the country selected for his training, join the institution selected or approved by Government for the purpose and there continue his study or research with all due diligence.

The Inspector-General of Education will, in consultation with the Comptroller, arrange for the payment to the scholar from time to time of the scholarship and of any other sums that may become payable.

XII. The continuance of the scholarship to the holder will be strictly dependent on good conduct and will be conditional on satisfactory progress being made in his study or research.

The scholars will be subject to the supervision of the Educational Adviser for Indian students in England or other person who may be approved by Government in each case.

XIII. The scholarship will be forfeited if the holder thereof not being disabled by illness or prevented by any other cause which the Government may consider sufficient, fail to complete the course of study or research prescribed or is unfavourably reported on by the Head of the Institution or the supervising authority referred to in Rule XII. In such cases the scholar shall be liable to refund the whole or part of the money paid to him as may be decided by Government.

XIV. A scholar shall, before leaving Bangalore, enter into a bond with the Mysore Government stipulating that he accepts the scholarship on the conditions specified in these rules; that he will prosecute the study or research with all due diligence and that on the completion of such study or research course, he will return to Mysore and will, if called upon to do so, serve the Mysore Government for a period of not less than five years on a reasonable salary to be fixed at the sole discretion of Government, provided that Government may waive such a claim and also that if it shall not offer him employment within six months after his return to Bangalore, it shall be bound to waive it and allow him to get employment elsewhere.

If he fails to fulfil any of these conditions, he shall refund to Government the total amount received by him as scholarship, passage money, etc., with such interest as may be demanded not exceeding five per cent per annum on the amounts paid to him from time to time.

XV. In the case of loan scholarships, the scholar shall, in addition to the above stipulations, before leaving Bangalore, enter into a bond with the Government giving satisfactory security for the repayment of the advances payable to him but without interest.

The loan shall become repayable without interest ordinarily in 5 and in any case not more than 10 yearly instalments after the completion of the training for which the loan was made, the further particulars of repayment being fixed by Government in each case according to circumstances.

	4 passages at £30	...	...	=120	
2nd year scholarship.					
	4 at £100	...	...	=400	=£980
	4 'B' set at £100	...	...	=400	
Passage	2 A at £30	...	...	= 60	
	4 B at £30	...	...	=120	

3rd year and after scholarships.

2 'A' at £100	=200	=£1,240
4 'B' at £100	=400	
4 'C' at £100	=400	
Passage 2 'A' at £30 ...		
,, 2 'B' at £30 ...	=240	
,, 4 'C' at £30 ...		

Total Cost from 3rd Year.

Damodar Das	£1,200	
Government	£1,200 £1,240	
Loan	£2,400 £ 620	
	£6,660	or Rs. 99,900
Factory premia for 4 students at £200 a year	=£800	Rs. 12,000
		Rs. 1,11,900
		in round figures Rs. 1,12,000

Out of this the Damodar Das scholarships costing £1,200 a year will be met from the Damodar Das Charities Fund. The loan scholarships costing £3,020 a year plus £400 (factory premium) will be only an advance and will be recoverable from the scholars.

The net expenditure to Government will be £2,440 plus £400 factory premia or £2,840 or Rs. 42,600 per annum.

DISTRICT REPORTS.

8. Markets how supplied.
9. Progress of agricultural operations, state of standing crops, prospects and probable outturn of harvests, serious damage done to crops by insects or other natural calamities.
10. Prospects of season, tracts in which the rainfall has been insufficient, areas affected by scarcity, number of people under relief, and state of food stocks.
11. Public health.
12. Remarks as to the condition of agricultural stock; failure of pasturage, of fodder, etc.

BANGALORE CIVIL AND MILITARY STATION.

		Average for the past five years of the corresponding week.	*Current.*	
Prices of food grains—	Boiled rice (2nd sort)	7·35	6·90	Quantity per rupee by the standard seer of 80 tolas.
	Ragi ...	14·18	12·37	
	Rangoon rice (2nd sort) ...		6·90	

Agricultural operations.—Ragi is under harvest.

Standing crops are fair.

Cattle are in good condition. Water and fodder are sufficient.

BANGALORE CITY AND TALUKS.

8. Market is well supplied.

9. *Progress of agricultural operations.*—Ragi in Bangalore, Kankanhalli, Anekal and Closepet; early sown ragi and sugar cane on a small scale in Channapatna. Potatoes, groundnuts and nati ragi in parts of Devanhalli Taluk. All these crops were harvested during the week.

Transplanting and weeding in paddy fields were also in progress in parts of Magadi Taluk. Sowing of potato was in progress in some parts of Devanhalli Taluk.

State of standing crops.—The standing crops, *viz.*, ragi, avare, togari, punaji paddy, horse grain, jola, haraka and navane, etc, are in good condition. It is reported that standing punaji paddy is in need of rain in parts of Hoskote Taluk.

Outturn of the harvested crops.—Kankanhalli—Ragi 12 to 16 annas; paddy 8 to 12 annas; sugar cane and horse gram 12 annas each.

Damages to crops.—Nil.

10. Prospect of the season is good. Food stocks are available. Labour is available to the cooly classes. The Amildar of Hoskote Taluk reports that the standing punaji paddy is in need of rain.

11. Except for plague in a few villages of Bangalore and Hoskote Taluks, public health is generally good.

12. Cattle are healthy. Fodder and water are available.

KOLAR.

8. Market is well supplied.

9. *Agricultural operations.*—Raiyats are engaged in removing weeds in wet lands in Bowringpet Taluk and ploughing the fields for kadale and Vaisaki paddy in Sidlaghatta Taluk and Gudibanda Sub-Taluk. Samè and nat ragi in Chintamani Taluk.

Crops sown.—Paddy in Bowringpet Taluk. Potatoes in Sidlaghatta and menthya and jola in Gudibanda Sub-Taluk.

Crops harvested and their probable outturn.—Nat ragi, samé and groundnuts in Chintamani, Mulbagal, Sidlaghatta, Chikballapur, Bagepalli, Malur and Srinivaspur Taluks and Gudibanda Sub-Taluk, yield 8 to 12 annas.

Standing crops.—All the crops are in good condition.

10. Prospects of the season are good. Prices of food stuffs continue to be high. Labour is available to the cooly classes. More tank filling rains are required.

11. There have been a few cases of plague in Kolar, Malur, Sidlaghatta, Chikballapur and Goribidnur Taluks and Kolar Gold Fields; and cholera in Mulbagal Taluk and Kolar Gold Fields. Otherwise, public health is generally good.

12. Cattle are healthy. Pasture and fodder are available.

TUMKUR.

8. Market is well supplied.

9. *Crops sown.*—Paddy in parts of Tumkur and Sira Taluks and Koratagere Sub-Taluk; jola and kadale in parts of Chiknayakanhalli, Sira and Gubbi Taluks and Turuvekere Sub-Taluk; and jola in parts of Koratagere Sub-Taluk.

Crops harvested.—Sugar cane in parts of Gubbi Taluk and Turuvekere Sub-Taluk, yield 8 to 12 annas; groundnut in parts of Sira and Gubbi Taluks, yield 2 to 14 annas; ragi in parts of Sira Taluk and Koratagere Sub-Taluk, yield 2 to 12 annas; navane in parts of Chiknayakanhalli and Sira Taluks and Koratagere Sub-Taluk, yield 2 to 8 annas; samè in parts of Chiknayakanhalli Taluk, yield 4 to 8 annas; haraka in parts of Sira Taluk, yield 2 to 6 annas.

Standing crops.—Paddy, ragi, avare, togari, samé, navane, haraka, til, horse gram, kadale, castor, sugar cane, black and green grams are reported to be generally in fair condition.

10. Prospects of the season are fair. Food stuffs are available.

11. Except for plague in Tumkur and Tiptur towns and for small-pox in a few villages of the Turuvekere Sub-Taluk, public health is generally good.

12. Cattle are reported to be generally healthy. Water and fodder are available.

MYSORE.

8. Market is well supplied.

9. *Crops sown.*—Kadale in parts of the Hunsur and Krishnarajpete Taluks. Paddy is being transplanted in parts of the Malvalli Taluk.

Standing crops.—Ragi, jola, togari, avare, horse gram, castor, alsandi, tadagani, green and black grams, groundnut, wheat, paddy, sugar cane, samé, haraka, coriander, ramtil and mulberry are reported to be in good condition. Insects are reported to be damaging castor crops in parts of the Chamrajnagar Taluk, and ragi crops in parts of the Malvalli Taluk.

Crops harvested.—Hunsur—Ragi, 8 annas; T.-Narsipur—Ragi 12 to 14 annas and groundnut, 12 annas.

10. Prospects of season are reported to be good. Food stuffs are available.

11. Plague is reported to prevail in parts of the taluks of Mysore, Chamrajnagar, Seringapatam, Hunsur, Yedatore, Heggaddevankote, Gundlupet and Nanjangud; and cholera in parts of the Seringapatam Taluk.

12. Cattle are reported to be healthy. Water and fodder are generally available.

HASSAN.

8. Market is well supplied.

9. *Standing crops.*—Ragi, paddy, kulthi, avare, togari in the Hassan Taluk; paddy in the Manjarabad Taluk; doddaragi, paddy, avare, togari, castor, kulthi, chillies, kadale in the Arkalgud Taluk; ragi, paddy, sugar cane, togari, avare, kulthi, etc., in the Belur Taluk; ragi, paddy, avare, togari, kulthi, huchellu, haraka, chillies, sugar cane, savè, castor in the Channarayapatna Taluk; ragi, castor, kulthi, avare, chillies, cholum, sugar cane, paddy, togari in the Arsikere Taluk; doddaragi, cholum, togari, avare, paddy, sugar cane in the Hole-Narsipur Taluk; paddy and sugar cane in the Alur Sub-Taluk are reported to be in fair condition.

Crops sown.—Kadale, coriander and menthya in the Channarayapatna Taluk are being sown.

Crops harvested.—Sugar cane and doddaragi in the Channarayapatna Taluk, cholum, chillies and ragi in the Arsikere Taluk are being harvested.

10. The prospects of the season are generally good.

11. Public health is generally good.

12. Cattle are generally healthy. Water and fodder are available.

SHIMOGA.

8. Market is well supplied.

9. *Agricultural operations.*—Yannegar cholum, wheat, Bengal gram and coriander are being sown in the taluk of Honnali.

Standing crops.—Paddy and sugar cane throughout the district, dry crops in the taluks of Channagiri and Honnali, ragi and horse gram in the Shimoga Taluk and in the Kumsi Sub-Taluk and ragi in the Shikarpur Taluk are reported to be in good condition. It is reported that the rain during the week has done much good to the standing dry crops in the taluks of Channagiri and Honnali. It is reported that ragi in the Sorab Taluk is not good owing to heavy rainfall.

Crops harvested.—Ragi and navane in parts of the Channagiri Taluk, paddy and ragi in parts of the Shikarpur Taluk, paddy and arecanut in the Sorab and the Nagar Taluks, arecanut in the Sagar and the Tirthahalli Taluks and paddy in the Kumsi Sub-Taluk are being harvested.

10. Prospects of the season are good. Food stuffs are available.

11. Public health is generally good. Plague and cholera in parts of the Shimoga Taluk, cholera in parts of the Honnali Taluk; plague and small-pox in parts of the Shikarpur Taluk; plague in parts of the Sorab Taluk; ague and small-pox in parts of the Sagar Taluk and small-pox in parts of the Nagar Taluk are prevailing.

12. Fodder and water are available. Cattle are generally healthy, except for "Doddaroga" in Suragihalli village in the Shikarpur Taluk.

KADUR.

8. Market is well supplied.

9. *Agricultural operations.*—Weeding of plants is going on in parts of Mudgere Taluk.

Crops sown.—Sugar cane, menthya, garlic, coriander, are being sown in Chikmagalur Taluk; besige jola and Bengal gram, coriander in Kadur Taluk; Bengal gram in Tarikere Taluk.

Standing crops.—Paddy, ragi, jola, cotton, coffee, coriander, sugar cane, areca and cardamom, are in good condition; but areca is affected by koleroga in parts of Koppa and Sringeri.

Crops harvested.—Chikmagalur—Jola, areca, cardamom, sugar cane and gidda ragi; Tarikere—areca; Koppa—areca and cardamom; Mudgere—cardamom.

10. Prospects of the season are good. Supply of food stuffs is sufficient.

11. Except for plague in Chikmagalur and Tarikere Taluks, public health is generally good.

12. "Metre roga" is reported to be prevailing among cattle in some villages of Chikmagalur Taluk. Water and fodder are generally available.

CHITALDRUG.

8. Market is well supplied.

9. *Agricultural operations.*—Nil.

Standing crops.—Such as paddy, sugar cane, horse gram, castor, ragi, etc., are reported to be in fair condition, except in parts of the Hiriyur Taluk, where the dry crops, are reported to be withering for want of rains. The recent rains will somewhat improve the condition of the standing crops.

Crops harvested.—Ragi, jolam and navane (Italian millet) in parts of the Chitaldrug Taluk (outturn 8 annas); ragi under kapile wells in the Challakere Taluk (8 to 10 annas); ragi in parts of the Hiriyur and Holalkere Taluks; ragi and jolam in the Molakalmuru Taluks; ragi and navane (Italian millet) in the Harihar Sub-Taluk; and paddy and navane (Italian millet) in the Davangere Taluk.

Seeds sown.—White jola and Bengal gram in the Chitaldrug and Hiriyur Taluks, wheat and Bengal gram in the Harihar Sub-Taluk.

10. Prospects of the season are good. Food stocks are available.

11. The public health is generally good.

12. Cattle are healthy. Water and fodder are available.

N. VENKATESA IYENGAR,
Meteorological Reporter.

Dated 4th November 1914.

DEPARTMENTS OF EDUCATION AND AGRICULTURE.

Proceedings of the Government of His Highness the Maharaja of Mysore.

Read—

Government Proceedings No. G. 3303-6—G. M. 69-13-17, dated 5th November 1913, sanctioning among other matters the formation of a Progress Committee for the Chikballapur town.

2. Letter No. 563, dated 23rd September 1914, from the Secretary, Economic Conference, stating that the Committee referred to above has resolved to extend its operations to the whole taluk of Chikballapur and requesting sanction to convert it into a Taluk Progress Committee.

No. 1059-62—A. & I. 17-14, DATED BANGALORE, 5TH NOVEMBER 1914.

ORDER THEREON.—Sanctioned.

C. S. BALASUNDARAM IYER,
Secretary to Government.

To—The Secretary, Economic Conference.
The Comptroller, Mysore Government.
The Deputy Commissioner, Kolar.

SUPPLEMENT TO

The Mysore Gazette.

PUBLISHED BY AUTHORITY.

BANGALORE, THURSDAY, NOVEMBER 12, 1914.

THE MYSORE SEASON AND CROP REPORT.

1912-13.

TABLE OF CONTENTS.

	Pages.
General note	i—ii
PART I.	
Agricultural statistics	1—99
PART II.	
Estimated outturn of certain selected crops	101—149
PART III.	
Retail prices of some principal articles of food	151—170
PART IV.	
Monthly and annual rainfall tables	171—180

GENERAL NOTE.

PART I—Agricultural Statistics.

1. The total area of the State is about 19 millions of acres, of which returns are received only for about 17½ millions. Of this latter extent a little more than 2¼ millions of acres come under "Forests," and more than 6½ millions of acres are not available for cultivation. The extent available for cultivation, is nearly 8½ millions of acres. But the extent actually cultivated during the year was 6,319,019 acres.

PART IV—Rainfall.

2. The average rainfall for the State was 46·23 inches as against 33·22 inches during 1911-12. The increase in the rainfall occurred in all the districts.

PART I.

3. The net area cropped during the year was 6,319,019 acres as against 6,047,455 acres during the previous year, being an increase of 271,564 acres. The increase occurred in all the districts, except Shimoga, where there was a slight decrease.

4. The area of crops irrigated, increased by about 23,000 acres (*vide* column 18, Table A 2), the major portion of which occurred in the Shimoga and Tumkur Districts. The area of crops irrigated fell somewhat in the Kolar District, while it was almost the same as in the previous year in the Hassan District.

5. There was a large increase in the area cultivated with cotton, being 151,901 acres as against 107,876 acres in the previous year. The largest increase was in the Chitaldrug District. In the Shimoga District there was a large decrease in the area under this crop being 9,775 acres as against 15,138 acres in the previous year. The area under rice which fell by 64,327 acres during 1911-12, increased again by 23,235 acres and the ragi cultivation which shrank by 77,581 acres during 1911-12 more than resumed its former extent, the increase during the year being 96,952 acres.

TABLE C.

6. The incidence of land revenue (excluding cesses) per head of the population increased by two pies, and that on fully assessed area by three pies.

TABLE D.

7. The number of holdings under raiyatwari tenure increased from 1,091,465 to 1,096,345, the increase in the gross area being 69,136 acres. The average area of each holding was 6·53 acres and the average assessment thereon was 8·73 rupees as against 6·5 acres and 8·72 rupees in the year 1911-12. The number of estates held wholly or partially revenue free was 98,029 which shows an increase of 1,337 over that in the previous year. The average area and assessment of these estates were 18·09 acres and 5·32 rupees as against 18·38 acres and 5·37 rupees respectively in the previous year.

TABLE E.

8. The number of transfers of land by orders of Court during the year was 790 involving an area of 4,461 acres as against 667 during the previous year involving 6,598 acres. The number of transfers by private contract or gift was 17,404 as against 16,758 during the previous year, the extent involved being 90,805 and 97,853 acres respectively.

PART II--Estimated outturn of selected crops.

9. The total area under paddy was 750,661 acres as against 727,953 acres during 1911-12. The increase was due mainly to the increase of nearly 20,000 acres in the area under this crop in the Tumkur District. In the remaining districts the area under this crop was more or less the same as in the previous year.

10. The extent of ragi cultivation during the year under report was 2,335,207 acres as against 2,217,794 acres during the previous year, there being an increase of 117,413 acres. The increase occurred in all the districts, except Kadur, but the bulk of it was as in the case of paddy in the Tumkur District, where there was an increase of nearly 90,000 acres.

11. The area under cholum was 610,888 acres which is about 60,000 acres less than in the previous year.

12. The prices was a decrease of nearly 2,800 acres in the area under the sugar-cane crop, being 41,556 acres as against 44,343 acres during the year 1911-12, but there was an increase in the outturn which was 3,423,119 maunds during the year under report as against 3,396,629 maunds during the previous year.

PART III—Prices of some principal articles of food.

The prices of rice and cholum were higher in all the districts than in the previous year. But the price of ragi was less than in the previous year in the Tumkur and Chitaldrug Districts.

K. DORASWAMI IYER,
Revenue Commissioner.

Table A-4	84—99

EXPLANATORY MEMORANDUM ON THE ANNUAL AGRICULTURAL STATISTICAL RETURNS A TO E AND INSTRUCTIONS FOR COMPILING THEM.

---

1. The revenue year commences on 1st July and ends on 30th June. The returns are due in this office on or before the 15th August following.

2. *Table A.*—Table A consists of four sections, *viz.*, A-1, A-2, A-3 and A-4, A-1 contains figures for districts (pages 7-15) as well as for taluks (pages 28-102).

3. *Table A-1.*—Column 2 shows the gross area as ascertained by the Survey and Settlement Department, and is subject to correction according as errors are discovered in resurvey of tracts.

(*a*) Column 3 shows the areas of alienated tracts (such as Jahgir, Jodi, Sarvamanyam and Kayamgutta villages) for which the statistics required for the other sections of the table are not at present forthcoming in whole or in part. When such statistics become available, the area in this column will be reduced and that in column 4 will correspondingly be increased.

(*b*) Column 4 gives the remainder which is dealt with in Tables A-2 and A-3.

4. *Table A-2.*—Column 2 "Forest" means any land classified or administered as forest under the Forest Rules, and includes District Forests and State Forests and Plantations separately mapped. Details of these should be invariably noted at foot of the return.

(*a*) Column 3 includes land absolutely unfit for cultivation, land reserved as pasture (gomal lands and kavals of sorts), public topes and Government plantations, and also all lands covered by buildings, roads, water, etc., or otherwise devoted to uses other than agriculture. When, with due sanction, any of these areas are made available for cultivation, they should be transferred from this column to column 5 or 6. The extent of "Pot Kharab" forming part of survey numbers should be included under this column, the same being excluded from columns 4, 5 and 6.

(*b*) Column 4 shows the area of assessed unoccupied land.

(*c*) Columns 5 and 6 show the areas of assessed occupied land not cultivated ("Kabulibanjar") and cultivated respectively as found in the abstract at foot of the Pahani Account (Village Account Form No. 3). Minor Inams in Government villages are included herein. In Mysore there is no system of fallows properly so called. Column 5 will therefore show land in occupation kept uncultivated from whatever cause.

(*d*) The total of these five columns will, of course, equal the figure shown in column 4 of Table A-1.

(*e*) Columns 8 to 12 show only the actual area of irrigated land, areas (if any) cropped more than once being reckoned but once.

(*f*) Columns 14 to 17 should contain the actual area of irrigated crops, areas cropped more than once being counted as separate areas for each crop.

5. *Table A-3.*—This is based entirely on the Pahani Account (Village Account Form No. 3), and shows the gross cultivated area under each crop irrespective of irrigation and double cropping, the area under the latter being included in the statement but subtracted in column 42. The area dealt with is that shown in column 6 of Table A-2. In cases where two or more crops are grown together, an estimate is made of the area covered by each, and the areas so estimated are separately returned. The estimate is made by the shanbhog on his own judgment. The areas comprised in this return are the areas actually sown, whether the crop comes to maturity or not. The failure of the crop should affect not its area but its

out-turn. Where fields, owing to the failure of the first sowings, have been devoted to other crops, the area sown by the first sowing should be omitted. The crops to be selected for inclusion in certain heads of this table are as follows :—

Column 9.—*Gram* (pulse) should include horse gram, Bengal gram, green and black grams.

Column 10.—*Other food grains including pulses.*—Samé, haraka, na ne, avare or ballar, tuvar or togari, tadagani or alasandi, etc.

Column 15.—*Others (oil-seeds).*—Castor, oil-seeds, inferior sesamum (hute l-lu), groundnut or nelakadalekayi, honge, ippe, etc.

Column 17.—*Condiments and spices.*—Pepper, cardamom, chillies, cumn seeds, coriander seeds, ginger, mustards, turmeric, onions, garl menthya, etc.

Column 22.—*Others (fibres).*—Pundi, sanabu, etc.

Column 27.—*Others (dyes).*—Rangumale, etc.

Column 29.—*Coffee* should be both malnad and maidan. The area covere by both mature and immature plants should be entered.

Column 36.—*Fodder crops.* Kaki jola, etc.

Column 37.—*Orchards and garden produce.*—Mango, apples, figs, plantains, oranges, pomegranates, etc. The area of cocoanut, areca and betel-leaf gardens should also be included.

Column 38.—*Miscellaneous food crops.*—Vegetable gardens, potatoes, etc.

Column 39.—*Miscellaneous non-food crops.*—Mulberry, etc.

6. *Table A-4.*—This table deals with agricultural stock and should include live-stock in Municipalities. Oxen and buffaloes not old enough for work or to produce young should be treated as "young stock" in this return.

Until 1898-99, statistics of live-stock were collected every year by the shanbhog and patel of each village by enquiry and inspection, as a part of the year's jamabandi routine. Government directed, in their Order No. 7601—615, dated 24th April 1899, a quinquennial census to be taken and the repetitions of the figures of such census as statistics for the ensuing four years. The figures contained in the statement for the two years 1911-12 and 1912-13 are those obtained at the census of January 1911.

7. *Table B.*—This is a statement showing the average for the year of the prices current of certain articles. It is printed in this collection, as Part III.

Table C.—This table indicates the relation between area, population and land revenue, or in the other words, the mean burden of the State assessment on the land assessed to it and on the community at large. The tenure to which this table (for the Mysore State) relates is entirely raiyatwari.

(*a*) Column 3 (*a*) represents the area of alienated villages, plus the area of unoccupied assessed waste land in Sirkar villages (4 of Table A-2.) The area of minor inams is not, however, included in this column, as a proportionate deduction cannot be made in the corresponding population.

(*b*) Column 3 (*b*) represents the area withdrawn from cultivation and should therefore exhibit the total of the areas shown in columns 2 and 3 of Table A-2.

(*c*) Column 4 (*a*) exhibits the area of occupied lands (Sirkar and minor Inam) in Government villages and should therefore equal the sum total of the figures in column 5 and column 6 of Table A-2 (current fallows and net area cropped during the year).

(*d*) Column 4 (*b*) exhibits the area actually cultivated. The figure under column 6 of Table A-2 will therefore be repeated here.

(*e*) Column 5 should exhibit the total realizable Land Revenue including Miscellaneous Land Revenue of the whole district for the year a ter excluding arrears for past years. The figure to be entered here will therefore be that which represents the fixed demand under these heads *plus* Miscellaneous Land Revenue and *minus* remissions under defined rules, and *minus* also irrigation cess merged in the assessment

as shown in the list appended to Government Proceedings No. R. 212, dated 30th July 1894.

(*f*) Columns 6 and 11.—The population according to the most recent decennial census will be entered in column 6 subject to such alterations as are necessitated by any change in the constitution of the districts, and the figures in column 11 are subject to such alteration as may be necessitated by alteration in the area of "fully assessed land" by the resumption of alienated villages or other causes.

(*g*) Column 7 is arrived at by column 5 being divided by column 6.

(*h*) Column 8 does not include Miscellaneous Land Revenue and Land Revenue on alienated villages which are included in column 5.

(*i*) Column 9 is arrived at by column 8 being divided by column 4 (*a*).

Column 10 is arrived at by column 8 being divided by column 4 (*b*).

Column 12 is arrived at by column 8 being divided by column 11.

9. *Table D.*—The form prescribed by the Government of India is intended to show the principal varieties of tenure held direct from Government. For Mysore (where the prevailing tenure is raiyatwari and the accounts are kept villagewar), the first four classes and classes VII and VIII will be left blank, all raiyatwari holdings will be included in class V, the heading thereof being altered from "peasant proprietors paying separately" to "small holdings held separate and direct from Government (raiyatwari tenure)" and all inams (Jahgirs, whole Inam and Kayamgutta villages and minor inams in Sirkar villages) will be entered in class VI, Lease-holders of gold mines will be shown under class IX "others."

(*a*) Number of estates.—This represents practically the number of separate pattas issued or khates recorded in the Land Revenue Register. Two or more estates belonging to the same proprietor, if they are separately recorded in the Revenue Ledgers and form the subjects of separate pattas, will be separately reckoned for this return.

(*b*) Number of villages.—This shows the total number of villages (primary, of course) populated and unpopulated, *i.e.*, the areas constituted as villages by the Survey and Settlement Department.

(*c*) Number of holders.—One proprietor may be reckoned twice or oftener as the owner of two or more estates separately recorded according to the number of pattas held by him.

(*d*) Item 5½, gross assessment.—Between items 5 and 6 of the Government of India form, an item numbered 5½ should be opened to show "gross assessment." This, in the case of raiyatwari lands, will be the survey assessment and water-tax, and in the case of alienated lands, it will be combined quit-rent and water-rate (if any) payable to Government: in both cases without deducting remissions and other deductions, if any.

10. *Table E.*—This table is intended to show the number of voluntary and compulsory transfers of ownerships of lands and the area so transferred. By "voluntary transfers" are meant transfers made by actual contract or gift. Transfers by inheritence are not to be taken into account, nor non-permanent transfers such as leases, mortgages, etc. Only permanent transfers (for instance by sale or gift) should be included when the parties concerned apply for and obtain transfer of "Revenue Registry." These voluntary transfers will be entered in columns 4 and 5 and columns 8 and 9 (private contract or gift). On the other hand, under heading "By order of Court," columns 2 and 3 and columns 6 and 7 are included—

(1) Changes of registry under decrees of Civil and Revenue Courts whether the decrees were passed on disputes regarding title or by reason of debts incurred by the judgment-debtors, and

(2) (*a*) All cases in which lands are sold for arrears of revenue due to Government and purchased by private parties,

(*b*) Cases in which lands are sold for arrears of revenue due to Government or bought by Government will be excluded from this table.

The particulars contained in columns 2 to 21 should be entered for each district opposite to details under column 1 "Class of tenure," *viz.*, (*a*) Revenue-paying and (*b*) wholly or partially revenue-free.

The information contained in Table E will be entirely based upon that *furnished for each village* in Village Account Form No. 6 (Statement of Increase and Decrease) and its enclosure.

TABLE A.—I. Area (in acres) during 1911-12 and 1912-13. DISTRICTWAR.

PART II.

ESTIMATED OUT-TURN OF CERTAIN SELECTED CROPS

TABLE OF CONTENTS.

	Pages.
Explanatory Memorandum	103
Area and estimated yield:—	
Paddy	105-113
Ragi	114-122
Horse gram	123-131
Cholum	132-140
Sugar cane	141-149

EXPLANATORY MEMORANDUM ON THE STATISTICS RELATING TO AREA AND YIELD OF PRINCIPAL CROPS.

10 101

The estimates of out-turn of crops comprised in the following pages are based upon the Village Account Form No. 3 (Pahani Takhta).

2. In this account, the area, assessment and other particulars of each field are entered from the permanent village accounts; and for each survey number, the estimated area under each crop is entered by actual field inspection every year. The inspection is to be made twice in the year to correspond with cultivation and crop time. An abstract is subjoined to the account showing the aggregate estimated area under each of the fifteen principal crops enumerated in the prescribed form.

3. In 1897, the opportunity was taken to utilize this account for estimating the year's yield of the harvest under each of five selected crops, *viz.*, paddy, ragi, horse gram, cholum and sugar cane. It was ordered that this estimate should be made by tabulating the area under each crop in the village, in a form which was prescribed as an enclosure to the "Pahani Takhta, Village Account Form No. 3." It was directed that as a rule, that is to say, except when the Deputy Commissioner would otherwise direct under Section 10 of the Mysore Famine Code, the return should correspond with the two pahani inspections, *viz.*, once before the jamabandi about the second fortnight of October, while the crops are standing, and a second time after the cultivation season is over at the end of January following. Under these orders, the return is, in the first instance, prepared for each village by its shanbhog and submitted to the taluk office, where, after being examined, it is compiled for the entire taluk and transmitted to the Deputy Commissioner who, in his turn, submits to this office an abstract statement, talukwar, for his district before the end of April every year.

4. The out-turn is estimated for each village taken separately by the shanbhog and patel who from their intimate knowledge of the locality, may be relied upon to judge in this matter as well as possible for the purposes of a rough approximate estimate.

5. The out-turn is stated in annas, *viz.*, '20 annas,' '16 annas,' '8 annas' and '4 annas' and less which would respectively represent 'bumper,' 'average,' middling,' and 'bad harvests.'

6. The aggregate estimated area under each crop as per pahani abstract is distributed under these four classes, and arithmetically reduced to the equivalent area under a normal, that is to say, a fair average or 16 anna crop. The standard actual yield of a normal crop per acre (16 annas) in a fairly good season is fixed for the taluk as a whole, after careful local enquiry once for all, and not afterwards altered without the previous sanction of Government. The estimated out-turn for the entire taluk is calculated on this basis, and the results for the years 1911-12 and 1912-13 are exhibited in the following pages :—

(For full details of the methods, see the following standing orders on the subject :—

(1) Government Proceedings No. 6150—R. 2096, dated 9th January 1897.

(2) Government Proceedings No. 7866—R. F. 130-93, dated 10th March 1897.

(3) Government Proceedings No. 5713—R.F. 130-93, dated 21st February 1899.

PART II.

Statement showing the estimated out-turn of certain selected crops during the years 1911-12 and 1912-13 in Taluks and Districts of the Mysore State.

EXPLANATORY MEMORANDUM.

1. Though this is a compilation from the Prices Current returns relating to thirteen kinds of marginally noted food-stuffs, the publication is confirmed to the six principal articles of food, *viz.*, rice (first sort), rice (second sort), ragi, cholum, Bengal gram or chenna and salt.

1. Wheat.
2. Barley.
3. Rice, best sort.
4. Rice, common.
5. Javar or cholum.
6. Bajra or kambu.
7. Ragi.
8. Italian millet.
9. Bengal gram.
10. Maize.
11. Arhar or Thur Cadjen Pea.
12. Arhar Dal.
13. Salt.

2. The prices given herein relate to retail prices and are based upon the returns furnished every fortnight by Deputy Commissioners as being the prices which prevailed in the several district headquarters.

3. The prices quoted are expressed in seers and decimals of a seer (the standard seer of 80 tolas) per rupee.

PART III.

BANGALORE.

Retail Prices of six Principal Articles of Food.

RICE, 1ST SORT.

Quantity (seers and decimals) per rupee by the standard seer of 80 tolas.

DISTRICT REPORTS.

8. Markets how supplied.
9. Progress of agricultural operations, state of standing crops, prospects and probable outturn of harvests, serious damage done to crops by insects or other natural calamities.
10. Prospects of season, tracts in which the rainfall has been insufficient, areas affected by scarcity, number of people under relief, and state of food stocks.
11. Public health.
12. Remarks as to the condition of agricultural stock; failure of pasturage, of fodder, etc.

BANGALORE CIVIL AND MILITARY STATION.

	Average for the past five years of the corresponding week.	*Current.*	
Prices of food grains—Boiled rice (2nd sort)	7·35	6·90	Quantity per rupee by the standard seer of 80 tolas.
Ragi ...	14·07	12·37	
Rangoon rice (2nd sort) ...		6·90	

Agricultural operations.—Ragi is under harvest.

Cattle are in good condition. Water and fodder are sufficient.

BANGALORE CITY AND TALUKS.

8. Market is well supplied.

9. *Progress of agricultural operations.*—Ragi in some parts of Bangalore, Hoskote, Magadi, Channapatna, Anekal, Devanhalli Taluks and Closepet Sub-Taluk; sugar cane and paddy in parts of Channapatna; ground-nuts in parts of Devanhalli. All the above crops are being harvested during the week.

Potatoes have been sown in some parts of Devanhalli Taluk. Weeding in paddy fields has been in progress in some parts of Magadi Taluk. In certain parts of Devanhalli Taluk paddy fields are being got ready for sowing Vaisakhi crop.

State of standing crops.—The standing crops, such as ragi, avare, togari, punaji paddy, and sugar cane, etc., are reported to be in good condition, though punaji paddy and late sown ragi are in need of rain in some parts of Hoskote, Dodballapur and Magadi Taluks and Closepet Sub-Taluk.

Harvest and outturn.—Devanhalli—Ragi 8 to 12 annas.

Damages to crops.—Nil.

10. Prospect of season is good. The Amildars of Hoskote, Dodballapur and Magadi Taluks and the Deputy Amildar of Closepet Sub-Taluk report that the standing crops require rain. Food stocks are available. Sufficient labour is available to all the cooly classes.

11. Except for plague in a few villages of Bangalore, Hoskote and Anekal Taluks, and fever in Magadi and Channapatna Taluks; public health is generally good.

12. Cattle are healthy. Fodder and water are available.

KOLAR.

8. Market is well supplied.

9. *Agricultural operations.*—Raiyats are engaged in harvesting samè, nat ragi and groundnuts in parts of Mulbagal and Goribidnur Taluks.

Crops sown.—Paddy, kadale in Bowringpet and Mulbagal Taluks, jola in Bagepalli and Goribidnur Taluks.

Crops harvested and their probable outturn.—Nat ragi, sajje, samé in parts of Bowringpet, Chintamani, Mulbagal, Chikbàllapur, Bagepalli, Malur, Srinivaspur and Goribidnur Taluks and in Gudibanda Sub-Taluk, yield about 8 to 12 annas.

Standing crops.—All the crops are in good condition.

10. Prospects of the season are good. Prices of food grains continue to be high. Labour is available to the cooly classes. More rain is wanted.

11. Except for a few cases of plague in parts of Kolar, Sidlaghatta, Chikballapur, Goribidnur Taluks and Kolar Gold Fields. Public health is generally good.

12. Cattle are healthy. Pasture and fodder are available.

TUMKUR.

8. Market is well supplied.

9. *Crops sown.*—Kadale, jola and paddy in parts of Chiknayakanhalli and Sira Taluks; paddy and jola in parts of Koratagere Sub-Taluk; paddy in parts of Tumkur Taluk; and kadale in parts of Turuvekere Sub-Taluk.

Crops harvested.—Ragi in parts of Tumkur, Sira and Pavagada Taluks and Koratagere Sub-Taluk, yield 2 to 14 annas; navane in parts of Chiknayakanhalli, Sira and Pavagada Taluks and Koratagere Sub-Taluk, yield 2 to 10 annas; samè in parts of Chiknayakanhalli and Pavagada Taluks and Koratagere Sub-Taluk, yield 4 to 10 annas; groundnut in parts of Sira and Gubbi Taluks, yield 2 to 14 annas; haraka in parts of Sira Taluk, yield 2 to 6 annas; sugar cane in parts of Gubbi Taluk and Turuvekere Sub-Taluk, yield 8 to 12 annas; and paddy in parts of Tumkur Taluk, yield 8 annas.

Standing crops.—Paddy, ragi, avare, togari, samé, navane, haraka, til, horse gram, kadalé, castor, sugar cane, black and green grams are reported to be generally in fair condition.

10. Prospects of the season are fair. Food stuffs are available.

11. Except for plague in Tumkur and Tiptur towns, public health is generally good.

12. Except for *Dodda roga* in Palavalli village of the Pavagada Taluk, cattle are reported to be generally healthy. Water and fodder are available.

MYSORE.

8. Market is well supplied.

9. *Crops sown.*—Kadale is being sown in parts of the Krishnarajpete Taluk.

Standing crops.—Paddy, sugar cane, ragi, jola, togari, avare, horse gram, navane, samé, haraka, castor, til, ramtil, tadagani, alsandi, cotton, wheat, mulberry, chilli green and black grams, coriander and Bengal gram are reported to be good.

Crops harvested.—Ragi in parts of the Mysore, Chamrajnagar, Hunsur, Nanjangud, T.-Narsipur and Malvalli Taluks and groundnut in parts of the T.-Narsipur Taluk.

10. Prospects of season are reported to be good. Food stuffs are generally available.

11. Public health is generally good, except for plague in Mysore City and parts of the Chamrajnagar, Seringapatam, Hunsur, Yedatore, Heggaddevankote and Gundlupet Taluks and cholera in parts of the Seringapatam Taluk.

12. Cattle are reported to be healthy, except for Dodda roga in parts of the Mysore and Nanjangud Taluks. Water and fodder are generally available.

HASSAN.

8. Market is well supplied.

9. *Standing crops.*—Ragi, paddy, kulthi, avare, togari and sugar cane in the Hassan and Belur Taluks; paddy in Manjarabad Taluk; paddy, avare, castor, chillies, kulthi and kadale in the Arkalgud Taluk; ragi, paddy, avare, togari, kulthi, gingelly, haraka, castor, sugar cane and chillies in the Channarayapatna Taluk; ragi, kulthi, avare, cholum, paddy and sugar cane in the Arsikere Taluk; doddaragi, cholum, togari, avare, paddy and sugar cane in the Hole-Narsipur Taluk; paddy and sugar cane in the Alur Sub-Taluk are reported to be in fair condition.

Crops sown.—Kadale, coriander and menthya in Channarayapatna Taluk and kadale in Belur Taluk are being sown.

Crops harvested.—Doddaragi in Hassan and Belur Taluks, sugar cane and doddaragi in Channarayapatna Taluk, and ragi and savè in the Arsikere Taluk are being harvested.

10. The prospects of the season are generally good. More rain is reported to be required for avare and togari crops in parts of Arsikere Taluk.

11. Public health is generally good.

12. Cattle are generally healthy. Water and fodder are available.

SHIMOGA.

8. Market is well supplied.

9. *Agricultural operations.*—Yannegar jola, Bengal gram and coriander are being sown in the Honnali Taluk.

Standing crops.—Paddy and sugar cane throughout the district, dry crops in taluks of Channagiri and Honnali, ragi and horse gram in the Shimoga Taluk and in the Kumsi Sub-Taluk and ragi in Shikarpur and Sorab Taluks are reported to be in good condition.

Crops harvested.—Ragi and jolum in parts of the Channagiri Taluk, ragi and navane in parts of the Honnali Taluk, ragi in Shikarpur, paddy in Shikarpur, Sorab, Sagar, Nagar and Tirthahalli Taluks and in Kumsi Sub-Taluk and arecanut in Sorab, Sagar, Nagar and Tirthahalli Taluks are being harvested.

10. Prospects of the season are good. Food stuffs are available.

11. Public health is generally good. Plague in parts of Honnali, Shikarpur and Sorab Taluks, small-pox in parts of Nagar and Sagar Taluks, cholera in parts of Shimoga Taluk and ague and fever in parts of the Shikarpur and Sagar Taluks are prevailing.

12. Fodder and water are available. Cattle are generally healthy, except for "Dodda-roga" in Suragihalli village in the Shikarpur Taluk.

KADUR.

8. Market is well supplied.

9. *Agricultural operations.*—Lands are being prepared for sowing purposes in the Chikmagalur Taluk.

Crops sown.—Chikmagalur—Bengal gram, sugar cane, garlic; Tarikere—besige jola, Bengal gram and coriander.

Standing crops.—Ragi, kulthi, coriander, jola, avare, paddy, sugar cane, coffee and cardamom; all these are in good condition, but areca is affected by koleroga in Koppa Taluk.

Crops harvested.—Chikmagalur—Ragi and jola; Kadur—ragi, jola, savè and navane yield 8 to 12 annas; Tarikere and Koppa—areca; Mudgere—cardamom; Yedahalli—areca and paddy; Sringeri—areca, yield 6 to 8 annas.

10. Prospects of the season are good. Supply of food stuffs is sufficient.

11. Except for plague in some villages of Chikmagalur and Tarikere Taluks, the public health is generally good.

12. Metre roga prevails in some villages of Chikmagalur Taluk. Water and fodder is sufficient.

CHITALDRUG.

8. Market is well supplied.

9. *Agricultural operations.*—Nil.

Standing crops.—Such as paddy, ragi, sugar cane, cotton, dal, beans, horse gram, etc., are reported to be in fair condition, except in parts of the Hiriyur Taluk, where the dry crops, are reported to be withering for want of rains.

Crops harvested.—Chitaldrug Taluk, navane (Italian millet); sajje (spiked millet); ragi, jola—outturn 8 annas; Challakere Taluk, nata ragi in lands under kapile wells, 8 to 12 annas; sajje, navane and save (little millet), 4 to 8 annas; Hiriyur Taluk, sajje and ragi; Holalkere Taluk—ragi; Davangere Taluk—navane, ragi and jola; Molakalmuru Taluk—ragi and jola; Jagalur Taluk—ragi and jola, 4 to 8 annas; Hosdurga Taluk—save, 4 annas.

Seeds sown.—White jola and Bengal gram in the Hiriyur, Jagalur, Chitaldrug and Hosdurga Taluks, wheat in the Hiriyur Taluk and coriander in the Hosdurga Taluk.

10. Prospects of the season are good. Food stocks are available.

11. The public health is generally good.

12. Cattle are healthy. Water and fodder are available.

DISTRICT REPORTS.

8. Markets how supplied.
9. Progress of agricultural operations, state of standing crops, prospects and probable outturn of harvests, serious damage done to crops by insects or other natural calamities.
10. Prospects of season, tracts in which the rainfall has been insufficient, areas affected by scarcity, number of people under relief, and state of food stocks.
11. Public health.
12. Remarks as to the condition of agricultural stock; failure of pasturage, of fodder, etc.

BANGALORE CIVIL AND MILITARY STATION.

	Average for the past five years of the corresponding week.	*Current.*	
Prices of food grains—Boiled rice (2nd sort)	7·30	6·90	Quantity per rupee by the standard seer of 80 tolas.
Ragi ...	13·81	12·37	
Rangoon rice (2nd sort) ...		6·90	

Agricultural operations.—Ragi is under harvest.
Standing crops are fair.

Cattle are in good condition. Water and fodder are sufficient.

BANGALORE CITY AND TALUKS.

8. Market is well supplied.

9. *Progress of agricultural operations.*—Ragi in parts of Hoskote, Dodballapur, Devanhalli, Anekal, Closepet, Nelamangala, Kankanhalli, Magadi, ragi, samè and sugar-cane in parts of Channapatna and potatoes in parts of Devanhalli; all the above were harvested during the week.

Potatoes are being sown in some parts of Devanhalli Taluk.
Weeding in paddy fields was also in progress in some parts of Magadi Taluk.

State of standing crops, such as ragi, avare, togari, samè, haraka, punaji paddy and sugar-cane are reported to be in good condition. But the standing punaji paddy and late sown ragi in parts of Hoskote Taluk are reported to be in need of rain.

Outturn of harvested crops.—Channapatna—Ragi 12 to 16 annas. Kankanhalli—12 to 16 annas. Paddy 8 to 12 annas. Sugar-cane 12 annas. Horse gram 12 annas.

Damages to crops.—Nil.

10. Prospect of season is good. It is reported that the standing punaji paddy and late sown ragi in parts of Hoskote Taluk are in need of rain. Food stocks are available. Sufficient labour is available to the cooly classes.

11. Except for plague in Anekal, Devanhalli and Channapatna, Bangalore and Hoskote Taluks, and fever in Magadi and Channapatna Taluks, public health is generally good.

12. Cattle are healthy. Water and fodder are available.

KOLAR.

8. Market is well supplied.

9. *Agricultural operations.*—Raiyats are engaged in harvesting ragi and groundnuts in parts of Sidlaghatta and Goribidnur Taluks.

Crops sown.—Paddy, kadale, Bengal gram in parts of Bowringpet and Sidlaghatta Taluks and Gudibanda Sub-Taluk.

Crops harvested and their probable outturn.—Ragi, samé, groundnuts and paddy in parts of Bowringpet, Chintamani, Mulbagal, Sidlaghatta, Chikballapur, Bagepalli, Goribidnur Taluks and Gudibanda Sub-Taluk, yield 8 to 12 annas.

Standing crops.—All the standing crops are in good condition.

10. Prospects of the season are good. Prices of food stuffs continue to be high. Labour is available to the cooly classes. More rain is wanted.

11. Except for a few cases of plague in parts of Kolar, Malur, Sidlaghatta, Chikballapur and Goribidnur Taluks and Kolar Gold Fields, and cholera in Mulbagal Taluk and Kolar Gold Fields, public health is generally good.

12. Cattle are healthy. Pasture and fodder are available.

TUMKUR.

8. Market is well supplied.

9. *Crops sown.*—Paddy in parts of Tumkur and Sira Taluks and Koratagere Sub-Taluk; kadale and jola in parts of Chiknayakanhalli and Sira Taluks and Turuvekere Sub-Taluk; jola in parts of Koratagere Sub-Taluk; and kadale in parts of Gubbi Taluk.

Crops harvested.—Ragi in parts of Tumkur, Chiknayakanhalli, Sira and Pavagada Taluks and Koratagere and Turuvekere Sub-Taluks, yield 4 to 12 annas; navane and samè in parts of Chiknayakanhalli, Sira and Pavagada Taluks and Koratagere Sub-Taluk, yield 4 to 8 annas; sugar-cane in parts of Gubbi Taluk and Turuvekere Sub-Taluk, yield 8 to 12 annas; and groundnut in parts of Gubbi Taluk, yield 14 annas.

Standing crops.—Ragi, paddy, avare, togari, samé, navane, haraka, horse gram, kadale, castor, sugar-cane, til, jola, groundnut, black and green grams are reported to be generally in fair condition.

10. Prospects of the season are fair. Food stuffs are available.

11. Except for plague in Tumkur and Tiptur towns, public health is generally good.

12. Except for 'Dodda roga' in Palavalli village of the Pavagada Taluk, cattle are reported to be generally healthy. Water and fodder are available.

MYSORE.

8. Market is well supplied.

9. *Crops sown.*—Kadale and coriander in parts of the Nagamangala Taluk.

Standing crops.—Ragi, jola, togari, avare, horse gram, green and black grams, tadagani, alsandi, kadale, navane, samé, haraka, cotton, mulberry, chilli, coriander, paddy, sugar-cane, wheat, til, ramtil, castor and groundnut are reported to be in good condition. They are said to be in need of rain in parts of the Krishnarajpete and Nagamangala Taluks.

Crops harvested.—Mysore—Ragi, Chamrajnagar—ragi, Hunsur—coriander, 8 annas, Nanjangud—ragi, T.-Narsipur—ragi and groundnut, 12 annas each.

10. Prospects of the season are reported to be good. Food stuffs are available.

11. Plague is reported to be prevalent in parts of the taluks of the Mysore, Chamrajnagar, Yedatore, Heggaddevankote and Gundlupet.

12. Cattle are reported to be healthy. Water and fodder are generally available.

HASSAN.

8. Market is well supplied.

9. *Standing crops.*—Ragi, paddy, sugar-cane, kulthi, avare, and togari, in the Hassan Taluk; paddy, avare, togari, castor, chillies, kulthi and kadle in Arkalgud Taluk; sugar-cane, paddy, kulthi, togari, and avare in Belur Taluk; paddy, sugar-cane, avare, togari, kulthi, gingelly, castor, chillies, samé and haraka in Channarayapatna Taluk; paddy, ragi, sugar-cane, avare, castor, togari, kulthi and gingelly in Arsikere Taluk; togari, avare, paddy and sugar-cane in Hole-Narsipur Taluk; and sugar-cane in the Alur Sub-Taluk are reported to be in fair condition.

Crops sown.—Kadale, coriander and menthya in Channarayapatna Taluk are being sown.

Crops harvested.—Doddaragi in Hassan Taluk, and in Belur Taluk; dodda ragi and sugar-cane in Channarayapatna Taluk; ragi in Arsikere Taluk; dodda ragi and cholam in Hole-Narsipur Taluk and paddy in the Alur Sub-Taluk are being harvested.

10. The prospects of the season are generally good. More rain is reported to be required in parts of Arsikere Taluk.

11. Public health is generally good, except for plague in Grama kasaba in Hassan Taluk.

12. Cattle are generally healthy. Water and fodder are available.

SHIMOGA.

8. Market is well supplied.

9. *Agricultural operations.*—Nil.

Standing crops.—The sugar-cane crop is reported to be in good condition in all the taluks of the district, except Channagiri and Honnali, and Kumsi Sub-Taluk. Paddy in all the taluks is in good condition. Ragi and horse gram in Shimoga, Channagiri, Honnali and Sagar Taluks are reported to be in good condition.

Crops harvested.—Ragi, green gram, black gram in parts of Shimoga, Channagiri and Honnali Taluks, kurosave in Channagiri Taluk, paddy and arecanut in Sagar, Nagar and Tirthahalli Taluks and paddy in Kumsi Sub-Taluk are being harvested.

10. Prospects of the season are good. Food stuffs are available.

11. Public health is generally good. Plague in parts of Shimoga, Honnali, Shikarpur, Sorab Taluks and Kumsi Sub-Taluk; cholera in parts of Shimoga Taluk and ague and fever in parts of the Shikarpur and Sagar Taluks are prevailing.

12. Fodder and water are available. Cattle are generally healthy, except for "Doddaroga" in Suragihalli and Bogi village in the Shikarpur Taluk.

KADUR.

8. Market is well supplied.

9. *Agricultural operations.*—Lands are being prepared for sowing purposes in the Chikmagalur Taluk, and weeding of plants is going on in parts of Mudgere Taluk.

Crops sown.—Chikmagalur—Bengal gram and garlic.

Standing crops.—Ragi, kulthi, coriander, jola, avare, paddy, castor, coffee, areca and cardamom are in good condition; but areca is affected by koleroga in Koppa and Sringeri Taluks.

Crops harvested.—Ragi, paddy, savè, sugar-cane, areca, cardamom.

10. Prospects of the season are good, but rain is required in parts of Tarikere Taluk. Supply of food stuffs is sufficient.

11. Except for plague in Chikmagalur Taluk, public health is generally good.

12. Except for Metre roga in parts of Chikmagalur Taluk. Cattle are healthy. Water and fodder are available.

CHITALDRUG.

8. Market is well supplied.

9. *Agricultural operations.*—Nil.

Standing crops.—Such as paddy, sugar-cane, cotton, ragi, jola (white), horse gram, Bengal gram and green gram, etc., are reported to be in fair condition, except in parts of the Hosdurga Taluk, where paddy, castor, beans and dhal, are reported to be withering.

Crops harvested.—Chitaldrug Taluk, ragi, jola, sajje (spiked millet); and navane (Italian millet); outturn 8 annas; Challakere Taluk, sajje, navane and savé (little millet), nataragi, 8 to 12 annas; Hiriyur Taluk, sajje ragi and navane, 6 to 12 annas; Holalkere Taluk, ragi, 8 annas; Davangere Taluk, navane, ragi and jola; Molakalmuru and Jagalur Taluks, jola and ragi, 4 to 8 annas; Hosdurga Taluk, sajje and ragi, 4 annas; Harihar Sub-Taluk, navane and jola, 4 to 12 annas; ragi 4 to 8 annas.

Seeds sown.—White jola and Bengal gram in the Chitaldrug and Jagalur Taluks.

10. Prospects of the season are good. Food stocks are available.

11. The public health is generally good.

12. Cattle are healthy. Water and fodder are available.

DISTRICT REPORTS.

8. Markets how supplied.
9. Progress of agricultural operations, state of standing crops, prospects and probable outturn of harvests, serious damage done to crops by insects or other natural calamities.
10. Prospects of season, tracts in which the rainfall has been insufficient, areas affected by scarcity, number of people under relief, and state of food stocks.
11. Public health.
12. Remarks as to the condition of agricultural stock; failure of pasturage, of fodder, etc.

BANGALORE CIVIL AND MILITARY STATION.

	Average for the past five years of the corresponding week.	*Current.*	
Prices of food grains—Boiled rice (2nd sort)	7·24	6·90	Quantity per rupee by the standard seer of 80 tolas.
Ragi ...	13·81	12·37	
Rangoon rice (2nd sort) ...		6·90	

Agricultural operations.—Ragi and paddy are under harvest.

Standing crops are fair.

Cattle are in good condition. Water and fodder are sufficient.

BANGALORE CITY AND TALUKS.

8. Market is well supplied.

9. *Progress of agricultural operations.*—Harvesting of ragi is reported in parts of all the taluks of the district. Sugar-cane is also being harvested in some parts of Channapatna Taluk. Sowing of potato and sweat potato is being reported in some parts of Devanhalli Taluk.

State of standing crops.—Late sown ragi and punaji paddy in parts of Hoskote and Devanhalli Taluks are reported to be in need of rain. In the remaining taluks the standing crops such as ragi, avare, paddy, sugar-cane, horse gram, haraka are in good condition.

Outturn of harvested crops.—Bangalore—Ragi 10 to 14 annas. Nelamangala—Ragi 12 to 16 annas. Magadi—Ragi 12 annas. Devanhalli—Ragi 8 to 12 annas. Kankanhalli—Ragi 12 to 16 annas. Kankanhalli—Paddy 8 to12 annas. Kankanhalli—Horse gram and sugar-cane 12 annas each.

Damages to crops.—Nil.

10. Prospect of the season is good. It is reported that the standing crops, ragi and paddy in parts of Hoskote and Devanhalli Taluks require rain. Labour is available to the cooly classes.

11. Except for plague in parts of Bangalore, Hoskote, Anekal and Devanhalli Taluks and fever in Channapatna and Magadi Taluks, public health is generally good.

12. Cattle are healthy. Water and fodder are available.

KOLAR.

8. Market is well supplied.

9. *Agricultural operations.*—Raiyats are engaged in harvesting ragi, samè and groundnuts in parts of Bowringpet, Kolar, Chintamani, Mulbagal, Sidlaghatta and Chikballapur Taluks and Gudibanda Sub-Taluk.

Crops sown.—Potatoes and coriander in Bowringpet Taluk and Bengal gram in Sidlaghatta Taluk.

Crops harvested.—Ragi, samé and groundnuts.

Standing crops are fair.

10. Prospects of the season are fair. Prices of food stuffs continue to be high. Labour is available to the cooly classes. Tank-filling rains are needed.

11. Except for a few cases of plague in parts of Kolar, Malur, Chikballapur, Sidlaghatta Taluks and Gudibanda Sub-Taluk and Kolar Gold Fields, public health is generally good.

12. Cattle are healthy. Pasture and fodder are available.

TUMKUR.

8. Market is well supplied.

9. *Crops sown.*—Kadale and jola in parts of Tumkur, Chiknayakanhalli and Sira Taluks and Turuvekere Sub-Taluk; paddy in parts of Tumkur Taluk and Koratagere Sub-Taluk; and jola in parts of Koratagere Sub-Taluk.

Crops harvested.—Tumkur Taluk—Ragi, navane, samè and groundnuts yield, ragi 12 annas and the other crops 8 annas; Chiknayakanhalli Taluk—Samè, navane, and ragi yield, samè 4 annas and the other crops 4 to 8 annas; Sira Taluk—ragi, groundnut, haraka, navane, yield each 4 annas; Gubbi Taluk—Ragi, paddy and sugar-cane; Pavagada Taluk—Ragi, samè, navane and groundnut, yield—each 4 to 6 annas; Kunigal Taluk—Ragi, yield, 8 annas: Koratagere Sub-Taluk—Ragi, samè, navane, yield ragi and navane 4 to 8 annas and samè 4 annas; Turuvekere Sub-Taluk—Ragi, samé, paddy and sugar-cane, yield sugar-cane 8 annas; and ragi in parts of Tiptur Taluk.

Standing crops.—Paddy, ragi, avare, togari, samé, navane, haraka, jola, kadale, groundnut, til, castor, sugar-cane, black and green grams and horse gram, are reported to be generally in fair condition. The dry crops in parts of Sira and Pavagada Taluks have suffered for want of rains. The wet crops under most of the tanks in these has been a failure owing to the absence of an adequate supply.

10. Prospects of the season are fair. Food stuffs are available, but prices run high.

11. Except for plague in Tumkur and Tiptur towns, public health is generally good.

12. Except for 'Dodda roga' in Palavalli village of the Pavagada Taluk, cattle are reported to be generally healthy. Water and fodder are available. Owing to scanty rainfall, the water-supply in wells has been running low everywhere. Scarcity of water and fodder is apprehended in the taluks of Sira and Pavagada as also in some parts of Chiknayakanhalli, Maddagiri and other taluks.

MYSORE.

8. Market is well supplied.

9. *Crops sown.*—Bengal gram and coriander in parts of the Nagamangala Taluk.

Standing crops.—Ragi, jola, togari, avare, horse gram, green and black grams, tadagani, alsandi, kadale, navane, samé, haraka, cotton, mulberry, chilli, coriander, paddy, sugar-cane, wheat, ramtil, castor and groundnut are reported to be in good condition. They are said to be in need of rain in parts of the Krishnarajpete Taluk.

Crops harvested.—Ragi in parts of the almost all the taluks; samé in parts of T.-Narsipur, Malvalli and Mandya Taluks; navane, groundnut and harka in parts of the T.-Narsipur Taluk.

Outturn.—In T.-Narsipur ragi, groundnut—12 annas; navane, haraka, and samé—6 annas.

10. Prospects of the season are good. Food stuffs are available.

11. Plague is reported in parts of the Mysore, Chamrajnagar, Seringapatam, Yedatore, Heggaddevankote and Gundlupet Taluks.

12. Except for "Dodda roga" in parts of the Nanjangud Taluk, cattle are reported to be healthy. Water and fodder are available.

HASSAN.

8. Market is well supplied.

9. *Standing crops.*—Ragi, paddy, sugar-cane, kulthi, avare and togari in Hassan Taluk; paddy, avare, togari, castor, chillies, kulthi and kadale in Arkalgud Taluk; paddy, sugar-cane, togari, avare, kulthi, etc., in Belur Taluk; paddy, sugar-cane, avare, togari, kulthi, gingelly, haraka, chillies, mustard and castor in Channarayapatna Taluk; avare, gingelly, togari, paddy, sugar-cane, kulthi, cholum, coriander in Arsikere Taluk; togari, avare, paddy and sugar-cane in Hole-Narsipur Taluk; and sugar-cane in the Alur Sub-Taluk are reported to be in fair condition.

Crops harvested.—Paddy and dodda ragi in Hassan Taluk; paddy in Manjarabad, Belur and Arkalgud Taluks; ragi and sugar-cane in Channarayapatna Taluk; ragi, navane and cotton in Arsikere Taluk; dodda ragi in Hole-Narsipur Taluk and paddy in the Alur Sub-Taluk are being harvested.

10. Prospects of the season are generally good. It is reported by the Amildar of Arsikere Taluk that more rain is wanted for standing crops.

11. Public health is generally good, except for plague in Grama village, Hassan Taluk.

12. Cattle are generally healthy. Water and fodder are available.

SHIMOGA.

8. Market is well supplied.

9. *Agricultural operations.*—Nil.

Standing crops.—The sugar-cane crop in the Shikarpur, Sorab, Sagar, Nagar and Tirthahalli Taluks; horse-gram in Shimoga, Channagiri, Honnali, Shikarpur and Sagar Taluks and Kumsi Sub-Taluk; paddy in the Shimoga, Shikarpur, Sorab and Sagar Taluks; Bengal gram in the Channagiri and Honnali Taluks; navane in the Shimoga Taluk and ragi in Sagar Taluk and Kumsi Sub-Taluk are reported to be in good condition.

Crops harvested.—Paddy in all the taluks, except Channagiri, Honnali and Sorab Taluks; jola in the Channagiri and Honnali Taluks, ragi in the Shimoga, Channagiri, Honnali and Shikarpur Taluks, and Kumsi Sub-Taluk, arecanut in the Sagar, Nagar and Tirthahalli Taluks; navane in the Honnali taluk, kurasani in the Channagiri Taluk; green gram and black gram in the Shimoga taluk are being harvested.

10. Prospects of the season are good. Food stuffs are available.

11. Public health is generally good. Plague in parts of the Honnali, Shikarpur and Sorab Taluks and ague and fever in Sagar and Shikarpur Taluks are reported to be prevailing.

12. Fodder and water are available. Cattle are generally healthy, except for "Doddaroga" in the villages of Bhogi, Gongihalli and Amatekoppa in the Shikarpur Taluk.

KADUR.

8. Market is well supplied.

9. *Agricultural operations.*—Lands are being prepared for sowing purposes in the Chikmagalur Taluk, and weeding of plants is going on in parts of Mudgere Taluk.

Standing crops.—Such as paddy, ragi, jola, areca, cardamom and coffee, are fair; but areca is slightly affected by koleroga.

Crops harvested.—Ragi, paddy, jola, areca and cardamom.

10. Prospects of the season are good. Supply of food stuffs is sufficient.

11. Except for plague in Ajjampur of Tarikere Taluk, public health is generally good.

12. Except for Metre roga in some villages of Khandya hobli of Chikmagalur Taluk, cattle are healthy. Water and fodder are available.

CHITALDRUG.

8. Market is well supplied.

Standing crops.—Such as paddy, sugar-cane, ragi, cotton, Bengal gram, jola, dhal, castor, horse gram, groundnut, tobacco, chillies, beans, navane (Italian millet) and sajje (spiked millet) are reported to be in fair condition, except in the Hosdurga Taluk and parts of the Challakere Taluk, where the dry crops are said to have withered.

Crops harvested.—Chitaldrug Taluk—ragi, jola, sajje and navane, outturn 8 annas; Challakere Taluk—ragi, sajje, navane, samé, paddy and Bengal gram, 4 to 6 annas; Hiriyur Taluk—ragi, sajje, navane and haraka, 4 annas; Holalkere Taluk—ragi, 8 annas; Jagalur and Davangere Taluks—ragi, navane and jola, 8 annas; Molakalmuru Taluk—ragi and jola; Hosdurga Taluk—ragi, navane and samè (little millet); 4 annas; Harihar Sub-Taluk—ragi and paddy (4 to 8 annas), navane and jola (4 to 12 annas); Jagalur Taluk—wheat, 6 annas.

Seeds sown.—Bengal gram on a small scale in parts of the Jagalur Taluk.

10. Prospects of the season are fair. Food stocks are available.

11. Public health is generally good.

12. Cattle are generally healthy. Water and fodder are available.

N. VENKATESA IYENGAR,
Meteorological Reporter.

DEPARTMENTS OF EDUCATION AND AGRICULTURE.

Proceedings of the Government of His Highness the Maharaja of Mysore.

READ—

Official Memorandum No. G. 1-54—G. M. 55-12-208, dated 14th June 1913, laying down among other things instructions for the formation and work of Taluk and Town Progress Committees.

2. Letter No. 648, dated 19th October 1914, from the Secretary, Mysore Economic Conference, stating that the leading residents of the Hunsur Taluk are reported to have expressed a desire to form a Progress Committee for the improvement of the economic conditions of that taluk and to have collected a sum of Rs. 100 by voluntary subscriptions, and requesting the sanction of Government for the formation of the said Committee and for making a grant of Rs. 100 in accordance with paragraph 24 of the memorandum read above.

No. 1598-1601—A. & I. 17-14-19, DATED BANGALORE, THE 27TH NOVEMBER 1914.

ORDER THEREON.—Government are pleased to approve of the formation of a Progress Committee for the Hunsur Taluk with the gentlemen mentioned in the margin as members and the Amildar of the taluk as Chairman thereof and to sanction the grant of contribution of Rs. 100 to the Committee from State Funds.

Progress Committee, Hunsur Taluk.

Amildar to be *Ex-officio* Chairman.

Members.

1. Mr. Mir Raza Alli Saheb.
2. ,, Chikka Subba Rao.
3. ,, H. Suryanaranappa.
4. ,, H. N. Raghavendra Rao.
5. ,, H. N. Appiah Sastriar.
6. The Sub-Registrar.

2. The Secretary to the Economic Conference is requested to draw the attention of the Committee to the instructions contained in paragraphs 26 and 27 of the Official Memorandum of the 14th June 1913, regarding the work expected of it.

C. S. BALASUNDARAM IYER,
Secretary to Government.

To—The Secretary, Mysore Economic Conference.
The Comptroller, Mysore Government.
The Deputy Commissioner, Mysore District.

Proceedings of the Government of His Highness the Maharaja of Mysore.

READ—

Official Memorandum No. G. 1-54—G. M. 55-12-208, dated 14th June 1913, laying down among other things instructions for the formation and work of Taluk and Town Progress Committees.

2. Letter No. 647, dated 19th October 1914, from the Secretary, Mysore Economic Conference, stating that the leading residents of the Magadi Taluk are reported to have expressed a desire to form a Progress Committee for the improvement of the economic conditions of that taluk and to have collected a sum of Rs. 100 by voluntary subscriptions, and requesting the sanction of Government for the formation of the said Committee and for making a grant of Rs. 100 in accordance with paragraph 24 of the memorandum read above.

No. 1626-9—A. & I. 17-14-20, DATED BANGALORE, THE 28TH NOVEMBER 1914.

ORDER THEREON.—Government are pleased to approve of the formation of a Progress Committee for the Magadi Taluk with the gentlemen mentioned below as members and the Amildar of the taluk as Chairman thereof and to sanction the grant of a contribution of Rs. 100 to the Committee from State Funds.

2. The Secretary to the Economic Conference is requested to draw the attention of the Committee to the instructions contained in paragraphs 26 and 27 of the Official Memorandum of the 14th June 1913, regarding the work expected of it.

Progress Committee for the Magadi Taluk.

Amildar to be *Ex-officio* Chairman.

Members.

1. Mr. Shanbhog Gundappa of Thippasandra.
2. ,, Gundappa of Yennegere.
3. ,, Patel Siddappa of Harathi.
4. ,, T. Ramachandra Rao of Thirumale.
5. ,, Dodda Honnappa of Muthsagara.
6. The Sub-Registrar, Magadi.

C. S. BALASUNDARAM IYER,
Secretary to Government.

To—The Secretary, Mysore Economic Conference.
The Comptroller, Mysore Government.
The Deputy Commissioner, Bangalore District.

Proceedings of the Government of His Highness the Maharaja of Mysore.

READ—

Government Proceedings No. G. 904-7—G. M. 69-13-172, dated 29th July 1914, according sanction to the formation of a Progress Committee for the Heggaddevankote Taluk.

2. Letter No. 784, dated November 1914, from the Secretary, Economic Conference, requesting that Mr. B. Chandrashekaraiya, Taluk Board Member and Retired Forest Ranger, may be appointed an additional member of the above Committee, as there are at present only five members on the Committee, exclusive of the Amildar, and two more members are allowed under Government Order No. G. 9909-56—G. M. 69-13, dated 6th June 1914.

No. 1629-31—A & I. 17-14-22, DATED BANGALORE, THE 28TH NOVEMBER 1914.

ORDER THEREON.—The addition proposed is approved.

C. S. BALASUNDARAM IYER,

DISTRICT REPORTS.

8. Markets how supplied.
9. Progress of agricultural operations, state of standing crops, prospects and probable outturn of harvests, serious damage done to crops by insects or other natural calamities.
10. Prospects of season, tracts in which the rainfall has been insufficient, areas affected by scarcity, number of people under relief, and state of food stocks.
11. Public health.
12. Remarks as to the condition of agricultural stock; failure of pasturage of fodder, etc.

BANGALORE CIVIL AND MILITARY STATION.

		Average for the past five years of the corresponding week.	*Current.*	
Prices of food grains—	Boiled rice (2nd sort)	7·30	6·90	Quantity per rupee by the standard seer of 80 tolas.
	Ragi ...	13·61	12·37	
	Rangoon rice (2nd sort) ...		6·90	

Agricultural operations.—Ragi and paddy are under harvest.

Cattle are in good condition. Water and fodder are sufficient.

BANGALORE CITY AND TALUKS.

8. Market is well supplied.

9. *Progress of agricultural operations.*—Ragi in parts of Bangalore, Hoskote, Kankanhalli, Closepet, Dodballapur, Magadi, Channapatna and Devanhalli Taluks is being harvested. Groundnut and samè are also being harvested in Channapatna Taluk, and sugar cane is being cut in the same taluk.

Sowing of potatoes was in progress in some parts of Hoskote Taluk.

State of standing crops.—Standing crops such as ragi, paddy, avaré, sugar cane, etc., are reported to be in good condition except in parts of Hoskote where paddy and late sown ragi are reported to be in need of rain.

Outturn of harvested crops.—Bangalore—Ragi 10 to 14 annas. Devanhalli—Ragi 8 to 12 annas.

Damages to crops.—Nil.

10. Prospect of the season is good. The Amildar of Hoskote Taluk reports that the standing paddy and late sown ragi are in need of rain. Food stocks are available. Labour is available to cooly classes.

11. Except for plague in parts of Bangalore, Hoskote and fever in parts of Magadi Taluk, public health is generally good. Fever is reported to be subsiding in parts of Channapatna Taluk.

12. Cattle are healthy. Water and fodder are available.

KOLAR.

8. Market is well supplied.

9. *Agricultural operations.*—Raiyats are engaged in harvesting ragi and groundnuts in parts of Kolar, Bowringpet, Sidlaghatta, Chikballapur, Malur and Srinivaspur Taluks and Gudibanda Sub-Taluk, and paddy in Chintamani Taluk and Gudibanda Sub-Taluk.

Crops sown.—Bengal gram in Sidlaghatta and paddy in Bagepalli Taluks.

Crops harvested and their probable outturn.—Ragi, groundnuts and samé in all the taluks, yield 8 to 10 annas.

Standing crops.—All the standing crops are in good condition.

10. Prospects of the season are good. Prices of food stuffs continue to be high. Labour is available to the cooly classes.

11. Except for a few cases of plague in parts of Kolar, Sidlaghatta, Chikballapur and Goribidnur Taluks, Gudibanda Sub-Taluk and Kolar Gold Fields, and cholera in Mulbagal Taluk, public health is generally good.

12. Cattle are healthy. Pasture and fodder are available.

TUMKUR.

8. Market is well supplied.

9. *Crops sown.*—Paddy in parts of Tumkur Taluk and Koratagere Sub-Taluk; kadale and jola in parts of Tumkur, Maddagiri and Sira Taluks and Turuvekere Sub-Taluk; and jola in parts of Koratagere Sub-Taluk.

Crops harvested.—Tumkur Taluk—Ragi and paddy, yield 12 annas and 8 annas respectively; Chiknayakanhalli Taluk—Ragi, haraka and castor, yield 4 to 8 annas; Sira—Ragi, groundnuts, haraka and navane, yield each 4 annas; Gubbi Taluk—Ragi, yield 8 to 16 annas; sugar cane, yield 8 to 12 annas; Pavagada Taluk—Ragi, samè, navane and groundnut, yield 4 to 6 annas; Kunigal Taluk—Ragi, yield 8 annas, Koratagere Sub-Taluk; ragi, yield 4 to 8 annas; samè and navane, yield each 4 annas; Turuvekere Sub-Taluk—sugar cane, ragi and paddy, yield 8 annas, 6 annas, and 4 annas, respectively.

Standing crops.—Paddy, ragi, avare, togari, samé, navane, haraka, sugar cane, jola, groundnut, til, castor, horse gram, kadale, black and green grams are reported to be generally in fair condition except in parts of Sira and Pavagada Taluks where the dry crops have suffered badly for want of rains and wet crop under most of the tanks has been a failure owing to the absence of an adequate supply of water.

10. Prospects of the season are generally fair except in parts of Sira and Pavagada Taluks in which the crops have almost completely failed. Food stuffs are available, but prices rule high. Owing to scanty rainfall, the water-supply in wells has been running low everywhere.

11. Except for plague in Tumkur and Tiptur towns, public health is generally good.

12. Except for 'Dodda roga' in Palavalli village of the Pavagada Taluk, cattle are reported to be generally healthy. Water and fodder are generally available at present. But scarcity for the same is apprehended in the taluks of Sira and Pavagada as also in some parts of Chiknayakanhalli, Maddagiri and other taluks.

MYSORE.

8. Market is well supplied.

9. *Crops sown.*—Nil.

Standing crops.—Ragi, jola, avare, togari, castor, til, ramtil, green and black grams, horse gram, kadale, alasande, tadagani, samé, haraka, navane, chilli, cotton, wheat, mulberry, paddy, and sugar-cane, are reported to be good and horse gram and kadale crops are reported to be in need of rain in parts of the Chamrajnagar, Hunsur, Krishnarajpete and Nagamangala Taluks.

Crops harvested.—Ragi in parts of Chamrajnagar, Seringapatam, Nanjangud, T.-Narsipur, Mandya, Krishnarajpete and Nagamangala Taluks; paddy in parts of Seringapatam, Hunsur and Yedatore Taluks; sugar cane in parts of the Seringapatam Taluk; samé in parts of Chamrajnagar and Mandya Taluks; and castor and groundnut in parts of the T.-Narsipur Taluk.

10. Prospects of the season are reported to be good. Food stuffs are available.

11. Plague is said to be prevalent in parts of Mysore, Chamrajnagar, Seringapatam, Hunsur, Yedatore, Heggaddevankote and Nanjangud Taluks.

12. Cattle are reported to be healthy. Water and fodder are generally available.

HASSAN.

8. Market is well supplied.

9. *Standing crops.*—Ragi, paddy, sugar cane, kulthi, togari and avare in Hassan Taluk; paddy, avare, castor, togari, kulthi, chillies and kadale in Arkalgud Taluk; paddy, sugar cane, togari, avare, kadale, etc., in Belur Taluk; ragi, paddy, sugar cane, avare, togari, kulthi, haraka, castor, save, chillies and gingelly in Channarayapatna Taluk; ragi, kulthi, avare, togari, gingelly, sugar cane, cholum, kadale, coriander and paddy in Arsikere Taluk; togari, avare, paddy and sugar cane in Hole-Narsipur Taluk and sugar cane, kulthi and avare in the Alur Sub-Taluk are reported to be in fair condition.

Crops harvested.—Paddy and dodd ragi in Hassan Taluk; paddy in Manjarabad, Arkalgud and Belur Taluks, and in the Alur Sub-Taluk; ragi, paddy and sugar cane in Channarayapatna Taluk; ragi, cotton and chillies in Arsikere Taluk are being harvested.

10. Prospects of the season are generally good. More rain is required for kulthi in parts of Arsikere Taluk.

11. Public health is generally good, except for plague in Grama village, Hassan Taluk, and ague in Arkalgud Taluk.

12. Cattle are generally healthy. Water and fodder available.

SHIMOGA.

8. Market is well supplied.

9. *Agricultural operations.*—Nil.

Standing crops.—Sugar cane in the taluks of Shimoga, Shikarpur, Sorab, Sagar, Nagar and Tirthahalli; horse gram in the taluks of Shimoga, Channagiri, Honnali, Shikarpur and Sagar and the Kumsi Sub-Taluk; paddy in all the taluks of the district; ragi in the Shimoga and the Honnali Taluks and the Kumsi Sub-Taluk; castor in the Sagar Taluk; Bengal gram in the Channagiri Taluk and avare and togari in the Channagiri and the Honnali Taluks are reported to be in good condition.

Crops harvested.—Paddy in all the taluks; ragi in the Shimoga, Channagiri, Honnali and Shikarpur Taluks; jola in the Channagiri and Honnali Taluks, green gram, black gram and halasandi in the Shimoga Taluk; kuresani in the Channagiri Taluk; navane and chillies in the Honnali Taluk; arecanut in the Sorab, Sagar, Nagar and Tirthahalli Taluks are being harvested.

10. Prospects of the season are good. Food stuffs are available.

11. Public health is generally good. Plague in parts of the Shikarpur and the Sorab Taluks and the Kumsi Sub-Taluk; cholera in the village of Kankanhalli and in the Honnali Taluk; small-pox in some villages of the Sagar Taluk and ague and fever in the Sagar and Shikarpur Taluks are reported to be prevailing.

12. Fodder and water are available. Cattle are generally healthy except for the prevalence of "Doddaroga" in the villages of Bhogi, Suragihalli, Amatekoppa and in the Shikarpur town of the Shikarpur Taluk.

KADUR.

8. Market is well supplied.

9. *Agricultural operations.*—Lands are being prepared for sowing purposes in the Chikmagalur and Mudgere Taluks.

Crops sown.—Bengal gram, garlic and menthya in Chikmagalur Taluk.

Standing crops.—Paddy, ragi, kulthi, avare, togari, jola, wheat, castor, sugar cane, coffee and cardamom are in good condition; but areca is affected by koleroga in the Koppa Taluk.

Crops harvested.—Ragi, paddy, navane, sugar cane, areca and cardamom.

10. Prospects of the season are fair. Supply of food stuffs is sufficient.

11. Except for plague in Ajjampur village of Tarikere Taluk, public health is good.

12. Metre roga prevails in Khandya hobli of Chikmagalur Taluk. Water and fodder are available.

CHITALDRUG.

8. Market is well supplied.

9. *Standing crops.*—Such as paddy, ragi, sugar cane, cotton, Bengal gram, horse gram, dal, beans, wheat, castor and chillies, etc., are reported to be in fair condition except in the Budihal hobli of the Hosdurga Taluk where the dry crops are said to have withered.

Crops harvested.—Ragi, jola, navane (Italian millet), cotton and samé (little millet), in the Chitaldrug Taluk—outturn, 4 to 8 annas; natragi and paddy, 4 to 12 annas; and samé, navane and sajje, 4 to 8 annas in the Challakere Taluk; natragi, paddy, haraka and navane, in the Hiriyur Taluk; ragi, dal and beans 8 annas, in the Holalkere Taluk; ragi and jola in the Davangere, Molakalmuru and Jagalur Taluks, 4 to 10 annas; and navane in the Davangere Taluk; ragi, navane and samè in the Hosdurga Taluk, 4 annas; jola and navane, 4 to 12 annas; ragi and paddy, 4 to 8 annas in the Harihar Sub-Taluk.

Seeds sown.—Bengal gram in the Chitaldrug and Jagalur Taluks (on a small scale).

10. Prospects of the season are fair. Food stocks are available.

11. Public health is generally good.

12. Cattle are generally healthy. Water and fodder are available.

Dated 3rd December 1914.

N. VENKATESA IYENGAR,
Meteorological Reporter.

Rules for the grant of land under the scheme for the creation of large land estates, sanctioned in Government Order No. R. 4009-21—L. R. 522-13-5, dated the 1st December 1914.

1. Each estate will consist of one or more survey numbers situated in a compact block not less than 50 and not more than 200 acres, provided that no block shall contain more than 50 acres classed as wet or garden land.

2. Where a block consists of both dry and garden lands, and it is not possible to have them contiguous, each class may be in a separate block, situated within a reasonably convenient distance.

The following classes of land will be made available for forming such estates:—

(*a*) Assessed waste lands.

(*b*) Unassessed lands not allotted for any communal purpose.

(*c*) *Bechirakh* villages.

(*d*) Gomal lands which may be made available without prejudice to the interest of the village cattle.

(*e*) Date and forest reserves and Amrut Mahal Kavals, which are not required by the Departments concerned.

3. A list of all available lands of the classes described above will be published in the Gazette from time to time by the Deputy Commissioners, and applications invited therefor. But applicants will be free to select lands not so notified, and apply to the Deputy Commissioner for their being granted under these rules.

4. Persons desirous of taking up lands under the scheme should after selecting the lands required by them apply to the Deputy Commissioner of the District in which the lands are situated, with a rough sketch or map of the lands selected by them showing also the boundaries thereof.

5. Each application should contain the following information:—

(*a*) whether the applicant is a native of Mysore, or whether he has settled down in Mysore, and how long he has resided there;

(*b*) what capital he is prepared to invest;

(*c*) whether he intends to introduce any new crops or new or improved agricultural processes;

(*d*) whether he means to undertake any special agricultural industries, such as dairy farming, cattle breading, etc.; and

(*e*) whether he is likely to require the advice of the Agricultural Department.

6. Whenever an application is received for any block not advertised in the Gazette as available, a notice of such application will be published in the Gazette.

7. No application will be disposed of before the expiry of three months after a description of blocks applied for, and available has been published in the Gazette.

8. An upset price will be fixed for each block but it will be discretionary with Government in cases in which a large outlay is required to bring the lands under cultivation or for other reasons, to allow the upset price to be paid in instalments or in exceptional cases of hardship to remit it altogether.

9. Where more than on application are received for the same block, it will be sold by public auction.

10. When an application has been received the Deputy Commissioner, after causing such enquiry as he may consider necessary to make shall forward it to Government through the Revenue Commissioner with his recommendation for sanction.

11. Lands granted under the scheme will be held free of assessment for the first five years, on ⅛th, ¼th, ½ and ¾ths assessment during the 6th, 7th, 8th and 9th years, respectively, and on full assessment from the 10th year and onwards from the date the land is taken possession of by the applicant.

12. The successful applicant will be at liberty to use a part of the land in providing pasturage for the cattle, house sites for building houses for agriculturists employed on the estate, and in erecting farm houses and other buildings which may be considered necessary for the better cultivation of the land or its more convenient occupation for purposes of agriculture. The assessment will, however, be payable on the whole block granted to the applicant according to Rule 4.

13. The grantee should bring under cultivation 50 per cent of the area, remaining after deducting the portion utilised in the manner referred to in Rule 12 above, within the first five years from the date of occupying the block, and a proportionate area every year of the remaining period, *viz.*, five years.

14. The grantee should also put up farm-houses and cattle sheds within the first year of the grant. But the Deputy Commissioner may relax this condition if he is satisfied that the applicant is otherwise making strenuous efforts to work the farm.

15. No private alienations by sale, gift, mortgage or otherwise of the blocks will be permitted or recognised by Government, and no loan will be sanctioned by Government on the security of the land included in the estate before full assessment is paid, and title deed granted by the Deputy Commissioner.

16. Each estate created under these rules will be regarded as a single unit, and may not be partitioned without the sanction of Government; and a breach of this clause will render the whole occupancy liable to forfeiture.

17. A mutchalika should be obtained from every grantee setting forth the conditions of the grant, and any breach thereof will render the grant liable to be cancelled by Government.

18. The Agricultural Department will, on application through the Deputy Commissioner, give free of cost such advice as may be conducive to the better cultivation of the holding.

19. Grants under these rules will be made only to *bona fide* subjects of the Mysore State, or to those who have settled down permanently therein as active agriculturists; and Government reserve to themselves the power to reject any application without assigning any reason.

D. M. NARASINGA RAO,
Officiating Secretary to Government.
General and Revenue Departments.

Proceedings of the Government of His Highness the Maharaja of Mysore.

READ—

Official Memorandum No. G. 1-54—G. M. 55-12-208, dated 14th June 1913, laying down among other things instructions for the formation and work of Taluk and Town Progress Committees.

2. Letter No. 808, dated 9th November 1914, from the Secretary, Mysore Economic Conference, stating that the leading residents of the Channapatna Taluk are reported to have expressed a desire to form a Progress Committee for the improvement of the economic conditions of that taluk and to have collected a sum of Rs. 493 by voluntary subscriptions, and requesting the sanction of Government for the formation of the said Committee and for making a grant of Rs. 100 in accordance with paragraph 24 of the memorandum read above.

No. 1815-8—A. & I. 17-14-26, DATED BANGALORE, THE 5TH DECEMBER 1914.

ORDER THEREON.—Government are pleased to approve of the formation of a Progress Committee for the Channapatna Taluk with the gentlemen mentioned in the margin as members and the Amildar of the Taluk as Chairman thereof and to sanction the grant of a contribution of Rs. 100 to the Committee from State Funds.

Progress Committee, Channapatna Taluk.

Amildar to be *Ex-officio* Chairman.

Members.

1. The Sub-Registrar, Channapatna.
2. Mr. Venkatagowda, land-holder and patel.
3. ,, Vanamala Chetty, sowkar and land-holder.
4. ,, Ramegowda, patel and land-holder.
5. ,, Puttegowda, patel and land-holder.
6. ,, Kenchagowda, patel and land-holder.

2. The Secretary to the Economic Conference is requested to draw the attention of the Committee to the instructions contained in paragraphs 26 and 27 of the Official Memorandum of the 14th June 1913, regarding the work expected of it.

C. S. BALASUNDARAM IYER,
Secretary to Government.

To—The Secretary, Mysore Economic Conference.
The Comptroller, Mysore Government.
The Deputy Commissioner, Bangalore District.

33.	Huralikayi	4	2	0
34.	Padavalakayi	4	0	0
35.	Kumbalakayi	3	0	0
36.	Budikumbalakayi	4	0	0
37.	Collection of Country Vegetables of kinds	8	4	0
38.	Any Vegetable of special merit other than those enumerated above	4	0	0
	For private gardens only.			
39.	Maize	3	0	0
40.	Brussels Sprouts	5	0	0
41.	Celery	5	0	0
42.	Green Peas	5	0	0
43.	Asparagus	6	0	0
44.	Dessert Tomatoes	5	0	0
45.	General Collection of European Vegetables	12	8	0
46.	Group of Vegetables, grown in pots	5	3	0
	Total ...	Rs. 281		

NOTE.—In vegetables, quality is of paramount importance, size often indicates coarseness. *Group* 1: the varieties must be correctly named and the original invoice produced for reference. *Groups* 38—43: in these groups inferior quality will disqualify an exhibit. The exhibits should be named if possible.

Uniform exhibition baskets should be used. Large baskets should be 1′ 9″ to 2′ across and 4″ to 5″ deep. Smallbasket 1′ to 1′ 2″ across and 2″ to 3″ deep.

CLASS VII.—MISCELLANEOUS.

Judging 7-30 A.M.

Group.	Description.	Prize. I. Rs.	II. Rs.	III. Rs.
1.	Agri-Horticultural Machinery or large Implements	10	5	0
2.	Imported Garden Tools and Implements	6	3	0
3.	Country-made Garden Tools and Implements	6	3	0
4.	Garden Sundries as flower baskets, manures, labels, etc. ...	6	3	0
5.	Flower Pots and Ornamental Pottery	4	2	0
6.	Garden Furniture	8	4	0
	Total ...	Rs. 60		

NOTE.—*Group* 1: as it is very desirable to subject implements in this class to a practical trial, a plot of ground will be made available near the Glass House and all exhibitors desiring to work their implements may do so on Saturday the 7th from 7 to 9 A.M., and from 4 to 6 P.M. *Group* 4: articles such as garden seats, tubs, garden tables, jardinieres, etc.

CLASS VIII.—FLORAL PARADE.

COMMENCES AT 5-30 P.M.

		Rs.	Rs.	Rs.
(1)	Ladies' Decorated Bicycles for singles	15	10	5
(2)	Ladies decorated Bicycles of teams of 4 to 6 each (when they enter under names of their schools, clubs, Associations, etc.)	15	0	0
	Grand Total ...	Rs. 1,116		

GENERAL CONDITIONS.

1. In view to arrangements being made for staging plants, it is requested that exhibitors will notify to the undersigned, at least four days prior to the Show, what number of pots they intend to enter and for what prize they intend to compete. Entry forms are supplied on application to the Superintendent, and exhibitors are requested to use these.

2. The large foliage groups should be ready arranged two days before the Show.

3. Plants intended for competition should be delivered in the Conservatory before 4 P.M. on the day previous to the Show.

4. Cut flowers may be delivered up till 2 P.M. on the day of the Show, but not later, if intended for competition.

5. No prize shall be awarded unless there are at least two competitors for it, except in cases of rare excellence, when the Judges will use their own discretion.

The number of exhibits in all classes and sections should exceed the number of prizes offered, otherwise the Judges will be authorised to reduce the full value of such prizes.

6. It shall also be competent for the Judges to reduce the amount of prizes if, in their opinion, the articles exhibited do not merit the full sums.

7. Obtrusive staging, overcrowding, packing to conceal blemishes and artificial support to blooms, etc., will be judged as defects to an exhibit, preference being given to natural growth and artistic arrangement.

8. Where a number limit is laid down, any exhibit exceeding that number shall be disqualified.

9. Where one plant of each kind or variety is specified as a condition, any exhibit containing duplicates shall be disqualified.

NOTE.—For the purpose of the exhibition the words *kinds* and *varieties* may be illustrated as under:—Apples, oranges, figs, grapes, etc., are distinct *kinds* of fruits. Ribston Pippin, Blenheim Orange, Golden Reinette, etc., are distinct *varieties* of apples. Roses, Chrysanthemums, Dahlias, etc., are distinct *kinds* of flowers. Marechal Niel, Crimson Rambler, La France, etc., are distinct *varieties* of roses. Cabbage, Beans, Beet, Carrot, etc., are distinct *kinds* of vegetables. Sugar Loaf, Early Drumhead, Enfield Market, etc., are distinct *varieties* of cabbages.

10. Two or more persons may not compete for prizes separately with plants, etc., from the same garden.

11. If funds are available, the Judges may award special extra prizes in cases of exceptional merit.

12. All exhibits sent for competition must be the *bonâ fide* produce of, or have been raised by the exhibitors; and unless otherwise specified, must have been grown in Bangalore and in case of perennial plants the exhibitor must certify that the plants have been in his possession for at least six months.

The Judges may withhold any prize until proof of these conditions be produced. Contractors bringing up fruit and vegetables for competition in their own name can compete for prizes but not for medals.

13. Exhibitors will not be permitted to remove their exhibits until the Show is closed, and gardeners and others found offering articles for sale before 6 P.M. on the day of the Show shall be summarily ejected.

14. No one can be a Judge in any class in which he may be an exhibitor.

15. Similarly, while judging is going on, no exhibitor is permitted to be in the Exhibition buildings and any exhibitor acting contrary is liable to have his exhibits disqualified.

16. The names of exhibitors can only be attached to exhibits when the judging has been completed.

The following Rules for awarding cups and medals at the Horticultural Shows are hereby notified to the public:—

1. His Highness the Maharaja has graciously presented three cups for competition at the Flower Shows.

(i) The Horticulturists' Cup:—This will be competed for by Nurserymen and Horticulturists.

(ii) The Amateur Cup:—This will be competed for by private gardeners.

These cups will be awarded to the Exhibitor who has obtained the highest aggregate in prizes won in all classes during the current Show.

(iii) The Floral Parade Cup:—There will be tow cups available for competition. One will be competed for by individual competitors and will be awarded to the winner of the first prize for the best florally decorated single Bicycle at the current show. The other will be competed for by teams of 4 to 6 Bicycles, ridden together and characteristically decorated.

2. The money value of the prizes will be taken in calculating the aggregate.

3. A gold medal will, for purposes of the calculation, count 50% over the first prize, a silver medal equal to the first prize, and a bronze medal and "Highly commended" equal to the lowest prize in the respective group.

4. The cups will be held by the winners for the next six months under satisfactory arrangement for their safe custody.

5. Ten days before the following Show the cups must be returned to the Superintendent, Lal-Bagh, for being again put up for competition at the Show.

6. Should a competitor win the cup at any two successive Shows, the same will be his or her property for good.

7. Out of the money prizes won with the cups, a sum of Rs. 20 and 15 respectively will be deducted to defray cost of a miniature facsimile cup to be given as a souvenir to the last winner, except, of course, when the cup is won outright.

8. Bota professional and Amateur compete for the same money prize in the individual groups, but in order to make the competition amogest amateurs for the amateur cup more complete and free from competition by professionals, marks to make up the difference in the money value will be given to the amateur whenever a professional has taken a higher prize in any group:—

thus Nursery man	A	wins	I	prize Rs.	8.
Amateur	B	,,	II	,,	5.
,,	C	,,	III	,,	3.

Amateur B will get 3 marks in addition to his Rs. 5, so that his aggregate is the same as if he had won first prize. Similarly Amateur C will get 2 marks and takes position of second prize.

9. Gold, Silver and Bronze Medals will be available for all classes and awarded at both the Summer and Winter Shows.

10. The following exhibitors will be qualified for the award of a medal:—

(*a*) The exhibitor of the best all-round exhibit in the appropriate class or classes.

(*b*) The exhibitor of an exhibit of more than ordinary excellence in any group.

(*c*) The exhibitor of any specially meritorious novelty.

11. Medals where awarded will be in place of the money prizes shown in the Prospectus against the respective items.

12. No exhibitor who has been awarded a medal in any group will be qualified to receive another medal in that group during the two calendar years succeeding that in which he has received the medal.

13. No exhibitor will be qualified to receive a medal who is not the *bonâ fide* cultivator of his exhibit or the actual occupant of the garden in which the exhibit was raised, *e.g.*, no contractor who has merely purchased fruit or vegetable exhibited will be eligible.

14. It will be open to the Judges to withhold any or all the medals in any Show on the ground of deficiency of merit in the exhibits.

The Flower Show opens on Saturday the 6th February 1915 at 3-30 P.M.

The Floral Parade takes place at 5-30 P.M.

Vegetables will if possible, be exhibited on Sunday.

School children will be admitted free on Sunday between 8 A.M. and 12 noon.

Admission fees.

		Rs.	a.	p.	
Saturday the 6th—Adults	... ...	1	0	0	each.
Children	... ...	0	8	0	each.
Soldiers in uniform	... ...	0	4	0	each.

Sunday the 7th :—A uniform rate of annas 4 each will be charged to all visitors.

A Tea and Refreshment room will be opened as usual.

G. H. KRUMBIEGEL,
Economic Botanist,
Superintendent, Government Gardens.

DISTRICT REPORTS.

8. Markets how supplied.
9. Progress of agricultural operations, state of standing crops, prospects and probable outturn of harvests, serious damage done to crops by insects or other natural calamities.
10. Prospects of season, tracts in which the rainfall has been insufficient, areas affected by scarcity, number of people under relief, and state of food stocks.
11. Public health.
12. Remarks as to the condition of agricultural stock; failure of pasturage of fodder, etc.

BANGALORE CIVIL AND MILITARY STATION.

	Average for the past five years of the corresponding week.	*Current.*	
Prices of food grains—Boiled rice (2nd sort)	7·30	6·90	Quantity per rupee by the standard seer of 80 tolas.
Ragi ...	13·91	12·37	
Rangoon rice (2nd sort) ...		6·90	

Agricultural operations.—Paddy is under harvest.

Cattle are healthy. Water and fodder are sufficient.

BANGALORE CITY AND TALUKS.

8. Market is well supplied.

9. *Progress of agricultural operations.*—Ragi in parts of Bangalore, Hoskote, Anekal, Dodballapur, Nelamangala and Closepet; ragi, horse gram, samè and groundnut in parts of Magadi Taluk; ragi paddy, groundnut and sugar-cane in parts of Channapatna Taluk; ragi and groundnut in parts of Devanhalli; all the above crops were harvested during the week.

Sowing of potato in parts of Hoskote and of Bengal gram, onions, garlic and potato in parts of Devanhalli was in progress during the week.

State of standing crops.—The Standing crops such as paddy, avaré, etc., in parts of Hoskote Taluk and paddy in parts of Magadi are reported to be withering for want of rain. In the remaining taluks they are reported to be good.

Outturn of harvested crops.—Bangalore—Ragi 8 to 12 annas. Nelamangala—Ragi 12 to 16 annas. Magadi—Ragi, hurli, samé and groundnut, 12 annas. Devanhalli—Ragi 8 to 12 annas.

Damages to crops.—Nil.

10. The prospect of the season is good. The standing crops, (*i.e.*,) paddy, avare, etc., in parts of Hoskote and paddy in parts of Magadi are reported to be for want of rain. Food stocks are available. Labour is available to the cooly classes.

11. Except for plague in a few villages of Davanhalli Kasba, Anekal, Bangalore, Hoskote and Dodballapur Taluks. Dengue fever in parts of Magadi and a few cases of small-pox in parts of Channapatna Taluk, public health is generally good.

12. Cattle are healthy. Water and fodder are available.

Report from Kankanhalli has not been received.

KOLAR.

8. Market is well supplied.

9. *Agricultural operations.*—Ragi is being harvested in almost all the taluks. Paddy in parts of Chikballapur and Gudibanda Sub-Taluk and sugar-cane in Bagepalli Taluk.

Crops sown.—Bengal gram in parts of Bowringpet, Goribidnur and Sidlaghatta Taluks; potatoes in Chikballapur and Sidlaghatta Taluks and jola in Goribidnur Taluk.

Crops harvested and their probable outturn.—Ragi in almost all the taluks, yield about 8 to 12 annas; paddy in parts of Chikballapur and Gudibanda, yield about 8 to 12 annas.

Standing crops.—Paddy and sugar-cane are reported to be in good condition.

10. Prospects of the season are good. Prices of food stuffs continue to be high. Labour is available to the cooly classes. Tank filling rains are needed.

11. There have been a few cases of plague in parts of Kolar, Sidlaghatta, Chikballapur Taluks and Gudibanda Sub-Taluk and Kolar Gold Fields and cholera in Kolar Gold Fields; otherwise public health is generally good.

12. Cattle are healthy. Pasture and fodder are available.

TUMKUR.

8. Market is well supplied.

9. *Crops sown.*—Jola and kadale in parts of Tumkur, Maddagiri, Pavagada, Sira Taluks and Turuvekere Sub-Taluk; addy in parts of Tumkur and Pavagada Taluks and Koratagere Sub-Taluk; and wheat in parts of Maddagiri Taluk.

Crops harvested.—Tumkur Taluk—ragi, paddy, groundnut and navane, yield, ragi 12 annas and other corps 8 annas; Chiknayakanhalli Taluk—ragi, haraka, castor, horsegram and navane, yield each 4 to 8 annas; Sira Taluk—ragi, groundnuts and haraka, yield each 4 annas; Gubbi Taluk—ragi, 8 to 16 annas, paddy 8 to 12 annas, and sugar-cane, 8 to 12 annas; Tiptur—ragi, 5 annas; Pavagada Taluk—navane, groundnut, and castor, yield each 4 to 6 annas; Koratagere Sub-Taluk—ragi, 8 to 10 annas, paddy, 8 annas and groundnuts, 8 to 12 annas; Turuvekere Sub-Taluk—ragi, 6 annas and sugar-cane, 8 annas, ragi, groundnuts, navane, and sugar-cane in parts of Maddagiri Taluk and ragi in parts of Kunigal Taluk.

Standing crops.—Paddy, ragi, avare, togari, samé, navane, haraka, sugar-cane, jola, groundnut, til, castor, horsegram, kadale, black and green grams are reported to be generally in fair condition, except in parts of Sira and Pavagada Taluks where the dry crops have suffered badly for want of rains and wet crops under most of the tanks have been a failure owing to the absence of an adequate supply of water. During this week, there have been some showers at Kunigal, Turuvekere and Tumkur, but this has not affected the situation appreciably.

10. Prospects of the season are generally fair except in parts of Sira and Pavagada Taluks in which the crops have almost failed. Food stuffs are available, but prices rule high. Owing to scanty rainfall, the water-supply in wells has been running low everywhere. Insufficiency of drinking water is felt in parts of Pavagada and Maddagiri Taluks.

11. Except for plague in Tumkur and Tiptur towns, public health is generally good.

12. Except for Dodda roga in Palavalli village of the Pavagada Taluk, cattle are reported to be generally healthy. Water and fodder are generally available at present; but scarcity for the same is apprehended in parts of Sira, Pavagada, Maddagiri and Chiknayakanhalli Taluks.

MYSORE.

8. Market is well supplied.

9. *Crops sown.*—Nil.

Standing crops.—Ragi, jola, castor, til, ramtil, togari, green and black grams, horsegram, navane, samé, haraka, avare, groundnut, cotton, mulberry, wheat, kadale, paddy, alasande and sugar-cane are reported to be in good condition. Horsegram and kadale crops in parts of Chamrajnagar, Hunsur, Krishnarajpete and Nagamangala Taluks are reported to be in need of rain.

Crops harvested.—Ragi, samé, navane, haraka, ramtil, green and black gram, alasande, horsegram, paddy and castor are being harvested in parts of Mysore, Chamrajnagar, Seringapatam, Hunsur, Yedatore, T.-Narsipur, Mandya, Krishnarajpete and Nagamangala Taluks. Some insects are reported to be damaging the kadale and avare crops in parts of the Chamrajnagar Taluk.

10. Prospects of season are reported to be good. Food stuffs are available.

11. Plague is reported to be prevalent in parts of the taluks of Mysore, Chamrajnagar, Seringapatam, Hunsur, Yedatore, Heggaddevankote, Gundlupet and Nanjangud Taluks.

12. Cattle are reported to be healthy. Water and fodder are available.

HASSAN.

8. Market is well supplied.

9. *Standing crops.*—Paddy, ragi, kulthi, avare and togari in Hassan Taluk; paddy, avare, togari, castor, kulthi, chillies and kadale in Arkalgud Taluk; sugar-cane, togari, avare, kulthi and kadale in Belur Taluk; ragi, paddy, sugar-cane, avare, togari, kulthi, gingelly, haraka, save, chillies, castor, etc., in Channarayapatna Taluk; avare, kulthi, sugar-cane, paddy, kadale, coriander and cholum in Arsikere Taluk; togari, avare, paddy and sugar-cane in Hole-Narsipur Taluk; and sugar-cane, kulthi and avare in the Alur Sub-Taluk are reported to be in fair condition.

Crops harvested.—Paddy and ragi in Hassan Taluk; paddy in Manjarabad, Belur and Hole-Narsipur Taluks and in the Alur Sub-Taluk; paddy and chillies in Arkalgud Taluk; paddy and sugar-cane in Channarayapatna Taluk; and cotton and chillies in Arsikere Taluk are being harvested.

10. Prospects of the season are generally good. More rain is required for standing crops in parts of Arsikere Taluk.

11. Public health is generally good, except for plague in Grama village of the Hassan Taluk, and ague in Arkalgud Taluk.

12. Cattle are generally healthy. Water and fodder are available.

SHIMOGA.

8. Market is well supplied.

9. *Agricultural operations.*—Nil.

Standing crops.—Sugar-cane in the taluks of Shimoga, Shikarpur, Sagar, Nagar and Tirthahalli; paddy in the taluks of Shimoga, Sagar and Nagar; horse gram in the taluks of Channagiri, Honnali, Sagar and Kumsi Sub-Taluk; castor in the Sagar Taluk; Bengal gram, horsegram, avare and togari in the Channagiri Taluk are reported to be in good condition.

Crops harvested.—Paddy in all the taluks; ragi in the Shimoga, Channagiri and Shikarpur Taluks; jola in the Channagiri and Honnali Taluks; arecanut in the Sagar and Tirthahalli Taluks; chillies in the Honnali Taluk and black gram, green gram and halasandi in the Shimoga Taluk are being harvested.

10. Prospects of the season are good. Food stuffs are available.

11. Public health is generally good. Plague in parts of the Honnali and the Shikarpur Taluks, ague and fever in the Shikarpur and the Sorab Taluks and small-pox in some villages of the Sagar and the Tirthahalli Taluks, are reported to be prevailing.

12. Fodder and water are available. Cattle are generally healthy except for the prevalence of "Rinderpest" in the villages of Bhogi, Suragihalli, Amatekoppa and in the Shikarpur town of the Shikarpur Taluk.

KADUR.

8. Market is well supplied.

9. *Agricultural operations.*—Lands are being prepared for sowing purposes in Chikmagalur Taluk.

Crops sown.—Bengal gram, menthya, garlic, onions and Kode paddy are being sown in Chikmagalur Taluk.

Standing crops.—Ragi, jola, paddy, kulthi, Bengal gram, sugar-cane, wheat, coffee, pepper, areca and cardamom are in good condition; but areca is affected by koleroga in Koppa Taluk.

Crops harvested.—Chikmagalur—paddy, yield Re. 1-0-0 and ragi, 12 annas; Kadur—ragi, samé, navane; Tarikere—areca, paddy, ragi, jola, yield 8 annas; Koppa—cardamom and areca; Mudgere—paddy and cordamom, yield 4 to 12 annas; Yedahalli—paddy and coffee, yield 12 annas; Sringeri—areca and paddy.

10. Prospects of the season are good. Supply of food stuffs is sufficient.

11. Except for plague in a few villages of Kadur and Tarikere Taluks, public health is generally good.

12. Cattle are healthy. Water and fodder are generally available.

CHITALDRUG.

8. Market is well supplied.

9. *Standing crops*, such as, paddy, ragi, sugar-cane, jola, cotton, Bengal gram, horse gram, dal, beans, wheat, navane (Italian millet), castor and chillies, etc., are reported to be in fair condition except in parts of the Dharampur hobli of the Hiriyur Taluk; Bengal gram crop in the Challakere Taluk, is said to have been affected by worms.

Crops harvested.—Chitaldrug Taluk—navane, ragi, cotton, sajje (spiked millet), and sugar-cane, outturn 6 to 8 annas; Challakere Taluk—navane, 4 to 8 annas, and paddy under kapile wells and channels, 12 annas; Hiriyur Taluk—paddy, ragi, navane and horse gram; Holalkere Taluk—ragi, dal and beans, 8 annas; Davangere Taluk—ragi, jola and navane; Molakalmuru—ragi and jola; Jagalur Taluk—navane, sajje and jola, 8 annas; Harihar Sub-Taluk—horse-gram and green gram, 2 to 8 annas, lentil and gingelly (til), 2 to 4 annas.

Seeds sown.—Barley in lands under channels in the Challakere Taluk.

10. Prospects of the season are fair. Food stock is available.

11. Public health is generally good.

12. Cattle are generally healthy. Water and fodder are available

Dated 10th December 1914.

N. VENKATESA IYENGAR,
Meteorological Reporter.

Letter No. 515-526-w, dated the 10th November 1914, from the Government of India in the Department of Commerce and Industry, Delhi, to all Chambers of Commerce.

In continuation of the letter in this Department No. 8280-8291, dated the 28th August 1914, I am directed to forward, for the information of your Chamber and for communication to its Members, a copy of three statements showing :—

A. Articles the export of which is prohibited or restricted from the United Kingdom ;

B. Articles the exportation of which from British India has been prohibited together with the limitations to which these prohibitions are subject ; and

C. Articles the export of which has been prohibited from Norway, Sweden, Denmark, the Netherlands, Italy, Spain, Portugal, Russia and France.

Intimation will be sent to you from time to time in the form of addenda or correction slips in the event of the lists being altered.

2. With regard to note (*a*) to the first list of articles the export of which from the United Kingdom is totally prohibited, I am to observe that any request for a relaxation of the prohibition in the case of any particular articles, as a special case for trade purposes, should be addressed to the Government of India in this Department, through the Local Government, with a statement showing (*a*) the name of the British exporting firm, (*b*) the name of the Indian importing firm, and (*c*) the quantity required. On receipt of this statement, and if convinced of the desirability of import, the Government of India will telegraph to the Secretary of State for India in the hope that a special license may be granted to sanction the export of the consignment required.

A.

List of articles the export of which from the United Kingdom is prohibited as under :—

(*a*) Totally prohibited.

(*b*) Prohibited only to all foreign ports in Europe and on the Mediterranean and Black Seas, other than those of Russia (except the Baltic ports) France, Spain and Portugal.

(*c*) Permitted only to His Majesty's Dominions, Colonies not possessing responsible Government, British India, Territories under His Majesty's Protection, Cyprus, the Channel Islands and Egypt.

(*d*) Totally prohibited except for Indian Railways.

NOTE.—Notwithstanding anything contained in the Royal Proclamations prohibiting and restricting the exportation of certain goods from the United Kingdom, prohibited and restricted goods not being cargo in a British or allied ship, which are brought to a port in the United Kingdom from a British, Colonial, allied or neutral port in a British, allied or neutral ship, may go forward to a British, Colonial, allied or neutral destination, provided that such goods are either (1) reported as remaining on board for exportation in the same ship or (2) entered for immediate exportation in another ship under the Transhipment Regulations, (3) provided they are not contraband or conditional contraband.

LIST OF ARTICLES.

(*a*) Acetone.
(*b*) Acetanilide.
(*a*) Acetylsalicylic acid (aspirin) and salicin.
(*a*) Aconite and its preparations and alkaloids.
(*b*) Accoutrements.
(*a*) Adrenin, adrenalin, and its preparations.
(*a*) Aeroplanes, airships, balloons, of all kinds, and their component parts.

(*a*) Alcohols, ethylic.
(*a*) Alcohols, methylic.
(*b*) Alcohol as covering rectified spirits.
(*b*) Aluminium.
(*b*) Aluminium alloys.
(*a*) Alkaline iodides.
(*a*) Ammonium, sulphocyanide.
(*a*) Antipyrine (phenazone).
*(*a*) Animals, pack, saddle and draught, suitable for use in war.
(*a*) Arms, rifled of all kinds, and their component parts.
(*a*) Armour plates, armour quality castings and similar protective material.
(*b*) Asbestos.
(*b*) Bags and sacks of all kinds (not including paper bags).
(*a*) Balsam of Peru.
(*b*) Barbed wire.
(*a*) Belladonna and its preparations and alkaloids.
(*a*) Benzol.
(*a*) Berzoic acid (synthetic) and benzoates.
(*a*) Bismuth and its salts.
(*b*) Bladders, casings and sausage skins.
(*a*) Blankets, coloured exceeding 3½ lbs. in weight known as "Woollen blankets."
(*b*) Boots, men's marching and shooting.
(*a*) Bromine and alkaline bromides.
(*b*) Cables, telegraph and telephone.
(*b*) Camp equipment, articles of—.
(*a*) Carbolic acid.
(*a*) Carbons required for search lights.
(*a*) Cantharides and its preparations.
(*b*) Carts, 2-wheeled capable of carrying 15 cwt. and over.
(*b*) Cannon and other ordnance and parts thereof.
(*b*) Carriages and mountings for cannon and other ordnance for machine guns and parts thereof.
(*b*) Castor oil.
(*a*) Cartridges, charges of all kinds, and their component parts other than sporting cartridges, charges and their component parts.
(*a*) Chrome and ferro-chrome.
(*a*) Cloth hempen.
(*a*) Chloroform.
(*a*) Cinchona bark, quinine and its salts.
(*a*) Chloral and its preparations, including chloramid.
(*a*) Chrysarobin.
(*a*) Citrate of Magnesia.
(*a*) Citric acid, alkaline citrates and calcium citrate.
(*a*) Coal-tar products for use in dye manufacture except aniline oil and aniline salt.
(*a*) Copper, ore and unwrought, all kinds.
(*a*) Cotton waste of all descriptions.
(*a*) Coca and its preparations and alkaloids.
(*a*) Collodion.
(*a*) Corrosive sublimate.
(*a*) Compasses and parts thereof, including fittings, such as binnacles.
(*c*) Cheese.
(*a*) Cresol and all preparations thereof (including cresylic acid) and nitro cresol.
(*a*) Diethylbarbituric acid (veronal) and veronal sodium.
(*a*) Dimethylanilene.
(*a*) Dulcite.

* The carriage coastwise of all such animals between ports of the United Kingdom is also forbidden.

(*a*) Dyes and dye-stuffs obtained from coal tar.
(*a*) Emetin hydrochlor.
(*a*) Eucaine hydrochlor.
(*b*) Emgine and boiler packings.
(*a*) Ergot of rye and its preparations and alkaloids.
(*a*) Ether.
(*a*) Ethyl chloride.
(*b*) Explosives of all kinds.
(*b*) Farriers', Carpenters', Wheelers' and Saddlers' tools.
(*a*) Field glasses and telescopes.
(*b*) Flaxen canvas, namely :—
Royal navy canvas.
Merchant navy canvas.
Kitbag canvas.
Hammock canvas.
(*a*) Forage and food of all kinds for animals.
(*b*) Forges, portable.
(*a*) Formic aldenyde.
(*a*) Fulminate of mercury.
(*a*) Gentian and its preparations.
(*a*) Glycerine crude and refined.
(*b*) Graphite.
(*a*) Guncotton.
(*a*) Gunpowder.
(*a*) Harness and saddlery which can be used for military purposes.
(*b*) Heliographs.
(*a*) Hemp cordage and twine, not including cordage or twine of manila hemp or reaper or binder twine.
(*a*) Henbane and its preparations.
(*a*) Hexamethylene tetramin (Urotropin) and its preparations.
(*a*) Hides of all kinds, dry or wet.
(*b*) Horse and pony shoes.
(*a*) Hydrobromic acid.
(*a*) Hydroquinone.
(*a*) Implements and apparatus designed exclusively for the manufacture of munitions of war, for the manufacture or repair of arms, or of war material for use on land and sea.
(*b*) India rubber sheet vulcanized.
(*b*) Iron ore.
(*a*) Iodine and its preparations.
(*b*) Jute, raw.
(*b*) Jute yarn, cloth and bags.
(*a*) Khaki serge.
(*a*) Lead, pig sheet or pipe.
(*a*) Leather, undressed or dressed, suitable for saddlery, harness or military boots.
(*b*) Linen duck cloth.
(*b*) Linen close canvas.
(*a*) Lysol.
(*a*) Mannite.
(*b*) Manganese, including ferro-manganese.
(*b*) Material for telegraphs, wireless telegraphs and telephones.
(*a*) Mercury and its salts and preparations.
(*b*) Mica.
(*b*) Mineral jellies.
(*b*) Mines and parts thereof.
(*b*) Molybdenum.
(*a*) Morphia and other alkaloids of opium.
(*a*) Neo-salvarsan.
(*a*) Nets, torpedo.
(*a*) Nickel and ferro-nickel.

(*a*) Nitrate of sodium.
(*b*) Nitrates of ammonium.
(*b*) Nitrates of potassium.
(*b*) Nitric acid.
(*a*) Nitro-toluol.
(*a*) Novocain.
(*a*) Nux vomica and its alkaloids and preparations.
(*a*) Oil, blast furnace.
(*a*) Oil, coal tar.
(*a*) Oil, fuel, shale.
(*d*) Oil, mineral lubricating.
(*a*) Oil, olive.
(*a*) Opium and its preparations.
(*a*) Oil of turpentine.
(*a*) Paraffin, liquid, medicinal.
(*a*) Paraffin, soft.
(*a*) Paraldehyde.
(*a*) Pastilles, jujubes, lozenges and cachous generally containing prohibited ingredients.
(*a*) "Peptone Witte."
(*a*) Petroleum, fuel oil.
(*a*) Petroleum, gas oil.
(*a*) Petroleum, spirit or motor spirit (including shell spirit).
(*a*) Peroxide of manganese.
(*a*) Phenacetin.
(*b*) Picric acid and its components.
(*a*) Pigskins, raw or dressed.
(*a*) Pilocarpine salts.
(*a*) Potassium and its salts and preparations (including bichromate and prussiate of potash).
(*a*) Projectiles of all kinds and their component parts.
Provisions and victual of all sorts which may be used as for men :—
(*c*) Animals, living for food.
(*c*) Barly and oats.
(*c*) Butter.
(*c*) Eggs.
(*c*) Margarine.
(*a*) Molasses.
(*a*) Sugar, invert.
(*a*) Sugar, refined and candy.
(*a*) Sugar, unrefined.
(*a*) Sugar of all kinds and extracts from sugar which cannot be completely tested by the polariscope.
(*c*) Wheat and wheat flour.
(*a*) Protargal.
(*a*) Pyrogallic acid.
(*b*) Railway material, both fixed and rolling stock.
(*b*) Range-finders and parts thereof.
(*c*) Rubber, raw or manufactured.
(*b*) Rope, steel wire and hawsers.
(*a*) Saccharin (including "saxin").
(*a*) Sacks, coal.
(*a*) Salvarsan.
(*a*) Salicylic acid and salicylates.
(*a*) Saltpetre.
(*a*) Salts, Pilocarpine.
(*a*) Santonin and its preparations.
(*a*) Sheep and lambs' wool, raw.
(*b*) Shipbuilding materials, namely,
Boiler tubes.
Condenser tubes.

Iron and steel castings and forgings for hulls and machinery of ships.
Iron and steel plates and sectional material for shipbuilding.
Marine engines and parts thereof.
Ships' auxiliary machinery.
(*a*) Silk cloth, silk braid, silk thread, suitable for cartridges.
(*a*) Silk noils.
(*b*) Sounding machines and gear.
(*b*) Steam vessels, lighters and barges of all descriptions.
(*b*) Sulphur.
(*a*) Sulphonal.
(*b*) Sulphuric acid.
(*a*) Surgical bandages and dressings.
(*b*) Swords, bayonets and other arms (not being fire-arms) and parts thereof.
(*a*) Tartaric acid and alkaline tartrates.
(*a*) Thymol and its preparations.
(*a*) Toluol.
(*b*) Torpedo tubes.
(*b*) Torpedoes and parts thereof.
(*a*) Trional.
(*a*) Tungsten.
(*b*) Uniform clothing and military equipment.
(*b*) Vanadium.
(*b*) Walnut wood of scantling which could be made into rifle butts and [fore-ends.
(*b*) Waggons 4-wheeled, capable of carrying one-ton and over.
(*a*) Wolfram ore.
(*a*) Zinc.
(*a*) Zinc-sulphate of

B.

The export from British India of the articles specified in column I below is prohibited subject to the exceptions specified in column II;

Provided that these prohibitions do not applied to—
(i) Goods shipped by or for the use of the Crown;
(ii) Goods shipped to any Indian port;
(iii) Goods required for use or consumption in—
(*a*) French or Portuguese possessions in India;
(*b*) Native States in India;
(*c*) Ceylon; or
(*d*) The Straits Settlements;
(iv) Goods shipped for use or consumption during voyage.

Column I. Prohibited goods.	*Column II. Exceptions.*
Ammunition and explosives and the material used in their manufacture.	Except 'saltpetre' to the United Kingdom.
Arms, guns and gun mountings of all descriptions, with their component parts.	
Accoutrements.	
Armour plates.	
Balloons, kites, air-ships and aeroplanes including parts thereof.	
Benzine and petrol.	Except to the United Kingdom or to a British possession.
Bullocks.	Except exports by land.
Camels.	Except exports by land.
Coal, Welsh.	Except in quantities sufficient for bunker requirements.
Entrenching tools.	
Fuses and detonators.	

Column I. Prohibited goods.	*Column II. Exceptions.*
Heliographs, signal flags, and naval and military signalling apparatus of all descriptions, including wireless telegraphy apparatus.	
Horses.	Except exports by land.
Leather (hides tanned-buffalo and cow).	Except to the United Kingdom.
Lead, pig.	Except to the United Kingdom.
Manganese and Wolfram.	Except to the United Kingdom and France.
Marine boilors and engines, including any parts thereof.	
Materials used in ship construction.	Except 'Teak' to the United Kingdom.
Medical and surgical stores and equipment of every description.	Except exports by land.
Mining cables.	
Mules.	Except exports by land.
Naval and Military stores of every description, including tents, uniform, boots, shoes, harness and other equipment.	
Railway material and material for telegraphs and telephones, barbed wire and implements for fixing and cutting the same.	Except 'Teak' to the United Kingdom.
Range-finders.	
Rubber, raw or manufactured.	Except to the United Kingdom or to a British possession.
Slaughter cattle.	Except exports by land.
Searchlight apparatus.	
Sheep and goats.	Except exports by land.
Submarine mines and torpedoes.	
Torpedo net defence and parts thereof.	
Veterinary instruments and appliances.	
Veterinary medicines.	

The export of the following articles from British India has been restricted as indicated :—

Hides and skins; raw jute, raw and manufactured.	Export is prohibited to all ports in Europe and on the Meditterranean and Black Seas other than those of the United Kingdom, Russia (except the Baltic Ports) France, Spain and Portugal.

1.

C.

Statement showing articles the export of which has been prohibited from Norway, Sweeden, Denmark, the Netherlands, Italy, Spain, Portugal, France and Russia.

NORWAY.

Cattle.
Coal.
Coke.
Corn.
Firewood.
Forage.
Flour.
Foodstuffs.
Goats and reindeer.
Gold or silver, worked or unworked, minted or unminted.
Horses (live).
Oils, minerals.
Peat.
Potatoes.
Sulphur and flowers of sulphur.
Swine.
Medicines of all kinds, including iodine.

The exportation of fish and fish products, condensed milk, butter, cheese and berries is, however, to be permitted until further notice.

2.

SWEDEN.

Salt, common (kitchen).

3.

DENMARK.

Ammunition of every description, also single parts thereof which are known as such.
Arms of every description, including sporting guns or single parts thereof which are known as such.
Benzine and all other combustible matter.
Coal.
Coke.
Corn.
Cables (electric).
Fodder.
Gold and silver (minted or in bars).
Gun powder and explosives which are distinctly intended for war purposes.
Horses reserved for the eventual use of the Army.
Instruments and apparatus which are exclusively made for the manufacture or repair of arms and materials used in land and sea warfare.
Lubricants.
Meal and groats.
Motor cars.
Petroleum.
Potatoes.
Raw materials for the building or repair of iron or steel ships, as also for the production of weapons or ammunition.
Wood in blocks, planks and boards.

4.

NETHERLANDS.

Acetone.
*Alcohol.
*Ammonium carbonate.
Ammunition and gun powder.
Automobiles and parts thereof including tyres.
Barley and barley flour, and all other products derived from barley.
Briquettes.
Cakes—linsed cake, rape-cake groundnut-cake, cotton seed-cake and all other force feeding cakes and waste thereof.
Coal and coke.
*Cocoa.
*Coffee.
*Cycles and motor cycles.
†Cotton in any form and cotton waste.
Ether.
Fuel (liquid).
Gold coin and material for minting gold (except in special cases in which exemption from this prohibition may be allowed).
*Glycerine.
Grain offal.
Hay.

* Prohibition temporarily abrogated.
† The prohibition has been temporarily abrogated with the exception of raw cotton and cotton yarns.

Hides and skins.
Hogwash, dried.
Horses (except colts).
*Lead.
†Leather.
Maize and maize meal and all other products derived from maize.
Malt waste.
Meals—linseed-meal, rapecake-meal, groundnut-meal, cotton-seed, meal, meat, meal and other force feeding meals and waste thereof.
‡Medicines, bandages and material for making the same.
Molasses.
*Nitric acid.
Oats and all products derived therefrom.
Oils (machine and lubricating).
*Potash.
Pulp dried.
Pulse and meal of pulse.
*Regulus of antimony.
Rice, meal of rice and rice waste.
Rye and rye flour and all other products derived from rye.
Salt.
Seeds—linseed, rapeseed and other oilseeds except carraway seed, mustard seed and blue mawseed.
*Soda.
Sodium nitrate.
Spelt and all products derived therefrom.
Straw.
Sugar, sugar pulp and sugar beets.
Sulphuric acid.
Surgical instruments.
*Tea.
Timber for use in coal mines.
Vehicles drawn by horses.
Wheat and buckwheat and all products derived therefrom.
Wheat flour.

5.

ITALY.

Alimentry pastes.
Aluminium.
Acetone.
Barley.
Beans (Carob).
Bran.
Biscuit (bread and sea).
Cheeses (hard).
Coffee.
Cattle.
Cereals.
Clothing and equipment for troops, and all materials required for the manufacture of such articles.
Cloth.

* Prohibition temporarily abrogated.

† The prohibition of the exportation of leather applies only to wholly or partly finished manufactures of leather such as men's shoes, harness, saddles, knapsacks, and further articles of equipment and to such raw materials as sole leather, upper leather, harness leather, saddle leather, chrome leather, etc., for military purposes. The exportation of driving belts and of leather for driving belts is not prohibited.

‡ The prohibition against the exportation of theobrominum, diuretinum, sulphate of quinine, salts of quinine, alkaloid compounds of quinine, cocaine, cubebs, cinchona bark and products made therefrom (presumably included in the term "medicines") has been temporarily abrogated. The prohibition against the exportation of cocoa has been withdrawn.

Cylinders for compressed gas.
Coal (including charcoal).
Copper.
Calcium carbide.
Carbonate of sodium.
Corn (Indian).
Donkeys.
Flour.
Gold bullion and coin.
Glycerine.
Hides and skins, raw.
Hides prepared.
Hay.
Horses.
Lubricating materials.
Lead.
Medicines and sanitary materials in general (excluding condensed milk and citrate and magnesia).
Medicinal instruments and articles.
Motors.
Meat (fresh or frozen).
Mules.
Nitrate of sodium.
Nitric acid.
Oats.
Other cereals not mentioned.
Oil cakes from nuts and other materials.
Pulse.
Picric acid.
Pigeons (live).
Petroleum.
Petrol.
Railways, portable (including cars).
Rye.
Rice.
Rubber-lined materials.
Sheep.
Semolina.
Straw.
Sugar (excluding sugared products).
Steel cable of any great tensile strength.
Silicon.
Sulphuric acid.
Sulphuric anhydride.
Timber specially adopted for aeronautic construction.
Vehicles of all kinds, including aeroplanes and dirigibles as well as separate motors and all parts of vehicles (including pneumatic tyres).
Wheat.
Goods enumerated in Article 216 of the Mercantile Marine Code.*

---

* These goods are such as come under the category of contraband of war, *e.g.*, cannons, rifles, carbines, revolvers, pistols, sabres and other arms both fire and portable of all kinds, munitions of war, military equipment of all kinds, and in general, everything which can be utilized immediately without further manipulation for military or naval armaments.

Under this head the export of single or double conducting cards for telegraphic or telephonic installations, is prohibited, but not that of electric cables and wires which can be used only for common internal installations for illumination or heating.

These prohibitions do not apply to raw hemp, cotton flocks, (cotone in bioccoli) raw wool, tissues of all kinds for women's clothing fancy stuffs for men's clothing, silk tissues, velvets plushes, printed cotton tissues, and such coloured cotton tissues as cannot be usedf or military clothing. On the other hand bleached or unbleached cotton tissues suitable for the manufacture of men's body linen or bed linen, cloths for military uniforms, tissues for tents, bags, and tissues for making them, packing cloth of all kinds, and articles of body linen and knitted wares which can be used for military purposes are prohibited to be exported.

Wood and down.

NOTE.—(1) The Russian Government are prepared to authorise with any formality the exportation of these goods in a British or an allied vessel if the port of destination is a British or allied port. If, on the other hand, the vessel's port of destination is a neutral port, the Russian Government can only authorise the exportation of prohibited goods by such vessels if the Embassy or Legation of the neutral country in which the port in question is situated certifies in agreement with Embassy (or Legation) of the allied country under whose flag the vessel sails that such prohibited goods will be unloaded in a neutral country and will not be re-exported to an enemy country.

(2) The Russian Government will, in no circumstances, authorise the exportation of wheat in the grain or wheat flour by Baltic Sea Ports.

(3) The Russian Government reserve the right to refuse permission for the exportation of any goods of the prohibited kinds enumerated in the second paragraph of this notice, if such are required in Russia.

(4) It is also understood that in the case of goods which it is proposed to transport from Russia on neutral vessels, either direct to the United Kingdom or to a neutral port for transhipment to the United Kingdom, application to the Russian authorities for permission to export must be made by the Embassy or Legation of that country under whose flag the vessel sails. Such application will be supported by His Majesty's Embassy at Petrograd at the request of the consignees of the goods in the United Kingdom, provided that such request is addressed to the Embassy, not direct, but through the Foreign Office.

(4) Government Order No. R. 8464-74—L. R. 193-13-2, dated 28th April 1914, sanctioning the revision of the Maramat Establishment, under Deputy Commissioners, tentatively for a period of three years from 1914-15.

No. R. 5042-89—L. R. 408-14-1, DATED BANGALORE, 11TH DECEMBER 1914.

ORDER THEREON.—The question of the revision of rules for the restoration of minor tanks has been discussed at the annual sessions of the Representative Assembly for many years past and has also engaged the attention of Government for some time. The minor tanks form an important part of the irrigation system of the State and the agricultural prosperity of the people is intimately bound up with their preservation in a satisfactory condition. But the progress of the work of restoration under the existing rules has been slow and unsatisfactory.

During the last 25 years, only about 2,500 tanks have been restored and there are yet nearly 19,500 tanks awaiting restoration. All these tanks, both restored and unrestored, have been undergoing a certain amount of deterioration by the natural process of silting; and it is doubtful whether the restoration work done hitherto, which has been barely at the rate of 100 tanks per annum, has been sufficient even to make good the loss due to silting. The resources of the State in respect of water-supply from these tanks seem, if anything, to have undergone diminution in recent years. This state of things must be ascribed partly at least to the fact that while formerly the raiyats had the entire responsibility to maintain the tanks in an efficient working condition, the responsibility is now divided between the Government and the raiyats. The necessity is therefore obvious to pursue an active and vigorous policy in the future and stimulate private enterprise.

2. The objections that have been urged against the existing scheme are mainly three, namely, (1) that the distinction between major and minor tanks as regards restoration has no logical basis and that it imposes a hardship on the raiyats holding lands under minor tanks; (2) that the stipulation that the earth-work must be done by the raiyats before Government would take up stone work acts as a check on the work of restoration; and (3) that sufficient trained establishment is not available to advise the people and give them help in the preparation of plans and estimates.

3. The request for the abolition of the distinction between major and minor tanks has undoubtedly a large volume of public opinion in its favour. But Government are not in favour of abolishing this long-standing and well-recognised distinction. Two vital considerations have influenced them in arriving at this decision. In the first place, it is not possible for Government with the resources at their disposal and the agency they can command, to deal satisfactorily with the large number of tanks that await restoration. In the second place, most of the minor tanks in the State owe their existence to private enterprise in the past, and sound policy as well as considerations of rapid progress demand that the spirit of self-help should be encouraged among the people, Government aiding them by substantial contributions and concessions as required.

4. Government recognise that there is some force in the other objections urged against the existing scheme. Steps have already been taken to improve the personnel and efficiency of the District Maramat Establishment by allotting a Gazetted Officer to each district and a Sub-Overseer to each Revenue Sub-Division at an aggregate extra cost of Rs. 42,312 per annum. A rough scheme for dealing with the whole question was formulated, circulated to the members of the Representative Assembly and was discussed by them at the last session of that body. The Assembly discussed the details and finally expressed themselves in favour of the main principles outlined in the scheme.

5. The rules as finally sanctioned by Government are annexed to these proceedings (*vide* Appendix A). The main provisions of the scheme are:—

(1) that, in lieu of the existing system, the raiyats will be required to contribute one-third of the total cost of restoration including earthwork and stone or masonry work, the other two-thirds being met by Government; and

(2) that the actual execution of the work will be entrusted to the villagers themselves subject, of course, to the condition that the work done for the tank should be checked and measured by a responsible Government agency before it is paid for.

Government are pleased to direct that, in supersession of all existing rules on the subject, these rules be given effect to, tentatively, for a period of three years commencing from the 1st January 1915. All incomplete works of previous years and works started during the current year under the existing rules will be governed by those rules. This scheme relates only to the construction and restoration of minor tanks and does not affect in any way the liability of the raiyats for the maintenance of such tanks under the existing rules.

6. Government are anxious that, with the facilities now sanctioned, at least 1,000 minor tanks should be taken up for restoration each year in the several districts, distributed roughly as indicated in the margin. The success of the new scheme depends largely on the energy and enthusiasm which the District Officers may bring to bear on the work and the hearty co-operation of the Revenue and Public Works Officers concerned. Government trust that these officers will keep close touch with local wants and requirements in this respect and maintain accurate information and statistics concerning the tanks in each district.

Kadur ...	100
Total ...	1,000

The Revenue Commissioner is requested to intimate to Government, before 31st January next, how many tanks have been or will be taken up for construction or restoration during the current year. It is presumed that, in accordance with the orders issued in paragraph 8 of Government Order No. R. 8464-74—L. R. 193-13-2, dated 28th April 1914, the Deputy Commissioners have already taken steps to deal with more than the usual number of tanks in the current year.

7. The responsibility for working this scheme will rest with the Deputy Commissioners under the control of the Revenue Commissioner. The latter officer will be responsible to Government that all the rules are properly observed and that measures for construction and restoration are vigorously pushed on. The amount provided in the budget for this purpose will be placed at the disposal of the Revenue Commissioner and he will distribute it among the districts according to their requirements. In cases requiring the co-operation of the Public Works Department, he will correspond direct and settle matters with the Chief Engineer referring to Government only special or important questions requiring their orders. He will watch the progress made in the districts and bring to the notice of Government from time to time any instances of serious delay or slackness in the execution of the scheme.

8. To facilitate the preparation of plans and estimates by other than professional people, it is necessary to prepare a Manual giving simple rules or instruction

regarding the preparation of plans and estimates, construction, measurement and drawing up of final certificates. The Chief Engineer is requested to prepare a Manual of about 30 pages, both in English and Kannada, and issue the same for use in about three months' time.

He is also requested to submit detailed proposals for training a few educated villagers as Maistries by giving instruction in elementary engineering to enable them to prepare estimates and supervise construction.

9. To carry out the policy now laid down, Government are prepared to find the extra money required for a vigorous prosecution of the works. On a rough calculation, that is, taking the average cost at Rs. 800 per tank, the outlay necessary for restoring 1,000 tanks a year will amount to about Rs. 8 lakhs. Of this amount, the contribution from the people will come to Rs. 2⅔ lakhs and the Government share will be Rs. 5⅓ lakhs. At present, Government are spending about Rs. 2 lakhs annually for the restoration of minor tanks and the additional amount, *viz.*, 3⅓ lakhs will be provided for in the budget gradually as required. The working out of this programme will involve an expenditure of over a crore of rupees in the next 20 years.

The Revenue Commissioner is requested to intimate, before the end of December, what further amount, in addition to the sum of Rs. 2 lakhs already provided in the budget, will be required during the current year in pursuance of this order.

10. The Comptroller is requested to submit further detailed rules of procedure to be observed in regard to the payment of the Government share of the contribution referred to in the rules so that, once started, works might not be interrupted for want of definite understanding or rules.

The Deputy Commissioners may raise all questions in respect of payments and accounts, and get the procedure settled in consultation with the Comptroller who will, if necessary, obtain the orders of Government.

11. The question as to what legislative action is necessary to give effect to the present scheme, especially with reference to rules 17 and 18, will be separately considered.

12. The Revenue Commissioner is requested to obtain from the Deputy Commissioners a special annual report on the working of the rules and submit the same to Government, at the close of each official year. Brief half-yearly reports should also be submitted during the next three years in January and July showing the progress made during the previous half year.

D. M. NARASINGA RAO,
Offg. Secy. to Govt., Gen. & Rev. Depts.

To—The Revenue Commissioner in Mysore.
The Chief Engineer in Mysore.
The Comptroller to Government.
The Deputy Commissioners of Districts.
The Superintendent, Revenue Survey.
The Heads of other Departments.

APPENDIX A.

RULES GOVERNING THE RESTORATION AND CONSTRUCTION OF MINOR TANKS IN MYSORE.

Preparation of Programme, etc.

1. The Deputy Commissioners of Districts should, as soon as the scheme comes into operation, prepare a list, in a form to be prescribed by the Revenue Commissioner, of all unrestored minor tanks in their respective districts and get the same printed. Copies of the printed list should be supplied to the Revenue Commissioner and Government.

2. From the list prepared under Rule 1, the tanks intended for restoration in the ensuing year should be selected before the end of March. Tanks which urgently require repairs and which would also be remunerative, should be first selected. As a general rule, tanks, the cost of restoration of which does not exceed ten times the assessment from the irrigable area under them, should be given preference. Exceptions may, at the discretion of the Deputy Commissioner, be allowed in special cases.

3. In exceptional cases, the entire cost of the restoration of a tank may be met by Government; but such cases should be very few and sanction of Government will be given only when strong grounds exist.

Preparation of Plans and Estimates.

4. When the required number of tanks are selected, immediate steps should be taken to have correct plans and estimates prepared. For the present, Government will provide the necessary agency for the purpose of furnishing plans and estimates. The ultimate aim of Government, however, is that the people should be able, in course of time to get these done themselves, the function of the Government officers being limited to the checking of estimates and the measurement of work done.

5. Plans and estimates should ordinarily be prepared by the Maramat agency or by such other additional establishment as may be sanctioned for the purpose by Government from time to time.

6. Whenever a project for the restoration of a minor tank involves the improvement of its capacity, the plans and estimates should be scrutinised and countersigned by a responsible Public Works Officer. This scrutiny may be done by the Executive Engineer in the case of projects estimated to cost Rs. 1,000 or less and by the Superintending Engineer in the case of those estimated at between Rs. 1,000 and Rs. 2,500 and by the Chief Engineer in all other cases. If the project does not contemplate an increase of storage room, such scrutiny and countersignature will not be required. But the Deputy Commissioner may refer any estimates about which he may entertain doubts to the Executive Engineer for check and approval.

7. The power of sanctioning estimates after they are professionally approved will rest with the Deputy Commissioner of the District concerned up to Rs. 1,000 and with the Revenue Commissioner up to Rs. 2,500. All estimates above this latter amount should be submitted to Government. After the estimates are sanctioned by the proper authority, the Deputy Commissioner will authorise the payment of Government contribution in each case.

8. When, owing to the necessity of providing for unforeseen items in the course of the execution of a work, an increase of expenditure over the sanctioned amount becomes inevitable, proper revised estimates should be prepared and submitted for sanction. The revised estimates will be sanctioned by the same authorities and in the same manner laid down in rule 7.

Method of Financing the Works.

9. Of the total cost of restoration of a minor tank, the raiyats holding irrigable lands below such tanks will bear one-third in proportion to the extent of their holdings, and the balance of two-thirds will be contributed by Government. When the contribution of the raiyats has been deposited in the Treasury, the Government share of the cost should be made available at once, out of the sanctioned budget grant, for the year, placed at the disposal of the Deputy Commissioner.

10. If the raiyats are unable to pay their contribution immediately, the Deputy Commissioner may, in very exceptional cases, treat the amount due from them as a loan on the security of their lands subject to recovery within a period not exceeding five years, with interest at the rate sanctioned for Takavi loans.

11. The additional cost, if any, due to the revision of the original estimates will be borne by the Government and the raiyats in the same proportion as that fixed in rule 9. If any additional cost is incurred by the raiyats during the execution of a work without obtaining previous sanction to revised estimates, Government will not be liable to pay any portion of such additional cost.

12. If in adddition to the raiyat's share, the whole or any part of the Government share of a work is borne by one or more holders of lands under the tank, a reasonable concession in the shape of remission of assessment for a term not exceeding ten years will be granted by Government in lieu of money contributior the nature of the concession being determined with special reference to the merits of each case.

Agency.

13. As it is desirable to associate the villagers with the work of restoring their village tanks, it may be entrusted for execution to the Village Panchayet, if any, constituted under the Tank Panchayet Regulation, or to one or more of the leading raiyats, not exceeding three persons, holding a large extent of land under the tank, under definite *mutchalikas* and securities. The Panchayet or the persons responsible should get the work done themselves by employing directly the necessary labour and arranging for the necessary petty supervision; or they may execute the work by petty contract or on piece work system.

Actual execution of work and payments.

14. If in particular cases it is found absolutely necessary, a sum of money sufficient to give the work a good start may be advanced to the tank panchayet or to the raiyats entrusted with the work as the case may be. This amount will be adjusted in subsequent bills.

15. All measurements will be taken and bills prepared at reasonable intervals by the Government agency. Bills for Rs. 500 and below will be passed by the Assistant Commissioner and, for sums above that amount, by the Deputy Commissioner and made over to the Amildar for payment. As many works as possible should be personally inspected by the Amildar and the Sub-Divisional Officer.

16. Every work should be completed within two seasons after its commencement. When a work is not so completed it should be treated as an item under objection and a list of such items showing briefly the cause of delay in completion should be submitted to Government through the Revenue Commissioner along with the annual report.

If a work once commenced is stopped for six months continuously, a fresh sanction will be necessary before it is resumed.

General.

17. Where the holders of at least two-thirds of the area of irrigable land under a tank agree to the restoration of the tank and to contribute their share, such consent shall be binding also on the holders of the remaining irrigable area below the tank, who will then become liable to pay their share of the contribution. In default of such payment, the contribution due will be recovered from them as a revenue demand.

18. Where the holders of at least two-thirds of the irrigable area below a tank have agreed to the restoration of the tank under these rules, any one or more of them may pay the full amount of contribution due from all, and shall thereupon become entitled to a reimbursement of the proportionate contributions of the others with interest at the rate sanctioned for agricultural loans. The Amildar may recover the proportionate amounts due from the other holders with interest as aforesaid as an arrear of land revenue, and make the collections over from time to time to the holder or holders who have advanced the entire amount in the proportion of the amounts so advanced.

19. These rules will also apply *mutatis mutandis* to the construction of new minor tanks.

31.	Hagalakayi	4	0	0
32.	Gorikayi	4	0	0
33.	Huralikayi	4	2	0
34.	Padavalakayi	4	0	0
35.	Kumbalakayi	3	0	0
36.	Budikumbalakayi	4	0	0
37.	Collection of Country Vegetables of kinds	8	4	0
38.	Any Vegetable of special merit other than those enumerated above	4	0	0
	For private gardens only.			
39.	Maize	3	0	0
40.	Brussels Sprouts	5	0	0
41.	Celery	5	0	0
42.	Green Peas	5	0	0
43.	Asparagus	6	0	0
44.	Dessert Tomatoes	5	0	0
45.	General Collection of European Vegetables	12	8	0
46.	Group of Vegetables, grown in pots	5	3	0

Total ... Rs. 281

NOTE.—In vegetables, quality is of paramount importance, size often indicates coarseness. *Group* 1: the varieties must be correctly named and the original invoice produced for reference. *Groups* 38—43: in these groups inferior quality will disqualify an exhibit. The exhibits should be named if possible.

Uniform exhibition baskets should be used. Large baskets should be 1′ 9″ to 2′ across and 4″ to 5″ deep. Smallbasket 1′ to 1′ 2″ across and 2″ to 3″ deep.

CLASS VII.—MISCELLANEOUS.

Judging 7-30 A.M.

Group.	Description.	Prize. I. Rs.	II. Rs.	III. Rs.
1.	Agri-Horticultural Machinery or large Implements	10	5	0
2.	Imported Garden Tools and Implements	6	3	0
3.	Country-made Garden Tools and Implements	6	3	0
4.	Garden Sundries as flower baskets, manures, labels, etc. ...	6	3	0
5.	Flower Pots and Ornamental Pottery	4	2	0
6.	Garden Furniture	8	4	0

Total ... Rs. 60

NOTE.—*Group* 1: as it is very desirable to subject implements in this class to a practical trial, a plot of ground will be made available near the Glass House and all exhibitors desiring to work their implements may do so on Saturday, the 7th from 7 to 9 A.M., and from 4 to 6 P.M. *Group* 4: articles such as garden seats, tubs, garden tables, jardinieres, etc.

CLASS VIII.—FLORAL PARADE.

COMMENCES AT 5-30 P.M.

		Rs.	Rs.	Rs.
(1)	Ladies' Decorated Bicycles for singles	15	10	5
(2)	Ladies decorated Bicycles of teams of 4 to 6 each (when they enter under names of their schools, clubs, Associations, etc.)	15	0	0

Grand Total ... Rs. 1,116

GENERAL CONDITIONS.

1. In view to arrangements being made for staging plants, it is requested that exhibitors will notify to the undersigned, at least four days prior to the Show, what number of pots they intend to enter and for what prize they intend to compete. Entry forms are supplied on application to the Superintendent, and exhibitors are requested to use these.

2. The large foliage groups should be ready arranged two days before the Show.

3. Plants intended for competition should be delivered in the Conservatory before 4 P.M. on the day previous to the Show.

4. Cut flowers may be delivered up till 2 P.M. on the day of the Show, but not later, if intended for competition.

5. No prize shall be awarded unless there are at least two competitors for it, except in cases of rare excellence, when the Judges will use their own discretion.

The number of exhibits in all classes and sections should exceed the number of prizes offered, otherwise the Judges will be authorised to reduce the full value of such prizes.

6. It shall also be competent for the Judges to reduce the amount of prizes if, in their opinion, the articles exhibited do not merit the full sums.

7. Obtrusive staging, overcrowding, packing to conceal blemishes and artificial support to blooms, etc., will be judged as defects to an exhibit, preference being given to natural growth and artistic arrangement.

8. Where a number limit is laid down, any exhibit exceeding that number shall be disqualified.

9. Where one plant of each kind or variety is specified as a condition, any exhibit containing duplicates shall be disqualified.

NOTE.—For the purpose of the exhibition the words *kinds* and *varieties* may be illustrated as under:—Apples, oranges, figs, grapes, etc., are distinct *kinds* of fruits. Ribston Pippin, Blenheim Orange, Golden Reinette, etc., are distinct *varieties* of apples. Roses, Chrysanthemums, Dahlias, etc., are distinct *kinds* of flowers. Marechal Niel, Crimson Rambler, La France, etc., are distinct *varieties* of roses. Cabbage, Beans, Beet, Carrot, etc., are distinct *kinds* of vegetables. Sugar Loaf, Early Drumhead, Enfield Market, etc., are distinct *varieties* of cabbages.

10. Two or more persons may not compete for prizes separately with plants, etc., from the same garden.

11. If funds are available, the Judges may award special extra prizes in cases of exceptional merit.

12. All exhibits sent for competition must be the *bonâ fide* produce of, or have been raised by the exhibitors; and unless otherwise specified, must have been grown in Bangalore and in case of perennial plants the exhibitor must certify that the plants have been in his possession for at least six months.

The Judges may withhold any prize until proof of these conditions be produced. Contractors bringing up fruit and vegetables for competition in their own name can compete for prizes but not for medals.

13. Exhibitors will not be permitted to remove their exhibits until the Show is closed, and gardeners and others found offering articles for sale before 6 P.M. on the day of the Show shall be summarily ejected.

14. No one can be a Judge in any class in which he may be an exhibitor.

15. Similarly, while judging is going on, no exhibitor is permitted to be in the Exhibition buildings and any exhibitor acting contrary is liable to have his exhibits disqualified.

16. The names of exhibitors can only be attached to exhibits when the judging has been completed.

The following Rules for awarding cups and medals at the Horticultural Shows are hereby notified to the public:—

1. His Highness the Maharaja has graciously presented three cups for competition at the Flower Shows.

(i) The Horticulturists' Cup:—This will be competed for by Nurserymen and Horticulturists.

(ii) The Amateur Cup:—This will be competed for by private gardeners.

These cups will be awarded to the Exhibitor who has obtained the highest aggregate in prizes won in all classes during the current Show.

(iii) The Floral Parade Cup:—There will be tow cups available for competition. One will be competed for by individual competitors and will be awarded to the winner of the first prize for the best florally decorated single Bicycle at the current show. The other will be competed for by teams of 4 to 6 Bicycles, ridden together and characteristically decorated.

2. The money value of the prizes will be taken in calculating the aggregate.

3. A gold medal will, for purposes of the calculation, count 50% over the first prize, a silver medal equal to the first prize, and a bronze medal and "Highly commended" equal to the lowest prize in the respective group.

4. The cups will be held by the winners for the next six months under satisfactory arrangement for their safe custody.

5. Ten days before the following Show the cups must be returned to the Superintendent, Lal-Bagh, for being again put up for competition at the Show.

6. Should a competitor win the cup at any two successive Shows, the same will be his or her property for good.

7. Out of the money prizes won with the cups, a sum of Rs. 20 and 15 respectively will be deducted to defray cost of a miniature facsimile cup to be given as a souvenir to the last winner, except, of course, when the cup is won outright.

8. Bota professional and Amateur compete for the same money prize in the individual groups, but in order to make the competition amogest amateurs for the amateur cup more complete and free from competition by professionals, marks to make up the difference in the money value will be given to the amateur whenever a professional has taken a higher prize in any group:—

thus Nursery man	A	wins	I	prize Rs.	8.
Amateur	B	,,	II	,,	5.
,,	C	,,	III	,,	3.

Amateur B will get 3 marks in addition to his Rs. 5, so that his aggregate is the same as if he had won first prize. Similarly Amateur C will get 2 marks and takes position of second prize.

9. Gold, Silver and Bronze Medals will be available for all classes and awarded at both the Summer and Winter Shows.

10. The following exhibitors will be qualified for the award of a medal:—

(*a*) The exhibitor of the best all-round exhibit in the appropriate class or classes.

(*b*) The exhibitor of an exhibit of more than ordinary excellence in any group.

(*c*) The exhibitor of any specially meritorious novelty.

11. Medals where awarded will be in place of the money prizes shown in the Prospectus against the respective items.

12. No exhibitor who has been awarded a medal in any group will be qualified to receive another medal in that group during the two calendar years succeeding that in which he has received the medal.

13. No exhibitor will be qualified to receive a medal who is not the *bonâ fide* cultivator of his exhibit or the actual occupant of the garden in which the exhibit was raised, *e.g.*, no contractor who has merely purchased fruit or vegetable exhibited will be eligible.

14. It will be open to the Judges to withhold any or all the medals in any Show on the ground of deficiency of merit in the exhibits.

The Flower Show opens on Saturday the 6th February 1915 at 3-30 P.M.

The Floral Parade takes place at 5-30 P.M.

Vegetables will if possible, be exhibited on Sunday.

School children will be admitted free on Sunday between 8 A.M. and 12 noon.

Admission fees.

		Rs.	a.	p.	
Saturday the 6th—Adults	... ...	1	0	0	each.
Children	... ...	0	8	0	each.

M. SRINIVASA RAO,
For *Sanitary Commissioner,*
with the Government of Mysore.

DEPARTMENTS OF EDUCATION AND AGRICULTURE.

Proceedings of the Government of His Highness the Maharaja of Mysore.

READ—

Resolution of the Birthday Session of the Economic Conference held in 1914, recommending that a monthly or quarterly Journal of the Economic Conference be published both in English and Kannada containing original matter and extracts, etc., relating to subjects dealt with by the Conference.

2. Memorandum by the Secretary, Economic Conference, submitting a scheme for the publication of a Journal.

No. 1444-90—A. & I. 86-14-1, DATED BANGALORE, 24TH NOVEMBER 1914.

ORDER THEREON.—One of the important duties assigned to the Conference was the spreading of information and enlightenment among the people by bulletins and other means. Since the year 1911, the Central Committees have been issuing bulletins both in English and Kannada containing useful matter on subjects connected with Agriculture and Industries and Commerce. But these publications appear at intervals as matter becomes available. With a view to spread sound ideas systematically on economic subjects, to co-ordinate activities relating to Education, Agriculture and Industries and Commerce and to maintain a continuous record of the work done by the District and Taluk Progress Committees, it is now deemed desirable to publish a monthly Conference Journal. The subject has been engaging attention ever since the Conference was started. The Conference of 1914 discussed the subject at length and passed a resolution recommending the starting of a Conference Journal.

2. A scheme has been prepared by the Secretary, Economic Conference, in consultation with persons having journalistic experience, which gives in detail the establishment required and expenditure needed for starting the Journal. Government approve of this scheme and are pleased to sanction it for a period of three years in the first instance. The Secretary to the Economic Conference will take all necessary further action for the publication of the Journal from the 1st of January next.

3. The expenditure in connection with the Journal for the current year will be met out of the provision of Rs. 21,000 under "C. Itinerant lecturers and publications of articles" in the budget of the General Conference.

C. S. BALASUNDARAM IYER,
Secy. to Govt., Depts. of Edn. & Agriculture.

DISTRICT REPORTS.

8. Markets how supplied.
9. Progress of agricultural operations, state of standing crops, prospects and probable outturn of harvests, serious damage done to crops by insects or other natural calamities.
10. Prospects of season, tracts in which the rainfall has been insufficient, areas affected by scarcity, number of people under relief, and state of food stocks.
11. Public health.
12. Remarks as to the condition of agricultural stock; failure of pasturage of fodder, etc.

BANGALORE CIVIL AND MILITARY STATION.

		Average for the past five years of the corresponding week.	*Current.*	
Prices of food grains—	Ragi ...	13·97	12·37	Quantity per rupee by the standard seer of 80 tolas.
	Boiled rice (2nd sort)	7·30	6·90	
	Rangoon rice (2nd sort) ...		6·90	

Agricultural operations.—Paddy thrashing is going on.

Cattle are healthy. Water and fodder are sufficient. The standing crops are fair.

BANGALORE CITY AND TALUKS.

8. Market is well supplied.

9. The harvesting of ragi is reported in some parts of Dodballapur, Hoskote, Nelamangala, Magadi, Channapatna, Anekal and Devanhalli Taluks and Closepet Sub-Taluk. Punaji paddy is being harvested in some parts of Kankanhalli Taluk, Groundnut, paddy and samè are being harvested in parts of Channapatna Taluk. Sowing of kadale in some parts of Kankanhalli and of potato, onions and garlic in parts of Devanhalli are also reported.

State of standing crops.—The standing crops such as paddy, sugar cane, avare, castor and other crops are reported to be in a good condition, though Punaji paddy, in parts of Hoskote and wet crops in parts of Kankanhalli are reported to be in need of rain.

Outturn of the harvested crops.—Hoskote—Ragi 4 to 10 annas. Nelamangala—Ragi 12 to 16 annas. Kankanhalli—Ragi 12 to 16 annas. Kankanhalli—Paddy 8 to 12 annas. Kankanhalli—Sugar cane and horse gram 12 annas each. Channapatna—Ragi 12 to 14 annas. Channapatna—Groundnut 14 to 16 annas.

Damages to crops.—Nil.

10. The prospect of the season is fair. Punaji paddy in parts of Hoskote and wet crops in parts of Kankanhalli Taluk are reported to be in need of rain. Food stocks are available. Labour is available to cooly classes.

11. Except for plague in a few villages of Bangalore, Hoskote, Dodballapur, Nelamangala and Anekal Taluks and plague and small-pox in Devanhalli Town, Dengue fever in parts of Magadi Taluk, public health is generally good.

12. Cattle are healthy. Water and fodder are available.

KOLAR.

8. Market is well supplied.

9. *Agricultural operations.*—Raiyats are engaged in harvesting ragi, paddy, sugar cane and groundnuts in parts of Chikballapur, Malur, Chintamani Taluks and Gudibanda Sub-Taluk and ragi in Kolar, Sidlaghatta and Srinivaspur Taluks. More rain is wanted for paddy crops.

Crops sown.—Bengal gram in parts of Bowringpet, Bagepalli and Sidlaghatta Taluks, potatoes in Chikballapur Taluk.

Crops harvested and their probable outturn.—Ragi, groundnuts and sugar cane in parts of Chikballapur and Bagepalli Taluks and Gudibanda Sub-Taluk, yield 8 to 10 annas.

Standing crops.—Ragi, sugar cane, avare and groundnuts are in good condition.

10. Prospects of the season are good. Prices of food stuffs continue to be high. Labour is available to the cooly classes.

11. There have been a few cases of plague in parts of Kolar, Malur, Sidlaghatta, Chikballapur and Chintamani Taluks and Gudibanda Sub-Taluk; otherwise public health is generally good.

12. Cattle are healthy. Pasture and fodder are available.

TUMKUR.

8. Market is well supplied.

9. *Crops sown.*—Paddy, jola and kadale in parts of Tumkur, Chiknayakanhalli and Pavagada Taluks; jola and kadale in parts of Maddagiri and Sira Taluks; kadale in parts of

Crops harvested.—Tumkur Taluk—ragi, yield 12 annas, paddy, groundnut and samé, yield 8 annas each; Maddagiri Taluk—ragi 4 to 8 annas, groundnuts and navane, 8 annas and same 6 annas; Chiknayakanhalli Taluk—ragi, horse gram, haraka and samé 4 to 8 annas; Sira Taluk—ragi, haraka, togari and ginjelly, 4 annas each; Gubbi Taluk—paddy and sugar cane, 8 to 12 annas; ragi 8 to 16 annas; and same 8 to 10 annas; Tiptur Taluk—ragi, haraka and horse gram, 4 to 8 annas; Pavagada Taluk—navane, groundnut and castor 4 to 6 annas; Kunigal Taluk—ragi 8 annas; Koratagere Sub-Taluk—ragi, 8 annas, navane and samè 4 annas; and Turuvekere Sub-Taluk—ragi and sugar cane, yield 8 annas.

Standing crops.—Paddy, ragi, avare, togari, samé, navane, haraka, sugar cane, jola, groundnut, til, castor, horse gram, black and green grams are reported to be generally in fair condition, except in parts of Sira and Pavagada Taluks where they are reported to have suffered badly for want of rain and insufficiency of water to tanks. It is also reported that the supply of water is insufficient for the standing paddy crop under some of the tanks of the Tumkur Taluk. The jola crop sown in tank beds of Sira Taluk is said to be attacked by insects.

10. Prospects of the season are generally fair except in parts of Sira and Pavagada Taluks in which the crops have failed. Food stuffs are available, but prices rule high. Insufficiency of drinking water is felt in parts of Sira, Pavagada and Maddagiri Taluks.

11. Except for plague in Tumkur and Tiptur towns and for small-pox in a few villages of the Koratagere Sub-Taluk, public health is reported to be generally good.

12. Except for 'Dodda roga' in Palavalli village of the Pavagada Taluk, cattle are reported to be generally healthy. Water and fodder are generally available at present; but scarcity for the same is apprehended in parts of Sira, Pavagada, Maddagiri and Chiknayakanhalli Taluks.

MYSORE.

8. Market is well supplied.

9. *Crops sown.*—Nil.

Standing crops.—Ragi, jola, avare, togari, castor, til, ramtil, groundnut, green and black grams, horse gram, kadale, paddy, sugar cane, cotton, navane, samé, haraka, wheat and mulberry, are reported to be in good condition. Kadale and avare crops in parts of the Chamrajnagar Taluk are damaged by some insects.

Crops harvested.—Ragi in parts of all the taluks except Hunsur, Nanjangud and Malvalli; paddy in parts of Chamrajnagar, Seringapatam, Hunsur, Yedatore, T.-Narsipur, Mandya and Krishnarajpete Taluks; horse gram in parts of Seringapatam, Hunsur, Gundlupet and Mandya Taluks. Haine jola in parts of the Heggaddevankote Taluk; ramtil and castor in parts of the Yedatore Taluk; green and black grams, chilli, haraka, alasande and til in parts of the Mysore Taluk.

10. Prospects of season are reported to be good. Food stuffs are available.

11. Plague is reported to be prevalent in parts of all the taluks except Malvalli, Mandya and Nagamangala.

12. Cattle are reported to be healthy. Water and fodder are generally available.

HASSAN.

8. Market is well supplied.

9. *Standing crops.*—Paddy, ragi, kulthi, avare, togari, etc., in Hassan Taluk; avare, togari, castor, kulthi, chillies and kadale in Arkalgud Taluk; sugar cane, togari, avare, kulthi, etc., in Belur Taluk; ragi, paddy, sugar cane, avare, togari, kulthi, gingelly, haraka, save, castor, chillies, kadale, menthya and coriander in Channarayapatna Taluk; avare, kulthi, sugar cane, paddy, kadale, coriander and cholum in Arsikere Taluk; togari, avare, paddy and sugar cane in Hole-Narsipur Taluk; and sugar cane and avare in the Alur Sub-Taluk are reported to be in fair condition.

Crops harvested.—Paddy in the Hassan and Manjarabad Taluks; paddy and chillies in Arkalgud Taluk; paddy in Belur Taluk; paddy, kulthi and sugar cane in Channarayapatna Taluk; kulthi and paddy in the Alur Sub-Taluk are being harvested.

10. Prospects of the season are generally good. More rain is required for standing crops in some parts of Arsikere Taluk.

11. Public health is generally good, except for plague in Grama village of the Hassan Taluk, and ague in some parts of Arkalgud Taluk.

SHIMOGA.

8. Market is well supplied.

9. *Agricultural operations.*—Nil.

Standing crops.—Sugar cane in the taluks of Shimoga, Shikarpur, Sorab, Sagar, Nagar and Tirthahalli; paddy in the taluks of Shimoga, Sagar and Nagar; ragi in the taluks of Shimoga and Honnali; horse gram in the taluks of Channagiri, Honnali, Shikarpur and Sagar; arecanut in the taluks of Sorab and Tirthahalli; avare and togari in the Channagiri Taluk and Bengal gram in the Honnali Taluk are reported to be in good condition.

Crops harvested.—Paddy in all the taluks; ragi in the taluks of Shimoga, Channagiri, Honnali and Shikarpur; black gram and halasandi in the Shimoga Taluk; jola in the Channagiri and Honnali Taluks; chillies in the Honnali Taluk; arecanut in the taluks of Sagar and Tirthahalli are being harvested.

10. Prospects of the season are good. Food stuffs are available.

11. Public health is generally good. Plague in parts of the Honnali, Shikarpur and Sorab Taluks; ague and fever in the taluks of Shikarpur and Sagar, and small-pox in a few villages of the Sagar Taluk, are reported to be prevailing.

12. Fodder and water are available. Cattle are generally healthy except for the prevalence of Rinderpest in the Shikarpur Town.

KADUR.

8. Market is well supplied.

9. *Agricultural operations.*—Lands are being prepared for sowing purposes in Chikmagalur and Mudgere Taluks.

Crops sown.—Bengal gram, garlic and onions are being sown in Chikmagalur Taluk.

Standing crops.—Chikmagalur—sugar cane, coffee, marellu, avare, togari, coriander, menthya and Bengal gram; Kadur—ragi, besige jola, avare, togari, paddy, Bengal gram, sugar cane, save, navane, castor, wheat and coriander; Tarikere—sugar cane, areca, togari, wheat, kulthi, castor and coriander; Koppa—paddy, sugar cane, areca, coffee and cardamom; Mudgere—paddy, ragi, coffee, sugar cane and cardamom; Yedahalli—paddy, areca, coffee and sugar cane; Sringeri—paddy, areca and sugar cane. All these crops are reported to be in good condition, but areca crop is reported to have been affected by koleroga in Koppa Taluk.

Crops harvested.—Kadur—ragi, savé, navane, paddy and sugar cane; Tarikere—kuresani, paddy, ragi, coriander and jola; Koppa—areca and paddy; Mudgere—cardamom and paddy; Yedahalli—paddy, areca and sugar cane; Sringeri—paddy and areca.

10. Prospects of the season are good. Supply of food stuffs is sufficient.

11. Except for plague in parts of Kadur and Tarikere Taluks, the public health is generally good.

12. Cattle are healthy. Water and fodder are available.

CHITALDRUG.

8. Market is well supplied.

9. *Standing crops.*—Such as, paddy, rāgi, sugar cane, cotton, wheat, horse gram, are reported to be in fair condition except in the Budihal hobli, Hosdurga Taluk.

Crops harvested.—Chitaldrug Taluk—navane (Italian millet), jola, castor, horse gram, outturn 4 to 8 annas; Hiriyur Taluk—ragi, navane and sajje (spiked millet), 4 annas; Holalkere Taluk—ragi 8 annas; Davangere and Molakalmuru Taluks—ragi and jola; Jagalur Taluk—cotton, jola and navane, 8 annas; Hosdurga Taluk—ragi, navane and sajje, 4 annas; Harihar Sub-Taluk—horse gram and green gram, 2 to 8 annas, madike (a kind of horse gram), 2 to 6 annas.

Seeds sown.—Biljola, Bengal gram in parts of the Hosdurga Taluk.

10. Prospects of the season are fair. Food stocks are available.

11. Public health is generally good.

12. Cattle are generally healthy. Water and fodder are available.

21.	Cocoanuts, one bunch of each variety	4	2	0
22.	Any other kind of edible fruit of merit other than the above ...	4	0	0
	For bonâ fide growers only.			
23.	Collection of fruits of all kinds ...	12	8	0
24.	Collection of fruit trees grown in pots	10	6	0
	Total ...	Rs. 184		

NOTE.—In fruits, generally, quality and flavour are more important than size and colour. In Group 22, the fruit must be certified by some village official to have been grown by the exhibitor himself, it must be of superior quality and the variety named. In Group 23, the trees must be ready for fruiting or in bearing. They must have been specially grown in pots before fruiting but not grafted to bearing trees and freshly cut for the Show, the object of providing prize under this group is to encourage culture of fruit trees in pots which is a special art.

CLASS VI.—VEGETABLES.

Judging 2-30 P.M.

(Any Exhibits brought after 12 noon on the Show Day will be strictly rejected.)

Group.	Description.	Prize. I. Rs.	II. Rs.	III. Rs.
1.	Potatoes, from imported seed, in six or more varieties, one large basket of each	8	4	0

29.	Collection of Sweet Herbs ...	5	0	0
30.	Bendekayi	4	2	0
31.	Hagalakayi	4	0	0
32.	Gorikayi	4	0	0
33.	Huralikayi	4	2	0
34.	Padavalakayi	4	0	0
35.	Kumbalakayi	3	0	0
36.	Budikumbalakayi	4	0	0
37.	Collection of Country Vegetables of kinds	8	4	0
38.	Any Vegetable of special merit other than those enumerated above	4	0	0
	For private gardens only.			
39.	Maize	3	0	0
40.	Brussels Sprouts	5	0	0
41.	Celery	5	0	0
42.	Green Peas	5	0	0
43.	Asparagus	6	0	0
44.	Dessert Tomatoes	5	0	0
45.	General Collection of European Vegetables	12	8	0
46.	Group of Vegetables, grown in pots	5	3	0
	Total ...	Rs. 281		

NOTE.—In vegetables, quality is of paramount importance, size often indicates coarseness. *Group* 1: the varieties must be correctly named and the original invoice produced for reference. *Groups* 38—43: in these groups inferior quality will disqualify an exhibit. The exhibits should be named if possible.

Uniform exhibition baskets should be used. Large baskets should be 1′ 9″ to 2′ across and 4″ to 5″ deep. Smallbasket 1′ to 1′ 2″ across and 2″ to 3″ deep.

CLASS VII.—MISCELLANEOUS.

Judging 7-30 A.M.

Group.	Description.	Prize. I. Rs.	II. Rs.	III. Rs.
1.	Agri-Horticultural Machinery or large Implements	10	5	0
2.	Imported Garden Tools and Implements	6	3	0
3.	Country-made Garden Tools and Implements	6	3	0
4.	Garden Sundries as flower baskets, manures, labels, etc. ...	6	3	0
5.	Flower Pots and Ornamental Pottery	4	2	0
6.	Garden Furniture	8	4	0
	Total ...	Rs. 60		

NOTE.—*Group* 1: as it is very desirable to subject implements in this class to a practical trial, a plot of ground will be made available near the Glass House and all exhibitors desiring to work their implements may do so on Saturday the 7th from 7 to 9 A.M., and from 4 to 6 P.M. *Group* 4: articles such as garden seats, tubs, garden tables, jardinieres, etc.

CLASS VIII.—FLORAL PARADE.

COMMENCES AT 5-30 P.M.

		Rs.	Rs.	Rs.
(1)	Ladies' Decorated Bicycles for singles	15	10	5
(2)	Ladies decorated Bicycles of teams of 4 to 6 each (when they enter under names of their schools, clubs, Associations, etc.)	15	0	0
	Grand Total ...	Rs. 1,116		

GENERAL CONDITIONS.

1. In view to arrangements being made for staging plants, it is requested that exhibitors will notify to the undersigned, at least four days prior to the Show, what number of pots they intend to enter and for what prize they intend to compete. Entry forms are supplied on application to the Superintendent, and exhibitors are requested to use these.

2. The large foliage groups should be ready arranged two days before the Show.

3. Plants intended for competition should be delivered in the Conservatory before 4 P.M. on the day previous to the Show.

4. Cut flowers may be delivered up till 2 P.M. on the day of the Show, but not later, if intended for competition.

5. No prize shall be awarded unless there are at least two competitors for it, except in cases of rare excellence, when the Judges will use their own discretion.

The number of exhibits in all classes and sections should exceed the number of prizes offered, otherwise the Judges will be authorised to reduce the full value of such prizes.

6. It shall also be competent for the Judges to reduce the amount of prizes if, in their opinion, the articles exhibited do not merit the full sums.

7. Obtrusive staging, overcrowding, packing to conceal blemishes, and artificial support to blooms, etc., will be judged as defects to an exhibit, preference being given to natural growth and artistic arrangement.

8. Where a number limit is laid down, any exhibit exceeding that number shall be disqualified.

9. Where one plant of each kind or variety is specified as a condition, any exhibit containing duplicates shall be disqualified.

NOTE.—For the purpose of the exhibition the words *kinds* and *varieties* may be illustrated as under:—Apples, oranges, figs, grapes, etc., are distinct *kinds* of fruits. Ribston Pippin, Blenheim Orange, Golden Reinette, etc., are distinct *varieties* of apples. Roses, Chrysanthemums, Dahlias, etc., are distinct *kinds* of flowers. Marechal Niel, Crimson Rambler, La France, etc., are distinct *varieties* of roses. Cabbage, Beans, Beet, Carrot, etc., are distinct *kinds* of vegetables. Sugar Loaf, Early Drumhead, Enfield Market, etc., are distinct *varieties* of cabbages.

10. Two or more persons may not compete for prizes separately with plants, etc., from the same garden.

11. If funds are available, the Judges may award special extra prizes in cases of exceptional merit.

12. All exhibits sent for competition must be the *bonâ fide* produce of, or have been raised by the exhibitors; and unless otherwise specified, must have been grown in Bangalore and in case of perennial plants the exhibitor must certify that the plants have been in his possession for at least six months.

The Judges may withhold any prize until proof of these conditions be produced. Contractors bringing up fruit and vegetables for competition in their own name can compete for prizes but not for medals.

13. Exhibitors will not be permitted to remove their exhibits until the Show is closed, and gardeners and others found offering articles for sale before 6 P.M. on the day of the Show shall be summarily ejected.

14. No one can be a Judge in any class in which he may be an exhibitor.

15. Similarly, while judging is going on, no exhibitor is permitted to be in the Exhibition buildings and any exhibitor acting contrary is liable to have his exhibits disqualified.

16. The names of exhibitors can only be attached to exhibits when the judging has been completed.

The following Rules for awarding cups and medals at the Horticultural Shows are hereby notified to the public:—

1. His Highness the Maharaja has graciously presented three cups for competition at the Flower Shows.

(i) The Horticulturists' Cup:—This will be competed for by Nurserymen and Horticulturists.

(ii) The Amateur Cup:—This will be competed for by private gardeners.

These cups will be awarded to the Exhibitor who has obtained the highest aggregate in prizes won in all classes during the current Show.

(iii) The Floral Parade Cup:—There will be tow cups available for competition. One will be competed for by individual competitors and will be awarded to the winner of the first prize for the best florally decorated single Bicycle at the current show. The other will be competed for by teams of 4 to 6 Bicycles, ridden together and characteristically decorated.

2. The money value of the prizes will be taken in calculating the aggregate.

3. A gold medal will, for purposes of the calculation, count 50% over the first prize, a silver medal equal to the first prize, and a bronze medal and "Highly commended" equal to the lowest prize in the respective group.

4. The cups will be held by the winners for the next six months under satisfactory arrangement for their safe custody.

5. Ten days before the following Show the cups must be returned to the Superintendent, Lal-Bagh, for being again put up for competition at the Show.

6. Should a competitor win the cup at any two successive Shows, the same will be his or her property for good.

7. Out of the money prizes won with the cups, a sum of Rs. 20 and 15 respectively will be deducted to defray cost of a miniature facsimile cup to be given as a souvenir to the last winner, except, of course, when the cup is won outright.

8. Bota professional and Amateur compete for the same money prize in the individual groups, but in order to make the competition amogest amateurs for the amateur cup more complete and free from competition by professionals, marks to make up the difference in the money value will be given to the amateur whenever a professional has taken a higher prize in any group:—

thus Nursery man	A	wins	I	prize Rs.	8.
Amateur	B	,,	II	,,	5.
,,	C	,,	III	,,	3.

Amateur B will get 3 marks in addition to his Rs. 5, so that his aggregate is the same as if he had won first prize. Similarly Amateur C will get 2 marks and takes position of second prize.

9. Gold, Silver and Bronze Medals will be available for all classes and awarded at both the Summer and Winter Shows.

10. The following exhibitors will be qualified for the award of a medal:—

(*a*) The exhibitor of the best all-round exhibit in the appropriate class or classes.

(*b*) The exhibitor of an exhibit of more than ordinary excellence in any group.

(*c*) The exhibitor of any specially meritorious novelty.

11. Medals where awarded will be in place of the money prizes shown in the Prospectus against the respective items.

12. No exhibitor who has been awarded a medal in any group will be qualified to receive another medal in that group during the two calendar years succeeding that in which he has received the medal.

13. No exhibitor will be qualified to receive a medal who is not the *bonâ fide* cultivator of his exhibit or the actual occupant of the garden in which the exhibit was raised, *e.g.*, no contractor who has merely purchased fruit or vegetable exhibited will be eligible.

14. It will be open to the Judges to withhold any or all the medals in any Show on the ground of deficiency of merit in the exhibits.

The Flower Show opens on Saturday the 6th February 1915 at 3-30 P.M.

The Floral Parade takes place at 5-30 P.M.

Vegetables will if possible, be exhibited on Sunday.

School children will be admitted free on Sunday between 8 A.M. and 12 noon.

Admission fees.

		Rs. a. p.
Saturday the 6th—Adults	... ...	1 0 0 each.
Children	... ...	0 8 0 each.
Soldiers in uniform	... ...	0 4 0 each.

Sunday the 7th :—A uniform rate of annas 4 each will be charged to all visitors.

A Tea and Refreshment room will be opened as usual.
